Above noted specifications may be obtained from:

Charleston, West Virginia 25305-0430

BIDDING INSTRUCTIONS

Vendors shall not qualify bids. Any qualification of bids or any modification of the specifications or conditions governing the bids will be cause to reject bids.

Vendors are requested to type prices on bid schedule sheets. Bid schedules **must not** be altered. If bid schedules are altered in any way the bid may be disqualified.

Equipment owners may quote the cost to supply any or all of the equipment listed on the attached quotation sheets. For a quotation to be considered valid, the owner must provide the manufacturer's name and model number of the equipment offered for lease and the rental rate in dollars per day, dollars per week and dollars per month. Also, equipment owners shall quote the cost to deliver leased equipment to the location specified by the Division. This quotation shall be the cost to deliver the equipment the first road mile and the cost to deliver the equipment each additional road mile thereafter.

The quoted rates for leased equipment, with operator or without operator (i.e., \$/day, \$/week and \$/month), shall be for lease days, lease weeks and lease months as defined under the heading "DEFINITION OF LEASE PERIOD". Quotations which do not conform to all requirements of this specification will not be honored.

## LEASING INSTRUCTIONS

The operating unit wishing to lease a specific type of equipment will compute, for each applicable bid, the cost of renting the equipment during the estimated lease period plus the cost of delivering the equipment to the job site and award the Special Purchase Order for lease equipment to the equipment owner who can furnish the equipment to the Division at the least overall cost.

Equipment owners shall furnish the Division, the serial numbers of all equipment being leased. Said serial numbers shall be recorded on the Purchase Order Form, WV-39.

## DEFINITION OF LEASE PERIOD

The date of official receipt of leased equipment by the Division shall be considered the first day of lease.

The date immediately preceding the date on which leased equipment is officially returned to the owner shall be considered the last day of lease.

Days on which a piece of equipment is down for normal maintenance or repair for four (4) hours or more during the normal work period shall be considered a day of downtime and shall not be considered a day of equipment lease.

A lease day is a day of possession of equipment during which it is not down for four (4) hours or more during the normal work period.

A day or days used by the vendor solely for the purpose of travel to the site, set-up or breakdown of equipment shall not be considered as lease days.

A lease week is seven (7) lease days (includes Saturdays, Sundays and Holidays).

A lease month is thirty (30) lease days (includes Saturdays, Sundays and Holidays).

---

---

INVOICING INSTRUCTIONS

---

---

The minimum period of lease shall be one (1) lease day.

Equipment leased for one (1) lease day or less shall be invoiced at the daily lease rate.

Equipment leased for one (1) lease week or less shall be invoiced at the weekly lease rate or the number of lease days times the daily lease rate, whichever is less.

Equipment leased for more than one (1) lease week but for less than one (1) lease month shall be invoiced at the monthly lease rate or the number of lease weeks times the weekly lease rate or the number of complete lease weeks plus an amount calculated by the above paragraph for any period less than a multiple of seven (7) days, whichever is less.

Equipment leased for one (1) lease month or more shall be invoiced at the monthly rate. In the event the lease period is not a multiple of thirty (30) lease days, then each day in excess of the multiple shall be evaluated as one-thirtieth (1/30) of a lease month.

An invoice for payment on leased equipment shall set forth the following:

1. The beginning date and the date on which the invoicing period ends.
2. The number of lease days in the invoicing period.
3. The number of equipment downtime days in the invoicing period and,
4. The make, model and serial number of the leased equipment being invoiced.

NOTE 1: The Division will supply the equipment owner with the downtime days in any calendar month within ten (10) days following the end of the calendar month or within ten (10) days following termination of lease, whichever is appropriate. The equipment owner may obtain this information sooner by calling the leasing organization.

NOTE 2: The period of need for leased equipment as specified in the State Contract Purchase Order (Form WV-39) is only an estimate of need and shall not be used for invoicing purposes.

