RFQ #CME11021
Bid Opening Date 7/22/2010
Supplementary Information for Response from NMS Labs

Pages 7, 8 Services Requested

NMS Labs has reviewed all of the services requested on pages 7 and 8 of the RFP # CME11021 and is compliant with all of the requested bulleted items. In addition, NMS Labs is fully capable of providing chiral analyses for amphetamines, as well as a wide range of metals and inhalants as outlined on page 3 of the addendum.

Copies of accreditations by the American Board of Forensic Toxicology (ABFT), American Society of Crime Laboratory Directors/Laboratory Accreditation Board (ASCLD/LAB) - *International* and College of American Pathologists (CAP) are attached.

Experience

Dr. Fredric Rieders founded National Medical Services, d.b.a. NMS Labs 40 years ago. Dr. Fredric Rieders was the Chief Forensic Toxicologist for the city of Philadelphia Medical Examiners Office and the Office of the Chief Medical Examiner of New York City. He used his education and knowledge of postmortem toxicology to begin NMS Labs. NMS Labs has performed postmortem toxicology for these past 40 years for over 1,000 post mortem clients in every US State and territory as well as internationally. Detailed documentation is available upon request and authorization from NMS clients. NMS Labs experience in postmortem toxicology meets and exceeds the 10 years experience required in this RFP.

Estimated Yearly Annual Cost

Prices for individual tests are included in the enclosed NMS Labs 2010 Fee Schedule. A spreadsheet is included for example pricing applying across the board discounts of 16% to the sub categories of Blood, Hair and Tissue. This 16% discount will be applied to all ordered tests from the 2010 fee schedule*. It is understood that the tests listed on the spreadsheet are unlikely to correspond to the exact needs of the WVOCME, and other analysis codes may need to be considered.

*Any new testing introduced by NMS Labs that is not listed in the 2010 Fee Schedule will be billed at prevailing List Price and is not eligible for the above referenced 16% across the board discount.

**Addendum to CME11021
Vendor Questions**

Question 1:

Will this RFQ be awarded to one and only one vendor, or is there a possibility of multiple awards?

Response to Question 1:

This RFQ will be awarded to one and only one vendor.

Question 2:

Are subcontractors allowed for individual tests that are not performed in-house?

Response to Question 2:

Yes, subcontractors are allowed for individual tests that are not performed in-house with the understanding that OCME's contract is with the vendor awarded the contract and all terms and conditions of the contract are the responsibility of the awarded vendor.

Question 3:

On the list of services to be provided:

Toxicology laboratories have different scopes and/or reporting limits for several of the classes of compounds requested (i.e. metals, inhalants, amphetamines, etc.). How would the difference in the individual laboratories scope and performance be judged/graded to account for these differences?

Response to Question 3:

The selected lab must offer a broad range of metals testing and comprehensive panels for inhalant compounds. For amphetamine-type drugs (sympathomimetic amines), labs must be able to perform chiral analysis for differentiation of ephedrine/pseudoephedrine. Similarly, labs must be able to distinguish levorphanol from the desmethyl metabolite of dextromethorphan.

Question 4:

What are the payment terms associated with this RFQ?

Response to Question 4:

The payment terms associated with this RFQ is 30 days after receipt of invoice.

Question 5:

With respect to the possible two 1-year renewal periods:

Is the bid price expected to be guaranteed for both renewal periods or the percent discount? Is there a mechanism (through CPI or other index) that would allow for price increases for the second and third year?

Response to Question 5:

The bid price and the percent discount will be guaranteed for both renewal periods. If contract is renewed, price increases will not be allowed for the renewal period(s).

Each test bid on the Pricing Page from vendor's price list must be identified by a reference number.
2. Vendor must quote a category percentage discount from the price listed on its price list submitted for each of the different test categories (Blood, Hair, Tissue, and Miscellaneous). All tests within the same category must have the exact same discount. For example, if a specific test on hair has a discount of 40%, EVERY test conducted on hair must be at the 40% discount. The percentage discount vendor bids for the Miscellaneous/Other category will apply to all tests not identified by one of the other three category discounts shown.
3. Vendors should mark the tests on their price list that appear on the Pricing Pages to assist in the evaluation and verification of the bids.
4. Vendors must attach their most current price list to their bid. The percentage discount must be indicated for each test listed on the Pricing Page. The percentage discount must also be indicated for each category on the Pricing

Page to incorporate tests included in the category but not appearing on the Pricing Page. If any discrepancies exist between the tests prices on the Pricing Page and vendor's price list less the percentage discount, the actual price list and category percentage bid shall prevail and be corrected by the buyer for evaluation purposes. Vendor's price list will be used with any resulting contract. Vendors should type the pricing page to ensure prices are legible.

5. Vendors must complete the Pricing Page. Bidders must complete the Discount % for each category; and the Price List Ref. #, Price List Page #, Price List Unit Cost, Discount %, and Unit Bid Price for every test on the Pricing Page. This is a list of tests commonly needed by the Office of the Chief Medical Examiner and the ones anticipated to be ordered. No future use of contract is guaranteed or implied. The discount rate(s) must be extended to all tests found and ordered from vendor's price list. The "unit price" must be the final price that will be charged to the State.
6. The lowest cost, most complete, bid shall be awarded a contract. The discount from the price list shall remain the same during the entire contract period, including any renewals.

Independent Contractor Status

In the performance of work, duties and obligations under this contract, it is mutually understood and agreed upon that the vendor is at all times acting and performing as an independent contractor and no principal-agent or employer-employee relationship is contemplated by the parties to this contract. All applicable provisions of law and other rules and regulations of any and all governmental authorities relating to licensure and regulatory of the provider's lab facility shall be fully complied with and is the responsibility of the vendor. The provisions of this contract shall not be interpreted to conflict with the intent of the parties that the legal status of the vendor shall at all times be that of an independent contractor.

Reminders to Bidders

1. Prior to submitting bids, bidders are cautioned to comply with all mandatory bid requirements.
2. Bidders shall quote a percentage discount for each test appearing on the Pricing Page and shall also quote a category percentage discount to incorporate tests included on vendor's price list but not appearing on the Pricing Page. The percentage discount per test within a category must be the same as the category percentage discount.

3. Bidders must include two hard copies and one electronic version of their most current price list. The list must be dated, the pages numbered, and the tests identified by name and reference number.
4. Bidders must complete the Pricing Pages, including the vendor information and signature section.
5. If vendor's price list makes reference to prices being subject to change, those terms are null and void.

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Debtor" means any individual, corporation, partnership, association, limited liability company or any other form or business association owing a debt to the state or any of its political subdivisions. "Political subdivision" means any county commission; municipality; county board of education; any instrumentality established by a county or municipality; any separate corporation or instrumentality established by one or more counties or municipalities, as permitted by law; or any public body charged by law with the performance of a government function or whose jurisdiction is coextensive with one or more counties or municipalities. "Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceeds five percent of the total contract amount.

EXCEPTION: The prohibition of this section does not apply where a vendor has contested any tax administered pursuant to chapter eleven of this code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

Under penalty of law for false swearing (*West Virginia Code §61-5-3*), it is hereby certified that the vendor affirms and acknowledges the information in this affidavit and is in compliance with the requirements as stated.
