ATTN: Chuck Bowman, Buyer

**RE: Expression of Interest – Engineering Services
DEP 14348 – Summit Park Waterline Replacement Design
Triad Proposal #01-08-8160**

Dear Mr. Bowman,

Triad Engineering, Incorporated (TRIAD) is pleased to submit the attached "Consultant Confidential Qualification Questionnaire (CCQQ)" and "Related Project Experience Matrix (RPEM)" in response to the Department of Environmental Protection's (DEP's) need for engineering services for the Summit Park Waterline Replacement Design project.

TRIAD is extremely proud of our performance under past contracts, including contracts we have held with the DEP. As of this date, over 400 AML&R projects have been undertaken by TRIAD. The vast majority of these projects have been successfully completed on time and within the proposed cost estimate.

As always, TRIAD will commit the necessary resources to meet the needs of this project. TRIAD continues to maintain and invest in staff and equipment necessary to provide comprehensive services for the successful completion of this project. We firmly believe the in-house resources available provide the State with the most favorable terms from a technical and cost standpoint. We highly value our working relationship with AML&R personnel, and will continue to strive for excellence in all we do.

We appreciate the opportunity to offer our services to you and hope we will be able to work together on this important project. Please do not hesitate to notify us should you have any questions regarding this submission or our firm's services.

Sincerely,

A handwritten signature in black ink that reads "Lydia M. Work". The signature is fluid and cursive, with a long horizontal stroke at the end.

Lydia M. Work, LRS
