Summary of Services and Background

Summary of Services

The American Institute of Toxicology, Inc. (AIT Laboratories) is pleased to provide this proposal for forensic toxicology laboratory testing to the office of the chief medical examiner of the state of West Virginia.

AIT Laboratories proposes to provide the laboratory testing as listed in Appendix B.

The stated laboratory fees are inclusive of all charges and include all necessary supplies for specimen collection, shipping, forensic chain of custody, laboratory analysis, formal written reports, interpretation and consultation, twelve month specimen maintenance and seven-year record maintenance.

Estimated Annual Volume of Work

400-600 tests.

Subcontractors

None. All services contained in this proposal will be provided by AIT Laboratories. Any service requiring subcontracting will be the responsibility of AIT Laboratories.

Proposed Contract Period

AIT Laboratories commits to commence services immediately upon award of the contract.

Statement of Agreement to Mandatory Contract Clauses

AIT Laboratories agrees to all of the State of West Virginia Mandatory Contract Clauses. AIT Laboratories was incorporated in 1990 within the State of Indiana, County of Marion, and operates as a corporation fulfilling the requirements of majority ownership by a disabled Vietnam veteran.

Compliance

AIT Laboratories is an ISO 9001:2008 registered company and operates as a fully certified forensic laboratory compliant with all applicable federal, state, and local health environmental safety laws, regulations, standards, and ordinances. AIT Laboratories is familiar with and operates within the guidelines set forth by the Occupational Safety and Health Act (OSHA).

Quality Assurance

Providing quality laboratory analyses is our company's function. AIT Laboratories' quality-assurance program covers all areas of laboratory analysis from specimen collection, testing, and delivery of timely, accurate results. The quality of our services includes all activities that impact the integrity and reliability of the testing program. As part of our corporate quality-assurance program, AIT Laboratories has installed the following quality-control guidelines:

- Proficiency testing by College of American Pathologists (CAP)
- Quality-control surveillance and quality-control audits performed by the International Organization of Standardization (ISO), Clinical Laboratory Improvement Amendments (CLIA), CAP, and the Indiana State Board of Health
- Accredited by the American Board of Forensic Toxicology (ABFT)

Description of Services

Inclusive Pricing

All pricing stated in this proposal includes all necessary supplies for specimen collection such as appropriate tubes, bottles, specimen transport bags, evidence seals, and transport box, shipping costs, forensic chain of custody, laboratory analysis, formal written reports, interpretation and consultative services, twelve (12) month specimen maintenance, and seven-year record maintenance.

The proposed prices are F.O.B. Charleston to include delivery to state-using point. There are no federal or state taxes involved in the proposed prices.

All proposed prices are guaranteed to remain unchanged from date of contract until the contract is terminated.

Comprehensive Final Report

All laboratory reports from AIT Laboratories contain the following:

- Name and address of client
- Name of deceased/subject name
- Case number/autopsy number
- Date of death/autopsy
- Date specimens received and date of report
- Identification of all case specimens
- Identification of testing performed (test code and test name)
- Quantitative test results for all case specimens

- Reference ranges (therapeutic), if available, for all test results
- Signature of certifying toxicologist

Receiving, Accessioning, and Storage of Specimens

AIT Laboratories provides legal chain-of-custody procedures that comply with state and federal legislation and case law. Laboratory results from AIT Laboratories have been accepted in federal, state, military and local courts on behalf of prosecutors in more than twenty-five (25) states, the U.S. federal courts, the U.S. Food and Drug Administration, the U.S. Navy, and the U.S. Alcohol, Tobacco, and Firearms Agency.

Specimens are received into the laboratory with documentation of the following:

- Date, time, and manner of delivery
- “Received By” information
- Condition of package/container (intact and sealed, damaged, etc.)

Following receipt, the specimens are individually accessioned with documentation of the following:

- Date and time of accessioning
- Accessioner’s name
- Identification of each specimen and matching with client identification of specimen
- Assignment of accession number (unique to the case and specimen)

Following accessioning, the specimens are maintained in refrigerated temporary storage until final testing is completed.

Following completion of testing the remaining specimens (in the original container) are transferred to long-term freezer storage. All case specimens are maintained for twelve (12) months. Extended storage beyond twelve (12) months is available upon request.

Board-Certified Toxicologists

AIT Laboratories is committed to providing complete on-site support and technical assistance at no additional cost. AIT Laboratories has 5 Ph.D. toxicologists available for consultation, professionals who have been qualified as experts in numerous courts of law, including federal, state, and local courts. With more than one hundred years of collective experience in forensic toxicology and forensic sciences, they have testified in thousands of cases in the last twenty-five years all across the country. Court testimony to support laboratory results is provided at no consulting charge for our clients for one toxicologist. Travel and expense charges for court testimony are to be billed at the customary rate. Mileage is billed at the current government rate.

Michael A. Evans, Ph.D. (Toxicology)

Former Director, Indiana State Department of Toxicology

Andrea R. Terrell, Ph.D., DABCC (Molecular biology, Biochemistry)
Board Certified, American Board of Clinical Chemistry (ABCC)

Scott Kriger, Ph.D. (Analytical Chemistry)

Josh Gunn, Ph.D. (Toxicology)

Eugene Schwilke, Ph.D. (Toxicology)

Cases per Year

At present, AIT Laboratories provides forensic toxicology analysis for more than 20,000 forensic autopsy cases per year.

Turnaround Time

Specimens are processed upon receipt and test results are reported to the client as soon as possible. Turnaround time varies depending on the nature of the request and the amount of time required to perform the test. If requested, STAT reports are telephoned as soon as test results become available. Normal turnaround time for complete autopsy cases (blood, urine, and vitreous fluid) is within ten business days, but results are often produced in as few as three.

Availability of STAT Analysis and Availability of Preliminary Findings

AIT Laboratories recognizes that, in certain cases, STAT analysis and the availability of preliminary findings are crucial to the client. In our twenty-year history of providing forensic laboratory services to law-enforcement agencies, we have routinely been called upon to provide both STAT analysis and preliminary findings. STAT analysis can be requested for any case. Limited findings (screen and confirmation test completed for a select number of the analytes) may be provided by the client services manager. Preliminary findings (screen test completed but awaiting confirmation testing) may be provided by the laboratory director.

