ADDENDUM #2
DEP14471
Collect and Conduct Water Sample Tests
Up To 250 Sites

1. Are the 250 site locations throughout the state of West Virginia? **Yes**
2. Using EPA's Rapid Bio-assessment Protocols III, please provide more specifics on the number of organisms to be identified. The protocols and methods for sorting were written for a 200 organism subsample but can be used for 100, 200 or more. What organism count does WV require – 100, 200, or other? **200**
3. Also these methods state that identifications for RPB III is lowest practical level (generally genus or species). Please verify the level of taxonomic identification required – is to Genus level? Also, are there any exceptions to this (i.e. like oligochaetes only to group level, or chironomids to family only)? **(WVSCI) Family**
4. Also it appears that benthic sampling is required biannually. Does this mean both spring and fall? What are the biological index periods (i.e. specific months during spring and fall when sampling is to be done)? Will sampling begin in spring 2009, fall 2009 or spring 2010? **Yes and depending on award of purchase order will decide when testing will begin. It could be Feb. 15 – April 15, 2009 and October 15 – Dec. 30, 2009 or October 15 – Dec. 30, 2009 and Feb. 15 – April 15, 2010.**
5. Is there a required turn-around time for the completion of benthic sample identifications once collected? **Within 30 days**
6. What is the final product desired – is it a spreadsheet of benthic taxa and counts, for example, or is the contractor to compute benthic indicator scores? **Yes and data should be based on the WVSCI scale of 1-100.**
7. On the bid sheet, does benthic sample cost include all field, laboratory, and data management cost? **Yes**
8. Is a final written report to be produced, and should that cost be included in benthic per-sample cost? **More than report station data, Benthic WVSCI Score, RBP Score and a CD/DVD of this and all data.**
9. On the bid sheet, under Labor, are you simply asking for an hourly rate for a single field person? What if 2-person crews are to be used? **Whatever personnel is used by your firm, it will be up to you if you use a one or two person crew.**
10. Should we account for management time, data management, and reporting, or is this only a quote for field cost? **Yes all costs.**
