WHEN RESPONDING TO RFQ, INSERT NAME AND ADDRESS IN SPACE ABOVE LABELED 'VENDOR'

PSC 9045

The Utilities Division of the Public Service Commission is looking for someone to advise them on a wide variety of issues, including utility finance, utility accounting, revenue requirements, cost of service, rate design and regional issues with emphasis on experience in complex cases before the Commission which are processed pursuant to statutory deadlines. The successful bidder must have the following qualifications, training and experience:

1. Ability to evaluate complex case issues that must be processed by the Commission. Shall have knowledge of Commission policy, Commission rules and regulations, and case history. Must have knowledge of prior cases and be able to research prior cases for consideration of cases that are pending before the Commission. Cases before the Commission include gas, electric, water, sewer, telephone and motor carrier. Shall perform evaluations and make process recommendations with regard to the Utilities Division's examinations of the financial books and records of utilities requesting rate changes, and certificates of convenience and necessity.
2. Shall have knowledge of theories, principles and practices in the area of assignment to provide expert case and policy recommendations to the Public Service Commission on behalf of the Utilities Division. Shall be able to evaluate adequacy of financial, managerial, operational control and process design, compliance with established policies, plans and procedures, the reliability of financial and operational data developed within the Utilities Division. Shall prepare reports and recommendations; and be prepared to testify to these findings in formal hearings before the Commission involving protestors and utility representatives. Shall have knowledge of the ratemaking processes and the rate structure of the various utilities. Shall advise the Utilities Division on the adequacy of financial, managerial, operational controls and process design. May conduct or direct special studies, project creation and administration.
3. Shall have working knowledge of issues pending or decided by the Federal Regulatory Energy Commission, the Federal Communications Commission and regional regulatory groups that evaluate FERC energy policy, regional electric market issues, regional transmission issues, wholesale electric and gas market issues, telecommunications policies and other issues that are of vital interest to West Virginia. These are issues that might be involved in a pending case that the successful vendor will be working on. May have to assist the Legal Division in intervention before federal regulatory agencies.

4. Shall have working knowledge of past and current issues related to Public Utility Regulatory Policies Act (PURPA) standards. Must be prepared to perform analyses required to make recommendations to the Commission with regard to the requirements of the Energy Independence and Security Act of 2007 and subsequent state and federal legislation dealing with energy efficiency, renewable portfolio standards and utility rate design. Again, these rules may need to be considered in any case before the Commission and the successful vendor should have a general knowledge of case precedents to understand how to proceed in ongoing cases before the Commission.
5. Shall be prepared to analyze national and regional energy markets, price levels and trends to determine impacts on West Virginia utilities and their customers. Shall have the ability to synthesize and evaluate complex financial and utility operational data and to submit written reports setting forth the results and findings.
6. Shall provide expert technical consultation and policy interpretation to the Utilities Division, attorneys, engineering, subordinates, public officials and advocacy groups.
7. Shall be prepared to analyze various electric demand side management and energy efficiency alternatives and initiatives in order to make recommendations to the Commission regarding program implementation.
8. Shall demonstrate an understanding of the work of the utility regulation division of the Public Service Commission; able to develop, plan, evaluate and implement complex and technical procedures established for the compilation of the analysis of utility financial and operations data.
9. Shall have a working knowledge of the agency's auditing programs and case processing guidelines.
10. May review progress of staff and answer questions on complex utility problems to assure the timely completion of all work assigned to the staff and review books and records of the utility company.
11. Shall have an understanding and working knowledge of the Public Service Commission Law; be prepared to work with Legal Staff on issues before Circuit Court or Supreme Court of Appeals.