Commitment to Service

AIT Laboratories is committed to providing full service with the award of the contract. Implementation of the contract will be conducted in accordance to AIT Laboratories' client initiation program. To ensure success, AIT's personnel and resources include the following:

- Client services department
- Board-certified toxicologist
- Shipping and receiving department
- Data entry and printing department
- Collection and chain-of-custody training
- Executive and administrative staff
- Courier services
- Accounting and billing department

Reports

Complete reports will be faxed to the medical examiner's office and, if desired, can also be viewed online. Turnaround time varies depending on the nature of the request and the amount of time required to perform the test. STAT reports are telephoned as soon as test results become available. Normal turnaround time for complete autopsy cases (blood, urine, and vitreous fluid) is within ten business days, but results are often produced in as few as three. Original, signed reports may be mailed within the same time period.

Instructions and Procedures for Collection of Specimens

Written instruction and procedures for the collection of specimens are located in our directory of forensic services, provided in Appendix E.

Customer Service Representatives

AIT Laboratories is committed to employ a knowledgeable and efficient client services department. Representatives are staffed by trained experienced personnel to provide complete responses to telephone inquires about supplies, test information, and laboratory results. Client service representatives are available Monday through Friday, 8:00 a.m. to 8:00 p.m. EDT.

Shipping of Supplies

Client supplies are provided at no additional charge and include specimen containers, specimen labels, laboratory request forms, transport boxes, security seals, urine collection kits and UPS mailers with preprinted UPS Return labels. To order supplies, contact AIT Laboratories at (317) 243-3894 or (800) 875-3894.

Specimen pickup service is available and recommended to all clients. This service is arranged through UPS for overnight delivery, which ensures that specimens will be delivered the next working day while maintaining complete chain of custody. This service is included in the laboratory test fee at no additional charge to the customer.

For the nearest UPS Customer Service Center, call (800) 247-2455.

Invoicing

Client invoices are processed monthly and the terms of payment are net thirty (30) days. Invoices contain the following information for each case:

- Name of the patient
- Date of service
- Test(s) name (Description)
- Charges

Background

About AIT

In 1990, Dr. Michael Evans founded the American Institute of Toxicology, Inc. (AIT Laboratories) with five employees and one goal: to provide superior analytical testing and research to professionals in the healthcare industry. Today, the company has an experienced and skilled staff, including several Ph.D.-level toxicologists, full-time scientists with bachelor's degrees or higher, and full-time professionals in information technology.

Housed in a forty-thousand-square-foot facility minutes from the Indianapolis International Airport, the lab offers state-of-the-art analyses for hundreds of healthcare, forensic, and pharmaceutical customers nationwide. Clientele includes leading reference laboratories, federal, state, and local law-enforcement agencies, corporations, government agencies, pharmaceutical firms, hospitals, physicians, medical examiners, attorneys, and courts of law.

Renowned not only in Indiana but also nationwide, AIT was the first lab in North America to receive certification from the International Organization for Standardization (ISO), a federation of national-standards bodies concerned with consistent rules of technical specifications. The company's earned multiple honors from Indiana University's Kelley School of Business and currently ranks as a top-ten life science company in central Indiana. In recent years, the company has enjoyed a growth rate three times that of the average independent lab.

AIT has also been recognized for its commitment to culture and diversity in the workplace, earning an Outstanding Employer nod from the Association for Education and Rehabilitation of the Blind and Visually Impaired and receiving a 2006 Employer Award from the Indianapolis Mayor's Office of Disability Affairs and the Mayor's Advisory Council on Disability.

Licenses and Certifications

ISO 9001:2008 International Quality-Management Standard

Certificate Number: 3Z681-1

Proof of licensure is provided in Appendix D.

Equipment and Resources

Facilities

AIT Laboratories is housed in a forty-thousand-square-foot corporate facility in central Indiana, just minutes from the Indianapolis International Airport. The laboratory hosts a variety of departments, including data entry, accessioning, extractions, screening, confirmations, and quality assurance. There's also an in-house unit for research and development, allowing us to tailor new assays specifically for your needs.

Resources

AIT owns numerous pieces of state-of-the-art equipment, including:

- CO-Oximeter
- ELISA (Automated) Dynex Technologies DSX (x2)
- Chemistry Analyzers (Abbot Aeroset for EIA & Enzymatic Analysis) (x2)
- Nova Electrolyte Analyzer (Vitreous Chemistry)
- Spectrophotometers (Visible Light)
- Gas Chromatograph-FID (dual column capabilities) (x3)
- Gas Chromatograph/Mass Spectrometers (x8)
- HPLC – UV (x2)
- HPLC – Fluorescence
- LC/MS (Waters ZQ) (x1)
- LC/MS/MS (Applied Biosystems API QTrap (x2))
- LC/MS/MS Waters Quattro Micro (x1)
- LC/MS/MS (Applied Biosystems 3200) (x1)
- UPLC/MS/MS (Waters TQD's) (x6)
- UPLC/MS/MS (Waters Premier) (x1)

- UPLC-TOF mass spectrometers (Waters TOF) (x2)

These instruments perform a variety of high-tech analysis methods such as enzyme immunoassay (EIA), enzyme-linked immunosorbent assay (ELISA), gas chromatography (GC), mass spectrometry (MS), gas chromatography/mass spectrometry (GC/MS), high performance liquid chromatography (HPLC), high performance liquid chromatography-mass spectrometry/mass spectrometry (HPLC-MS/MS), liquid chromatography/mass spectrometry (LC/MS), liquid chromatography-mass spectrometry/mass spectrometry (LC/MS/MS), and ultra performance liquid chromatography-mass spectrometry/mass spectrometry (UPLC/MS/MS).

In addition to featuring superior testing methods, AIT also enforces strict security measures to guarantee the integrity of each sample. Each specimen is bar coded to ensure traceability, and internal and external chains of custody are maintained for all samples. Lab access is also limited to authorized personnel.

