Re: Twin Falls Lodge **CC:**

DNR210210

Urgent **For Review** **Please Comment** **Please Reply** **Please Recycle**

Mr. Whittaker,

Enclosed is Thomasville's quote for the Twin Falls Lodge project # DNR210210.

Please note that I have quoted Thomasville mid-range fabric Grade L which would allow a number of selections. However, I have also shown optional pricing for our less expensive fabrics in Grade H and our more expensive Crypton fabrics in Grade R.

I trust you will find the other quotes to be in order. I have continued to quote Thomasville's Bridges Collection for the wood furniture items and Rockwood Furniture for the outdoor furniture.

Please advise if you have any questions. Thank you for this wonderful opportunity to quote Thomasville.

Best Regards,

Paige Via

DNR210210
Twin Falls Resort State Park
Furniture Purchase, Assembly and Set-Up
Open End Contract

The West Virginia Division of Natural Resources, hereinafter Division, is requesting Bids for the purchase of furniture, bed-frames and pillows and assembly thereof for its new twenty-seven (27) guest room addition and twenty (20) existing guest rooms at Twin Falls Resort State Park. An add-alternate Bid shall be accepted for all necessary labor to install furnishings in said rooms. All Items are to be F.O.B. Destination. Freight or delivery charges must be included in the price of the goods. Delivery must be coordinated with Twin Falls State Park to meet the timeframe of the scheduled opening of the Lodge.

General Specifications:

Furniture must be manufactured for commercial hospitality use. All items must be new. Fabric style and color options must be included with Bid, and fabric choices will be selected with the successful Vendor at the time of Notice to Proceed. These fabric styles and colors will be selected from manufacturer's fabric colors and patterns that meet the minimum specifications found within these Specifications. Scheduling of shipping, assembly and installation shall be coordinated between Division and Vendor after the Notice to Proceed has been issued by the Division.

Information for Bidders:

Bidders must submit a unit price Bid for each item to furnish all items specified. Partial and/or conditional Bids will not be considered.

Basis of Award:

The Contract will be awarded to the lowest qualified Bidder submitting the lowest Bid for all furniture stipulated on the Bid schedule and in complete accordance with all specifications stipulated herein.

Coordination:

Vendor must coordinate shipping and receiving with the West Virginia Division of Natural Resources, Twin Falls Resort State Park.

DNR210210
Twin Falls Resort State Park
Furniture Purchase, Assembly and Set-Up
Open End Contract

Delivery, Storage and Handling:

The successful Vendor must deliver and handle all items according to Manufacturer's recommendations, including means and methods that will prevent damage, deterioration, and loss. Goods must be delivered in the Manufacturer's original sealed containers complete with labels and instructions for handling, storage, unpacking, protecting, and installing. The Division must supply labor to inspect the goods upon delivery, to ensure compliance with the purchase order, and to ensure all items are undamaged and protected against damage. All items must be delivered according to Manufacturer's recommendations and in an order that will facilitate inspection and measurement of quantity. All items must be delivered using means and methods that will prevent damage, deterioration, theft, or other loss.

Add Alternate - Furniture Assembly and Set-Up:

An add-alternate Bid for furniture set-up is being accepted. If the alternate bid is accepted, the Vendor must coordinate complete furniture assembly and set-up with the Division. The successful Vendor must assemble all furniture purchased under this Purchase Order pursuant to this Add Alternate Bid according to manufacturer's guidelines. Vendor must assemble all furniture in appropriate locations within the Lodge as directed by the Division. Vendor must clean up work area and dispose of boxes, packaging material and installation debris. The Division will conduct a pre-assembly and set-up details walkthrough prior to the actual assembly and setup. The Vendor must coordinate this meeting with the Division.

Damaged Items:

All items must be inspected by the Division subsequent to delivery to ensure that each item is not damaged or defective. Damaged or defective items must be rejected, removed, and replaced at no additional expense to the Division. If Vendor assembles and installs furniture, the Vendor will be responsible for damages that occur during assembly and set-up.

Project Closeout:

Vendor must provide an inventory list of all items received and accepted. Vendor must provide the manufacturers recommendations for maintenance and cleaning.

DNR210210
Twin Falls Resort State Park
Furniture Purchase, Assembly and Set-Up
Open End Contract

Applications for Payment:

Vendor must submit Applications for Payment upon completion of Work for all furniture delivered and accepted and upon completion of project closeout requirements.

Warranty:

The Vendor must warranty products to be free of defects in materials and Workmanship for a period of one (1) year after date of acceptance or through manufacturer's provided warranty, whichever is greater. Vendor must repair or replace at its' discretion, free of charge, any product that proves to be defective during the warranty period.

Outdoor Deck/Pool Furniture

Chaise must meet the following minimum specifications:

- Minimum dimensions must be 35" W x 81" D x 38" H;
- Must be composed of plantation teak;
- Must have stainless steel hardware;
- Must have a multi-position back;
- Must be constructed with water resistant glue;
- Must have resin foot pads; and
- Must have mortise and tenon joinery construction.

