VENDOR OWING A DEBT TO THE STATE:

West Virginia Code §5A-3-10a provides that: No contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and the debt owed is an amount greater than one thousand dollars in the aggregate.

PUBLIC IMPROVEMENT CONTRACTS & DRUG-FREE WORKPLACE ACT:

West Virginia Code §21-1D-5 provides that: Any solicitation for a public improvement construction contract shall require each vendor that submits a bid for the work to submit at the same time an affidavit that the vendor has a written plan for a drug-free workplace policy in compliance with Article 1D, Chapter 21 of the West Virginia Code. A public improvement construction contract may not be awarded to a vendor who does not have a written plan for a drug-free workplace policy in compliance with Article 1D, Chapter 21 of the West Virginia Code and who has not submitted that plan to the appropriate contracting authority in timely fashion. For a vendor who is a subcontractor, compliance with Section 5, Article 1D, Chapter 21 of the West Virginia Code may take place before their work on the public improvement is begun.

ANTITRUST:

In submitting a bid to any agency for the state of West Virginia, the bidder offers and agrees that if the bid is accepted the bidder will convey, sell, assign or transfer to the state of West Virginia all rights, title and interest in and to all causes of action it may now or hereafter acquire under the antitrust laws of the United States and the state of West Virginia for price fixing and/or unreasonable restraints of trade relating to the particular commodities or services purchased or acquired by the state of West Virginia. Such assignment shall be made and become effective at the time the purchasing agency tenders the initial payment to the bidder.

I certify that this bid is made without prior understanding, agreement, or connection with any corporation, firm, limited liability company, partnership or person or entity submitting a bid for the same materials, supplies, equipment or services and is in all respects fair and without collusion or fraud. I further certify that I am authorized to sign the certification on behalf of the bidder or this bid.

LICENSING:

Vendors must be licensed and in good standing in accordance with any and all state and local laws and requirements by any state or local agency of West Virginia, including, but not limited to, the West Virginia Secretary of State's Office, the West Virginia Tax Department, West Virginia Insurance Commission, or any other state agencies or political subdivision. Furthermore, the vendor must provide all necessary releases to obtain information to enable the Director or spending unit to verify that the vendor is licensed and in good standing with the above entities.

CONFIDENTIALITY:

The vendor agrees that he or she will not disclose to anyone, directly or indirectly, any such personally identifiable information or other confidential information gained from the agency, unless the individual who is the subject of the information consents to the disclosure in writing or the disclosure is made pursuant to the agency's policies, procedures and rules. Vendors should visit www.state.wv.us/admin/purchase/privacy for the Notice of Agency Confidentiality Policies.

Under penalty of law for false swearing (West Virginia Code §61-5-3), it is hereby certified that the vendor acknowledges the information in this said affidavit and is in compliance with the requirements as stated.

Addendum No. 4

Q. Does the new generator have a remote radiator?

A. No the new generator does not have a remote radiator. It was determined that an integral radiator was sufficient.

Q. Can the battery charger be a 5 amp charger? I have attached a spec sheet of Caterpillar's 5 amp battery charger.

A. Yes, the Caterpillar PBC3UL (5 amps) charger is acceptable.

Q. Caterpillar's standard warranty for standby is 24 months/1000 hours and for emergency standby applications the warranty is 24 months/400 hours. Will this be acceptable for this project? I do not know of any manufacturer having a standard warranty of 24 months/3000 hours. If necessary, we can provide Extended Service Coverage that will cover 3000 hours, however, it will cost more.

A. A warranty of Twenty Four (24) Months/3000 hours is what is called for in the specification.

Q. Is a mechanical non adjustable governor acceptable?

A. A non adjustable governor is not acceptable in this application.

Q. Does the transfer switch need a NEMA 1 (indoor) or a NEMA 3R (outdoor) enclosure?

A. The transfer switch can be contained with in a NEMA 1 (Indoor) enclosure.

Q. Caterpillar's 24 hour fuel tank for this size generator is 54 gallons, will this be acceptable?

A. A one hundred five (105) gallon sub base tank is what is called for in the specification. However, the owner will allow a +/- five (5) gallon variance in the sub-base tank capacity.

Q. I have noticed in the specs under Generator section iv that it states a 480v 125amp breaker but the generator is to be 208v. Just wanted to clarify what voltage this is to be?

A. I contacted staff at the site to re-confirm voltage; the Gen set plate reads "208-480V". I then had GCAC Staff trace the circuit thru the existing ATF switch to the actual panel that the GenSet would deliver power to. The panel is listed as "480 Volts-100 AMP-3 Phase". Therefore, the Gen set is to be rated at 480 ACV.

Q. Who is responsible for supplying fuel?

A. Fuel: Vendor to refer to the Specification: Section 4) Additional Information: a) "Diesel fuel is to be supplied by Agency.... The Vendor is to notify the Agency in advance when the fuel is needed for testing and commissioning."

Q. In the specification it says that the old equipment will be moved to a holding area; where is the holding area?

A. The holding area will be inside the machine room (Room 100) placement to be coordinated by Grave Creek Staff.

Q. (A vendor has submitted an alternate product for consideration) Is a Cummins 4BT3.3 Diesel Generator Set acceptable?

A. After a comparison with the specification, this generator set is acceptable provided it meets the warranty requirements; and the manufacturer can supply the digital controller, adjustable isochronous governor, the integral radiator, and the sub-base tank as indicated in the above responses to questions and the original specification