Forensic Toxicology Services

AIT Laboratories offers a comprehensive and systematic approach to the analysis of biological fluids, tissues, and drug-dosage forms for forensic professionals and law-enforcement officials. As part of the forensic program, AIT follows strict chain-of-custody and confidentiality guidelines and provides complete professional consultation and expert witness testimony. The lab provides a number of services, such as:

- A complete program for analyzing drugs of abuse
- Identification and quantitation of unknown substances (pills, powders, tablets, syringes, liquids, and trace substances)
- Specialized services for product contamination, product substitution, and labeling certification
- Consultation on specimen collection and characteristics of drug interactions
- Expert legal testimony

Tests are grouped into specific panels, which provide an economic means of screening for the possible presence of specific drugs or drug classes (i.e., barbiturates, opiates, etc.). Quantitative confirmation of positive screen results is performed using a second analytical method. Our most common panels include:

Drugs of Abuse Testing

AIT Laboratories has utilized resources in forensic and clinical toxicology to develop a complete program for analyzing drugs of abuse. We are dedicated solely to servicing the needs of our

forensic, criminal justice, government, industry, and business clients. By coupling board-certified toxicologists and experienced personnel with state-of-the-art laboratory equipment, AIT offers the best in quality, cost efficiency, and turnaround time in laboratory analysis for drugs of abuse.

Criminalistics

Backed by more than one hundred years of professional experience in forensic procedures, AIT provides a state-of-the-art criminalistics laboratory for the identification and quantitation of unknown substances including pills, powders, tablets, syringes, liquids, and trace substances. As part of our service menu, AIT also offers a variety of specialized laboratory services, including, product contamination, product substitution, and labeling certification.

Consultation Services

AIT Laboratories is directed by experienced, board-certified and analytical toxicologists to ensure complete and accurate results in laboratory services. This experienced professional staff is always available for consultation on specimen collection, characteristics of drug interactions, and interpretation of laboratory results. Expert legal testimony is also available.

Value Added Services

Consultation Services

AIT's laboratory activity is directed by board-certified toxicologists and clinical scientists who provide complete support in both analytical and technical services. The professional staff at AIT Laboratories is available for consultation regarding sample collection, characteristics of the drug interactions, and interpretation of laboratory results. This service is offered at no cost to the customer.

Court Testimony

At AIT Laboratories, we understand the need to provide expert testimony in support of laboratory results. Our professional staff have more than one hundred combined years of experience in forensic toxicology and the forensic sciences and have testified in thousands of cases in the last twenty years.

Specimen and Record Retention

AIT Laboratories is a forensic toxicology laboratory and recognizes the need for retention of specimens and records. For this contract, all case specimens will be maintained for a minimal of twelve (12) months in a secured freezer. All records, including chain of custody documentation, analytical results, and all case information, are maintained for a period of seven years. Both services are offered at no additional charge.

Courier Services

AIT Laboratories is prepared to provide daily pickup and overnight delivery for the Office of the Chief Medical Examiner in West Virginia using UPS. The UPS System provides documented, legal chain of custody throughout the United States. This service is offered at no cost to the customer.

RFQ No CME11021

STATE OF WEST VIRGINIA
Purchasing Division

PURCHASING AFFIDAVIT

West Virginia Code §5A-3-10a states: No contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and the debt owed is an amount greater than one thousand dollars in the aggregate.

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Debtor" means any individual, corporation, partnership, association, limited liability company or any other form or business association owing a debt to the state or any of its political subdivisions. "Political subdivision" means any county commission; municipality; county board of education; any instrumentality established by a county or municipality; any separate corporation or instrumentality established by one or more counties or municipalities, as permitted by law; or any public body charged by law with the performance of a government function or whose jurisdiction is coextensive with one or more counties or municipalities. "Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceeds five percent of the total contract amount

EXCEPTION: The prohibition of this section does not apply where a vendor has contested any tax administered pursuant to chapter eleven of this code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

Under penalty of law for false swearing (*West Virginia Code §61-5-3*), it is hereby certified that the vendor affirms and acknowledges the information in this affidavit and is in compliance with the requirements as stated

Please refer to the hard copies following this page.

Advancing Excellence

**Accredited
Laboratory**

The College of American Pathologists

certifies that the laboratory named below

***American Inst of Toxicology Labs
Indianapolis, Indiana
Andrea Terrell, PhD***

LAP Number: 6948901

AU-ID: 1195687

CLIA Number: 15D0647225

has met all applicable standards for accreditation and is hereby fully accredited by the College of American Pathologists' Laboratory Accreditation Program. Reinspection should occur prior to December 7, 2011 to maintain accreditation.

Accreditation does not automatically survive a change in director, ownership, or location and assumes that all interim requirements are met.

Paul Wilkins, MD

Chair, Commission on Laboratory Accreditation

Stephen A. Baum MD FCAP

President, College of American Pathologists

*c/o The Forensic Sciences Foundation, Inc.

September 24, 2009

Andrea Terrell, Ph.D.
AIT Laboratories, Inc.
2265 Executive Drive
Indianapolis, IN 46241

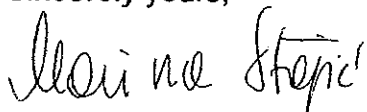

Dear Dr. Terrell:

I am pleased to advise you that the AIT Laboratories, Inc. has fulfilled the accreditation requirements of the American Board of Forensic Toxicology and is granted a Certificate of Laboratory Accreditation in Forensic Toxicology (No. L026) for the period August 1, 2009 to July 31, 2011. The accreditation is for a period of two years, subject to satisfactory performance during a scheduled mid-cycle review to be performed onsite, by mutual agreement, at the expense of the laboratory.

Copies of the inspectors' checklist section summaries have been provided to you. The Chair of the Accreditation Committee has sent you a summary of recommended corrective action, which you are requested to address during the next 12 months. You are required to notify the Board regarding any change in Laboratory Director.

Congratulations and thank you for your support of laboratory accreditation in Forensic Toxicology. A certificate attesting to your accreditation will be provided in the near future.

Sincerely yours,

Marina Stajić, Ph.D., D-ABFT
President

c: Graham Jones, Ph.D., D-ABFT
Chair, Accreditation Committee

**CENTERS FOR MEDICARE & MEDICAID SERVICES
CLINICAL LABORATORY IMPROVEMENT AMENDMENTS
CERTIFICATE OF ACCREDITATION**

LABORATORY NAME AND ADDRESS

AIT LABORATORIES
2265 EXECUTIVE DRIVE
INDIANAPOLIS, IN 46241

LABORATORY DIRECTOR

ANDREA TERRELL PHD

CLIA ID NUMBER

15D0647225

EFFECTIVE DATE

01/07/2010

EXPIRATION DATE

01/06/2012

Pursuant to Section 353 of the Public Health Services Act (42 U.S.C. 263a) as revised by the Clinical Laboratory Improvement Amendments (CLIA), the above named laboratory located at the address shown hereon (and other approved locations) may accept human specimens for the purposes of performing laboratory examinations or procedures.

