WHEN RESPONDING TO RFQ, INSERT NAME AND ADDRESS IN SPACE ABOVE LABELED 'VENDOR'

Description of Work

Tie Replacement

The contractor will replace 7,000 timber crossties as marked on the SBVR between MP 0 and MP 13.3. Ties will be handled carefully to avoid damage in accordance with AREMA specifications. The contractor will replace only those ties marked for replacement by SBVR. The contractor will remove and properly dispose of old ties. Ties must be stacked clear of tracks and must not be stacked on property other than SBVR right-of-way without the property owner's permission.

Spiking of Ties

Ties will be spiked to a gage of 56 ½ inches, plus or minus ¼ inch. Up to five ties on either side of a newly inserted tie will be plugged and respiked to correct gage.

All ties replaced or respiked will have new spikes. Old spikes will not be reused. Spikes shall be started and driven vertically and square with the rail. They shall have full bearing against the side of the rail base. Spikes shall not be overdriven. SBVR will provide information on correct spiking pattern and track curvature. The correct spiking pattern will be used on all new ties and any adjacent ties that are respiked to correct gage. It is estimated that 75% of the ties to be replaced are in curves and that 20% of the ties replaced will require adjacent ties to be respiked. Any other ties in a curve that do not have the designated spiking pattern will be the responsibility of the SBVR.

Rail Anchors

All rail anchors will be reapplied in their existing location and properly fitted against ties. They will not be moved by driving them along the rail.

Tamping

Tie gang will tamp all newly inserted ties as they are placed in the track and ballast will be replaced at ends of ties.

Final Surfacing, Alinement and Ballast Regulation

Contractor will use a Jackson 6700, Mark IV or equivalent to give the entire track a "skin lift" and establish best fit for curves including appropriate spirals. Surfacing will taper into bridges and public grade crossings. Private crossings will be raised and replaced. Two insertions will be made for each tie.

SBVR will provide information regarding the amount of superelevation to be placed in curves. When surfacing a turnout, tamping will continue for a distance of at least 100 feet onto the side track to ensure uniform surface through the turnout. A ballast regulator will follow the tamper to regulate ballast and reshape shoulders. All curves with welded rail will have a ballast shoulder of at least 12 inches on the outside of the curve.

Conduct of Work

The SBVR normally operates freight trains Monday through Friday. These trains will be rescheduled during this project to provide the contractor with an eight-hour window between 10:00 am and 6:00 pm without train traffic. Freight trains do not normally operate on the weekends. This provides an opportunity to work without interruption or having to clear up at the end of each day. The contractor must not interfere with any freight trains that may need to be run on a weekend.

Track will be made safe for train operation at the end of each work day. Work will be subject to inspection by the SBVR. Contractor will be responsible for repair of any damage done to signals. Repairs must be done that same day.

Contractor will be responsible for clean up of the work site. All debris and refuse will be removed from the site and disposed of properly. Old spikes will be placed in piles along the right-of-way and will remain the property of the SBVR.

The contractor will comply with all safety rules and regulations as required by the Federal railroad Administration, SBVR and other parties as applicable. An SBVR employee will obtain the necessary work authorities and provide radio communication with the SBVR office.

Materials and equipment can be stored at Vanderlip (MP 16.9), Grace Cabin (MP 8.7) and Green Spring (MP 1.6). Each location has easy vehicular access and a track to store on-track equipment.

The SBVR can provide a locomotive and engineer for \$125 per hour. Two flat cars and two Rogers ballast cars are available at no charge. Work trains must be scheduled Monday through Friday and are subject to availability of engineer and equipment. Contractor must outline the plan for work train use at the beginning of the project.

The contractor will use Heavy and Highway Construction Rates as established for Hampshire County. These rates are pursuant to WV Code 21-5A, et, seq. and are available at www.wvsos.com/adlaw/wagerates/heavyhighway08.htm. Contractor will be responsible for submitting certified payrolls to the SRA.

A preconstruction meeting will be held prior to the beginning of work on this project. All contractor personnel involved in the management and supervision of this project will attend this meeting as will all appropriate SRA/SBVR personnel.

Materials

Contractor will provide new ties, tie plugs and spikes and will transport them to the work site. Ties will be 7" X 9" X 8'6" industrial grade ties. The specifications set forth in Chapter 3 of the AREMA specifications will govern. The ties will be 100% end-plated, mixed hardwoods and oak, creosote pressure treated to 7# or refusal. Contractor will provide treated tie plugs and 6" cut track spikes per AREMA specifications. Tie plates will be provided by the SBVR where existing tie plates are defective or missing.

Completion Date

All work must be completed by June 30, 2009. The cost to the SBVR for the administration of the contract as well as for train delays that will be incurred after that date make it necessary for the agency to assess liquidated damages against the contractor for each calendar day any work remains uncompleted after that date. The charge will be \$500.00 per day.

