PART 1 GENERAL CONDITIONS

1.0 INTENT OF RFQ

It is the intent of this Request for Quotation (RFQ) to require the Vendor to deliver a complete new vehicle of the type prescribed, ready for operation.

2.0 PRICE FOR A COMPLETE VEHICLE

- A. The price quoted in any proposal submitted shall include all labor, materials, tools, warranties, equipment, and other costs necessary to complete the manufacture and delivery of the vehicle. Any items omitted from the specifications which are clearly necessary for the completion and operation of such equipment and its appurtenances shall be considered a portion of such equipment, although not directly stated or covered in these specifications.

Notwithstanding the provision of drawings, technical specifications, or other data by the Division of Public Transit, the Vendor shall have the responsibility of supplying all parts and details required to make the vehicle complete and ready for service even though such details may not be specifically mentioned in the drawings and specifications. Fareboxes, radios, and other items that are installed by the Recipient Agency shall not be the responsibility of the Vendor unless they are included in this contract.

- B. The Purchasing Division of the Department of Administration in conjunction with the Division of Public Transit and the vendor shall mutually agree when it is necessary to make changes in, additions to, or deductions from the work to be performed or the material to be furnished, pursuant to the contract. Any changes which affect the contract price shall be in writing and require the approval of the Division of Public Transit and the Purchasing Division.
- C. **All prices should be quoted in whole dollars** and submitted on Bid Form. Bid to be awarded to responsive vendor with lowest base vehicle bid price including delivery charges.
- D. Unit and extended prices, delivery charges and options should all be itemized.

3.0 POSSIBLE RENEWAL

- A. This Contract may be renewed upon the mutual written consent of the Division of Public Transit and the successful bidder. Such a request for renewal would be submitted to the Director of the WV Purchasing Division thirty (30) days prior to the expiration date of the awarded Contract. Such renewal shall be in accordance with the terms and conditions of the original Contract and shall be limited to two (2) one (1) year periods.
- B. Quantities listed in the RFQ are approximations only, based on estimates supplied by the Division of Public Transit. The awarded Contract shall cover the quantities actually ordered for delivery during the term of the Contract.
- C. Additional agencies could purchase from any awarded contract resulting from this RFQ. Specified deliverables would be as originally advertised, competed, evaluated and awarded including the base and option quantities.

4.0 DELIVERY AND ACCEPTANCE

- A. Vendors should specify approximate delivery date(s) when submitting bids. Delivery of the vehicle should be completed within 150 days after receipt of executed contract documents.

If the delivery is delayed, for any reason, the request for extension must be made in writing to the Division of Public Transit.

The request for extension must be received by the Division of Public Transit no less than 10 days prior to the originally planned vehicle delivery date and must include detailed

justification for the length of the time extension. In the event that the Vendor fails to give timely written notice of any delay, in delivery, it is agreed that liquidated damages will be assessed, **NOT AS A PENALTY**, in the amount of **\$50.00** per calendar day, per unit, beyond the required delivery date. This will be assessed Monday-Friday basis only.

- B. Vendor shall make arrangements through the Division of Public Transit for delivery of the vehicles to **Division of Public Transit c/o Kanawha Valley Regional Transportation Authority, 1550 4th Avenue, Charleston, WV**. Delivery will be accepted Monday through Friday, between 9 a.m. and 2 p.m. exclusive of State holidays.

Any delay in delivery resulting from the common carrier's operations, accidents, or mechanical failures enroute, shall be construed as a cause beyond the Vendor's control; however, the Vendor shall have the responsibility of releasing the vehicle to the common carrier in time to reach the delivery site under normal delivery conditions.

- C. In case the delivery of the complete vehicle shall be necessarily delayed because of strike, injunction, civil disturbance, government controls, or by reason of any cause or circumstances beyond the control of the Vendor, as detailed in writing by the Vendor, the term of completion of delivery shall be extended by a number of days to be determined in each instance by mutual agreement of the Division of Public Transit and Vendor.
- D. If the vehicle is delivered over-the-road, a written report shall be submitted by the driver to the Division of Public Transit listing all incidents and unusual vehicle performance during the trip.

Should any service or repair be required during delivery, a comprehensive report shall be submitted to the Director of the Division of Public Transit describing the nature of the service or repair and the cause.

- E. Prior to acceptance, the Vendor shall have total risk of loss of the vehicle, including any damage sustained during the Vendor's driveway operation. Drivers shall keep a maintenance log enroute and it shall be delivered to the Division of Public Transit with the vehicle.
- F. Vendor shall have 10 working days to complete a vehicle for conditional acceptance once the vehicle is received at Kanawha Valley Regional Transportation Authority. After 10 working days, the Vendor shall be responsible for paying the storage fee invoiced at a per day rate of currently \$10. The per day rate shall be deducted from payment of the final 10% of the vehicle cost.