12. Ability to work within strict timeframes/statutory deadlines. Ability to communicate effectively, orally and in writing.
13. Shall be prepared to address and make recommendations with regard to telecommunications issues such as Enhanced 9-1-1 services, Telephone Relay Services in West Virginia, Personal Communications Services, Statewide Addressing and Mapping Board, Abbreviated dialing code 211 for access to a statewide center, FCC policies, federal Universal Service Fund, West Virginia's tel-assistance program and The Telecommunications Act of 1996.
14. Must be prepared to address and make recommendations with respect to Motor Carrier issues before the Commission including Solid waste facilities, bulky goods collection issues, rates, quality of service for waste haulers, passenger carriers, household goods movers and, in some cases, wrecker rates and certification of these utilities.
15. Training: Masters of Business Administration, advanced degree in finance or economics, or Certified Public Accountant. Must provide with bid, copies of certification.
16. Experience: Ten years of full time or equivalent paid part time professional experience in a regulatory utility, utility regulatory agency, utility consultation or in accounting or auditing, eight years of which must have been in an administrative or supervisory capacity. Bidder must list experience with bid page.
17. Provider will keep accurate time records of hours worked on projects and will be compensated on an hourly basis for actual hours of performance.
18. Providers will submit a statement detailing work performed and hours worked.
19. Shall provide three (3) references with the bid
20. Contract will be effective for one year with two one year renewals.

BID SHEET

Price per hour

\$ 70.00

This hourly rate shall be inclusive of all costs incurred

Estimated hours per year: 1,890

*For experience see attached resume with
response. -*

Responses:

1. Ability to evaluate complex case issues that must be processed by the Commission. Shall have knowledge of Commission policy, Commission rules and regulations, and case history. Must have knowledge of prior cases and be able to research prior cases for consideration of cases that are pending before the Commission. Cases before the Commission include gas, electric, water, sewer, telephone and motor carrier. Shall perform evaluations and make process recommendations with regard to the Utilities Division's examinations of the financial books and records of utilities requesting rate changes, and certificates of convenience and necessity.

Response: Bidder, Paul Stewart, has thirty-eight years of experience performing analytical work within the Utilities Division of the Public Service Commission of West Virginia. Over the period of his career Bidder performed analyses and made recommendations in cases filed by gas, electric, water, sewer, and telephone utilities as well as regulated motor carriers and commercial solid waste facilities gaining a unique breadth of knowledge of PSC rules, regulations and utility practices. See attached resume.

2. Shall have knowledge of theories, principles and practices in the area of assignment to provide expert case and policy recommendations to the Public Service Commission on behalf of the Utilities Division. Shall be able to evaluate adequacy of financial, managerial, operational control and process design, compliance with established policies, plans and procedures, the reliability of financial and operational data developed within the Utilities Division. Shall prepare reports and recommendations; and be prepared to testify to these findings in formal hearings before the Commission involving protestors and utility representatives. Shall have

knowledge of the ratemaking processes and the rate structure of the various utilities.

Shall advise the Utilities Division on the adequacy of financial, managerial, operational controls and process design. May conduct or direct special studies, project creation and administration.

Response: Bidder, Paul Stewart, has extensive experience reviewing and evaluating financial and other aspects of utilities practices with types of work performed ranging from conducting field audits of various types of regulated entities to performing cost of capital and class cost of service studies. Over the course of his career, Bidder gained extensive experience preparing written testimony and presenting expert witness testimony orally in various Public Service Commission hearings. Approximately 18 of Bidder's 38 years of experience was managing and supervising agency employees involved in conducting audits and performing financial analyses of various utilities' operations to assure that their work products were accurate and in compliance with Commission policy. See attached resume.

3. Shall have working knowledge of issues pending or decided by the Federal Regulatory Energy Commission, the Federal Communications Commission and regional regulatory groups that evaluate FERC energy policy, regional electric market issues, regional transmission issues, wholesale electric and gas market issues, telecommunications policies and other issues that are of vital interest to West Virginia. These are issues that might be involved in a pending case that the successful vendor will be working on. May have to assist the Legal Division in intervention before federal regulatory agencies.

Response: Bidder, Paul Stewart, has extensive experience working on natural gas and electric issues to include working with others to develop recommendations to the Commission with regard to impacts of federal rules and regulations as they relate to West Virginian utilities and their customers. Bidder, Paul Stewart, has worked frequently over

the course of his 38-year career with staff attorneys to assist with financial aspects of various types of legal filings. See attached resume.

4. Shall have working knowledge of past and current issues related to Public Utility Regulatory Policies Act (PURPA) standards. Must be prepared to perform analyses required to make recommendations to the Commission with regard to the requirements of the Energy Independence and Security Act of 2007 and subsequent state and federal legislation dealing with energy efficiency, renewable portfolio standards and utility rate design. Again, these rules may need to be considered in any case before the Commission and the successful vendor should have a general knowledge of case precedents to understand how to proceed in ongoing cases before the Commission.

