PURCHASING AFFIDAVIT

VENDOR OWING A DEBT TO THE STATE:

West Virginia Code §5A-3-10a provides that: No contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and the debt owed is an amount greater than one thousand dollars in the aggregate.

PUBLIC IMPROVEMENT CONTRACTS & DRUG-FREE WORKPLACE ACT:

West Virginia Code §21-1D-5 provides that: Any solicitation for a public improvement construction contract shall require each vendor that submits a bid for the work to submit at the same time an affidavit that the vendor has a written plan for a drug-free workplace policy in compliance with Article 1D, Chapter 21 of the West Virginia Code. A public improvement construction contract may not be awarded to a vendor who does not have a written plan for a drug-free workplace policy in compliance with Article 1D, Chapter 21 of the West Virginia Code and who has not submitted that plan to the appropriate contracting authority in timely fashion. For a vendor who is a subcontractor, compliance with Section 5, Article 1D, Chapter 21 of the West Virginia Code may take place before their work on the public improvement is begun.

ANTITRUST:

In submitting a bid to any agency for the state of West Virginia, the bidder offers and agrees that if the bid is accepted the bidder will convey, sell, assign or transfer to the state of West Virginia all rights, title and interest in and to all causes of action it may now or hereafter acquire under the antitrust laws of the United States and the state of West Virginia for price fixing and/or unreasonable restraints of trade relating to the particular commodities or services purchased or acquired by the state of West Virginia. Such assignment shall be made and become effective at the time the purchasing agency tenders the initial payment to the bidder.

I certify that this bid is made without prior understanding, agreement, or connection with any corporation, firm, limited liability company, partnership or person or entity submitting a bid for the same materials, supplies, equipment or services and is in all respects fair and without collusion or fraud. I further certify that I am authorized to sign the certification on behalf of the bidder or this bid.

LICENSING:

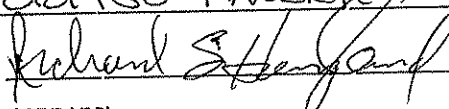

Vendors must be licensed and in good standing in accordance with any and all state and local laws and requirements by any state or local agency of West Virginia, including, but not limited to, the West Virginia Secretary of State's Office, the West Virginia Tax Department, West Virginia Insurance Commission, or any other state agencies or political subdivision. Furthermore, the vendor must provide all necessary releases to obtain information to enable the Director or spending unit to verify that the vendor is licensed and in good standing with the above entities.

CONFIDENTIALITY:

The vendor agrees that he or she will not disclose to anyone, directly or indirectly, any such personally identifiable information or other confidential information gained from the agency, unless the individual who is the subject of the information consents to the disclosure in writing or the disclosure is made pursuant to the agency's policies, procedures and rules. Vendors should visit www.state.wv.us/admin/purchase/privacy for the Notice of Agency Confidentiality Policies.

Under penalty of law for false swearing (West Virginia Code §61-5-3), it is hereby certified that the vendor acknowledges the information in this said affidavit and is in compliance with the requirements as stated.

Vendor's Name: NORITSU AMERICA CORPORATION

Authorized Signature:  Date: 9/23/08

Addendum #2

The following are the minimum specifications acceptable for a photographic digital print processor that is added to the Request for Quotation (RFQ)

The processor shall have High Speed/Resolution Film Scanner capable of up to 120/220 film (6X9) with resolution of 300 dpi

The processor shall have all carriers and lens included

The processor shall have capability of scanning B&W, Color, Negative and Positive Films

CHANGE

The processor shall have Dual Paper Magazines with two magazines supplied capable of up to ~~12-in. width or greater~~ 8 inch width

The processor shall have a Solid State LASER print engine capable of printing print sizes up to and including 8" X 24" on traditional Photographic Silver Halide Paper

The processor shall use standard RA chemicals.

The processor shall have automatic film carrier for 135mm film and IX240 combined into 1 negative carrier, capable of detecting and printing up to 24mm x 65mm dual-format 35mm film (XPan-II format) automatically.

The processor shall have automatic film carrier for 120 films capable of detecting 6 x 4.5, 6 x 6, 6 x 7, 6 x 8, and 6 x 9 formats automatically.

The processor shall have scalability to specify the exact object size in the final image. (1:1 capability)

REMOVED

~~The processor shall have 135/240 Automatic Mount Carrier for printing mounted slides~~

The processor shall have a storage unit capable to store digital media and/or scanned rolls 135mm film for reprinting.

The processor shall utilize a CCD Three line (R G B) scanner.

The processor scanner shall be capable of high resolution scanning and capture (i.e. up to 4,492 x 6,774 pixels from 35mm film)

The processor shall have Digital ICE™ software to automatically remove dirt, dust and scratches.

The processor shall have software which corrects dust and scratches on the emulsion layer.

The processor shall have Image Selectable Photometry (lock beam printing)
The processor shall have Lens Aberration Correction (Correction of insufficient brightness on the edge of the image field.)

The processor shall have software capable of Grain Correction for Underexposed Images.

The processor should have Red Eye Correction Software to remove or reduce red eyes in photographs from retinal reflection.

The processor shall have software/hardware for machine calibration.

CHANGE

The processor ~~should~~ shall have software options to create package prints, business cards, calendars, logos, and etc.

The processor shall have processing capacity of prints at the following minimum speeds from 135mm negative film and digital media:

3.5" x 5" at a rate of at least 1,200/HR

4" x 6" at a rate of at least 1,000/HR

8" x 10" at a rate of at least 360/HR

The processor shall have the capability to accept input from CD's, Digital Camera Media, DVD RAM, Flat Bed Scanner and Local Area Network connections with LAN card installed

The processor should have automatic washing of the turn racks.

The processor shall have an Electronic Operators Manual, which makes for simple diagnosis when a system error occurs.

Easy to understand graphic user interface

REMOVED

~~The processor shall have dual paper magazine configuration. You may have two rolls of paper loaded at the same time.~~

The processor shall have a warranty minimum of 1 year labor/parts. With optional service agreements with a minimum of semi-annual preventative maintenance and 24/7 technical assistance. Warranty and service should be directly maintained through the manufacturer.

The following are the minimum specifications acceptable for a photographic film processor that is added to the Request for Quotation (RFQ)

The film processor shall use standard C-41 RA chemicals

The film processor shall have processing capacity of 26 rolls of 135mm per hour, 32 rolls of 120 film per hour and 18 rolls of 220 film per hour

Processing speed shall be 12" per minute minimum

Film formats will include 35mm, APS (1X-240), 110, 120 and 220

The film processor shall be a two lane film processor able to load one or two rolls of film at a time in the load box

The film processor shall come with a dark box

The film processor shall come with leader cards for 35mm and 120/220 film

The film processor shall come with a splicing clock for 33mm and 120/220 film

The manufacturer should have their own employed technical services department staff for repairs and service

The manufacturer should have a 24/7 hotline for technical assistance

ADDED

The processor shall have a warranty minimum of 1 year labor/parts. With optional service agreements with a minimum of semi-annual preventative maintenance and 24/7 technical assistance. Warranty and service should be directly maintained through the manufacturer.
