WHEN RESPONDING TO RFQ, INSERT NAME AND ADDRESS IN SPACE ABOVE LABELED 'VENDOR'

GENERAL TERMS & CONDITIONS REQUEST FOR QUOTATION (RFQ) AND REQUEST FOR PROPOSAL (RFP)

1. Awards will be made in the best interest of the State of West Virginia.
2. The State may accept or reject in part, or in whole, any bid.
3. Prior to any award, the apparent successful vendor must be properly registered with the Purchasing Division and have paid the required \$125 fee.
4. All services performed or goods delivered under State Purchase Order/Contracts are to be continued for the term of the Purchase Order/Contracts, contingent upon funds being appropriated by the Legislature or otherwise being made available. In the event funds are not appropriated or otherwise available for these services or goods this Purchase Order/Contract becomes void and of no effect after June 30.
5. Payment may only be made after the delivery and acceptance of goods or services.
6. Interest may be paid for late payment in accordance with the *West Virginia Code*.
7. Vendor preference will be granted upon written request in accordance with the *West Virginia Code*.
8. The State of West Virginia is exempt from federal and state taxes and will not pay or reimburse such taxes.
9. The Director of Purchasing may cancel any Purchase Order/Contract upon 30 days written notice to the seller.
10. The laws of the State of West Virginia and the *Legislative Rules* of the Purchasing Division shall govern the purchasing process.
11. Any reference to automatic renewal is hereby deleted. The Contract may be renewed only upon mutual written agreement of the parties.
12. **BANKRUPTCY:** In the event the vendor/contractor files for bankruptcy protection, the State may deem this contract null and void, and terminate such contract without further order.
13. **HIPAA BUSINESS ASSOCIATE ADDENDUM:** The West Virginia State Government HIPAA Business Associate Addendum (BAA), approved by the Attorney General, is available online at www.state.wv.us/admin/purchase/vro/hipaa.htm and is hereby made part of the agreement. Provided that the Agency meets the definition of a Cover Entity (45 CFR §160.103) and will be disclosing Protected Health Information (45 CFR §160.103) to the vendor.
14. **CONFIDENTIALITY:** The vendor agrees that he or she will not disclose to anyone, directly or indirectly, any such personally identifiable information or other confidential information gained from the agency, unless the individual who is the subject of the information consents to the disclosure in writing or the disclosure is made pursuant to the agency's policies, procedures, and rules. Vendor further agrees to comply with the Confidentiality Policies and Information Security Accountability Requirements, set forth in <http://www.state.wv.us/admin/purchase/privacy/noticeConfidentiality.pdf>.
15. **LICENSING:** Vendors must be licensed and in good standing in accordance with any and all state and local laws and requirements by any state or local agency of West Virginia, including, but not limited to, the West Virginia Secretary of State's Office, the West Virginia Tax Department, and the West Virginia Insurance Commission. The vendor must provide all necessary releases to obtain information to enable the director or spending unit to verify that the vendor is licensed and in good standing with the above entities.
16. **ANTITRUST:** In submitting a bid to any agency for the State of West Virginia, the bidder offers and agrees that if the bid is accepted the bidder will convey, sell, assign or transfer to the State of West Virginia all rights, title and interest in and to all causes of action it may now or hereafter acquire under the antitrust laws of the United States and the State of West Virginia for price fixing and/or unreasonable restraints of trade relating to the particular commodities or services purchased or acquired by the State of West Virginia. Such assignment shall be made and become effective at the time the purchasing agency tenders the initial payment to the bidder.

I certify that this bid is made without prior understanding, agreement, or connection with any corporation, firm, limited liability company, partnership, or person or entity submitting a bid for the same material, supplies, equipment or services and is in all respects fair and without collusion or fraud. I further certify that I am authorized to sign the certification on behalf of the bidder or this bid.

INSTRUCTIONS TO BIDDERS

1. Use the quotation forms provided by the Purchasing Division. Complete all sections of the quotation form.
2. Items offered must be in compliance with the specifications. Any deviation from the specifications must be clearly indicated by the bidder. Alternates offered by the bidder as **EQUAL** to the specifications must be clearly defined. A bidder offering an alternate should attach complete specifications and literature to the bid. The Purchasing Division may waive minor deviations to specifications.
3. Unit prices shall prevail in case of discrepancy. All quotations are considered F.O.B. destination unless alternate shipping terms are clearly identified in the quotation.
4. All quotations must be delivered by the bidder to the office listed below prior to the date and time of the bid opening. Failure of the bidder to deliver the quotations on time will result in bid disqualifications: Department of Administration, Purchasing Division, 2019 Washington Street East, P.O. Box 50130, Charleston, WV 25305-0130
5. Communication during the solicitation, bid, evaluation or award periods, except through the Purchasing Division, is strictly prohibited (W.Va. C.S.R. §148-1-6.6).