LEASE AGREEMENT

---

---

The West Virginia Division of Highways, through the Purchasing Division of the Department of Administration, hereby requests a proposal for the lease of certain highway equipment. Such equipment will be required for the completion of maintenance or construction projects or any other such condition as may result in equipment needs beyond fleet capacity. A twenty-four (24) hour notice will be given to all Vendors prior to the need of equipment by the District Engineer or his representative except when emergency situations require need upon demand.

Quotation may be submitted on any, or all, type and size equipment listed on Schedules I and II, attached hereto and made a part hereof. Vendors should display manufacturer's name(s), model number(s) and serial number(s) of those vehicles being bid. Quotations are requested "without operator" unless quotations are specifically requested "with operator" see Schedule II.

Quotations for mobilization shall be by the mile. Submission of mobilization quotes in any form other than mileage shall be grounds to disqualify the quotation. Delivery/Mobilization fees shall be paid one way only, by the West Virginia Division of Highways.

All Vendors must be duly registered to do business with the State of West Virginia having already submitted the Vendor's Registration Form WV-1 reflecting the Federal Employer's Identification Number (FEIN) or, in the case of an individual, the Social Security Number.

All reasonable bids made pursuant to this request will be accepted by the West Virginia Division of Highways. Award for equipment lease will be made, from time to time, as the need arises. Proximity of equipment as to job site shall be a factor in determination of each award. It is understood between the Division and all Vendors whose bids are accepted that, in the event the low bidder for any given job location is unable to perform, the award will be made to the next lowest bidder. In the event that no bidder can be found to perform his duties and obligations under the contract, then the Division of Highways, upon authorization of the Director of Purchasing, in writing, or by an oral authorization if an emergency exists, may lease said equipment on the open market.

**PAYMENT:** The Operating Unit leasing the equipment shall furnish a written order known as a State Contract Purchase Order (Form WV-39) to the proper Vendor for such equipment as needed. This order shall constitute confirmation to the Vendor and shall reveal all pertinent data such as model year, model number and serial number of such equipment being furnished.

---

---

LABOR RATES

All labor rates paid by the Vendor under this contract must be in compliance with, The West Virginia State Code Chapter 21, Article 5A: Wages for Construction of Public Improvements.

**THIS REQUEST FOR PROPOSAL, GENERAL TERMS, AND SCHEDULES I AND II, FORM THE PROPOSAL AND CONSTITUTE ONE INSTRUMENT, AND MUST BE READ IN ITS ENTIRETY.**

**GENERAL TERMS**

**I**

**DEFINITION OF "LEASE" AND  
DESIGNATION OF PARTIES**

"Lease" shall mean an agreement wherein the West Virginia Division of Highways leases the equipment set forth and described in Schedule 1, attached to and made a part hereof, for periods of time not to exceed ninety (90) days unless otherwise clearly specified in the State Contract Purchase Order, which said Order shall define the period of time of any particular lease of equipment.

As used herein, the word "Vendor" shall mean any person, firm or corporation leasing equipment to the West Virginia Division of Highways. The words "Division of Highways" or "Division" shall mean the West Virginia Division of Highways.

**II**

**DELIVERY/MOBILIZATION**

Any Vendor whose bid is accepted by Division shall deliver such equipment requested by Division at any given time, assembled and ready to operate, to any location or locations designated by Division. Delivery/Mobilization fees shall be paid one way only by the Division.

---

---

III

**ACCEPTANCE: BEGINNING OF TERM**

Upon delivery of each item of equipment by the Vendor to the location described in the individual State Contract Purchase Order (SCO), the Division of Highways shall have an authorized representative to test and inspect the same and, if such item of equipment is found to be in good order, to accept such item of equipment and to acknowledge the same in whatever form reasonably required by the Vendor. Such item of equipment shall be deemed to have been delivered to and accepted by the Division of Highways on the date specified in such acknowledgment and the term of the agreement covering such item of equipment shall be deemed to begin on that date.