This certificate shall be valid until the expiration date above, but is subject to revocation, suspension, limitation, or other sanctions for violation of the Act or the regulations promulgated thereunder.

Appendix E: Directory of Forensic Services

Please refer to the hard copies following this page.

Directory of Forensic Services

the testing you need to make your forensic analysis

AIT Laboratories has the testing you need to make decisions that matter.

AIT is widely recognized as being one of the leading forensic toxicology testing laboratories in the nation. AIT's recognition is due in part to its continuous adherence to the strict guidelines and standards established by the regulatory agencies for testing and security. AIT's highly trained and skilled scientists are able to provide our clients with the most reliable and timely results through the use of state-of-the-art instrumentation that includes the UPLC coupled to time-of-flight mass spectrometry.

SERVICES

- AIT provides a variety of testing services for the forensic community, including:
 - :: A comprehensive testing panel for blood, urine, vitreous, tissue, and other biological matrices that includes more than 300 prescription and illicit drugs
 - :: A drugs of abuse testing panel for blood, urine, vitreous, tissue, and other biological matrices that includes commonly abused prescription and illicit drugs
 - :: The identification and quantitation of unknown substances, including pills, powders, tablets, syringes, liquids, residues, and other trace substances
 - :: Specialized services for identifying and quantitating product contamination and impurities, product adulteration or substitution, and verification of product label claims related to drug strength or dose
 - :: Expert toxicologist consultation on specimen collection, drug interactions, and interpretation of laboratory results (contact one of our toxicologists at toxicologist@aitlabs.com)
 - :: Expert witness testimony

CERTIFICATIONS

- All AIT processes and procedures for testing are compliant with the following regulatory agencies and standards:
 - :: ISO 9001:2000 International Quality Management Standard
 - :: Clinical Laboratory Improvement Amendments (CLIA)
 - :: College of American Pathologists (CAP)
 - :: For a complete list of AIT's certifications, visit www.aitlabs.com/certifications.aspx.

TEST PANELS

Each of AIT's practical and economical panels include an initial screening test to identify the presence of a drug or drug class followed by a second confirmation test to provide unambiguous identification and quantitation of each specific drug or chemical. AIT offers a variety of test panels that include but are not limited to the most popular ones listed below:

- :: **Comprehensive Drug Panel:** This panel includes screening and confirmation (identification and quantitation) testing for more than 300 drugs that include illicit and commonly abused drugs, prescription medications, and over-the-counter medications.
- :: **Drugs of Abuse Panel:** This abbreviated panel version of the comprehensive panel includes only drugs commonly associated with abuse.
- :: **Additional Panels and Testing:** Alcohol Panel, Date Rape Panel, Solvents/inhalants Panel, Trace Substances, and Vitreous Electrolytes Panel. See complete list of panels in this book or online at www.aitlabs.com/catalog.aspx.
- :: **Customized Tests:** AIT recognizes that some cases may require identification and quantitation of drugs and chemicals that are not part of the panels currently available. As such, AIT's research and development group is continuously developing and validating new testing methods for drugs and chemicals to meet the needs of our clients. If you require analysis for a specific drug, chemical, or drug panel not found in our test catalog at www.aitlabs.com/catalog.aspx, please contact our Client Services Department at 800-875-3894 or clientservices@aitlabs.com for further assistance.

FORENSIC KITS

To assist our forensic clients, AIT provides convenient kits that include all of the containers necessary for routine specimen collection. In addition to the specimen containers, the kits also contain everything necessary for shipping and paperwork to ensure that a proper chain of custody is maintained. There is a standard kit and an expanded kit:

Description	Standard	Expanded
50 mL plastic bottle with NaF/EDTA — red dot on top for blood	1	1
60 mL plastic bottle — yellow dot on top for urine	1	1
10 mL plastic tubes with NaF/EDTA — red top for blood	2	2
10 mL plastic tube — white top for vitreous	1	1
Biohazard bag	1	2
Chain-of-custody seal for box	1	1
Shipping box	1	1

To order supplies, contact AIT at 800-875-3894 or clientservices@aitlabs.com.

SPECIMEN SHIPPING

Specimen pick-up service is available through our shipping vendors at no additional charge. AIT's primary shipping partner is United Parcel Service (UPS). AIT uses FedEx when necessary. If you have any questions about UPS or its services, please call 800-PICK-UPS (800-742-5877). However, if you need a regularly scheduled pick up, please contact our Client Services Department at clientservices@aitlabs.com or 800-875-3894.

LABORATORY FEES AND CLIENT BILLING

Laboratory fees include the specimen collection kits, shipping costs, forensic chain-of-custody maintenance, laboratory analysis, formal written reports, interpretation and consultation services, one-year specimen storage, and seven-year record maintenance. Invoices are processed monthly, and terms of payment are net 30 days. Please include the remittance copy of the invoice with your payment. If you have any questions concerning your invoice, please contact our billing office at 800-875-3894.

GUIDELINES FOR SPECIMEN COLLECTION

The selection of appropriate specimens in forensic toxicology investigations is often a major factor in determining the nature and extent of chemical involvement as a cause of death. The standard testing at AIT includes blood, urine, and vitreous fluid. Other appropriate specimens such as tissues (brain, liver, etc.), bile, and stomach contents should also be collected but will only be tested at the request of the client.

Often, the circumstances surrounding a death may become clearer several days after the body has already been altered through embalmment, burial, or cremation. This makes it especially important that sufficient types and quantities of biological specimens be collected during the initial autopsy or prior to the alteration of the body. Care should always be taken in the selection of specimen sampling sites, the methods of specimen collection, and the labeling of specimen containers. For some drugs and chemicals, including alcohol, there can be significant postmortem changes in blood concentration that are related to the length of time after death the specimen was collected, the choice of specimen collection site (e.g., peripheral versus central blood), and the method or technique used to collect the specimen.

