WHEN RESPONDING TO RFQ, INSERT NAME AND ADDRESS IN SPACE ABOVE LABELED 'VENDOR'

GENERAL TERMS & CONDITIONS REQUEST FOR QUOTATION (RFQ) AND REQUEST FOR PROPOSAL (RFP)

1. Awards will be made in the best interest of the State of West Virginia.
 2. The State may accept or reject in part, or in whole, any bid.
 3. Prior to any award, the apparent successful vendor must be properly registered with the Purchasing Division and have paid the required \$125 fee.
 4. All services performed or goods delivered under State Purchase Order/Contracts are to be continued for the term of the Purchase Order/Contracts, contingent upon funds being appropriated by the Legislature or otherwise being made available. In the event funds are not appropriated or otherwise available for these services or goods this Purchase Order/Contract becomes void and of no effect after June 30.
 5. Payment may only be made after the delivery and acceptance of goods or services.
 6. Interest may be paid for late payment in accordance with the *West Virginia Code*.
 7. Vendor preference will be granted upon written request in accordance with the *West Virginia Code*.
 8. The State of West Virginia is exempt from federal and state taxes and will not pay or reimburse such taxes.
 9. The Director of Purchasing may cancel any Purchase Order/Contract upon 30 days written notice to the seller.
 10. The laws of the State of West Virginia and the *Legislative Rules* of the Purchasing Division shall govern the purchasing process.
 11. Any reference to automatic renewal is hereby deleted. The Contract may be renewed only upon mutual written agreement of the parties.
 12. **BANKRUPTCY:** In the event the vendor/contractor files for bankruptcy protection, the State may deem this contract null and void, and terminate such contract without further order.
 13. **HIPAA BUSINESS ASSOCIATE ADDENDUM:** The West Virginia State Government HIPAA Business Associate Addendum (BAA), approved by the Attorney General, is available online at www.state.wv.us/admin/purchase/vrc/hipaa.htm and is hereby made part of the agreement. Provided that the Agency meets the definition of a Cover Entity (45 CFR §160.103) and will be disclosing Protected Health Information (45 CFR §160.103) to the vendor.
 14. **CONFIDENTIALITY:** The vendor agrees that he or she will not disclose to anyone, directly or indirectly, any such personally identifiable information or other confidential information gained from the agency, unless the individual who is the subject of the information consents to the disclosure in writing or the disclosure is made pursuant to the agency's policies, procedures, and rules. Vendor further agrees to comply with the Confidentiality Policies and Information Security Accountability Requirements, set forth in <http://www.state.wv.us/admin/purchase/privacy/noticeConfidentiality.pdf>.
 15. **LICENSING:** Vendors must be licensed and in good standing in accordance with any and all state and local laws and requirements by any state or local agency of West Virginia, including, but not limited to, the West Virginia Secretary of State's Office, the West Virginia Tax Department, and the West Virginia Insurance Commission. The vendor must provide all necessary releases to obtain information to enable the director or spending unit to verify that the vendor is licensed and in good standing with the above entities.
 16. **ANTITRUST:** In submitting a bid to any agency for the State of West Virginia, the bidder offers and agrees that if the bid is accepted the bidder will convey, sell, assign or transfer to the State of West Virginia all rights, title and interest in and to all causes of action it may now or hereafter acquire under the antitrust laws of the United States and the State of West Virginia for price fixing and/or unreasonable restraints of trade relating to the particular commodities or services purchased or acquired by the State of West Virginia. Such assignment shall be made and become effective at the time the purchasing agency tenders the initial payment to the bidder.
- I certify that this bid is made without prior understanding, agreement, or connection with any corporation, firm, limited liability company, partnership, or person or entity submitting a bid for the same material, supplies, equipment or services and is in all respects fair and without collusion or fraud. I further certify that I am authorized to sign the certification on behalf of the bidder or this bid.