Response: Bidder, Paul Stewart, has extensive experience spanning nearly 20 years performing analyses and preparing recommendations and giving expert witness testimony before the Public Service Commission with regard to PURPA rate standards in response to the original requirements of the Act as well as subsequent changes mandated by Federal legislation. See attached resume.

5. Shall be prepared to analyze national and regional energy markets, price levels and trends to determine impacts on West Virginia utilities and their customers. Shall have the ability to synthesize and evaluate complex financial and utility operational data and to submit written reports setting forth the results and findings.

Response: Bidder, Paul Stewart, has had extensive experience researching and analyzing national and regional utility and energy industry data from such sources as the Federal Energy Regulatory Commission, U.S. Department of Energy, National Regulatory Research

Institute, etc. in the course of preparing written reports and recommendations to the Public Service Commission in various rate filings and general investigations. See attached resume.

6. Shall provide expert technical consultation and policy interpretation to the Utilities Division, attorneys, engineering, subordinates, public officials and advocacy groups.

Response: Bidder, Paul Stewart, has had extensive experience developing staff positions in wide variety of regulatory matters both internally within the Utilities Division and working collaboratively with staff members of other Divisions such as Legal and Engineering to develop joint staff positions. This experience includes training staff members within the Utilities Division and providing technical advice and consultation on various financial analyses and regulatory policy matters to personnel in other Divisions within the Commission such as Transportation and Water and Waste Water. See attached resume.

7. Shall be prepared to analyze various electric demand side management and energy efficiency alternatives and initiatives in order to make recommendations to the Commission regarding program implementation.

Response: Bidder, Paul Stewart, has been a member of the task force currently reviewing various demand side management and energy efficiency options for the purpose of making program implementation recommendations for Appalachian Power to the Public Service Commission. Additionally, Bidder, Paul Stewart, has developed and presented the Utilities Division's recommendations with regard to these issues in the context of the Commission's general investigation proceedings as required by the Energy Policies Act of 2005. See attached resume.

8. Shall demonstrate an understanding of the work of the utility regulation division of the Public Service Commission; able to develop, plan, evaluate and implement complex and technical procedures established for the compilation of the analysis of utility financial and operations data.

Response: Bidder, Paul Stewart, has 38 years of experience analyzing complex financial and other utility data in the course of preparing case recommendations. This experience includes planning and supervising the work of subordinates engaged the analysis of utility financial data in order to develop staff recommendations in various rate and other matters before the Commission. See attached resume.

9. Shall have a working knowledge of the agency's auditing programs and case processing guidelines.

Response: Bidder, Paul Stewart, has 38 years of experience preparing and supervising the preparation of reports consistent with Public Service Commission policy and case processing guidelines. See attaché resume.

10. May review progress of staff and answer questions on complex utility problems to assure the timely completion of all work assigned to the staff and review books and records of the utility company.

Response: Bidder, Paul Stewart, has 18 years of active management and supervisory experience which involved answering questions with regard to issues involved in processing

the assigned case load to assure timely completion of work by subordinates and other staff members. Bidder, Paul Stewart, actively trained and mentored other employees throughout much of his 38 year career.

11. Shall have an understanding and working knowledge of the Public Service Commission Law; be prepared to work with Legal Staff on issues before Circuit Court or Supreme Court of Appeals.

Response: Bidder, Paul Stewart, developed an understanding and working knowledge of Public Service Law over the course of his 38 year career with the Public Service Commission and frequently worked with staff attorneys in the preparation of various court filings.

12. Ability to work within strict timeframes/statutory deadlines. Ability to communicate effectively, orally and in writing.

Response: Bidder, Paul Stewart, has a well established history of meeting strict timeframes/statutory deadlines and assuring that those working under his supervision did so as well. Bidder, Paul Stewart, has extensive experience preparing financial reports and written testimony, and presenting testimony orally in Public Service Commission hearings and other venues. See attached resume.

13. Shall be prepared to address and make recommendations with regard to telecommunications issues such as Enhanced 9-1-1 services, Telephone Relay Services in West Virginia, Personal Communications Services, Statewide Addressing

and Mapping Board, Abbreviated dialing code 211 for access to a statewide center, FCC policies, federal Universal Service Fund, West Virginia's tel-assistance program and The Telecommunications Act of 1996.