IV

**PAYMENT IN ARREARS**

The Division of Highways is prohibited by Law from paying in advance for equipment, commodities or services. Therefore, all monthly payments made pursuant to the LEASE agreement shall be made in arrears, for the preceding month.

V

**MAINTENANCE OF EQUIPMENT WHEN OPERATORS  
OF EQUIPMENT ARE FURNISHED BY THE  
DIVISION OF HIGHWAYS**

V1. The Division of Highways shall repair or replace any part of the leased equipment which shall be destroyed, damaged or made inoperative by reason of the ordinary negligence, abuse or improper operation by its personnel. Division shall not be responsible for any such replacement or repair caused by any defect existing in such equipment at the time of delivery of such equipment by the Vendor to the Division. Division shall replace or repair any part of said equipment which shall become lost, stolen or damaged by reason of the failure of said Division and its personnel to use ordinary care for the protection of such equipment.

V2. Down Time: All such equipment inoperable by reason of the necessity of replacement of parts or repair of damage for a period of time greater than one (1) hour shall be considered by Division as "down" and no payment shall be made by Division for the use of such equipment for such periods unless such "down time" is due to the negligence or lack of reasonable care by Division.

VI

**FUEL, OIL AND OTHER LUBRICANTS**

The Division of Highways shall, at its expense, provide only fuel, oil and other lubricants (which are necessary for the operation, maintenance and use) of that equipment leased without the vendor's operators. Equipment leased with the vendor's operators shall have fuel, oil and other lubricants supplied by the vendor. Vendors shall be responsible for performance of preventive maintenance of equipment and parts/supplies associated with preventive maintenance activities.

VII

**RISK OF LOSS, DAMAGE OR THEFT  
WHERE OPERATORS OF EQUIPMENT ARE  
FURNISHED BY DIVISION OF HIGHWAYS**

All loss, damage, or destruction of such leased equipment, partial or complete, or loss by reason of theft, to or of any of the subject equipment, while in the possession or under the control of the Division, due to or caused by the ordinary negligence of the Division or its personnel or by the failure of the Division or its personnel to exercise ordinary care for the protection of such equipment, shall be borne by the Division from and after the delivery of such equipment by the Vendor to a location designated by the Division and its acceptance by the Division, subject however, to the terms and conditions hereinafter set forth. Division shall not be responsible for any such loss, damage or destruction, partial or complete, caused by a defect in such equipment existing at the time of delivery thereof by Vendor to Division.

The total or partial loss of use or possession of any of said equipment resulting, as herein above set forth, shall not abate any payments required to be made by the Division to the Vendor if such loss of use or possession is caused by the ordinary negligence or the lack of ordinary care of such equipment by the Division or its personnel.

The subject equipment shall be deemed to be a total loss by reason of its disappearance or if it has sustained physical damage and the estimated cost of repairs is determined, as hereinafter provided, to exceed seventy-five percent (75%) of the market value of such equipment. If a claim is made by the Vendor against the Division for the loss or damage to such equipment, the Commissioner of the West Virginia Division of Highways shall, pursuant to the provisions of Section 4, Article 3, Chapter 17 of the Code of West Virginia 1931, as amended, review such claim and if, after such review, the said Commissioner shall determine that a sum of money is due the Vendor as a result of any such claim shall, if such determination or finding is acceptable to the Vendor, issue a requisition to the Auditor of the State of West Virginia for the payment of such agreed sum to the Vendor.

Nothing herein contained shall prevent the Vendor from proceeding in the West Virginia Court of Claims as to any claim he, she or it may have against the West Virginia Division of Highways for such loss, damage or destruction.