The following table outlines the suggested types and quantities of specimens to collect:

USEFUL SPECIMENS FOR DEATH INVESTIGATION

Specimen	Quantity	Container
Postmortem Blood		
Qualitative Drug Analysis	Min. 20 mL	NaF/EDTA tube / bottle (or equivalent)
Quantitative Drug Analysis	Min. 10 mL	NaF/EDTA tube / bottle (or equivalent)
Heavy Metals	Min. 10 mL	Royal blue top tube
COMMENTS: Collect blood from heart — right atrium, inferior vena cava Collect blood from two distinct peripheral sites — preferably right and left femoral veins		
Antemortem Blood		
Qualitative Drug Analysis	Min. 10 mL	NaF/EDTA tube / bottle (or equivalent)
COMMENTS: Typically admission blood		
Serum or Plasma		
Qualitative Drug Analysis	Typically 2-5 mL	Serum tube
COMMENTS: Typically from admission		
Urine		
Qualitative and Quantitative Drug Analysis	Min. 20 mL	Standard urine cup — no preservatives
COMMENTS: Useful for determining recent drug use; commonly used to detect drugs of abuse; can be useful in interpreting blood results		
Vitreous Humor		
Volatiles — to include ethanol and acetone	Min. 1 mL	Collect into a 10 mL tube that does not contain preservative or anticoagulant
Electrolytes		
Qualitative and Quantitative Drug Analysis		
COMMENTS: Useful for comparison to blood results when there is uncertainty Relatively unsusceptible to postmortem redistribution and microbial activity		

Specimen

Quantity

Container

Stomach Contents		
Trace Analysis	10-20 grams	Sterile plastic container
Qualitative Drug Analysis		
COMMENTS: Useful in acute poisoning cases and identification of drug substances not fully dissolved or absorbed		
Bile		
Quantitative and Qualitative Drug Analysis	20-30 mL	Sterile plastic container
Liver		
Quantitative and Qualitative Drug Analysis	20 grams	Sterile plastic container
COMMENTS: Typically more case study data for liver tissue		
Brain		
Quantitative and Qualitative Drug Analysis	20 grams	Sterile plastic container
COMMENTS: Useful when investigating deaths related to certain drugs (e.g., cocaine) and volatiles		
Lung		
Quantitative and Qualitative Drug Analysis	20 grams	Sterile plastic container
COMMENTS: Can be useful for investigating deaths related to volatiles (e.g., "huffing")		
Hair		
Quantitative and Qualitative Drug Analysis	Entire length of hair approx. 0.5 cm in diameter; bundle (min.)	Plastic container or bag — take care to accurately mark the proximal end of the hair
Heavy Metals		
COMMENTS: Can be useful when investigating deaths due to chronic drug or chemical abuse (e.g., heavy metal poisoning)		
Bone and Nails		
Trace Analysis — Drugs and Chemicals	Representative portion	Sterile plastic container
Heavy Metals		
COMMENTS: Can be useful when investigating chronic exposure or poisoning cases (e.g., heavy metal poisoning) May also be useful when investigating cases in which no soft tissue remains		
Plis / Gobs, Swirls, Contaminated Materials, Clothing, Chemicals and Chemical Containers		
Quantitative and Qualitative Drug and Chemical Analysis	Representative Amount	Collect and package each substance separately
COMMENTS: Trace substances		

PREPARATION OF REQUISITION AND SPECIMENS FOR TRANSPORT

It is essential that a chain of custody be maintained for all forensic specimens. This is accomplished through completion of the specimen chain of custody section of the AIT Forensic Requisition Form. The following information is required for all cases:

- :: Name, address, date of submission, date of death or injury, and signature of submitting physician/official
 - :: Identification of all specimens submitted for analysis
 - :: Identification of the subject by name or case number
 - :: Identification of specific analysis requested
 - :: Signature and dates for chain of custody (signature required)
- The following documentation is desirable in every case:
- :: Relevant medical history with regard to prescribed medication and whether the deceased suffered from a serious infectious disease
 - :: Details of any substance(s) thought to have caused death
 - :: A copy of the pathologist's report indicating the likely cause of death and estimated time of death

Alcohol Panel

TEST CODE: 45650
 ALTERNATIVE NAMES: None
 SPECIMEN TYPE: Serum, Plasma or Whole Blood
 ANALYTES INCLUDED: Acetone, Ethanol, Isopropanol, Methanol
 REPORTING LIMIT: .02% w/v
 MINIMUM SPECIMEN VOLUME: 2 mL
 SPECIAL INSTRUCTIONS: Fill transport tube to prevent loss of volatile compounds
 METHOD OF ANALYSIS: Gas Chromatography

Alcohol Panel, Urine

TEST CODE: 10451
 ALTERNATIVE NAMES: None
 SPECIMEN TYPE: Urine
 ANALYTES INCLUDED: Acetone, Ethanol, Isopropanol, Methanol
 REPORTING LIMIT: .02% w/v
 MINIMUM SPECIMEN VOLUME: 5 mL
 SPECIAL INSTRUCTIONS: None
 METHOD OF ANALYSIS: Gas Chromatography

Carbon Monoxide

TEST CODE: 44060
 ALTERNATIVE NAMES: CO
 SPECIMEN TYPE: Whole Blood
 ANALYTES INCLUDED: Carboxyhemoglobin
 REPORTING LIMIT: None
 MINIMUM SPECIMEN VOLUME: 500 uL
 SPECIAL INSTRUCTIONS: None
 METHOD OF ANALYSIS: Spectrophotometry

Comprehensive Drug Panel, Blood

TEST CODE: 70510
 ALTERNATIVE NAMES: Comprehensive Autopsy Panel
 SPECIMEN TYPE: Serum, Plasma, or Whole Blood
 ANALYTES INCLUDED: Please refer to Comprehensive Drug Panel, Blood PDF at www.aatlabs.com/catalog.aspx
 REPORTING LIMIT: Please inquire
 MINIMUM SPECIMEN VOLUME: Blood 10 mL, Urine 30 mL, Vitreous 1 mL
 SPECIAL INSTRUCTIONS: Avoid separator tubes and gels
 METHOD OF ANALYSIS: Please inquire

Comprehensive Drug Panel, Fluid

TEST CODE: 70510
 ALTERNATIVE NAMES: None
 SPECIMEN TYPE: Bite, Gastric Fluid, Cavity or Decomposition Fluid
 ANALYTES INCLUDED: Please refer to Comprehensive Drug Panel, Blood PDF at www.aatlabs.com/catalog.aspx
 REPORTING LIMIT: Please inquire
 MINIMUM SPECIMEN VOLUME: 10 mL
 SPECIAL INSTRUCTIONS: None
 METHOD OF ANALYSIS: Please inquire