Response: Bidder, Paul Stewart, gained experience working with other staff members collaboratively and in a supervisory role to develop staff positions and to make recommendations to the Public Service Commission with regard to various telecommunications issues, including those listed above, during the conduct of his duties as a Utilities Analyst Manager and as Deputy Director of the Utilities Division.

14. Must be prepared to address and make recommendations with respect to Motor Carrier issues before the Commission including Solid waste facilities, bulky goods collection issues, rates, quality of service for waste haulers, passenger carriers, household goods movers and, in some cases, wrecker rates and certification of these utilities.

Response: During the period of December 1990 and September 2003, Bidder, Paul Stewart, was the manager within the Utilities Division responsible for developing and implementing methods and methodologies for processing all filings involving regulated motor carriers and solid waste facilities by the Utilities Division. Bidder, Paul Stewart, was actively involved Transportation Division Attorneys in the development of rules and regulations relating to regulated motor carriers and solid waste facilities during that same period and extending into 2008. See attached resume.

15. Training: Masters of Business Administration, advanced degree in finance or

economics, or Certified Public Accountant. Must provide with bid, copies of certification.

Response: Bidder, Paul Stewart, was awarded a Master of Business Administration degree by the West Virginia College of Graduate Studies in August 1979. See attached diploma and resume for full academic history.

16. Experience: Ten years of full time or equivalent paid part time professional experience in a regulatory utility, utility regulatory agency, utility consultation or in accounting or auditing, eight years of which must have been in an administrative or supervisory capacity. Bidder must list experience with bid page.

Response: Bidder, Paul Stewart, has 38 years of experience with the Public Service Commission, was a Utilities Analyst Manager within the Utilities Division from December 1990 through September 2003 and was Deputy Director of the Utilities Division from March 2003 through October 2008. See attached resume.

19. Shall provide three (3) references with the bid.

Profile **Solid background in regulated utility rate and financial analysis, with strong experience in energy and motor carrier regulation. Experienced in auditing, rate of return/ cost of capital analysis, class cost of service and rate design, and general investigations.**

Education M.B.A. (concentration in finance), West Virginia College of Graduate Studies *August 1979*

 B.A. French and Spanish, West Virginia State College *May 1968*

 Post graduate accounting – 18 credit hrs , West Virginia State College

Career History **Public Service Commission of West Virginia** *Mar 2003-Oct 2008*

Deputy Director, Utilities Division

- In charge of day-to-day administrative operations of the Utilities Division which had 35 to 40 staff members; directly supervised two managers and four support personnel
- Reviewed all in-coming cases and made assignments to work units
- Was responsible for the new employee candidate review and interview process, and recommendations for hiring
- Participated in the development of staff positions in various rate and other cases, and participated in settlement negotiations
- Provided technical advice and assistance to Water and Waste Water Division in matters relating to privately owned water and sewer utility cases
- Developed the Utilities Division’s recommendations with regard Energy Policy Act of 2005 requirements relating to Net Metering, Interconnection, and Fuel Source Diversification and Renewable Portfolio Standards
- Developed the Utilities Division’s Staff’s recommendations to the Commission with regard to annual rate review and calculation procedures, participant eligibility and other program requirements in the matter of implementation of a weather normalization adjustment rate program for small natural gas utilities
- Represented the Utilities Division on a task force to develop recommendations to the Commission with regard to possible electric utility demand side management and energy efficiency programs
- Performed analyses and prepared the Utilities Division’s recommendations with regard to wind power purchase agreement filings
- Presented expert witness testimony in various matters before the Commission

Public Service Commission of West Virginia
Utilities Analyst Manager

Dec 1990-Sept. 2003

- Initially supervised a section within the Utilities Division comprised of approximately twelve utilities analysts and inspectors processing rate, certificate of need and other case filings made by regulated motor carriers and commercial solid waste facilities as well as processing formal and informal complaint cases related to those same regulated carriers and facilities
- Developed methods and procedures within the Utilities Division for processing all cases related to solid waste facilities in order to facilitate the implementation of the Commission's (then) recently enacted jurisdiction over commercial landfills, transfer stations and recycling operations
- Interviewed, recommended hiring of and trained new staff members to process the additional case load resulting from the recently regulated facilities
- Later supervised a rate section which continued to process motor carrier and solid waste cases but also had expanded duties to include the processing of rate and other case filings related to water, sewer, natural gas and electric utilities.
- Established a separate group within the section specialized to process formal customer complaints to assure internal consistency and to permit audit staff resources to be used more effectively.

