RE: Expression of Interest
Coaldale/Bramwell Waterline Design Services
RFQ #: DEP14381

Dear Evaluation Committee,

Alpha Associates, Incorporated (Alpha) is pleased to submit this expression of interest to provide professional engineering services for the Coaldale/Bramwell Hill Waterline Design in Mercer County, West Virginia.

Since our founding in 1969, Alpha has succeeded in providing permitting, design, and construction administration services for many water systems similar to yours. We have provided services for thousands of linear feet of water line extensions.

Alpha provides efficient surveying and engineering services utilizing state-of-the-art surveying tools, computer-aided design and drafting software, and a variety of other tools. However, our greatest resource is our dedicated team of forty (40) professionals and support staff who will maintain your interests first and foremost throughout all phases of your project.

All disciplines needed to successfully complete your project are in-house functions at Alpha. Choose us to be your professional engineer for this waterline design, and you will get a dedicated team of individuals that will go above and beyond your expectations to complete your project in a timely manner and within budget. We look forward to sharing our ideas with you in an interview.

Sincerely,
Alpha Associates, Incorporated

RFQ No. DEP14381STATE OF WEST VIRGINIA
Purchasing Division**PURCHASING AFFIDAVIT****VENDOR OWING A DEBT TO THE STATE:**

West Virginia Code §5A-3-10a provides that: No contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and the debt owed is an amount greater than one thousand dollars in the aggregate.

PUBLIC IMPROVEMENT CONTRACTS & DRUG-FREE WORKPLACE ACT:

West Virginia Code §21-1D-5 provides that: Any solicitation for a public improvement construction contract shall require each vendor that submits a bid for the work to submit at the same time an affidavit that the vendor has a written plan for a drug-free workplace policy in compliance with Article 1D, Chapter 21 of the West Virginia Code. A public improvement construction contract may not be awarded to a vendor who does not have a written plan for a drug-free workplace policy in compliance with Article 1D, Chapter 21 of the West Virginia Code and who has not submitted that plan to the appropriate contracting authority in timely fashion. For a vendor who is a subcontractor, compliance with Section 5, Article 1D, Chapter 21 of the West Virginia Code may take place before their work on the public improvement is begun.

ANTITRUST:

In submitting a bid to any agency for the state of West Virginia, the bidder offers and agrees that if the bid is accepted the bidder will convey, sell, assign or transfer to the state of West Virginia all rights, title and interest in and to all causes of action it may now or hereafter acquire under the antitrust laws of the United States and the state of West Virginia for price fixing and/or unreasonable restraints of trade relating to the particular commodities or services purchased or acquired by the state of West Virginia. Such assignment shall be made and become effective at the time the purchasing agency tenders the initial payment to the bidder.

I certify that this bid is made without prior understanding, agreement, or connection with any corporation, firm, limited liability company, partnership or person or entity submitting a bid for the same materials, supplies, equipment or services and is in all respects fair and without collusion or fraud. I further certify that I am authorized to sign the certification on behalf of the bidder or this bid.

LICENSING:

Vendors must be licensed and in good standing in accordance with any and all state and local laws and requirements by any state or local agency of West Virginia, including, but not limited to, the West Virginia Secretary of State's Office, the West Virginia Tax Department, West Virginia Insurance Commission, or any other state agencies or political subdivision. Furthermore, the vendor must provide all necessary releases to obtain information to enable the Director or spending unit to verify that the vendor is licensed and in good standing with the above entities.

CONFIDENTIALITY:

The vendor agrees that he or she will not disclose to anyone, directly or indirectly, any such personally identifiable information or other confidential information gained from the agency, unless the individual who is the subject of the information consents to the disclosure in writing or the disclosure is made pursuant to the agency's policies, procedures and rules. Vendors should visit www.state.wv.us/admin/purchase/privacy for the Notice of Agency Confidentiality Policies.

Under penalty of law for false swearing (West Virginia Code §61-5-3), it is hereby certified that the vendor acknowledges the information in this said affidavit and is in compliance with the requirements as stated.

Statement of Qualifications

Alpha Associates, Incorporated

Alpha Associates, Incorporated is an Engineering and Architectural firm that provides services in the areas of Civil Engineering, Structural Engineering, Traffic Engineering, Landscape Design, Architectural Design, Interior Design, Construction Administration, Project Management, and Surveying. Your project will be managed and produced in our corporate office located in Morgantown, WV. Our Eastern Regional office located in Martinsburg, WV will provide additional assistance.

Your project benefits from the unique combination of

- extensive design and construction experience
- advanced technology
- committed principals
- highly-trained staff

Since 1969, Alpha has provided conflict free projects that included Engineering services to clients such as West Virginia University, West Virginia Department of Transportation, Public Service Districts throughout West Virginia, West Virginia School Building Authority, the U.S. Postal Service and US Department of Energy National Technology Laboratory, and many others. Our work is diverse and includes clients in commercial, educational and governmental facilities, developers and private organizations. Alpha's engineers have recent, relevant project experience in traffic maintenance. This experience enables your projects to be completed on time and within budget. Designs of storm water systems are vital for the success of all other projects. It is imperative that storm water be properly considered regardless of the project size.

Alpha believes that technology is a tool in which both our clients and our firm can benefit. We strive to remain current on software and communication tools. Our computer-aided drafting stations are constantly being upgraded to provide better quality design and engineering services to our clients making use of AutoCAD 2009, in addition to other Civil and Structural Engineering software for design and drafting. Alpha's website enables our clients to communicate with us through our Internet home page, providing file transfer and project specific information as well as up-to-date information on Alpha Associates, Incorporated and its past, present and future.

The Project Principal will consistently update you on your project by using effective communication tools to manage the firm and projects. The project principal is involved with the project from the beginning to beyond completion.

Alpha employs a staff of 40 Engineers, Architects, Surveyors and Administrative personnel. Our staff is large enough to handle any size project, yet small enough to provide the personal detail and supervision to successfully complete your project. Our staff is committed to working with an established project time frame and budget.

Alpha Associates, Incorporated is a professional organization dedicated to providing superior service to our clients. During our 40 years experience, we have consistently provided quality, trouble-free projects that exceed the needs of our clients and serve them well throughout the life of the project.
