### **Procedure for Contracting Work**

Work directives for individual sites or projects will be issued to a qualified contractor in a manner which will be most advantageous to the State. The contractor with the lowest bid items that are indicated in the work directive will be selected. If low bidder is not available then the next lowest will be selected.

### **Down Equipment**

Equipment shall be considered down if it is out of production for more than (2) two hours due to mechanical failure or other conditions and no pay will be authorized until production is resumed. The Department of Environmental Protection, Office of Oil and Gas will not pay for time for fueling and lubrication of the unit(s).

### **Emergency Situation/Project**

In the event that an emergency situation should arise that requires immediate attention regarding plugging oil and natural gas wells and may also require the halt of current operations, the Office of Oil and Gas reserves the right to request the vendor to relocate to assist with the emergency.

### **Workmanship**

The Office of Oil and Gas reserves the right to terminate any plugging job which does not conform with reasonable production standards. Production standards will be based on historical performance data under similar circumstances.

Only vendors who show evidence of employment of qualified and experienced operators who have satisfactory performance reputation in this specialized field will be considered.

### **Basis of payment**

The vendor will invoice the Office of Oil and Gas upon completion of plugging work and reclamation. In the event that a job exceeds a 30-day work period, vendors will be permitted to submit monthly invoices for actual services rendered. Invoices will then be submitted monthly or upon completion of the project, whichever occurs first.

The invoice shall be itemized showing hours worked and all related expenses.

### **Fiscal Funding**

It is understood that if the Office of Oil and Gas is not allocated funds for the future succeeding fiscal periods for the continued procurement of the services covered by this agreement, the Office of Oil and Gas shall be obligated to pay all charges incurred through the end of such fiscal period at which time this agreement shall automatically terminate. No penalty shall accrue to the Office of Oil and Gas in the event the provision for non-appropriation of funds is exercised. This provision shall not be construed so as to permit the Office of Oil and Gas to terminate the agreement in order to acquire similar services from another vendor or source.

**West Virginia Code §5A-3-10a states:** No contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and the debt owed is an amount greater than one thousand dollars in the aggregate

**DEFINITIONS:**

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Debtor" means any individual, corporation, partnership, association, limited liability company or any other form or business association owing a debt to the state or any of its political subdivisions. "Political subdivision" means any county commission; municipality; county board of education; any instrumentality established by a county or municipality; any separate corporation or instrumentality established by one or more counties or municipalities, as permitted by law; or any public body charged by law with the performance of a government function or whose jurisdiction is coextensive with one or more counties or municipalities. "Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceed five percent of the total contract amount.

**EXCEPTION:** The prohibition of this section does not apply where a vendor has contested any tax administered pursuant to chapter eleven of this code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

**LICENSING:** Vendors must be licensed and in good standing in accordance with any and all state and local laws and requirements by any state or local agency of West Virginia, including, but not limited to, the West Virginia Secretary of State's Office, the West Virginia Tax Department, West Virginia Insurance Commission, or any other state agencies or political subdivision. Furthermore, the vendor must provide all necessary releases to obtain information to enable the Director or spending unit to verify that the vendor is licensed and in good standing with the above entities.

**CONFIDENTIALITY:** The vendor agrees that he or she will not disclose to anyone, directly or indirectly, any such personally identifiable information or other confidential information gained from the agency, unless the individual who is the subject of the information consents to the disclosure in writing or the disclosure is made pursuant to the agency's policies, procedures and rules. Vendors should visit [www.state.wv.us/admin/purchase/privacy](http://www.state.wv.us/admin/purchase/privacy) for the Notice of Agency Confidentiality Policies.

Under penalty of law for false swearing (West Virginia Code, §61-5-3), it is hereby certified that the vendor acknowledges the information in this said affidavit and are in compliance with the requirements as stated.