Public Service Commission of West Virginia
Rate Analyst 1 through Chief Utilities Analyst

Sept 1973-Nov 1990

- Performed field audits, prepared written reports and rate recommendations, and presented written and oral testimony in Public Service Commission hearings in rate case filings by electric, natural gas, water, sewer and (then regulated) telephone utilities.
- Performed class cost of service studies, and presented written and oral testimony in electric, natural gas, water and sewer utility rate filings
- Developed first computer programs to perform class cost of service studies for water and sewer utilities used by the Public Service Commission to determine rates.
- During the decade of the 1980s, was responsible for performing analyses and presenting testimony with regard to cost of capital and rate of return for electric, natural gas and water utilities.
- Performed analyses and presented testimony on behalf of staff in Public Utility Regulatory Policies Act (PURPA) hearings with regard to the Act's rate design standards.
- Performed analyses and prepared avoided cost based rate recommendations for use in purchased power contracts between qualifying cogeneration facilities and electric utilities under the provisions of PURPA.

VENDOR PREFERENCE CERTIFICATE

Certification and application* is hereby made for Preference in accordance with West Virginia Code, §5A-3-37. (Does not apply to construction contracts). West Virginia Code, §5A-3-37, provides an opportunity for qualifying vendors to request (at the time of bid) preference for their residency status. Such preference is an evaluation method only and will be applied only to the cost bid in accordance with the West Virginia Code. This certificate for application is to be used to request such preference. The Purchasing Division will make the determination of the Resident Vendor Preference, if applicable.

- 1. Application is made for 2.5% resident vendor preference for the reason checked: Bidder is an individual resident vendor and has resided continuously in West Virginia for four (4) years immediately preceding the date of this certification; or, Bidder is a partnership, association or corporation resident vendor and has maintained its headquarters or principal place of business continuously in West Virginia for four (4) years immediately preceding the date of this certification; or 80% of the ownership interest of Bidder is held by another individual, partnership, association or corporation resident vendor who has maintained its headquarters or principal place of business continuously in West Virginia for four (4) years immediately preceding the date of this certification; or, Bidder is a nonresident vendor which has an affiliate or subsidiary which employs a minimum of one hundred state residents and which has maintained its headquarters or principal place of business within West Virginia continuously for the four (4) years immediately preceding the date of this certification; or,
2. Application is made for 2.5% resident vendor preference for the reason checked: Bidder is a resident vendor who certifies that, during the life of the contract, on average at least 75% of the employees working on the project being bid are residents of West Virginia who have resided in the state continuously for the two years immediately preceding submission of this bid; or,
3. Application is made for 2.5% resident vendor preference for the reason checked: Bidder is a nonresident vendor employing a minimum of one hundred state residents or is a nonresident vendor with an affiliate or subsidiary which maintains its headquarters or principal place of business within West Virginia employing a minimum of one hundred state residents who certifies that, during the life of the contract, on average at least 75% of the employees or Bidder's affiliate's or subsidiary's employees are residents of West Virginia who have resided in the state continuously for the two years immediately preceding submission of this bid; or,
4. Application is made for 5% resident vendor preference for the reason checked: Bidder meets either the requirement of both subdivisions (1) and (2) or subdivision (1) and (3) as stated above; or,
5. Application is made for 3.5% resident vendor preference who is a veteran for the reason checked: Bidder is an individual resident vendor who is a veteran of the United States armed forces, the reserves or the National Guard and has resided in West Virginia continuously for the four years immediately preceding the date on which the bid is submitted; or,
6. Application is made for 3.5% resident vendor preference who is a veteran for the reason checked: Bidder is a resident vendor who is a veteran of the United States armed forces, the reserves or the National Guard, if, for purposes of producing or distributing the commodities or completing the project which is the subject of the vendor's bid and continuously over the entire term of the project, on average at least seventy-five percent of the vendor's employees are residents of West Virginia who have resided in the state continuously for the two immediately preceding years.

