**Subject: WVDEP EXPRESSION OF INTEREST-DEP14481
DUNLOUP CREEK COMPLEX PROJECT
Professional Engineering Design Services
Raleigh County, West Virginia**

Dear Evaluation Committee:

The attached "AML Consultant Confidential Qualification Questionnaire" and the "AML and related Project Experience Matrix" are submitted in response to an Expression of Interest for professional design services at the abovementioned project located in Raleigh County, West Virginia. We understand "full-service" design and mapping services are to be performed and will include civil, environmental, geological and hydrological services. The services required will result in the development of engineering drawings, contract specifications and other contract documents required for the letting of construction.

We are extremely proud of our performance under past contracts, as well as other contracts we have held with the WVDEP. As of this date, over 400 WVDEP/AML projects have been undertaken by TRIAD. Preliminary design documents for our most recent WVDEP/AML project, Elk Creek Portals, have been submitted for review. We are awaiting AML personnel comments to accomplish final design.

TRIAD continues to maintain and invest in staff and equipment necessary to provide comprehensive services for the successful completion of this project. We firmly believe the in-house resources available provide the State with the most favorable terms from a technical and cost standpoint.

We highly value our working relationship with AML personnel, and will continue to strive for excellence in all we do. We look forward to the next phase of the evaluation.

Sincerely,
TRIAD ENGINEERING, INC.

Mark H. Reger
Vice President