Chair must meet the following minimum specifications:

- Minimum dimension must be 23" W x 23" D x 36" H;
- Must have minimum seat height of 17";
- Must have a minimum arm height of 25";
- Must be constructed of plantation teak;
- Must have resin foot pads;
- Must be constructed with weather resistant glue; and
- Must have mortise and tenon joinery construction.

Table must meet the following minimum specifications:

- Minimum dimension must be 52" diameter x 29" H;
- Must be constructed of plantation teak;
- Must have a powder coated aluminum frame;

DNR210210
Twin Falls Resort State Park
Furniture Purchase, Assembly and Set-Up
Open End Contract.

- Must have a minimum 2" powder coated umbrella hole; and
- Must have a minimum ½" powder coated reducer and cap.

Table must meet the following minimum specifications:

- Minimum dimensions must be 22" L x 22" W x 20 H;
- Must be constructed of plantation teak; and
- Must have mortise and tenon joinery construction.

Guest Room Furniture

Guest room furniture must meet the following minimum specifications:

General Construction:

- Joints must be mortised and tenoned, doweled or blocked glued and pinned.
- All corner blocks, braces and screw cleats must be glued and reinforced with staples, nails or screws.
- All corner blocks and braces must be made of solid wood.
- All structural members must be glued and screwed or stapled in place.
- Furniture must be surfaced with matching high-pressure laminate a minimum of .028" thickness that conforms to Federal Specification LP508H.
- Casters and base blocks must be glued and screwed allowing for free movement of the caster.
- All cases over 60" must have a center foot.

Material Requirements:

- Exposed solid parts must be premium grade hardwood
- Unexposed solid parts must be select hardwoods.
- All panels must be cherry veneers
- All veneered panels must be constructed with waterproof glue under controlled pressure.
- Drawer fronts must be hardwood with cherry veneer. Drawer sides and backs must be constructed of Baltic Birch plywood or equal joined front and rear with English style dovetails.

DNR210210
Twin Falls Resort State Park
Furniture Purchase, Assembly and Set-Up
Open End Contract

- Drawer guides on Contract design cases must be heavy duty side mounted metal with a minimum 60 lb. load capacity. The guide surfaces must be double dipped epoxy coated to prevent corrosion.
- Particleboard Standards
 1. All particle board must meet ANSI A208.1-1993.
 2. Tops with particleboard cores must be lumber banded on a minimum of three sides with edge banding on the back edges if they are not lumber banded.
 3. Cases must have no exposed particleboard.
 4. Particle board used in doors must be banded on all four sides.
- All items must be packed with packaging materials to minimize shipping damage.

Workmanship:

- Doors must be properly aligned to insure uniform clearance and operation free of rattle, squeak or rubbing. Catches must be properly aligned and installed with a minimum requirement of two catches on all but small dresser doors.
- Drawers must be custom fitted to insure free running action with no binding, sticking, rattling or squeaking. Drawer guides and runners must be securely fastened and properly positioned to assure correct drawer alignment.
- Cross grain sanding, machine marks, splits, chip outs, veneer checking, or roughness are not permitted on the surface of the finished product.
- Drawer interiors and other interior storage compartments must be sanded smooth and must be free of glue or lacquer runs. Sides, ends and bottoms must be free of splinters, snags, slivers, staples, nails and screws.
- All hardware including hinges, latches, catches and glides must be attached and fitted to operate properly and serve their purpose during transit and use.
- Miter joints must be square, flush, tight and well glued. Exposed case front joints must be tight not exceeding maximum of 1/64".
- Case tops must be attached to the case with screws allowing the top to be pulled down tight against the case.
- Interior screws must be flush or countersunk to the surface of the part where used.
- Assembly and hinge screws must be properly seated and driven flush with the hinge flange.

DNR210210
Twin Falls Resort State Park
Furniture Purchase, Assembly and Set-Up
Open End Contract

- All molding and overlays must be nailed from the back of the panel if possible. Face nails or brads are driven flush or set and nail holes filled.

Appearance and Finish:

Finishing must meet the following specifications:

- Color of like finishes must be color-fast, uniform, and compatible between pieces manufactured in the plant
- Each finishing material must be formulated and individual batches checked to insure compatibility with the batch and every other material used to produce a color-fast finishing system.
- Interior surfaces of compartments and drawers must be free of dirt, dust, shavings or any foreign matter prior to finishing.
- Finish must be rubbed to required smoothness and sheen and dried to prevent marring or printing on the surface when packed.
- Edges and backs of doors and drawers finished must be compatible with exterior.
- Excess pumice, oil, wax and rubbing compound must be wiped clean after rubbing.

Performance:

- Drawers and doors must be fitted and aligned to operate smoothly under various atmospheric conditions.
- All drawers, doors and other operating parts must be properly fitted and aligned to operate smoothly without loose or sloppy action.
- Doors and door hinges must operate smoothly and quietly without binding, rubbing or rattling.
- Hardware, both trim and functional, must be straight and firmly attached.