INSTRUCTIONS TO BIDDERS

1. Use the quotation forms provided by the Purchasing Division. Complete all sections of the quotation form.
2. Items offered must be in compliance with the specifications. Any deviation from the specifications must be clearly indicated by the bidder. Alternates offered by the bidder as **EQUAL** to the specifications must be clearly defined. A bidder offering an alternate should attach complete specifications and literature to the bid. The Purchasing Division may waive minor deviations to specifications.
3. Unit prices shall prevail in case of discrepancy. All quotations are considered F.O.B. destination unless alternate shipping terms are clearly identified in the quotation.
4. All quotations must be delivered by the bidder to the office listed below prior to the date and time of the bid opening. Failure of the bidder to deliver the quotations on time will result in bid disqualifications: Department of Administration, Purchasing Division, 2019 Washington Street East, P.O. Box 50130, Charleston, WV 25305-0130
5. Communication during the solicitation, bid, evaluation or award periods, except through the Purchasing Division, is strictly prohibited (W.Va. C.S.R. §148-1-6.6).

WHEN RESPONDING TO RFQ, INSERT NAME AND ADDRESS IN SPACE ABOVE LABELED 'VENDOR'

West Virginia Division of Corrections

COR61437

Scope:

Vendor/Contractor shall provide all, labor, material, equipment, supervision and other necessary incidentals to provide thorough inspection, testing, and maintenance, as well as repairs and replacement when necessary, on all fire safety equipment at all WV Division of Corrections facilities located on the attached bid forms. The inspections, tests, and maintenance **must** be done to meet all federal and state laws.

The vendor will provide replacement parts, programming services on proprietary systems, and or subcontract work upon request of the institution at a cost plus not to exceed **10%** markup. All parts receipts are to be submitted with the vendor invoice showing the original price, and the percentage markup.

Objectives:

To insure all Life Safety Systems located at all West Virginia Division of Correctional facilities located throughout the state, which are listed on the bid forms are functioning in accordance with NFPA (National Fire Protection Association) codes and standards as well as all West Virginia State Codes.

To insure all Life Safety Equipment is performing as designed to protect the well being of the occupants of all Division of Corrections buildings.

Contractor Minimum Qualifications and Requirements:

1. Lead Technician **must** be NICET Level Two or higher (National Institute for Certification In Engineering Technology)
2. All others **must** have a minimum of Low voltage license or higher
3. Must have West Virginia contractors' license
4. Technicians **must** be factory trained.
5. Bidding vendors shall possess at least (5) five years of documented experience performing Inspection and Testing of Life Safety Systems and provide proof of such by supplying a list of at least five references of similar size systems, upon request.
6. A subcontracted third party may be used to perform any or all inspection and testing activities. However, the bidding vendor listed will assume any and all liabilities for acts and omissions of its employees and agents (subcontractors.)
7. The vendor will be responsible for selecting supervising, and compensating all individuals employed pursuant to the terms of the contract. Neither the vendor nor any employees or subcontractors of the vendor shall be deemed to be employees of the State for any purposes whatsoever.

8. The wages and salaries, taxes, withholding payments, penalties, fees, fringe benefits, professional liability insurance premiums, contributions to insurance and pension or other deferred obligations, and licensing fees, etc., and the filing of all necessary documents, forms and returns pertinent to all of the foregoing are the vendor's responsibility.
9. Vendor, or vendor's sub-contractor shall possess and furnish documentation displaying manufacturer certification and training on the following systems upon request:
 - Fire Alarm Systems – GE Security-EST, Simplex, or similar systems
 - Nurse Call Systems – Rauland, Tektone, or similar systems
 - Online Site Reporting Systems per attached specifications
10. Vendor shall provide proof of the proper certification for personnel conducting work on behalf of the vendor to perform the work specified in this Request for Quotation, upon request. Copies of all pertinent Factory, State, and Federal Licenses and certifications should be included with vendors bid response, and shall be submitted within 3 working days upon request .
11. Inspections and Testing **must** be done at regular business times, 8:00AM –4:00PM.
12. Inspection and Testing results **must** be bar coded and accessible from an online site in the Builder's report format.
13. Vendor is responsible for all special equipments needed.
14. Kitchen suppression must be scheduled in advance in agreement and cooperation of the facility management.
15. **CONTRACT AWARD(S)**: The West Virginia Division of Corrections will award a contract per region as described below. A vendor can win and be awarded multiple regions.