SECTION 085113 - ALUMINUM WINDOWS (Commercial)**PART 1 - GENERAL****1.01 SECTION INCLUDES**

- A. Material: aluminum windows as on the drawings and specified in this section.
- B. Installation: labor, tools, and material needed to install aluminum windows.
- C. Glass and glazing.

1.04 SYSTEM DESCRIPTION

- A. AAMA Designation: H-HC40.
- B. Windows: 3-1/4" frame depth; extruded aluminum with integral structural thermal break made with glass-reinforced nylon strips installed by the window manufacturer in the frame and sash members; flange frame; exterior and interior finishes applied by the window manufacturer; frames and sash assembled by the window manufacturer.
- C. Configuration: single hung and single hung-to-single hung with continuous head and sill in master frame; bottom sash tilts in for glass cleaning.

- D. Glazing: exterior 2-part structural silicone; 7/8" insulating glass; interior foam-filled bulb gasket; glass description in paragraph 2.04; glazed by the window manufacturer.

1.05 PERFORMANCE REQUIREMENTS

- A. Conformance to H-HC40 specifications in AAMA/WDMA/CSA 101/I.S.2/A440-05 when tests are performed on the prescribed 60" x 99" minimum test size with the following test results:
1. Air Infiltration: not to exceed AAMA 101 standard of maximum .3 cfm/square foot when tested per ASTM E 283-04 at a static air pressure difference of 1.6 psf.
 2. Water Penetration: no uncontrolled water leakage when tested per ASTM E 547-00 at a static air pressure difference of 10 psf.
 3. Uniform Deflection: no more than L/175 when tested per ASTM E 330-02 at a static air pressure difference of 40 psf.
 4. Uniform Structural Load: no glass breakage or permanent damage to fasteners, and maximum .3% permanent deformation of the span of any frame member when tested per ASTM E 330-02 at a static air pressure difference of 60 psf.
- B. U Value Test: thermal testing per NFRC 102-04 at the prescribed 48" x 60" test size glazed with 7/8" insulating glass made with 1/8" glass with a soft coat low E coating on the #2 surface of the exterior lite, thermoplastic butyl spacer, argon gas, and 1/8" glass with a hard coat low E coating on the #4 surface of the interior lite: Standardized Thermal Transmittance to be maximum 0.37 BTU/HR/SQ.FT/°F.
- C. U Value Simulation: thermal computer simulation per NFRC 100-04, at the prescribed 48"x 60" Non-Residential Size, glazed with 7/8" insulating glass made with 1/8" clear exterior glass lite, thermoplastic butyl spacer, argon gas, and 1/8" glass with a soft coat low E coating on the #3 surface of the interior lite: Thermal Transmittance to be maximum 0.37 BTU/HR/SQ.FT/°F.
- D. Condensation Resistance Simulation: thermal computer simulation per NFRC 500-04, at the prescribed 48"x 60" Non-Residential Size, glazed with 7/8" insulating glass made with 1/8" clear exterior glass lite, thermoplastic butyl spacer, argon gas, and 1/8" glass with a soft coat low E coating on the #3 surface of the interior lite: Condensation Resistance to be minimum 51.

1.06 SUBMITTALS

- A. Shop drawings: window location chart; typical window elevations; details of assemblies, hardware, and glazing details for units glazed by window manufacturer.

- B. Product data: manufacturer's specifications and test reports from an AAMA-accredited laboratory.
- C. Samples: each specified finish for aluminum; other samples as requested.

1.07 QUALITY ASSURANCE

- A. Submit for prebid approval ten days prior to bid opening a sample window representing the bid window except for color and valid test reports from an AAMA-accredited laboratory conforming to test results in Paragraph 1.07.
- B. Acceptance will be by addendum only as no verbal approvals will be allowed.
- C. Submit bid on prequalified products in prebid written addendum. Bidder must identify manufacturer and model of product on which the bid is based.
- D. Furnish a valid AAMA "Authorization for Product Certification" indicating that the windows for the project conform to AAMA/WDMA/CSA 101/I.S.2/A440-05.
- E. Furnish visible, permanent IGCC certification labels indicating conformance to ASTM E 2190-02 on insulating glass units.
- F. Furnish visible, permanent SGCC certification labels indicating conformance to ANSI Z97.1-04 and/or 16 CFR 1201 on tempered glass lites, if included on the project, and laminated glass lites, if included on the project.
- G. Manufacturer's warranties:
 1. Windows: warrant for one year against defects in material or workmanship under normal use.
 2. Insulating glass units: warrant seal for five years against visual obstruction from film formation or moisture collection between internal glass surfaces, excluding that caused by glass breakage or abuse.