Fabric: All fabric must meet ACT Guidelines specified for hotel / commercial use for abrasion, colorfastness, flammability, physical properties, and dry and wet crocking. Particularly;

- All fabric must meet minimum heavy duty abrasion guideline for hotel use, minimum 30,000 double rubs Wyzenbeek Method
- Minimum Grade 4 Colorfastness

DNR210210
Twin Falls Resort State Park
Furniture Purchase, Assembly and Set-Up
Open End Contract

- Minimum NFPA 701 Flammability rating or greater
- Physical Properties: Class 3 minimum ASTM D3511-01, ASTM D49070-05; 50 lbs minimum in warp and weft, seam slippage 25 lbs minimum in warp and weft
- Grade 4 minimum dry crocking, Grade 3 minimum wet crocking

Micro-fridge cabinet must meet the following specifications:

- Must have cherry finish;
- Minimum dimensions must be 22 ½" W x 22 5/8" D x 51 ¾" H;
- Must have a stationary laminate bottom shelf;
- Must have a lumber banded laminate top;
- Must have a vented back panel; and
- Must accommodate a minimum refrigerator dimension of 20" W x 21¼" D x 45½" H.

Full panel headboard must meet the following specifications:

- Must have cherry finish
- Must be wall hung only; and
- Minimum dimensions must be 56 5/8" W x 36" H.

Queen panel headboard must meet the following specifications:

- Must have cherry finish
- Must be wall hung only; and
- Minimum dimensions must be 62 5/8" W x 36" H.

King panel headboard must meet the following specifications:

- Must have cherry finish
- Must be wall hung only; and
- Minimum dimensions must be 80 5/8" W x 36" H.

Nightstand must meet the following specifications:

- Must have cherry finish
- Minimum dimensions must be 24 1/8" W x 17 ¾" D x 24" H;
- Must have a minimum of one (1) side guided drawer;
- Must have a minimum of one (1) stationary shelf;
- Must have a lumber banded laminate top; and
- Must have a recessed back.

VENDOR PREFERENCE CERTIFICATE

Certification and application* is hereby made for Preference in accordance with *West Virginia Code*, §5A-3-37. (Does not apply to construction contracts). *West Virginia Code*, §5A-3-37, provides an opportunity for qualifying vendors to request (at the time of bid) preference for their residency status. Such preference is an evaluation method only and will be applied only to the cost bid in accordance with the *West Virginia Code*. This certificate for application is to be used to request such preference. The Purchasing Division will make the determination of the Resident Vendor Preference, if applicable.

1. **Application is made for 2.5% resident vendor preference for the reason checked:**
 Bidder is an individual resident vendor and has resided continuously in West Virginia for four (4) years immediately preceding the date of this certification; or,
 Bidder is a partnership, association or corporation resident vendor and has maintained its headquarters or principal place of business continuously in West Virginia for four (4) years immediately preceding the date of this certification; or 80% of the ownership interest of Bidder is held by another individual, partnership, association or corporation resident vendor who has maintained its headquarters or principal place of business continuously in West Virginia for four (4) years immediately preceding the date of this certification; or,
 Bidder is a nonresident vendor which has an affiliate or subsidiary which employs a minimum of one hundred state residents and which has maintained its headquarters or principal place of business within West Virginia continuously for the four (4) years immediately preceding the date of this certification; or,
2. **Application is made for 2.5% resident vendor preference for the reason checked:**
 Bidder is a resident vendor who certifies that, during the life of the contract, on average at least 75% of the employees working on the project being bid are residents of West Virginia who have resided in the state continuously for the two years immediately preceding submission of this bid; or,
3. **Application is made for 2.5% resident vendor preference for the reason checked:**
 Bidder is a nonresident vendor employing a minimum of one hundred state residents or is a nonresident vendor with an affiliate or subsidiary which maintains its headquarters or principal place of business within West Virginia employing a minimum of one hundred state residents who certifies that, during the life of the contract, on average at least 75% of the employees or Bidder's affiliate's or subsidiary's employees are residents of West Virginia who have resided in the state continuously for the two years immediately preceding submission of this bid; or,
4. **Application is made for 5% resident vendor preference for the reason checked:**
 Bidder meets either the requirement of both subdivisions (1) and (2) or subdivision (1) and (3) as stated above; or,
5. **Application is made for 3.5% resident vendor preference who is a veteran for the reason checked:**
 Bidder is an individual resident vendor who is a veteran of the United States armed forces, the reserves or the National Guard and has resided in West Virginia continuously for the four years immediately preceding the date on which the bid is submitted; or,
6. **Application is made for 3.5% resident vendor preference who is a veteran for the reason checked:**
 Bidder is a resident vendor who is a veteran of the United States armed forces, the reserves or the National Guard, if, for purposes of producing or distributing the commodities or completing the project which is the subject of the vendor's bid and continuously over the entire term of the project, on average at least seventy-five percent of the vendor's employees are residents of West Virginia who have resided in the state continuously for the two immediately preceding years.