Bid Requirements

Contractor **MUST** have previous experience in railroad tie replacement and track surfacing.

The quantities in the RFQ are for estimating purposes only. The awarded unit price will be used to determine the cost of the actual scope of work authorized.

For bidding purposes, the contractor is to give a unit cost for each item listed below. Low bid will be determined by the lowest total amount for all unit costs multiplied by the estimated quantities as listed below:

Tie Replacement

SEE PAGE #3 - ADDENDUM NO. 3

Estimated quantity 7,000 ties x unit cost \$ _____ per tie = \$ _____

Gaging of Respiked Ties

Estimated quantity 1,400 ties x unit cost \$ _____ per tie = \$ _____

Surfacing/Ballast Regulation

Estimated 13.3 miles x 5,280 feet/mile x unit cost \$ _____ per track foot = \$ _____

Total of All Items = \$ _____

ADDENDUM NO. 3

To: All Attendees of the December 8, 2008 Prebid Meeting for the Replacement of Timber Crossties on the South Branch Valley Railroad

From: John Philbrick, Superintendent

Date: December 16, 2008

RE: Addendum #3 to RFQ #RMA900020 – Replacement of Crossties on SBVR

Any items not specifically addressed in this addendum remain the same as stated in the original RFQ.

1. Track Time: Contractor may start at 7:00 am Monday through Friday with the understanding that it will be necessary to clear up one time per day for a train. Weekends are normally available for work without interruption. The exception would be a unit train which must be moved promptly due to service commitments.

2. Ballast: SBVR will be responsible for placing ballast as needed for the project. It will be placed on the shoulders where it can be pulled in by the contractor.

3. Switch Ties: The north switch at Grace Cabin needs all the switch ties replaced. It is a No. 8 turnout. This item was not in the original RFQ. The contractor will be responsible for providing these ties. They will be 7" X 9" ties of the appropriate lengths per AREMA specifications, mixed hardwoods and oak, creosote pressure treated to 7# or refusal and 100% end plated.

4. Gaging: A total of 3,500 ties near the ties that are replaced will be respiked to proper gage. The ties to be regaged will be marked in the field.

5. ROW Information: The track charts provided at the prebid meeting show the locations of all bridges, turnouts, public crossings and private crossings. They also indicate track curvature.

6. Distribution and Collection of Materials: Except for ballast, the contractor is responsible for getting materials to the job site and gathering up materials removed during the project. The work train is offered as an option for this work. Conditions in the original RFQ apply. A list showing the distribution of ties to be replaced by milepost is attached (Attachment A).

7. Stone Retaining Wall at MP 11.4: Crossties being replaced along this wall will require special handling due to the limited work space and the ties being anchored to timbers alongside the track.

8. Ballast Section: Cribs will be filled to top of ties but not over the ties. Minimum 6" shoulder on tangents and inside of curves, minimum 12" shoulder on outside of curves.

9. Spiking Pattern: Diagram attached (Attachment B).

10. Rail Size: MP 0 - 1.6 is 132 Jtd., MP 1.6 - 3.9 is 133 CWR, MP 3.9 - 5.3 is 132 CWR, MP 5.3 - 7.0 is 133 CWR, MP 7.0 - 8.7 is 132 CWR and MP 8.7 - 13.3 is 133 CWR

11. Superelevation: All curves 2 degrees or greater but less than 8 degrees have ½" elevation. Curves that are 8 degrees or sharper have 1" elevation.

12. Prebid Sign-In Sheet: **Previously provided Addendum No. 2.**

13. Bidding Instructions: For bidding purposes, the contractor is to give a unit cost for each item listed below. Low bid will be determined by the lowest total amount for all unit costs multiplied by the quantities as listed below:

Switch Tie Replacement

One No. 8 Switch (AREMA spec) x unit cost \$ 16,700.00 = \$ 16,700.00

Crosstie Replacement

7,000 ties x unit cost \$ 78.00 per tie = \$ 546,000.00

Gaging of Respiked Ties

3,500 ties x unit cost \$ 8.40 per tie = \$ 29,400.00

Surfacing/Ballast Regulation

13.3 miles x 5,280 feet/mile x unit cost \$ 0.87 per track foot = \$ 61,094.88

Total of All Items = \$ 653,194.88

EDWARD T. HAGINS	ALL OF	ALL
MICHELLE D. KREBS	CINCINNATI, OHIO	\$75,000.000.
MICHAEL E. DEATON		
STELLA A. ADAMS		

This Power of Attorney revokes all previous powers issued in behalf of the attorney(s)-in-fact named above.