Paint finish: PPG Acrynar FX™ organic finish conforming to AAMA 2604-05: warrant for ten years against chipping, peeling, cracking, chalking, or fading.

- 1.08 DELIVERY, STORAGE, AND HANDLING - Handle and protect windows and accessories in accordance with AAMA CW-10-04 until project completion.

PART 2 - PRODUCTS

2.01 MANUFACTURERS

- A. TRACO NX-541 Single Hung Tilt Thermal Aluminum Window or equal

- B. Other acceptable manufacturers who have demonstrated a successful history of manufacturing for 5 years equivalent products meeting the thermal performance and be an AAMA certified product:

2.02 MATERIALS

- A. Aluminum extrusions: extruded by the window manufacturer from commercial quality 6063-T5 alloy; free from defects impairing strength and durability.
- B. Hardware: black zinc die cast sweep lock - one per window up to 32" window width, two on wider windows; two zinc pivot bars per sash - pivot bars engage balance shoes when sash are tilted parallel to the floor; two black nylon finger custodial tilt releases per sash – releases are spring-loaded for safety by automatically engaging the frame jamb when the sash are in their normal vertical position.
- C. Weatherstrip: secured in extruded ports; double rows on sash perimeters: pile conforming to AAMA 701/702-04 with polypropylene center fin.
- D. Balances: constant force conforming to AAMA 902-07 Class 2 with capacity to hold sash stationary and permit them to operate freely; nylon balance shoes which lock when sash are tilted to prevent sash travel.
- E. Insect screens: half; held in exterior tracks with stainless steel leaf springs; 5/16" x 1-1/2" x .045" extruded tubular aluminum frame with same finish as window; corners mitered, gusset reinforced, and crimped; 18 x 16 dark aluminum mesh; PVC spline.

2.03 FABRICATION

- A. Frame: head and sill coped and fastened to jambs with two stainless steel screws per corner; frame sill has two weep holes covered with weep covers for drainage; corners sealed by window manufacturer with sealant conforming to AAMA 800-07.
- B. Sash: tubular horizontal sash rails coped and fastened to double-tubular vertical sash stiles with a telescope-design joint secured with one stainless steel screw per corner; corners sealed by window manufacturer with sealant conforming to AAMA 800-07.
- C. Sash design: continuous extruded lift rail on bottom sash interior; mechanical meeting rail interlock.

2.04 INSULATING GLASS UNITS

A. Materials

- 1. Spacer: extruded thermoplastic butyl with integrated desiccant.

2. Spacer color: black.
3. Secondary seal: silicone.
4. Airspace fill: plain argon.

B. Performance

1. Dual-seal durability: conformance to ASTM E 2190-02; visible, permanent IGCC certification label on air spacer.

C. Exterior glass lite

1. Thickness: 1/8".
2. Tint: clear.
3. Type: [tempered.
4. Coating: PPG Solarban 60 soft coat low E on #2 surface.

D. Interior glass lite

1. Thickness: 1/8".
2. Tint: clear.
3. Type: tempered.

2.05 FINISH ON EXTERIOR ALUMINUM EXTRUSIONS

- A. Application: on clean extrusions free from serious surface blemishes; on exposed surfaces visible when installed product's operating sash are closed.
- B. Coating: PPG Acrynar FX™ with resin containing 50% fluoropolymer; thermosetting; alternative finishes will not be acceptable.
- C. Quality standard: conforming to AAMA 2604-05, including 5 years Florida exposure and 3000 hours humidity tests.
- D. Pretreatment: five-stage; zinc chromate conversion coating.
- E. Application: electrostatic spray and oven bake by approved applicator.
- F. Coating quantity: minimum one primer coat and one color coat.

- G. Dry film thickness: minimum 1.2 mils on exposed surfaces, except inside corners and channels.
- H. Color: chosen from manufacturer's standards.