Bidder understands if the Secretary of Revenue determines that a Bidder receiving preference has failed to continue to meet the requirements for such preference, the Secretary may order the Director of Purchasing to: (a) reject the bid; or (b) assess a penalty against such Bidder in an amount not to exceed 5% of the bid amount and that such penalty will be paid to the contracting agency or deducted from any unpaid balance on the contract or purchase order.

By submission of this certificate, Bidder agrees to disclose any reasonably requested information to the Purchasing Division and authorizes the Department of Revenue to disclose to the Director of Purchasing appropriate information verifying that Bidder has paid the required business taxes, provided that such information does not contain the amounts of taxes paid nor any other information deemed by the Tax Commissioner to be confidential.

Under penalty of law for false swearing (*West Virginia Code*, §61-5-3), Bidder hereby certifies that this certificate is true and accurate in all respects; and that if a contract is issued to Bidder and if anything contained within this certificate changes during the term of the contract, Bidder will notify the Purchasing Division in writing immediately.

Bidder: _____ Signed: _____

GENERAL TERMS & CONDITIONS REQUEST FOR QUOTATION (RFQ) AND REQUEST FOR PROPOSAL (RFP)

1. Awards will be made in the best interest of the State of West Virginia.
2. The State may accept or reject in part, or in whole, any bid.
3. Prior to any award, the apparent successful vendor must be properly registered with the Purchasing Division and have paid the required \$125 fee.
4. All services performed or goods delivered under State Purchase Order/Contracts are to be continued for the term of the Purchase Order/Contracts, contingent upon funds being appropriated by the Legislature or otherwise being made available. In the event funds are not appropriated or otherwise available for these services or goods this Purchase Order/Contract becomes void and of no effect after June 30.
5. Payment may only be made after the delivery and acceptance of goods or services.
6. Interest may be paid for late payment in accordance with the *West Virginia Code*.
7. Vendor preference will be granted upon written request in accordance with the *West Virginia Code*.
8. The State of West Virginia is exempt from federal and state taxes and will not pay or reimburse such taxes.
9. The Director of Purchasing may cancel any Purchase Order/Contract upon 30 days written notice to the seller.
10. The laws of the State of West Virginia and the *Legislative Rules* of the Purchasing Division shall govern the purchasing process.
11. Any reference to automatic renewal is hereby deleted. The Contract may be renewed only upon mutual written agreement of the parties.
12. **BANKRUPTCY:** In the event the vendor/contractor files for bankruptcy protection, the State may deem this contract null and void, and terminate such contract without further order.
13. **HIPAA BUSINESS ASSOCIATE ADDENDUM:** The West Virginia State Government HIPAA Business Associate Addendum (BAA), approved by the Attorney General, is available online at www.state.wv.us/admin/purchase/vrc/hipaa.htm and is hereby made part of the agreement. Provided that the Agency meets the definition of a Cover Entity (45 CFR §160.103) and will be disclosing Protected Health Information (45 CFR §160.103) to the vendor.
14. **CONFIDENTIALITY:** The vendor agrees that he or she will not disclose to anyone, directly or indirectly, any such personally identifiable information or other confidential information gained from the agency, unless the individual who is the subject of the information consents to the disclosure in writing or the disclosure is made pursuant to the agency's policies, procedures, and rules. Vendor further agrees to comply with the Confidentiality Policies and Information Security Accountability Requirements, set forth in <http://www.state.wv.us/admin/purchase/privacy/noticeConfidentiality.pdf>.
15. **LICENSING:** Vendors must be licensed and in good standing in accordance with any and all state and local laws and requirements by any state or local agency of West Virginia, including, but not limited to, the West Virginia Secretary of State's Office, the West Virginia Tax Department, and the West Virginia Insurance Commission. The vendor must provide all necessary releases to obtain information to enable the director or spending unit to verify that the vendor is licensed and in good standing with the above entities.
16. **ANTITRUST:** In submitting a bid to any agency for the State of West Virginia, the bidder offers and agrees that if the bid is accepted the bidder will convey, sell, assign or transfer to the State of West Virginia all rights, title and interest in and to all causes of action it may now or hereafter acquire under the antitrust laws of the United States and the State of West Virginia for price fixing and/or unreasonable restraints of trade relating to the particular commodities or services purchased or acquired by the State of West Virginia. Such assignment shall be made and become effective at the time the purchasing agency tenders the initial payment to the bidder.

I certify that this bid is made without prior understanding, agreement, or connection with any corporation, firm, limited liability company, partnership, or person or entity submitting a bid for the same material, supplies, equipment or services and is in all respects fair and without collusion or fraud. I further certify that I am authorized to sign the certification on behalf of the bidder or this bid.