Comprehensive Drug Panel, Tissue

TEST CODE: 70510T
 ALTERNATIVE NAMES: None
 SPECIMEN TYPE: Liver, Kidney, Brain, Muscle, Placenta or Spleen
 ANALYTES INCLUDED: Please refer to Comprehensive Drug Panel, Tissue PDF at www.aatlabs.com/catalog.aspx
 REPORTING LIMIT: Please inquire
 MINIMUM SPECIMEN VOLUME: 10 g
 SPECIAL INSTRUCTIONS: None
 METHOD OF ANALYSIS: Please inquire

Date Rape Panel, Blood

TEST CODE: 70500
 ALTERNATIVE NAMES: Sedative/Hypnotic Panel, Blood
 SPECIMEN TYPE: Serum, Plasma, or Whole Blood
 ANALYTES INCLUDED: Please refer to Date Rape Panel, Blood PDF at www.aatlabs.com/catalog.aspx
 REPORTING LIMIT: Please inquire
 MINIMUM SPECIMEN VOLUME: 3 mL
 SPECIAL INSTRUCTIONS: None
 METHOD OF ANALYSIS: Please inquire

Date Rape Panel, Urine

TEST CODE: 70050
 ALTERNATIVE NAMES: Sedative/Hypnotic Panel, Urine
 SPECIMEN TYPE: Urine
 ANALYTES INCLUDED: Please refer to Date Rape Panel, Urine PDF at www.aatlabs.com/catalog.aspx
 REPORTING LIMIT: Please inquire
 MINIMUM SPECIMEN VOLUME: 20 mL
 SPECIAL INSTRUCTIONS: None
 METHOD OF ANALYSIS: Please inquire

Drugs of Abuse Panel, Blood

TEST CODE: 70530
 ALTERNATIVE NAMES: Autopsy Panel, Drugs of Abuse Panel, Blood PDF at www.aatlabs.com/catalog.aspx
 SPECIMEN TYPE: Serum, Plasma or Whole Blood
 ANALYTES INCLUDED: Please refer to Drugs of Abuse Panel, Blood PDF at www.aatlabs.com/catalog.aspx
 REPORTING LIMIT: Please inquire
 MINIMUM SPECIMEN VOLUME: Blood 10 mL, Urine 30 mL, Vitreous 3 mL
 SPECIAL INSTRUCTIONS: Avoid separator tubes and gels
 METHOD OF ANALYSIS: Please inquire

Drugs of Abuse Panel, Hair

TEST CODE: 70700
 ALTERNATIVE NAMES: None
 SPECIMEN TYPE: Hair (from head or body)
 ANALYTES INCLUDED: Amphetamine and Methamphetamine, Cannabinoids, Cocaine, Opiates, Phencyclidine
 REPORTING LIMIT: Please inquire
 MINIMUM SPECIMEN VOLUME: 10 mg
 SPECIAL INSTRUCTIONS: None
 METHOD OF ANALYSIS: Immunoassay, Gas Chromatography/Mass Spectrometry
 ADDITIONAL COMMENTS: Please contact AIT for collection instructions

Drugs of Abuse Panel, Meconium

TEST CODE: 60000
 ALTERNATIVE NAMES: None
 SPECIMEN TYPE: Meconium
 ANALYTES INCLUDED: Amphetamine and Methamphetamine, Cannabinoids, Cocaine, Opiates
 REPORTING LIMIT: Please inquire
 MINIMUM SPECIMEN VOLUME: 5 g
 SPECIAL INSTRUCTIONS: None
 METHOD OF ANALYSIS: Please inquire

Drugs of Abuse Panel, Tissue

TEST CODE: 70530T
 ALTERNATIVE NAMES: None
 SPECIMEN TYPE: Liver, Kidney, Brain, Muscle, Placenta, or Spleen
 ANALYTES INCLUDED: Please refer to Drugs of Abuse Panel, Tissue PDF at www.aatlabs.com/catalog.aspx
 REPORTING LIMIT: Please inquire
 MINIMUM SPECIMEN VOLUME: 10 g
 SPECIAL INSTRUCTIONS: None
 METHOD OF ANALYSIS: Please inquire

Hepatitis B Surface Antigen

TEST CODE: 31100
 ALTERNATIVE NAMES: None
 SPECIMEN TYPE: Whole Blood
 ANALYTES INCLUDED: Hepatitis B Surface Antigen
 REPORTING LIMIT: N/A
 MINIMUM SPECIMEN VOLUME: 5 mL
 SPECIAL INSTRUCTIONS: None
 METHOD OF ANALYSIS: Immunoassay
 ADDITIONAL COMMENTS: Surface Antigen usually appears one to six months following exposure, peaks shortly after onset of symptoms, and typically disappears within one to three months.

Hepatitis C Antibody

TEST CODE: 31200
 ALTERNATIVE NAMES: None
 SPECIMEN TYPE: Whole Blood
 ANALYTES INCLUDED: Hepatitis C Antibody
 REPORTING LIMIT: N/A
 MINIMUM SPECIMEN VOLUME: 500 uL
 SPECIAL INSTRUCTIONS: None
 METHOD OF ANALYSIS: Enzyme Immunoassay
 ADDITIONAL COMMENTS: A positive result does not differentiate current active infections from past infections. The window between infection and seroconversion can be up to 12 months.

HIV-1 Antibody Screen

TEST CODE: 31300
 ALTERNATIVE NAMES: None
 SPECIMEN TYPE: Whole Blood
 ANALYTES INCLUDED: HIV-1 Antibody
 REPORTING LIMIT: N/A
 MINIMUM SPECIMEN VOLUME: 300 uL
 SPECIAL INSTRUCTIONS: None
 METHOD OF ANALYSIS: Enzyme-Linked Immunosorbent Assay
 ADDITIONAL COMMENTS: A reactive test indicates prior exposure of the individual to HIV; a non-reactive test does not exclude the possibility of exposure to or infection with HIV.