2.06 FINISH ON INTERIOR ALUMINUM EXTRUSIONS

- A. Application: on clean extrusions free from serious surface blemishes; on exposed surfaces visible when installed product's operating sash are closed.
- B. Coating: PPG Duracron™ with acrylic resin; thermosetting.
- C. Quality standard: conforming to AAMA 2603-02, including 1 year Florida exposure and 1500 hours humidity tests.
- D. Pretreatment: five-stage; zinc chromate conversion coating.
- E. Application: electrostatic spray and oven bake by approved applicator.
- F. Coating quantity: one color coat.
- G. Dry film thickness: minimum .8 mils on exposed surfaces, except inside corners and channels.
- H. Color: chosen from manufacturer's standards..

2.07 INSTALLATION ACCESSORIES

- A. Material: extruded aluminum; nominal .062" wall; with exposed surfaces finished to match window color and finish performance; concealed fasteners; required weatherseals; designed for unrestricted expansion and contraction.
- B. Exterior: extruded angle at the sill, finish and color to match exterior of window.
- C. Interior: two-piece snap trim and trim clip
- D. Mullions: vertical three-piece mullion with nylon strip thermal break.

PART 3 - EXECUTION

3.01 PREPARATION - Prepare openings to be in tolerance, plumb, level, provide for secure anchoring, and in accordance with approved shop drawings.

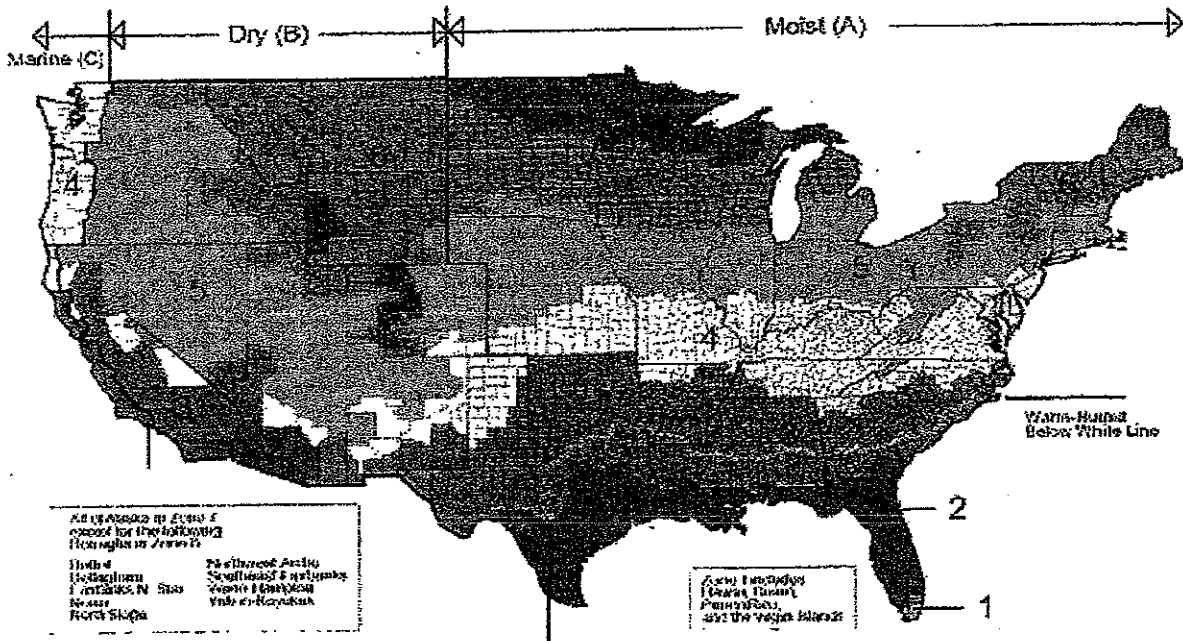

3.02 INSTALLATION

- A. Install windows in accordance with window manufacturer's recommendations and dealer's approved shop drawings with skilled craftspeople who have demonstrated a successful history of installing windows for 10 years.

- B. Provide required support and securely fasten and set windows plumb, square, and level without twist or bow.
 - C. Apply sealant per sealant manufacturer's recommendations at joints, wipe off excess, and leave exposed sealant surfaces clean and smooth.
- 3.03 ADJUSTING AND CLEANING - Adjust windows as necessary for smooth and weathertight operation, and leave windows clean and free of construction debris.