IN WITNESS WHEREOF the GREAT AMERICAN INSURANCE COMPANY has caused these presents to be signed and attested by its appropriate officers and its corporate seal hereunto affixed this **2ND** day of **MARCH**, **2007**
Attest **GREAT AMERICAN INSURANCE COMPANY**

STATE OF OHIO, COUNTY OF HAMILTON - ss:

DAVID C. KITCHIN (513-412-4602)

On this **2ND** day of **MARCH**, **2007**, before me personally appeared DAVID C. KITCHIN, to me known, being duly sworn, deposes and says that he resides in Cincinnati, Ohio, that he is the Divisional Senior Vice President of the Bond Division of Great American Insurance Company, the Company described in and which executed the above instrument; that he knows the seal of the said Company; that the seal affixed to the said instrument is such corporate seal; that it was so affixed by authority of his office under the By-Laws of said Company, and that he signed his name thereto by like authority.

This Power of Attorney is granted by authority of the following resolutions adopted by the Board of Directors of Great American Insurance Company by unanimous written consent dated March 1, 1993.

RESOLVED: That the Divisional President, the Divisional Senior Vice President, the several Divisional Vice Presidents and Divisional Assistant Vice Presidents, or any one of them, be and hereby is authorized, from time to time, to appoint one or more Attorneys-in-Fact to execute on behalf of the Company, as surety, any and all bonds, undertakings and contracts of suretyship, or other written obligations in the nature thereof; to prescribe their respective duties and the respective limits of their authority; and to revoke any such appointment at any time.

RESOLVED FURTHER: That the Company seal and the signature of any of the aforesaid officers and any Secretary or Assistant Secretary of the Company may be affixed by facsimile to any power of attorney or certificate of either given for the execution of any bond, undertaking, contract or suretyship, or other written obligation in the nature thereof, such signature and seal when so used being hereby adopted by the Company as the original signature of such officer and the original seal of the Company, to be valid and binding upon the Company with the same force and effect as though manually affixed.

CERTIFICATION

I, RONALD C. HAYES, Assistant Secretary of Great American Insurance Company, do hereby certify that the foregoing Power of Attorney and the Resolutions of the Board of Directors of March 1, 1993 have not been revoked and are now in full force and effect.

Signed and sealed this **30th** day of **December**, **2008**.

STATE OF WEST VIRGINIA
Purchasing Division

PURCHASING AFFIDAVIT

VENDOR OWING A DEBT TO THE STATE:

West Virginia Code §5A-3-10a provides that: No contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and the debt owed is an amount greater than one thousand dollars in the aggregate.

PUBLIC IMPROVEMENT CONTRACTS & DRUG-FREE WORKPLACE ACT:

West Virginia Code §21-1D-5 provides that: Any solicitation for a public improvement construction contract shall require each vendor that submits a bid for the work to submit at the same time an affidavit that the vendor has a written plan for a drug-free workplace policy in compliance with Article 1D, Chapter 21 of the West Virginia Code. A public improvement construction contract may not be awarded to a vendor who does not have a written plan for a drug-free workplace policy in compliance with Article 1D, Chapter 21 of the West Virginia Code and who has not submitted that plan to the appropriate contracting authority in timely fashion. For a vendor who is a subcontractor, compliance with Section 5, Article 1D, Chapter 21 of the West Virginia Code may take place before their work on the public improvement is begun.

ANTITRUST:

In submitting a bid to any agency for the state of West Virginia, the bidder offers and agrees that if the bid is accepted the bidder will convey, sell, assign or transfer to the state of West Virginia all rights, title and interest in and to all causes of action it may now or hereafter acquire under the antitrust laws of the United States and the state of West Virginia for price fixing and/or unreasonable restraints of trade relating to the particular commodities or services purchased or acquired by the state of West Virginia. Such assignment shall be made and become effective at the time the purchasing agency tenders the initial payment to the bidder.

I certify that this bid is made without prior understanding, agreement, or connection with any corporation, firm, limited liability company, partnership or person or entity submitting a bid for the same materials, supplies, equipment or services and is in all respects fair and without collusion or fraud. I further certify that I am authorized to sign the certification on behalf of the bidder or this bid.

LICENSING:

Vendors must be licensed and in good standing in accordance with any and all state and local laws and requirements by any state or local agency of West Virginia, including, but not limited to, the West Virginia Secretary of State's Office, the West Virginia Tax Department, West Virginia Insurance Commission, or any other state agencies or political subdivision. Furthermore, the vendor must provide all necessary releases to obtain information to enable the Director or spending unit to verify that the vendor is licensed and in good standing with the above entities.

CONFIDENTIALITY:

The vendor agrees that he or she will not disclose to anyone, directly or indirectly, any such personally identifiable information or other confidential information gained from the agency, unless the individual who is the subject of the information consents to the disclosure in writing or the disclosure is made pursuant to the agency's policies, procedures and rules. Vendors should visit www.state.wv.us/admin/purchase/privacy for the Notice of Agency Confidentiality Policies.

Under penalty of law for false swearing (West Virginia Code §61-5-3), it is hereby certified that the vendor acknowledges the information in this said affidavit and is in compliance with the requirements as stated.

Vendor's Name: G.W. PEOPLES CONTRACTING COMPANY, INC.