Solvents/Inhalants Panel, Blood

TEST CODE: 16650
 ALTERNATIVE NAMES: None
 SPECIMEN TYPE: Serum, Plasma or Whole Blood
 ANALYTES INCLUDED: Please refer to Solvents/Inhalants Panel, Blood PDF at www.aatlabs.com/catalog.aspx
 REPORTING LIMIT: Please inquire
 MINIMUM SPECIMEN VOLUME: 3 mL
 SPECIAL INSTRUCTIONS: Refrigerate or freeze specimens
 METHOD OF ANALYSIS: Gas Chromatography

Solvents/Inhalants Panel, Urine

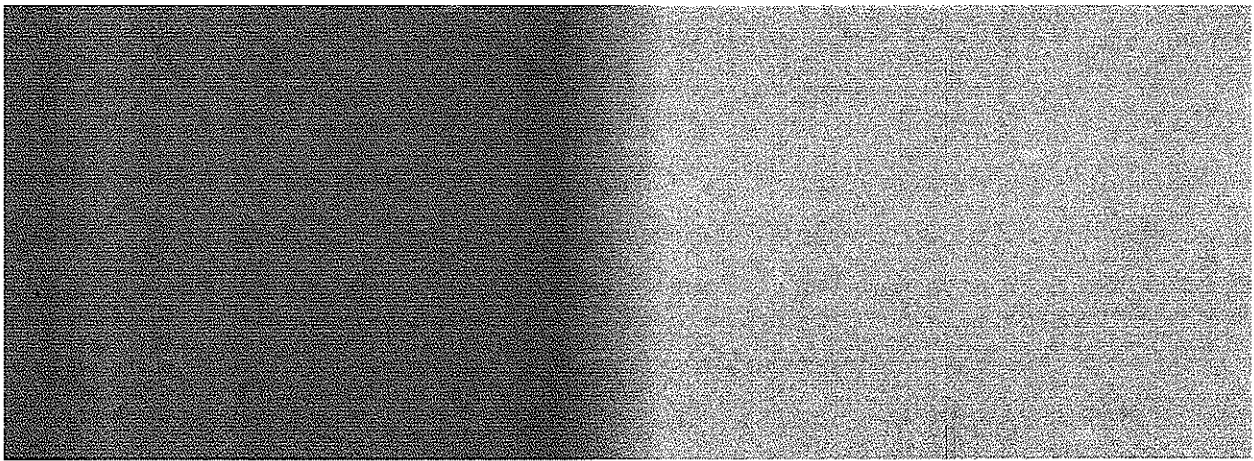

TEST CODE: 16660
 ALTERNATIVE NAMES: None
 SPECIMEN TYPE: Urine
 ANALYTES INCLUDED: Please refer to Solvents/Inhalants Panel, Urine PDF at www.aatlabs.com/catalog.aspx
 REPORTING LIMIT: Please inquire
 MINIMUM SPECIMEN VOLUME: 10 mL
 SPECIAL INSTRUCTIONS: Refrigerate or freeze specimens
 METHOD OF ANALYSIS: Gas Chromatography