PROJECTS FUNDED BY THE AMERICAN RECOVERY AND REINVESTMENT ACT OF 2009 AND ADMINISTERED BY THE OFFICE OF ENERGY EFFICIENCY AND RENEWABLE ENERGY NOTICE

EFFECTIVE DATE: December 17, 2009

SUBJECT: GUIDANCE ON THE BUY AMERICAN PROVISIONS AS APPLIED TO ENERGY EFFICIENCY AND RENEWABLE ENERGY PROJECTS FUNDED BY THE AMERICAN RECOVERY AND REINVESTMENT ACT OF 2009 AND ADMINISTERED BY THE OFFICE OF ENERGY EFFICIENCY AND RENEWABLE ENERGY

PURPOSE: Provides guidance to financial assistance recipients regarding Buy American Recovery Act provisions under projects funded by the American Recovery and Reinvestment Act of 2009 and administered by the Office of Energy Efficiency and Renewable Energy (EERE).

As of the date of this letter the Department of Energy (DOE) has not issued any category waivers or any waivers for a particular project. If DOE issues any waivers to the Buy American Recovery Act provisions, they will be published in the *Federal Register* and otherwise made available through the DOE website and Project and Contracting Officers.

SCOPE: The provisions of this guidance apply to all recipients, sub-recipients and contractors working on projects using Recovery Act funding. The Buy American Recovery Act provisions only apply to projects funded under the Recovery Act for the construction, alteration, maintenance or repair of a public building or public work. The guidance below is designed to help applicants and recipients determine if their Recovery Act funded project is for the construction, alteration, maintenance or repair of a public building or public work¹.

GUIDANCE: The Buy American provision in the American Recovery and Reinvestment Act of 2009 (section 1605 of Title XVI), provides that, subject to three listed exceptions, none of the funds appropriated or otherwise made available by the Act may be used for a project for the construction, alteration, or repair of a public building or public work unless all the iron, steel, and manufactured goods used are produced in the

¹ For example, if Recovery Act funded projects under the State Energy Efficient Appliance Rebate Program (SEEARP) are not for the construction, alteration, maintenance or repair of a public building or public work, the Buy American Recovery Act provisions would not apply.

Energy Efficiency and Renewable Energy Notice
Page 2

United States. The law also requires that this prohibition be applied in a manner consistent with U.S. obligations under international agreements.

Definitions:

An alteration is defined as a limited construction project for an existing building that comprises the modification or replacement of one or a number of existing building systems or components. Alteration means remodeling, improving, extending, or making other changes to a facility, exclusive of maintenance repairs that are preventive in nature. The term includes planning, engineering, architectural work, and other similar actions.

Public building or public work means a public building of, and a public work of, a governmental entity (the United States; the District of Columbia; commonwealths, territories, and minor outlying islands of the United States; State and local governments; and multi-State, regional, or interstate entities which have governmental functions). These buildings and works may include, without limitation, bridges, dams, plants, highways, parkways, streets, subways, tunnels, sewers, mains, power lines, pumping stations, heavy generators, railways, airports, terminals, docks, piers, wharves, ways, lighthouses, buoys, jetties, breakwaters, levees, and canals, and the construction, alteration, maintenance, or repair of such buildings and works.

Indian tribes are also considered governmental entities for the purpose of defining "public building or public work" and are therefore subject to the Buy American provisions of the Recovery Act.

A manufactured good is defined as a good brought to the construction site for incorporation into the public building or work that has been processed into a specific form and shape or combined with other materials to create a material that has a different property than the individual raw materials. For example, trees cut down to a 2x4 lumber used to frame a structure would be subject to the Recovery Act Buy American provisions. Similarly, copper piping used to plumb a building would be covered. Other types of manufactured goods that are attached to or fixed to real property (fixtures) are also subject to the provision. Each item must be reviewed separately by DOE to make this determination.

There is no requirement with regard to the origin of components or subcomponents in manufactured goods used in a project, as long as the manufacturing occurs in the United States. (See 2 CFR 176.70(a)(2)(ii).

Determining whether the Buy American provisions under the Recovery Act apply to a particular project will depend on the specific details of an applicant/recipient's project. Once it is determined that the project is for the construction, alteration, maintenance or repair of a public building or public work, then all of the iron, steel and manufactured goods used in the project must be produced in the United States unless one of the three listed exceptions applies and DOE issues a waiver, or a recipient can legally avail itself of the U.S.'s obligations under international agreements.

RECOVERY ACT EXCEPTIONS TO SECTION 1605: The Recovery Act provides three exceptions.

1. The first exception is that applying the Buy American Recovery Act provisions would be inconsistent with the public interest.

The definition of "inconsistent with public interest" shall be interpreted by DOE on a case-by-case basis when considering waiver requests.

2. The second exception is that the iron, steel and relevant manufactured goods are not produced in the United States in sufficient and reasonably available quantities and of a satisfactory quality ("Nonavailability").