INSTRUCTIONS TO BIDDERS

1. Use the quotation forms provided by the Purchasing Division. Complete all sections of the quotation form.
2. Items offered must be in compliance with the specifications. Any deviation from the specifications must be clearly indicated by the bidder. Alternates offered by the bidder as **EQUAL** to the specifications must be clearly defined. A bidder offering an alternate should attach complete specifications and literature to the bid. The Purchasing Division may waive minor deviations to specifications.
3. Unit prices shall prevail in case of discrepancy. All quotations are considered F.O.B. destination unless alternate shipping terms are clearly identified in the quotation.
4. All quotations must be delivered by the bidder to the office listed below prior to the date and time of the bid opening. Failure of the bidder to deliver the quotations on time will result in bid disqualifications: Department of Administration, Purchasing Division, 2019 Washington Street East, P.O. Box 50130, Charleston, WV 25305-0130
5. Communication during the solicitation, bid, evaluation or award periods, except through the Purchasing Division, is strictly prohibited (W.Va. C.S.R. §148-1-6.6).

DNR210210 – Twin Falls Resort State Park
Furniture Purchase, Assembly and Set-Up
Open End Contract
ADDENDUM NUMBER THREE

2

QUESTION 1:

What is the anticipated delivery date you will need the items by?

RESPONSE:

We would anticipate the week of August 1, 2010 as when we would be ready to accept delivery.

QUESTION 2:

Is there a particular style of furniture you were looking for, i.e. traditional, contemporary, etc.?

RESPONSE:

Traditional style.

QUESTION 3:

I noticed that the specifications for the guest room case goods were taken from Thomasville contract. Is that the brand you are looking for, and if so, is Thomasville preparing a proposal to you directly?

RESPONSE:

A specific brand of furniture has not been specified. All bids received shall be through this request for proposal process only. Furniture must meet minimum specifications.

QUESTION 4:

Does the cherry finish need to be light, medium, or dark?

RESPONSE:

Medium

QUESTION 5:

Typically, a sample nightstand or small chest is required for a bid of this type in order to be assured of the quality, etc. Is a sample nightstand or small chest required?

RESPONSE:

A sample is not required at the time of bid.

DNR210210 -- Twin Falls Resort State Park
Furniture Purchase, Assembly and Set-Up
Open End Contract

3

ADDENDUM NUMBER THREE

QUESTION 6:

Isn't NFP 701 a flammability test for drapes and vertical surfaces? I do not believe it is a test for upholstery fabrics and I have confirmed this with two textile mills. Did you perhaps mean CAL 117 which is currently one of the strictest fabric requirements in the textile industry?

RESPONSE:

NFPA 701 flammability rating was placed in the fabric specifications section in error. California Technical Bulletin #117 Section E* - Class 1 (Pass) is the required measurement of a fabric's performance when it is exposed to specific sources of ignition. Please insert California Technical Bulletin #117 Section E* - Class 1 in the specifications and delete NFPA 701.

QUESTION 7:

The Lodge is a commercial property and the furnishings are subjected to a lot of wear and in some cases, outright abuse. Great pains were taken to describe the requirements of the fabrics to be sure they are durable (with the exception of point 2 above). Any commercial project using commercial products that I have bid in the last 20 years has required a minimum of a 5 year warranty and several have required a 10 year warranty. Was there perhaps a typo when a 1 year warranty was stated as the requirement?

RESPONSE:

The Vendor must warranty products to be free of defects in materials and Workmanship for a period of (1) year after date of acceptance or through manufacturer's provided warranty, whichever is greater.

Bridges 2.0

48183 - Newbridge Finish
48186 - Oiled Cherry Finish

48183-806 Night Stand
24-1/8" W x 17-3/4" D x 24" H

Features

- 1) High Pressure Laminate Top.
- 2) Lumber Banded Top Edge Treatment with Nitrocellulose Lacquer Top Coat.
- 3) Cherry Veneers and Select Hardwood Solids.
- 4) 16 Step Finish with a UV Cured Catalyzed Polyurethane Top Coat.
- 5) UV Cured Finish on 7/16" Thick Baltic Birch Plywood Drawer Box with Front and Back English Dovetails and a 3/16" Veneered Plywood Drawer Bottom.
- 6) 75 lbs. Rated Ball Bearing Side Guides.
- 7) 1/8" Exposed Printed Hardboard Back Panel.
- 8) Recessed Back Panel.
- 9) PVC Edge Banding on all bottom edges.

Benefits

- 1) Prevents scratches and resists moisture.
- 2) Highly durable and resists water.
- 3) Cherry veneers add warmth and beauty to the finish and meets brand specifications requiring veneered product.
- 4) Our 16 step finish process adds the depth and clarity found in high end residential finishes.
- 5) Our dovetail construction creates superb strength and a highly durable drawer.
- 6) Well fitted, longer lasting drawers with minimal side to side movement.
- 7) Exposed back panel finish matches the case finish.
- 8) Allows case to be placed flush against walls without interfering with electrical cords.
- 9) Helps prevent moisture from penetrating substrates.