Region 1: Northern Correctional Facility; Ohio County Correctional Center; St Marys Correctional Center ; Pruntytown Correctional Center

Region 2: Martinsburg Correctional Center

Region 3: Lakin Correctional Center; Charleston Correctional Center; Huntington Work Release

Region 4: Mount Olive Correctional Complex; Beckley Correctional Center; Anthony Correctional Center; Denmark Correctional Center; Huttonsville Correctional Center

Optional site visits:

Vendors are responsible for optional site visits. To coordinate site visits, please contact:

Re: RFQ Number COR61437

- 1) SimplexGrinnell submits this bid with the understanding that it is a test and inspect contract only. Per question number 3 submitted and answered in Addendum number 1, "Repair work involving part replacement is to be billed at actual cost plus markup. In case of proprietary programming issues, if a successful bidder does not have proprietary programming access, a subcontractor with such proprietary programming access shall be brought in as a subcontractor with allowable 10% markup for the prime".
- 2) Fire Alarm systems will be tested annually.
- 3) Smoke detector sensitivity testing will be included per NFPA guidelines.
- 4) Sprinkler systems will be tested quarterly.
- 5) Fire Hydrants/fire pumps/SCBA will be tested annually.
- 6) Fire Extinguishers will be tested annually.
- 7) Monthly visual inspections of fire extinguishers will be the responsibility of the owner.
- 8) Kitchen Hood systems will be tested semi-annually. Replaceable links will be billed at the cost stated in the bid document.
- 9) Nurse Call systems will be tested annually.

Re: RFQ Number COR61437

- 1) SimplexGrinnell submits this bid with the understanding that it is a test and inspect contract only. Per question number 3 submitted and answered in Addendum number 1, "Repair work involving part replacement is to be billed at actual cost plus markup. In case of proprietary programming issues, if a successful bidder does not have proprietary programming access, a subcontractor with such proprietary programming access shall be brought in as a subcontractor with allowable 10% markup for the prime".
- 2) Fire Alarm systems will be tested annually.
- 3) Smoke detector sensitivity testing will be included per NFPA guidelines.
- 4) Sprinkler systems will be tested quarterly.
- 5) Fire Hydrants/fire pumps/SCBA will be tested annually.
- 6) Fire Extinguishers will be tested annually.
- 7) Monthly visual inspections of fire extinguishers will be the responsibility of the owner.
- 8) Kitchen Hood systems will be tested semi-annually. Replaceable links will be billed at the cost stated in the bid document.
- 9) Nurse Call systems will be tested annually.

Re: RFQ Number COR61437

- 1) SimplexGrinnell submits this bid with the understanding that it is a test and inspect contract only. Per question number 3 submitted and answered in Addendum number 1, "Repair work involving part replacement is to be billed at actual cost plus markup. In case of proprietary programming issues, if a successful bidder does not have proprietary programming access, a subcontractor with such proprietary programming access shall be brought in as a subcontractor with allowable 10% markup for the prime".
- 2) Fire Alarm systems will be tested annually.
- 3) Smoke detector sensitivity testing will be included per NFPA guidelines.
- 4) Sprinkler systems will be tested quarterly.
- 5) Fire Hydrants/fire pumps/SCBA will be tested annually.
- 6) Fire Extinguishers will be tested annually.
- 7) Monthly visual inspections of fire extinguishers will be the responsibility of the owner.
- 8) Kitchen Hood systems will be tested semi-annually. Replaceable links will be billed at the cost stated in the bid document.
- 9) Nurse Call systems will be tested annually.

