Re: RFQ No. DPS0843 - Architectural/Engineering Design Services for the Brambleton Public Safety Center

Dear Selection Committee:

Thank you for giving us this opportunity to submit our credentials to you. This office is currently designing a number of law enforcement projects in Virginia and West Virginia, in addition to our completed projects in Maryland and Delaware.

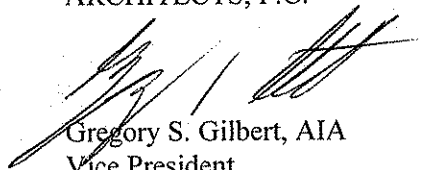

We take the design of law enforcement facilities very seriously. We look at each project as unique design and apply our knowledge to find creative solutions for your needs. This office knows that a successful design is more than just the layout of the building, but also finer detailing of the building, including materials and equipment as well as security issues.

Bignell Watkins Hasser is an architectural firm that has become successful by working closely with our clients, and completing our projects on time and within budget. This success has ranked our firm for several years in the top twenty practices in the Washington region. Our success is also measured by the amount of repeat work we perform for our clients.

We look forward to working with you on this project, and know that we will be a great asset to your organization.

Sincerely,

BIGNELL WATKINS HASSER
ARCHITECTS, P.C.

Gregory S. Gilbert, AIA
Vice President