Bridges 2.0

48183 – Newbridge Finish

48186 – Oiled Cherry Finish

General Casegoods Specifications

A. GENERAL CONSTRUCTION

- ❑ Joints are mortised and tenoned, doweled or blocked glued and pinned, following the best practice of commercial construction.
- ❑ All case table and chair joints are glued with an approved PVA assembly adhesive that conforms to the ASTM D-905-89 test requirement of average block shear strength of not less than 2800 lbs. per square inch.
- ❑ All corner blocks, braces and screw cleats are glued and reinforced with staples, nails or screws.
- ❑ All corner blocks and braces are made of solid wood.
- ❑ All structural members are glued and screwed or stapled in place.
- ❑ All excess glue is cleaned from surfaces exposed during normal use
- ❑ Contract design case tops are surfaced with custom matched high-pressure laminate .030" thick that conforms to Federal Specification LP508H. Laminate adhesives are either urea resins or PVA's. Top cores are 45 lb. density industrial grade particle board in accordance with specification ANSI A208.1-1993. Tops are edge banded with a 1 ½" wide piece of ¾" hardwood lumber.
- ❑ All end panels are a three-ply veneer construction with a 45 lb. density particleboard core. Exposed end panel edges are lumber banded on the front edge.
- ❑ Back panels on contract design cases are recessed allowing cases to fit snugly against walls over electrical plugs and cords, maximizing the space in the room.
- ❑ Casters and base blocks are glued and screwed allowing for free movement of the caster.
- ❑ All cases over 60" have a center foot.

B. MATERIAL REQUIREMENTS

- ❑ All wood is dried to a moisture content of 6-7½ % and conditioned to produce a stress free board. This process keeps distortion and warping to a minimum and ensures firm bonding joints in widely varying climate conditions. Moisture is checked using ASTM D-*143.
- ❑ Exposed solid parts are premium grade hardwood free of knots, decay, season cracks, mineral streaks, bark, warp, twist or any other defect that adversely affects strength or appearance. Loose knots and wormholes are not permitted.
- ❑ Unexposed solid parts are select hardwoods free from knots, decay, warp, twist or any other defect that adversely affects strength.
- ❑ Exposed sliced cherry face veneers are selected based on good texture and uniform color. Veneers are book or slip matched on case fronts.
- ❑ All veneered panels are constructed with waterproof glue under controlled pressure. Panels are manufactured with balanced multidirectional plied construction.
- ❑ Glues and Adhesives are routine tested by Thomasville's Quality Control Lab for a variety of factors including viscosity, PH, reactivity and solids content to insure they are formulated correctly and provide the required holding strength.

- ❑ Back panels are 1/8" hardboard fastened securely by gun staples. Fasteners are flush with the outside back and do not swell, split or protrude through finished surfaces. Back panels are not a structural component of the case
- ❑ Drawer fronts are hardwood with cherry veneer. Drawer sides and backs are constructed of Baltic Birch plywood joined front and rear with English style dovetails. English dovetails provide more secure interlocking than other dovetail methods. In addition English dovetails provide the maximum glue surface, compared to other construction methods such as French

dovetails. Drawer bottoms, constructed of 3.6-mm plywood, are secured in grooves front side and back using hotmelt adhesive for maximum rigidity and durability. Drawer interiors are sanded and finished with a coat of sealer and an UV polyester topcoat insuring a smooth interior drawer surface.

- ❑ Drawer guides on contract design cases are heavy duty side mounted metal with a 75 lb. load capacity. The guide surfaces are double dipped epoxy coated to prevent corrosion.
- ❑ Particleboard Standards
 - All particle board meets ANSI A208.1-1993
 - Tops with particleboard cores are lumber banded on three or four sides with edge banding on the back edges if they are not lumber banded.
 - Cases have no exposed particleboard.
 - Particle board used in doors is banded on all four sides.
- ❑ Hardware has a rust and tarnish proof finish.
- ❑ Packaging materials are custom designed for each item to minimize shipping damage. The Thomasville Testing Lab conducts various packaging materials tests based on the National Safe Transit Association "Pre-Shipment Test Procedures". These tests include impact simulation, vertical drop testing and over the road vibration simulation. These tests measure the effectiveness of the carton as well as the structural integrity of the case itself. Changes are made in packaging or case constructions if weaknesses are found.

C. WORKMANSHIP

- ❑ Doors are properly aligned to insure uniform clearance and operation free of rattle, squeak or rubbing. Catches are properly aligned and installed with a minimum requirement of two catches on all but small dresser doors.
- ❑ Drawers are custom fitted to insure free running action with no binding, sticking, rattling or squeaking. Drawer guides and runners are securely fastened and properly positioned to assure correct drawer alignment.
- ❑ Cross grain sanding, machine marks, splits, chip outs, veneer checking, or roughness are not permitted on the surface of the finished product.
- ❑ Drawer interiors and other interior storage compartments are sanded smooth and are free of glue or lacquer runs. Sides, ends and bottoms are free of splinters, snags, slivers, staples, nails and screws.
- ❑ All hardware including hinges, pulls, latches, catches and glides are attached and fitted to operate properly and serve their purpose during transit and use.
- ❑ Miter joints are square, flush, tight and well glued. Exposed case front joints are tight not exceeding 1/64".
- ❑ Case tops are attached to the case with screws allowing the top to be pulled down tight against the case.
- ❑ Interior screws are flush or countersunk to the surface of the part where used.
- ❑ Assembly and hinge screws are properly seated and driven flush with the hinge flange.
- ❑ All glides and casters are properly attached.
- ❑ All molding and overlays are nailed from the back of the panel if possible. Face nails or brads are driven flush or set and nail holes filled.