Bidder understands if the Secretary of Revenue determines that a Bidder receiving preference has failed to continue to meet the requirements for such preference, the Secretary may order the Director of Purchasing to: (a) reject the bid; or (b) assess a penalty against such Bidder in an amount not to exceed 5% of the bid amount and that such penalty will be paid to the contracting agency or deducted from any unpaid balance on the contract or purchase order.

By submission of this certificate, Bidder agrees to disclose any reasonably requested information to the Purchasing Division and authorizes the Department of Revenue to disclose to the Director of Purchasing appropriate information verifying that Bidder has paid the required business taxes, provided that such information does not contain the amounts of taxes paid nor any other information deemed by the Tax Commissioner to be confidential.

Under penalty of law for false swearing (West Virginia Code, §61-5-3), Bidder hereby certifies that this certificate is true and accurate in all respects; and that if a contract is issued to Bidder and if anything contained within this certificate changes during the term of the contract, Bidder will notify the Purchasing Division in writing immediately.

Bidder: Paul Stewart Consulting, LLC Paul R. Stewart Signed: Paul Stewart Title: Principal Date: 03/12/2009

*Check any combination of preference consideration(s) indicated above, which you are entitled to receive.

STATE OF WEST VIRGINIA
Purchasing Division**PURCHASING AFFIDAVIT****VENDOR OWING A DEBT TO THE STATE:**

West Virginia Code §5A-3-10a provides that: No contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and the debt owed is an amount greater than one thousand dollars in the aggregate.

PUBLIC IMPROVEMENT CONTRACTS & DRUG-FREE WORKPLACE ACT:

If this is a solicitation for a public improvement construction contract, the vendor, by its signature below, affirms that it has a written plan for a drug-free workplace policy in compliance with Article 1D, Chapter 21 of the **West Virginia Code**. The vendor **must** make said affirmation with its bid submission. Further, public improvement construction contract may not be awarded to a vendor who does not have a written plan for a drug-free workplace policy in compliance with Article 1D, Chapter 21 of the **West Virginia Code** and who has not submitted that plan to the appropriate contracting authority in timely fashion. For a vendor who is a subcontractor, compliance with Section 5, Article 1D, Chapter 21 of the **West Virginia Code** may take place before their work on the public improvement is begun.

ANTITRUST:

In submitting a bid to any agency for the state of West Virginia, the bidder offers and agrees that if the bid is accepted the bidder will convey, sell, assign or transfer to the state of West Virginia all rights, title and interest in and to all causes of action it may now or hereafter acquire under the antitrust laws of the United States and the state of West Virginia for price fixing and/or unreasonable restraints of trade relating to the particular commodities or services purchased or acquired by the state of West Virginia. Such assignment shall be made and become effective at the time the purchasing agency tenders the initial payment to the bidder.

I certify that this bid is made without prior understanding, agreement, or connection with any corporation, firm, limited liability company, partnership or person or entity submitting a bid for the same materials, supplies, equipment or services and is in all respects fair and without collusion or fraud. I further certify that I am authorized to sign the certification on behalf of the bidder or this bid.

LICENSING:

Vendors must be licensed and in good standing in accordance with any and all state and local laws and requirements by any state or local agency of West Virginia, including, but not limited to, the West Virginia Secretary of State's Office, the West Virginia Tax Department, West Virginia Insurance Commission, or any other state agencies or political subdivision. Furthermore, the vendor must provide all necessary releases to obtain information to enable the Director or spending unit to verify that the vendor is licensed and in good standing with the above entities.

CONFIDENTIALITY:

The vendor agrees that he or she will not disclose to anyone, directly or indirectly, any such personally identifiable information or other confidential information gained from the agency, unless the individual who is the subject of the information consents to the disclosure in writing or the disclosure is made pursuant to the agency's policies, procedures and rules. Vendor further agrees to comply with the Confidentiality Policies and Information Security Accountability Requirements, set forth in <http://www.state.wv.us/admin/purchase/privacy/noticeConfidentiality.pdf>.

Under penalty of law for false swearing (**West Virginia Code** §61-5-3), it is hereby certified that the vendor affirms and acknowledges the information in this affidavit and is in compliance with the requirements as stated.