GENERAL TERMS & CONDITIONS REQUEST FOR QUOTATION (RFQ) AND REQUEST FOR PROPOSAL (RFP)

1. Awards will be made in the best interest of the State of West Virginia.
 2. The State may accept or reject in part, or in whole, any bid.
 3. Prior to any award, the apparent successful vendor must be properly registered with the Purchasing Division and have paid the required \$125 fee.
 4. All services performed or goods delivered under State Purchase Order/Contracts are to be continued for the term of the Purchase Order/Contracts, contingent upon funds being appropriated by the Legislature or otherwise being made available. In the event funds are not appropriated or otherwise available for these services or goods this Purchase Order/Contract becomes void and of no effect after June 30.
 5. Payment may only be made after the delivery and acceptance of goods or services.
 6. Interest may be paid for late payment in accordance with the *West Virginia Code*.
 7. Vendor preference will be granted upon written request in accordance with the *West Virginia Code*.
 8. The State of West Virginia is exempt from federal and state taxes and will not pay or reimburse such taxes.
 9. The Director of Purchasing may cancel any Purchase Order/Contract upon 30 days written notice to the seller.
 10. The laws of the State of West Virginia and the *Legislative Rules* of the Purchasing Division shall govern the purchasing process.
 11. Any reference to automatic renewal is hereby deleted. The Contract may be renewed only upon mutual written agreement of the parties.
 12. **BANKRUPTCY:** In the event the vendor/contractor files for bankruptcy protection, the State may deem this contract null and void, and terminate such contract without further order.
 13. **HIPAA BUSINESS ASSOCIATE ADDENDUM:** The West Virginia State Government HIPAA Business Associate Addendum (BAA), approved by the Attorney General, is available online at www.state.wv.us/admin/purchase/vrc/hipaa.htm and is hereby made part of the agreement. Provided that the Agency meets the definition of a Cover Entity (45 CFR §160.103) and will be disclosing Protected Health Information (45 CFR §160.103) to the vendor.
 14. **CONFIDENTIALITY:** The vendor agrees that he or she will not disclose to anyone, directly or indirectly, any such personally identifiable information or other confidential information gained from the agency, unless the individual who is the subject of the information consents to the disclosure in writing or the disclosure is made pursuant to the agency's policies, procedures, and rules. Vendor further agrees to comply with the Confidentiality Policies and Information Security Accountability Requirements, set forth in <http://www.state.wv.us/admin/purchase/privacy/noticeConfidentiality.pdf>.
 15. **LICENSING:** Vendors must be licensed and in good standing in accordance with any and all state and local laws and requirements by any state or local agency of West Virginia, including, but not limited to, the West Virginia Secretary of State's Office, the West Virginia Tax Department, and the West Virginia Insurance Commission. The vendor must provide all necessary releases to obtain information to enable the director or spending unit to verify that the vendor is licensed and in good standing with the above entities.
 16. **ANTITRUST:** In submitting a bid to any agency for the State of West Virginia, the bidder offers and agrees that if the bid is accepted the bidder will convey, sell, assign or transfer to the State of West Virginia all rights, title and interest in and to all causes of action it may now or hereafter acquire under the antitrust laws of the United States and the State of West Virginia for price fixing and/or unreasonable restraints of trade relating to the particular commodities or services purchased or acquired by the State of West Virginia. Such assignment shall be made and become effective at the time the purchasing agency tenders the initial payment to the bidder.
- I certify that this bid is made without prior understanding, agreement, or connection with any corporation, firm, limited liability company, partnership, or person or entity submitting a bid for the same material, supplies, equipment or services and is in all respects fair and without collusion or fraud. I further certify that I am authorized to sign the certification on behalf of the bidder or this bid.

