RE: How the State of West Virginia will benefit by choosing the ETB Team

Dear Mr. Chittum:

The E.T. Boggess, Architect, Inc., team is ready to begin providing the design for the new administrative office and maintenance facility for the Bluefield Transit. Our plan ensures that all the needs of the various state agencies, as well as the citizens of Mercer and McDowell Counties, will be met.

How we will meet your needs . . .

ETB will be your lead architect and will be responsible for coordinating the activities of all team members and ensuring the success of the project. ETB will also be coordinating the activities of CMA Engineering, our mechanical/electrical/plumbing engineering consultant. Terradon Corporation, our site/civil engineering consultant, is very familiar with the project site and equally committed to this project.

What you will get from our team . . .

- You will benefit from our team's commitment to the State of WV.
- You will benefit from our team's vast resources and experience.
- You will benefit from our team's extensive knowledge of the area served by the Bluefield Transit Authority.

Our team is here to offer you the best in service, knowledge, and experience. Thank you for your consideration and we look forward to meeting with you during the interview process.

Sincerely,

Todd Boggess, AIA, NCARB, Architect
President

P.S. You can reach me by cell phone at 304-920-6778, or by e-mail at etb@ETBarchitects.com.