The definitions of "sufficient and reasonably available quantities" and "of a satisfactory quality" shall be interpreted by DOE on a case-by-case basis when considering waiver requests. Applicants and recipients who would like to request a waiver of the Buy American requirements for their project based on its nonavailability, should prepare their request in accordance with the instructions provided in CFR 176.140(c), and summarized below.

3. The third exception is that the inclusion of iron, steel, and manufactured goods produced in the United States will increase the cost of the overall project by more than 25 percent ("Unreasonable Cost").

The definitions of "sufficient and reasonably available quantities" and "of a satisfactory quality" shall be interpreted by DOE on a case-by-case basis when considering waiver requests.

Applicants and recipients who would like to request a waiver of the Buy American requirements for their project based on unreasonable cost, should prepare their request in accordance with the instructions provided in CFR 176.140(c) and (d) and 176.160(c) and (d), summarized below.

RECOVERY ACT BUY AMERICAN REQUIREMENTS FOR INFORMATION NEEDED FROM FINANCIAL ASSISTANCE APPLICANTS/RECIPIENTS FOR WAIVER REQUESTS BASED ON UNREASONABLE COST OR

NONAVAILABILITY: This section provides specific guidance on the unreasonable cost and nonavailability exceptions. This section does not cover requirements for the public interest exception because there are no statutory or regulatory standards for seeking or granting such a request. DOE will consider all requests for a waiver based on public interest on a case-by-case basis.

Applicants and recipients who would like to request a waiver of the Buy American requirements for their project based on unreasonable cost or nonavailability should prepare their request in accordance with the instructions below. Requests for waivers

Energy Efficiency and Renewable Energy Notice
Page 4

based on unreasonable cost or nonavailability should be submitted to the DOE award official, who is the Project Officer assigned to the award in the Award Assistance Agreement. If a Project Officer has not been assigned at the time of the request submission, the request should be submitted to the Contracting Officer for the program under which the award is anticipated. In order to identify the name of the responsible Contracting Officer, applicants should contact the Point of Contact for the Department listed in the Funding Opportunity Announcement (FOA). The Project Officer or Contracting Officer will work with the Buy American coordinator at DOE Headquarters to determine whether to recommend approval of an application for a waiver to the Assistant Secretary of Energy for Energy Efficiency and Renewable Energy.

Certain items have already been determined to be domestically nonavailable on a class basis. They are listed at 48 C.F.R. 25.104(a). If a request includes such items, the applicant should indicate which items are on this list in the request.

General: This information is required for all requests for waivers of the Buy American requirements of the Recovery Act for financial assistance. [Section 1605 of the Recovery Act and 2 CFR 176.140(c) & 176.160(c)]

- Description of foreign and domestic construction materials—[See 2 CFR 176.140(c)(A) & .160(c)(A)]
- Unit of measure—[See 2 CFR 176.140(c)(B) & .160(c)(B)]
- Quantity—[See 2 CFR 176.140(c)(C) & .160(c)(C)]
- Cost—[See 2 CFR 176.140(c)(D) & .160(c)(D)]
- Price/Time of delivery or availability—[See 2 CFR 176.140(c)(E) & .160(c)(E)]
- Location of construction project—[See 2 CFR 176.140(c)(F) & .160(c)(F)]
- Name and address of proposed supplier—[See 2 CFR 176.140(c)(G) & .160(c)(G)]
- Detailed justification for the use of foreign construction materials—[See 2 CFR 176.140(c)(H) & .160(c)(H)]
- Assistance recipient made good faith effort to solicit bids for domestic construction materials/manufactured goods as demonstrated by language in requests for proposals, contracts, and communications w/prime contractor [Section 1605 of the Recovery Act]

Unreasonable Cost: This section lists categories of information required for waivers based on unreasonable cost of domestic construction materials or manufactured goods. The cost of domestic iron, steel, and/or manufactured goods used in the project is

Energy Efficiency and Renewable Energy Notice
Page 5

unreasonable when the cumulative cost of such material will increase the overall cost of the project by more than 25 percent. If an applicant is requesting a waiver based on unreasonable cost of domestic construction materials or manufactured goods, the request should include the following information. [See 2 CFR 176.140(b)(3)(i) & 176.140(d)]

If an item on this list is not relevant to the request, please explain the reason for this in the request.