D. APPEARANCE AND FINISH

- ❑ Finishing is accomplished with the following eighteen step process.
 1. Pre-stain is applied to tie in hardwood solids to match cherry veneers.
 2. A uniformed wet coat of pre-stain is applied overall.
 3. A uniformed wet coat of body stain is applied overall.
 4. Pre-seal is applied to solid wood parts and end grain that may go dark at glaze.
 5. A uniformed wet coat of sealer is applied over all.
 6. Once thoroughly dried the coat of sealer is sanded.
 7. Dark areas are highlighted with scotchbrite. Low areas and corners are brushed out.

8. A uniforming stain is used to carefully blend overall color, tying in wood solids to cherry veneers.
 9. A second coat of sealer is applied over all.
 10. Once thoroughly dried the second coat of sealer is sanded.
 11. Pad stain is hand padded onto the case. The material is customized as needed to match the color standard.
 12. A uniformed wet coat of 20 sheen lacquer is applied overall.
 13. Glaze is dry brushed to match the color standard and raw edges are touched-up.
 14. A second coat of 20 sheen lacquer is applied.
 15. A third coat of 20 sheen lacquer is applied.
 16. Interior stain is applied prior to final assembly.
 17. All uprights and parting rails are padded with stain.
 18. Drawer dovetails are stained prior to drawer assemble for checker-board effect.
- Uniformity of color is achieved between different manufacturing locations and from one production run to the next. Each item is compared to an approved color case to insure a consistent finish match.
 - Color comparisons are made in the Thomasville testing lab to verify the color match of each batch of finishing material.
 - Interior surfaces of compartments and drawers are free of dirt, dust, shavings and other foreign matter before finishing.
 - Edges and backs of doors and drawers edges are finished to be compatible with the case exterior.
 - The finish has passed durability testing conducted by the Thomasville Testing Lab based on the guidelines of ASTM Test D 1308-87, which is the “Standard Test Method for Effect of Household Chemicals on Clear, and Pigmented Organic Finishes”. This test demonstrates that the finish is colorfast and resists staining from extended exposure to common household products.

E. PERFORMANCE

- Drawers and doors are fitted and aligned to operate smoothly under various atmospheric conditions.
- All drawers, doors and other operating parts are properly fitted and aligned to operate smoothly without loose or sloppy action
- Doors and door hinges operate smoothly and quietly without binding, rubbing or rattling.
- Drawers have passed the ANSI/BIFMA X5.5-1998 Section 7 test. This test requires drawers loaded with 51.5 lbs. of weigh to open and closed for 50,000 cycles with no structural breakage or lose of serviceability.
- Doors have passed the ANSI/BIFMA A156.9-1994 Section 4.3 test. This test requires doors to open and close 100,000 cycles with no structural breakage or lose of serviceability.
- Numerous precautions are taken throughout the production process, from design to lumber drying to panel construction, to insure warping does not occur once a case is completed.
- Hardware, both trim and functional, is straight and firmly attached.

F. Features of Individual Items

1. Chairs

- All chair designs have passed a cycle test that simulates a 200 lb. person rocking back and forth in the chair 15,000 times, with zero failures. This rocking is the motion that exerts the most strain on the dowel joints between the front posts, side rails, and the back post of the chair giving a relative indication of the chair’s structural integrity.
- Chair side rails contain three 3/8” grooved birch dowels in a 20 1/4” wide rail. The interior sides of the chair rails contain multi-grooves with four corner blocks matched to the grooves. Corner blocks are PNA glued and screwed into place. One corner block is screwed into the back post.

- Chair joints are properly angled and clamped tight. No openings are permitted in the joints.
 - Leg stretchers, which enhance the structural strength of the chair by providing increased stability to the legs, are machined (chucked) for a tight fit and glued into place.
 - Seat and back cushions are tailored and fit properly to the frame.
- 2. Headboards**
- Panel headboards are available in both wall-hung (sizes 3/3, 4/6, 5/0 & 6/6) designs. Mounting instructions are included for wall hung models.
 - Custom fitted leg kits are available to convert wall-hung headboards to free standing.
- 3. Night Stands**
- Both one drawer and two drawer night stands are available in a variety of sizes and designs.
- 4. Mirrors**
- Mirror glass is 3/16" plate glass with copper electroplate backs to protect the silver surface.
- 5. Desk & Writing Tables**
- Writing tables include a center stationery drawer
 - Custom writing tables in varying sizes, with and without a drawer, can be designed to meet the requirement of specific projects.
 - Writing tables are shipped KD (without the legs attached) minimizing freight damage and reducing freight costs.
- 6. Occasional Tables**
- The occasional table collection includes cocktail tables, end tables and activity tables.
 - Contract design occasional tables are shipped KD (without the legs attached) minimizing freight damage and reducing freight costs.

