West Virginia State Police
RFQ #DPS0843

Dear Mr. Abbott:

Buchart Horn has assembled highly experienced personnel to provide professional architectural and engineering services for various projects across the State of West Virginia for the West Virginia State Police.

We have demonstrated experience in the performance of design and construction management for police, security, correctional, and municipal facilities throughout the Mid-Atlantic region of the United States. We also bring extensive West Virginia experience and are completely familiar with all national and local design guidelines and codes. Our qualifications package provides further details on our team's project experience.

Services will be managed through our Charleston offices. Mr. Michael Phillips, AIA, LEED® AP, will serve as Project Manager. Mr. Phillips brings extensive experience in project management for West Virginia facilities. Our multi-disciplined capabilities will allow us to properly manage and execute this contract using entirely in-house resources. We can provide complete study, design and code review for the HVAC, electrical and security systems, as well as any potential residual impacts from the proposed work, without the need for outside subcontractors.

We look forward to your favorable review of our submittal and to your further consideration of our firm for this project. We are most sincere in our desire to serve you.

Very truly yours,

BUCHART-HORN, INC.

Kenneth D. Bryant, Jr., PE, PS
Regional Manager