- Price comparison worksheet
- Relevant excerpts from the bid documents used by the contractors to complete the price comparison worksheet
- Supporting documentation indicating the contractor made a reasonable survey of the market, such as a description of the process for identifying suppliers and a list of contacted suppliers

Nonavailability: This section lists categories of information required for waivers based on nonavailability. Nonavailability means that the iron, steel, and/or manufactured good is not produced or manufactured in the United States in sufficient and reasonably available commercial quantities of a satisfactory quality. If an applicant is requesting a waiver based on nonavailability, the following documentation is necessary to demonstrate the available quantity and or quality of the material for which the waiver is requested [See 2 C.F.R. 176.140(b)(3)(ii)]. If an item on this list is not relevant to the request, please explain the reason for this in the request.

- Supplier information or pricing information from a reputable supplier of domestic supplies indicating availability/delivery date for materials
- Documentation of assistance recipient's efforts to find available domestic sources such as a description of the process for identifying suppliers and a list of contacted suppliers
- Project schedule (timeline)
- Relevant excerpts from project plans, qualifications, and permits indicating the required quantity and quality of construction materials
- Statement from the prime contractor confirming the non-availability of domestic construction materials for which the waiver is sought

U.S. OBLIGATIONS UNDER INTERNATIONAL AGREEMENTS: If a recipient can legally avail itself of the U.S.'s obligations under international agreements, it is possible that the iron, steel or manufactured good can be treated as domestic. This

Energy Efficiency and Renewable Energy Notice
Page 6

obligation only applies to projects with an estimated value of \$7.4M or more and to projects that are not specifically excluded from the application of those agreements.

If the applicant or recipient is covered by an international agreement [Appendix to Subpart B of 2 C.F.R. 176], and, under the applicable conditions of that international agreement, the iron, steel, and/or manufactured goods are treated the same as domestic products, no waiver is needed to utilize those products.

Eligible recipients, entities covered, and relevant international agreements are listed in the Appendix to Subpart B of 2 CFR 176. Recipients should consult their own legal counsel to determine compliance with the international agreements. DOE is not authorized to determine compliance with the international agreements. Recipients should document their files with evidence of compliance with the international agreements to comply with audit requirements.

It is important to note, as the Appendix indicates, many states have exceptions to the trade agreements depending upon the items to be purchased or the state sub-entity making the purchase. Determining whether an international agreement applies is a complicated task. As such, recipients should consult their legal counsel for assistance in determining whether or not an international agreement applies in their particular case.

LATE REQUESTS: Late requests are defined as requests submitted after the recipient obligates the Recovery Act funds. If the recipient submits a late request for a determination regarding the inapplicability of section 1605 of the Recovery Act (Buy American) after obligating Recovery Act funds (e.g. after the signing of a construction contract), the recipient must also include an explanation of why the request was submitted at that late date. Specifically, the recipient must explain why it could not request the determination before making the obligation or why the need for such determination was not reasonably foreseeable. If the late request is based on lack of reasonably foreseeable circumstances, the recipient should provide sufficient documentation to establish the circumstance were unforeseeable.

CONCLUSION: As stated in the Terms and Conditions of award, recipients must comply with the Buy American Provisions of the American Recovery and Reinvestment Act. This guidance aims to clarify Buy American Recovery Act provisions. Buy American Recovery Act provisions only apply to funds used for a project for the construction, alteration, maintenance or repair of a public building or public work. Determining whether the Buy American provisions under the Recovery Act apply to a particular project will depend on the specific details of an applicant/recipient's project. Once it is determined that the project is for the construction, alteration, maintenance or repair of a public building or public work, then all of the iron, steel and manufactured goods used in the project must be produced in the United States unless one of the three listed exceptions applies and DOE issues a waiver, or a recipient can legally avail itself of the U.S.'s obligations under international agreements As of the date of this letter the

Energy Efficiency and Renewable Energy Notice
Page 7

Department of Energy (DOE) has not issued any category waivers or any waivers for a particular project.

Applicants and recipients who have questions about the Buy American Recovery Act requirements as it applies to an award made or pending to them from a program within the DOE's Office of Energy Efficiency and Renewable Energy should submit them to this e-mail box: buyamerican@ee.doe.gov. Applicants and recipients who want to submit a request for a waiver should submit them to their Project or Contracting Officer, who will work with the Buy American coordinator at DOE Headquarters to process the waivers in a timely fashion.

Additional guidance is contained in the **Department of Energy Acquisition and Financial Assistance Guide for the American Recovery and Reinvestment Act of 2009**, located at: http://management.energy.gov/policy_guidance/1672.htm

BID BOND

KNOW ALL MEN BY THESE PRESENTS, That we, the undersigned, Danhill Construction Company
of Gauley Bridge, West Virginia, as Principal, and Colonial Surety Co.
of Montvale, New Jersey, a corporation organized and existing under the laws of the State of
NJ with its principal office in the City of Montvale, as Surety, are held and firmly bound unto the State
of West Virginia, as Obligee, in the penal sum of 5 % Of Bid Amount (\$ 5%) for the payment
of which, well and truly to be made, we jointly and severally bind ourselves, our heirs, administrators, executors, successors and
assigns.