Warranty Information

Warranty for Residential Use

RockWood provides an unconditional lifetime warranty against defects deemed by RockWood to be manufacturing defects in its teak furniture. Proper care including routine cleaning appropriate for teakwood and component maintenance is the owner's responsibility. This warranty does not apply to damage resulting from abuse, accident, alteration, misuse, negligence, normal wear or tampering.

Warranty for Commercial Use

RockWood provides an unconditional 5-year warranty against defects deemed by RockWood to be manufacturing defects in its teak furniture. Proper care including routine cleaning appropriate for teakwood and component maintenance is the owner's responsibility. This warranty does not apply to damage resulting from abuse, accident, alteration, misuse, negligence, normal wear or tampering.

Paige Via to Dan, Eric[show details](#) Mar 16[Reply](#)[New window](#)[Print all](#)[Collapse all](#)[Forward all](#)[Turn off highlighting](#)

DAN OR ERIC,
 AS ALWAYS, I AM SENDING THIS TO BOTH OF YOU SINCE I KNOW YOU
 TRAVEL A FAIR AMOUNT. OBVIOUSLY, ONLY ONE OF YOU NEEDS TO
 REPLY.

I NEED 200 PILLOWS QUOTED FOR TWIN FALLS STATE PARK IN W. VA. IT IS
 ABOUT 40 MINUTES OUTSIDE OF BECKLEY, ZIP CODE 25882. I WOULD
 NEED A FREIGHT QUOTE. SPECS ATTACHED (2 PAGES TOTAL SO BE SURE
 YOU SCROLL DOWN).

I HAVE ASKED FOR CLARIFICATION ON THE 200 THREAD COUNT PART OF
 THE SPEC. I ALWAYS THINK OF 200 THREAD COUNT APPLIED TO LINENS,
 AS IN THIS CASE PILLOWCASES. HAVE YOU EVER SEEN THIS APPLIED TO
 A PILLOW COVER---NOT PILLOWCASES???

THIS IS NOT DUE UNTIL 3-30, AND I SHOULD HAVE CLARIFICATION ON THE
 200 THREAD COUNT ISSUE BY EARLY NEXT WEEK SO YOU CAN WAIT TO
 QUOTE OR QUOTE ON WHAT YOU THINK IS BEST NOW.

JUST LET ME KNOW WHICH YOU PREFER.

MANY THANKS.
 PAIGE

Dan Petit to Paige [show details](#) Mar 17 [Reply](#)

I'll look at this. The 200 thread count probably applies to the pillow ticking, or outer cover.

Regards,
Dan

QUOTE
Twin Falls Resort State Park
April 5, 2010

1. Meeting and directing trucks, Unloading, Inventorying, Unpacking & Inspection of furniture at building site.
2. Moving /Set-up/Assemble of furniture into building.
3. Mounting of mirrors and artwork.
4. Removal of all trash and cardboard to dumpsters. **Dumpsters provided by installer.**
5. Rental of any equipment needed to install items.
6. On post lodging requested if possible.
7. Vendors must contact David Turner @ 573-694-5354 (contract installer) 24 hours before delivery of products to setup delivery date & time.
8. **This bid does not include installation of window coverings.**

Installation of Twin Falls Resort State

\$21,703.55

Installation crew will do everything possible to ensure total satisfaction for the customer. Installation coordinator would prefer to be the only contractor working in the building, if possible. This helps to guarantee a quick, efficient installation, and reduces the chance of damage.

David Turner

RFQ No. DNR210210

STATE OF WEST VIRGINIA
Purchasing Division

PURCHASING AFFIDAVIT

West Virginia Code §5A-3-10a states: No contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and the debt owed is an amount greater than one thousand dollars in the aggregate.

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Debtor" means any individual, corporation, partnership, association, limited liability company or any other form or business association owing a debt to the state or any of its political subdivisions. "Political subdivision" means any county commission; municipality; county board of education; any instrumentality established by a county or municipality; any separate corporation or instrumentality established by one or more counties or municipalities, as permitted by law; or any public body charged by law with the performance of a government function or whose jurisdiction is coextensive with one or more counties or municipalities. "Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceeds five percent of the total contract amount.

EXCEPTION: The prohibition of this section does not apply where a vendor has contested any tax administered pursuant to chapter eleven of this code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

Under penalty of law for false swearing (*West Virginia Code §61-5-3*), it is hereby certified that the vendor affirms and acknowledges the information in this affidavit and is in compliance with the requirements as stated.