Trace or Unknown Substance Identification

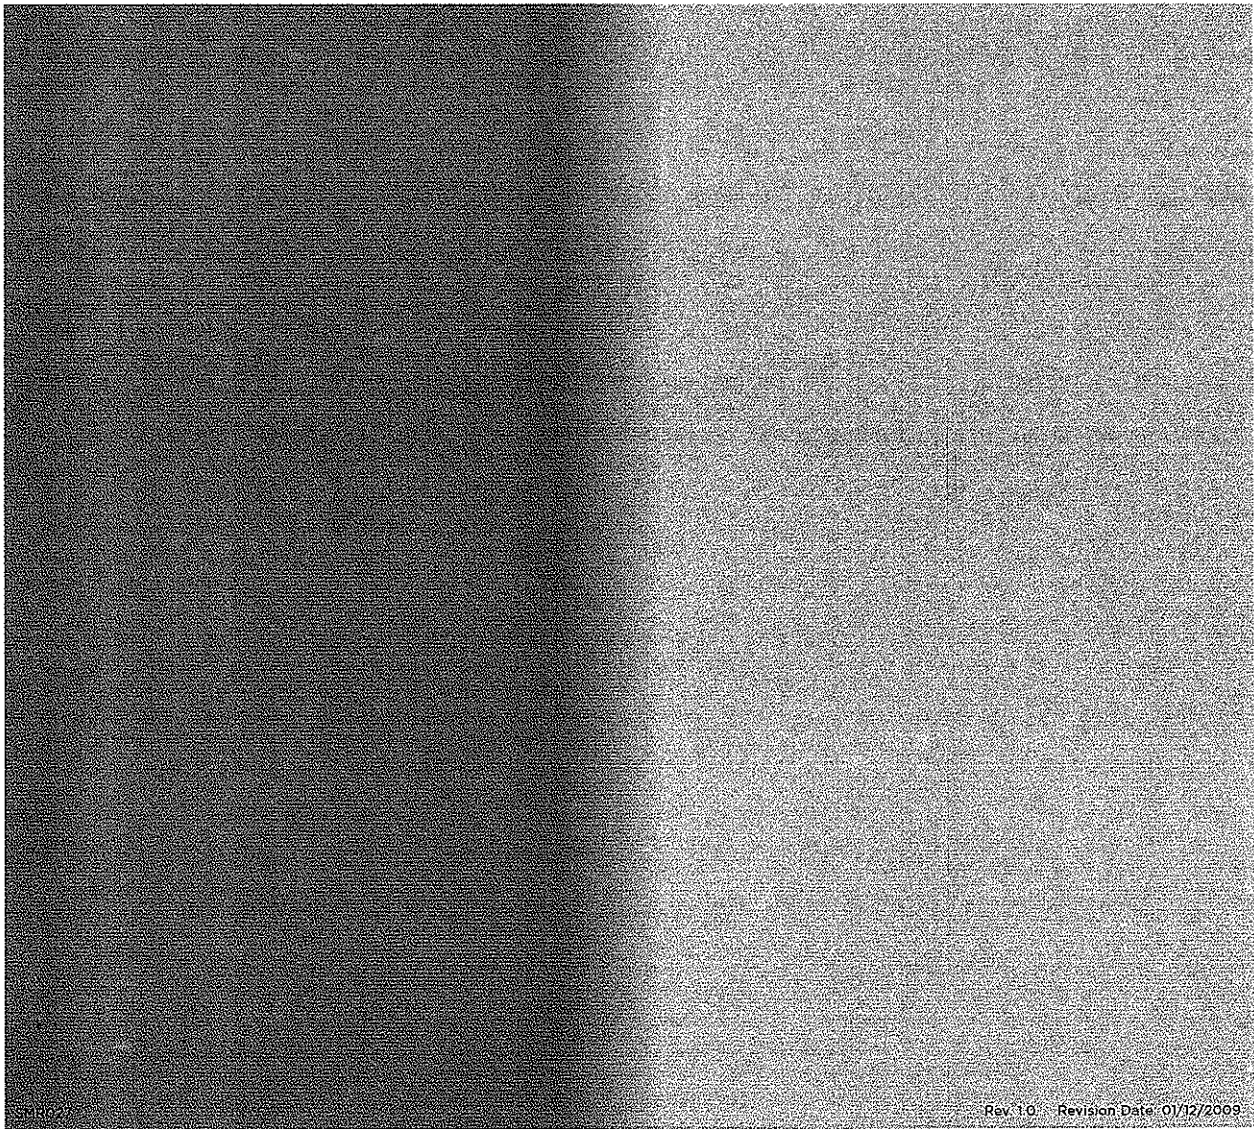

TEST CODE: 20000
 ALTERNATIVE NAMES: None
 SPECIMEN TYPE: Specimens may include capsules, powder, pills, residue, syringes, tablets, vials
 ANALYTES INCLUDED: Please inquire
 REPORTING LIMIT: Please inquire
 MINIMUM SPECIMEN VOLUME: Please inquire
 SPECIAL INSTRUCTIONS: Please inquire
 METHOD OF ANALYSIS: Please inquire
 ADDITIONAL COMMENTS: Quantitative analysis performed in triplicate

Vitreous Fluid, Electrolyte Panel

TEST CODE: 32400
 ALTERNATIVE NAMES: None
 SPECIMEN TYPE: Vitreous Fluid
 ANALYTES INCLUDED: Sodium, Potassium, Chloride, Urea Nitrogen, Creatinine, Glucose
 REPORTING LIMIT: Please inquire
 MINIMUM SPECIMEN VOLUME: 500 uL
 SPECIAL INSTRUCTIONS: None
 METHOD OF ANALYSIS: Please inquire

Appendix F: Vendor Preference Certificate

Please refer to the hard copy following this page.

State of West Virginia

VENDOR PREFERENCE CERTIFICATE

Certification and application* is hereby made for Preference in accordance with West Virginia Code, §5A-3-37 (Does not apply to construction contracts). West Virginia Code, §5A-3-37, provides an opportunity for qualifying vendors to request (at the time of bid) preference for their residency status. Such preference is an evaluation method only and will be applied only to the cost bid in accordance with the West Virginia Code. This certificate for application is to be used to request such preference. The Purchasing Division will make the determination of the Resident Vendor Preference, if applicable.

1. Application is made for 2.5% resident vendor preference for the reason checked:

- ___ Bidder is an individual resident vendor and has resided continuously in West Virginia for four (4) years immediately preceding the date of this certification; or,
___ Bidder is a partnership, association or corporation resident vendor and has maintained its headquarters or principal place of business continuously in West Virginia for four (4) years immediately preceding the date of this certification; or 80% of the ownership interest of Bidder is held by another individual, partnership, association or corporation resident vendor who has maintained its headquarters or principal place of business continuously in West Virginia for four (4) years immediately preceding the date of this certification; or,
___ Bidder is a nonresident vendor which has an affiliate or subsidiary which employs a minimum of one hundred state residents and which has maintained its headquarters or principal place of business within West Virginia continuously for the four (4) years immediately preceding the date of this certification; or,

2. Application is made for 2.5% resident vendor preference for the reason checked:

- ___ Bidder is a resident vendor who certifies that, during the life of the contract, on average at least 75% of the employees working on the project being bid are residents of West Virginia who have resided in the state continuously for the two years immediately preceding submission of this bid; or,

3. Application is made for 2.5% resident vendor preference for the reason checked:

- ___ Bidder is a nonresident vendor employing a minimum of one hundred state residents or is a nonresident vendor with an affiliate or subsidiary which maintains its headquarters or principal place of business within West Virginia employing a minimum of one hundred state residents who certifies that, during the life of the contract, on average at least 75% of the employees or Bidder's affiliate's or subsidiary's employees are residents of West Virginia who have resided in the state continuously for the two years immediately preceding submission of this bid; or,

4. Application is made for 5% resident vendor preference for the reason checked:

- ___ Bidder meets either the requirement of both subdivisions (1) and (2) or subdivision (1) and (3) as stated above; or,

5. Application is made for 3.5% resident vendor preference who is a veteran for the reason checked:

- ___ Bidder is an individual resident vendor who is a veteran of the United States armed forces, the reserves or the National Guard and has resided in West Virginia continuously for the four years immediately preceding the date on which the bid is submitted; or,

6. Application is made for 3.5% resident vendor preference who is a veteran for the reason checked:

- ___ Bidder is a resident vendor who is a veteran of the United States armed forces, the reserves or the National Guard, if, for purposes of producing or distributing the commodities or completing the project which is the subject of the vendor's bid and continuously over the entire term of the project, on average at least seventy-five percent of the vendor's employees are residents of West Virginia who have resided in the state continuously for the two immediately preceding years.

Bidder understands if the Secretary of Revenue determines that a Bidder receiving preference has failed to continue to meet the requirements for such preference, the Secretary may order the Director of Purchasing to: (a) reject the bid; or (b) assess a penalty against such Bidder in an amount not to exceed 5% of the bid amount and that such penalty will be paid to the contracting agency or deducted from any unpaid balance on the contract or purchase order.

By submission of this certificate, Bidder agrees to disclose any reasonably requested information to the Purchasing Division and authorizes the Department of Revenue to disclose to the Director of Purchasing appropriate information verifying that Bidder has paid the required business taxes, provided that such information does not contain the amounts of taxes paid nor any other information deemed by the Tax Commissioner to be confidential.

Under penalty of law for false swearing (West Virginia Code, §61-5-3), Bidder hereby certifies that this certificate is true and accurate in all respects; and that if a contract is issued to Bidder and if anything contained within this certificate changes during the term of the contract, Bidder will notify the Purchasing Division in writing immediately.

Bidder: AIT Laboratories Signed: [Signature]
Date: 7/21/2010 Title: Director, Revenue Mgmt

*Check any combination of preference consideration(s) indicated above which you are entitled to receive.