In the event that, prior to the payment of any claim to the Vendor by Division, the Vendor shall receive any sum of money from any insurance company or from any person, firm or corporation by reason of such loss, damage or theft, any such sum of money so paid to Vendor shall be deducted by Division from any claim to be paid by it to the Vendor. If the Vendor shall receive any sum of money from any insurance company, person, firm or corporation for such loss, damage or theft, subsequent to the payment to the Vendor by Division of a sum of money for a claim for such loss or damage the Vendor will pay to Division the amount so received or such part of said amount that equals the amount Division has paid to said Vendor.

## VIII

### **MAINTENANCE AND RISK OF LOSS, DAMAGE OR THEFT OF EQUIPMENT WHEN OPERATORS OF EQUIPMENT ARE FURNISHED WITH EQUIPMENT BY VENDOR**

In the event operators are furnished by the Vendor to operate such equipment leased to the Division, the Vendor shall be responsible for maintenance of such equipment, for all loss to such equipment or destruction of or damage thereto, and shall repair all damage to such equipment and replace any such equipment lost or destroyed. Division may deduct that part of any rental to be paid to Vendor for the use of such

equipment for such period of time the equipment is not available for such use during the time of such repair or replacement due to such damage or loss or during the time involved in the replacement of any piece of equipment. Division shall be responsible for any loss of such equipment or any part thereof during the time that such equipment is not in use or is not required to be attended by Vendor's operators provided, however, that such equipment is delivered by the Vendor through its operators to a place designated by Division's employees or agents, in which case the Division shall be responsible for the security of such equipment, and, provided further, however, that Division's responsibility or liability for such security will be limited to ordinary care.

Such operators so furnished by the Vendor, while under the direction of Division, shall remain the employees of and under the control of the Vendor, and shall not be considered as agents of Division.

## IX

### LIENS

The Division of Highways shall not directly or indirectly create, incur, assume or suffer to exist any mortgage, pledge, lien, charge, encumbrance or claim on or with respect to the subject equipment, except with respect to the respective rights of the Vendor and Division of Highways as herein provided.

## X

### ENJOYMENT OF EQUIPMENT

The Vendor covenants to provide the Division of Highways during the term of the applicable agreement with quiet use and enjoyment of the subject equipment, and the Division of Highways shall, during the term peaceably and quietly have, hold, and enjoy the subject equipment, without suit, trouble or hindrance from the Vendor, except as expressly set forth in this agreement. Any assignee of the Vendor shall not interfere with such quiet use and enjoyment during the term of the agreement so long as the Division of Highways is not in default.

**XI**

**INSPECTION OF EQUIPMENT**

To the extent that the Division has the authority to grant or permit, the Vendor shall have the right, during work hours, to enter upon the premises where the subject equipment is located for the purpose of inspecting or observing the use of the leased equipment.

**XII**

**RETURN OF EQUIPMENT**

Upon the expiration of the term of this agreement, Division shall return the equipment leased hereunder, at its expense, to the Vendor at the original location at which such equipment was delivered to the Division of Highways. Equipment must be washed and clean, upon return to the vendor.

**XIII**

**DAMAGE BEYOND CONTROL OF LESSEE**

Division shall not be liable for damage to or loss of any leased equipment resulting from lightning, Acts of God, riots, strikes or other causes beyond Division's control.

**XIV**

**DEFAULT**

Upon default of any of the provisions or terms of this Agreement by either the Division or the Vendor the parties hereto shall have recourse to the remedies provided by the laws of the State of West Virginia and the United States of America.

XV

INSURANCE

The West Virginia Division of Highways is insured by the Board of Risk and Insurance Management. Insurance coverage will be provided by that agency only for long term, i.e., over thirty (30) consecutive days equipment lease. Insurance coverage for short term rental/lease equipment will be the responsibility of the owner/Vendor. The Division of Highways will, at its option, either replace or pay to Vendor the fair market value of any of the subject equipment or any part thereof, lost, destroyed or stolen by reason of the negligence of or lack of ordinary care on the part of its employees as herein-before provided in Section VII.