The Condition of the above obligation is such that whereas the Principal has submitted to the Purchasing Section of the
Department of Administration a certain bid or proposal, attached hereto and made a part hereof, to enter into a contract in writing for
Remove and replace windows at Denmar Correctional Center

NOW THEREFORE,

- (a) If said bid shall be rejected, or
- (b) If said bid shall be accepted and the Principal shall enter into a contract in accordance with the bid or proposal attached
hereto and shall furnish any other bonds and insurance required by the bid or proposal, and shall in all other respects perform the
agreement created by the acceptance of said bid, then this obligation shall be null and void, otherwise this obligation shall remain in full
force and effect. It is expressly understood and agreed that the liability of the Surety for any and all claims hereunder shall, in no event,
exceed the penal amount of this obligation as herein stated.

The Surety, for the value received, hereby stipulates and agrees that the obligations of said Surety and its bond shall be in no
way impaired or affected by any extension of the time within which the Obligee may accept such bid, and said Surety does hereby
waive notice of any such extension.

IN WITNESS WHEREOF, Principal and Surety have hereunto set their hands and seals, and such of them as are corporations
have caused their corporate seals to be affixed hereunto and these presents to be signed by their proper officers, this
12th day of August, 20 10.

COLONIAL SURETY COMPANY

Duncannon, Pennsylvania
Administrative Office: 50 Chestnut Ridge Road, Montvale, New Jersey 07645

GENERAL POWER OF ATTORNEY

Know all Men by These Presents, That COLONIAL SURETY COMPANY, a corporation duly organized and existing under the laws of the Commonwealth of Pennsylvania and having an administrative office in Montvale, Bergen County, NJ does by these presents make, constitute and appoint Gauley Bridge

WV Wayne Nunziata or Anthony J. Cimasko or Frederick S. Gallo of Montvale and the State of New Jersey its true and lawful Attorney(s)-in-Fact, with full power and authority hereby conferred in its name, place and stead, to execute, acknowledge and deliver.

Any and All Bonds

and to bind the Company thereby as fully and to the same extent as if such bonds were signed by the President, sealed with the corporate seal of the Company and duly attested by its Secretary, hereby ratifying and confirming all that the said Attorney(s)-in-Fact may do in the premises. Said appointment is made under and by authority of the following resolution adopted by the Board of Directors of the Colonial Surety Company at a meeting held on the 25th day of July, 1950.

Be it Resolved, that the President, any Vice-President, any Secretary or any Assistant Secretary shall be and is hereby vested with full power and authority to appoint any one or more suitable persons as Attorney(s)-in-Fact to represent and act for and on behalf of the Company subject to the following provisions:

Section I. Attorney-in-Fact. Attorney-in-Fact may be given full power and authority for and in the name of and on behalf of the Company, to execute, acknowledge and deliver, any and all bonds, recognizances, contracts, agreements of indemnity and other conditional or obligatory undertakings and any and all notices and documents canceling or terminating the Company's liability thereunder, and any such instruments so executed by any such Attorney-in-Fact shall be binding upon the Company as if signed by the President and sealed and attested by the Corporate Secretary.

In Witness Whereof, Colonial Surety Company has caused these presents to be signed by its President and its corporate seal to be hereto affixed the 2nd day of June, A.D., 2010.

STATE OF WEST VIRGINIA
Purchasing Division

PURCHASING AFFIDAVIT

West Virginia Code §5A-3-10a states: No contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and the debt owed is an amount greater than one thousand dollars in the aggregate.

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Debtor" means any individual, corporation, partnership, association, limited liability company or any other form or business association owing a debt to the state or any of its political subdivisions. "Political subdivision" means any county commission; municipality; county board of education; any instrumentality established by a county or municipality; any separate corporation or instrumentality established by one or more counties or municipalities, as permitted by law; or any public body charged by law with the performance of a government function or whose jurisdiction is coextensive with one or more counties or municipalities. "Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceeds five percent of the total contract amount.

EXCEPTION: The prohibition of this section does not apply where a vendor has contested any tax administered pursuant to chapter eleven of this code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

Under penalty of law for false swearing (*West Virginia Code §61-5-3*), it is hereby certified that the vendor affirms and acknowledges the information in this affidavit and is in compliance with the requirements as stated.