A hearing may be conducted at the option of the Purchasing Director or assigned designee. Continuation or delay of the purchase order/contract is at the discretion of the Purchasing Director.

11.0 TERMINATION OF CONTRACT

The State reserves the right to cancel any purchasing agreement arising out of an award under these Specifications if, in its opinion, there is any failure to adequately perform the requirements of these Specifications. Under these conditions, cancellation will be effective immediately upon written notification to the Vendor and such cancellation will relieve the State from any obligation to purchase any items under such purchasing agreement.

11.1 Termination for Convenience

The performance of work under this Contract may be terminated by the Director of the Division of Purchasing in accordance with this clause in whole, or from time to time in part, whenever the Purchasing Division shall determine that such termination is in the best interest of the State. Any such termination shall be effected by delivery to the Vendor of a notice of termination specifying the extent to which performance of work under the Contract is terminated, and the date upon which such termination becomes effective.

After receipt of a notice of termination, and except as otherwise directed by the Purchasing Division, the Vendor shall: stop work under the Contract on the date and to the extent specified in the notice of termination; place no further orders or subcontracts for materials, services or facilities, except as may be necessary for completion of such portion of the work under the Contract as is not terminated; terminate all orders and subcontracts to the extent that they relate to the performance of work terminated by the notice of termination; assign to the State in the manner, at the time, and to the extent directed by the Purchasing Division, all of the right, title, and interest of the Vendor under the orders and subcontractors so terminated, in which case the State shall have the right, in its discretion, to settle or pay any or all claims arising out of the termination of such orders and subcontracts; settle all outstanding liabilities and all claims arising out of such termination of orders and subcontracts, with the approval or ratification of the Purchasing Division, to the extent as may be required, which approval or ratification shall be final for all the purposes of this clause, transfer title to the State and deliver in the manner, at the times, and to the extent, if any, directed by Purchasing Division the fabricated or unfabricated parts, work in process, completed work, supplies, and other material produced as part of, or acquired in connection with the performance of, the work terminated, and the completed or partially completed plans, drawing, information and other property which, if the Contract had been completed, would have been required to be furnished to the Division of Public Transit; use its best efforts to sell, in the manner, at the times, to the extent, and at the price(s) directed or authorized by the Purchasing Division, any property of the types referred to above, provided, however, that the Vendor shall not be required to extend credit to any purchaser, and may acquire any such property under the conditions prescribed by and at a price(s) approved by the Purchasing Division, and provided further, that the proceeds of any such transfer or disposition shall be applied in reduction of any payments to be made by the State to the

Vendor under this Contract or shall otherwise be credited to the price or cost of the work covered by this Contract or paid in such other manner as the Purchasing Division may direct; complete performance of such part of the work as shall not have been terminated by the notice of termination; and take such action as may be necessary, or as the Purchasing Division may direct, for the protection or preservation of the property related to this contract which is in the possession of the Vendor and in which the State has or may acquire an interest.

Settlement of claims by the Vendor under this termination for convenience clause shall be in accordance with the provisions set forth in Federal Procurement Regulations (FPR) 18.701 (c), (d), (e), (f), (g), (h), (i), (j), and (k) except that wherever the word "Government" appears, it shall be deleted and the word "State" shall be substituted in lieu thereof.

11.2 Termination for Default

The Division of Public Transit may, by written notice of default to the Vendor, terminate the whole or any part of this Contract if the Vendor fails to make delivery of the supplies or to perform the services within the time specified herein or any extension thereof; or if the Vendor fails to perform any of the other provisions of the Contract, or so fails to make progress as to endanger performance of this Contract in accordance with its terms, and in either of these two circumstances does not cure such failure within a period of ten (10) days (or such longer period as the Purchasing Division may authorize in writing) after receipt of notice from the Purchasing Division specifying such failure.

If the Contract is terminated in whole or in part for default, the Division of Public Transit may procure, upon such terms and in such manner as the Purchasing Division may deem appropriate, supplies or services similar to those so terminated. The Vendor shall be liable to the Division of Public Transit for any excess costs for such similar supplies or services, and shall continue the performance of this Contract to the extent not terminated under the provisions of this clause.

Except with respect to defaults of subcontractors, the Vendor shall not be liable for any excess costs if the failure to perform the Contract arises out of causes beyond the control and without the fault or negligence of the Vendor. If the failure to perform is caused by the default of a subcontractor, and if such default arises out of causes beyond the control of both the Vendor and subcontractor, and without the fault or negligence of either of them, the Vendor shall not be liable for any excess costs for failure to perform, unless the supplies or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit the Vendor to meet the required delivery schedule.

Payment for completed supplies delivered to and accepted by the Division of Public Transit shall be at the Contract price. The Division of Public Transit may withhold from amounts otherwise due the Vendor for such completed supplies such sum as the Purchasing Division determines to be necessary to protect the Division of Public Transit against loss because of outstanding liens or claims of former lien holders. If, after notice of termination of this Contract under the provision of this clause, it is determined for any reason that the Vendor was not in default under the provisions of this clause, or that the default was excusable under the provisions of this clause, the rights and obligations of the parties shall be the same as if the notice of termination had been issued pursuant to termination for convenience of the Division of Public Transit.

The rights and remedies of the Division of Public Transit provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.

12. NO GOVERNMENT OBLIGATION TO THIRD PARTIES

The Division of Public Transit and the Vendor acknowledge and agree that, notwithstanding any concurrence by the Federal government in or approval of the solicitation or award of the underlying contract, absent the express written consent by the Federal Government, the Federal Government is not a party to the Contract and shall not be subject to any obligations or liabilities to the Division of Public Transit, the Vendor, or any other party (whether or not a party to that contract) pertaining

to any matter resulting from the underlying Contract.

The Vendor agrees to include the above clause in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.

13. **PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS AND RELATED ACTS**

The Vendor acknowledges that the provisions of the Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. §§ 3801 *et seq.* and U.S. DOT regulations, "Program Fraud Civil Remedies," 49 C.F.R. Part 31, apply to its actions pertaining to this Contract. Upon execution of the underlying contract, the Vendor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the underlying contract or the FTA assisted project for which this Contract work is being performed. In addition to other penalties that may be applicable, the Vendor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on the Vendor to the extent the Federal Government deems appropriate.

The Vendor also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 U.S.C. § 5307, the Government reserves the right to impose the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5307(n)(1) on the Vendor, to the extent the Federal Government deems appropriate.

The Vendor agrees to include the above two clauses in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clauses shall not be modified, except to identify the subcontractor who will be subject to the provisions.

14. **EXCLUSIONARY OR DISCRIMINATORY SPECIFICATIONS**

The Vendor agrees that it will comply with the requirements of 49 U.S.C. § 5323(h)(2) by refraining from using any Federal assistance awarded by the Division of Public Transit to support procurements using exclusionary or discriminatory specifications.

15. **GEOGRAPHIC RESTRICTIONS**

The Vendor agrees to refrain from using state or local geographic preferences, except those expressly mandated or encouraged by Federal statute, and as permitted by FTA.

16. **APPLICATION OF FEDERAL, STATE AND LOCAL LAWS AND REGULATIONS**

Upon entering of a judgment of bankruptcy or insolvency by or against a Vendor, the Division of Public Transit may terminate this contract for cause.

18. **PREFERENCE FOR RECYCLED PRODUCTS**

The Vendor agrees to comply with all the requirements of Section 6002 of the Resource Conservation and Recovery Act, as amended (42 U.S.C. 6962), including but not limited to the regulatory provisions of 40 CFR Part 247, and Executive Order 12873, as they apply to the procurement of the items designated in Subpart B of 40 CFR Part 247.

19. METRIC SYSTEM

To the extent required by the U.S. Department of Transportation or the Federal Transit Administration, the Vendor agrees to use the metric system of measurement in its Contract activities, as may be required by 15 U.S.C. §§ 205a *et seq.*; Executive Order No. 12770, "Metric Usage in Federal Government Programs," 15 U.S.C. § 205a note; and other regulations, guidelines, and policies issued by the U.S. Department of Transportation or the Federal Transit Administration. To the extent practicable and feasible, the Vendor agrees to accept products and services with dimensions expressed in the metric system of measurement.

20. LICENSING AND PERMITS

The Vendor shall be appropriately licensed for the work required as a result of the Contract. The cost for any required licenses or permits shall be the responsibility of the Vendor. The Vendor is liable for any and all taxes due as a result of the Contract.

21. COMPLIANCE WITH LAWS AND PERMITS

The Vendor shall give all notices and comply with all existing and future Federal, State and Municipal Laws, Ordinances, Rules, Regulations, and Orders of any public authority bearing on the performance of the Contract, including, but not limited to, the laws referred to in these provisions of the Contract and the other Contract documents. If the Contract documents are at variance therewith in any respect, any necessary changes shall be incorporated by appropriate modification. Upon request, the Vendor shall furnish to the Division of Public Transit certificates of compliance with all such laws, orders, and regulations.

22. SEVERABILITY

In the event any provision of the Contract is declared or determined to be unlawful, invalid or unconstitutional, such declaration shall not affect, in any manner, the legality of the remaining provisions of the Contract and each provision of the Contract will be and is deemed to be separate and severable from each other provision.

23. INCORPORATION OF FEDERAL TRANSIT ADMINISTRATION (FTA) TERMS

The preceding provisions include, in part, certain Standard Terms and Conditions required by the U.S. Department of Transportation (DOT), whether or not expressly set forth in the preceding Contract provisions. All contractual provisions required by DOT, as set forth in FTA Circular 4220.1E, dated June 19, 2003, are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Contract.