INSTRUCTIONS TO BIDDERS

1. Use the quotation forms provided by the Purchasing Division. Complete all sections of the quotation form.
2. Items offered must be in compliance with the specifications. Any deviation from the specifications must be clearly indicated by the bidder. Alternates offered by the bidder as **EQUAL** to the specifications must be clearly defined. A bidder offering an alternate should attach complete specifications and literature to the bid. The Purchasing Division may waive minor deviations to specifications.
3. Unit prices shall prevail in case of discrepancy. All quotations are considered F.O.B. destination unless alternate shipping terms are clearly identified in the quotation.
4. All quotations must be delivered by the bidder to the office listed below prior to the date and time of the bid opening. Failure of the bidder to deliver the quotations on time will result in bid disqualifications: Department of Administration, Purchasing Division, 2019 Washington Street East, P.O. Box 50130, Charleston, WV 25305-0130
5. Communication during the solicitation, bid, evaluation or award periods, except through the Purchasing Division, is strictly prohibited (W.Va. C.S.R. §148-1-6.6).

ADDRESS CHANGES TO BE NOTED ABOVE

The following amendments, addenda, additions and deletions shall be made to the contract documents titled as above. Insofar as the contract documents are at variance with Addendum Number One, this Addendum shall govern. Bidders shall acknowledge receipt of the Addendum on the Bid Form included in the solicitation.

QUESTIONS & CLARIFICATIONS

- Q1: On page #6, Item #9 the third bullet mentions "Online site reporting Systems per attached specifications." Our bid packet did not contain any such attachment. Also on page #6, Item #12 it mentions Inspection and Testing results are to be in the Builder's report format. We are familiar with the "Buildingreports.com" online site and their report format. Is this what the RFQ is referring too? And would the specifications mentioned in Item #9 give details of the report format?
- A1: *The successful vendor shall use the BuildingReports.com format as the acceptable online site reporting system. See attached Fire Alarm and Life Safety System Inspection Certificate.*
- Q2: Is this a prevailing wage solicitation? Will all vendors be required to pay prevailing wage according to the areas that the facilities are located? Will a certified payroll be required of each vendor?
- A2: *Prevailing wage only applies to actual repair work, and not testing, inspections etc. Certified payroll is not required as condition for this bid or award. For additional information please contact the state Division of Labor, Wage and Hour Unit at 304-558-7850 or 749 B, Building 6, Capitol Complex, Charleston, WV 25305.*

- Q3:** Page (5), Scope, Paragraph #2, Can you explain what is meant by “The vendor will provide replacement parts, programming.....” It allows for a cost +10% markups. Therefore, is the cost being provided to cover only the inspections and any additional service work will be invoiced at an additional rate, or is this contract an all inclusive offering? Are we to underwrite all of the systems including the sprinklers? On, each bid tabulation it calls out a labor rate and anticipated quantity of hours, therefore is all labor and material invoiced at the bid labor rate + 10% mark up for parts?
- A3:** *Repair work involving part replacement is to be billed at actual cost plus markup. In case of proprietary programming issues, if a successful vendor does not have proprietary programming access, a subcontractor with such proprietary programming access shall be brought in as a subcontractor with allowable 10% markup for the prime.*
- Q4:** Page (5), Contractor minimum Qualifications, # 4, “Technicians must be factory Trained”. Only a SimplexGrinnell employed technician can hold this type of distinction as it pertains to any Simplex Fire Alarm Panel and the same is true for the GE Systems. Simplex systems are not sold via distributorships and only current employees will have this type of up to date certification data. How will this be enforced? Can the fire alarm portion be pulled out of RFQ and offered as a sole source to the respective bidders and then everything else bid separately?
- A4:** *Refer to the answer on question 3. If a successful vendor does not have proprietary access; a subcontractor with such proprietary access shall be brought in as a subcontractor with allowable 10% markup for the prime. The fire alarm portion will not be pulled out and offered as a sole source.*
- Q5:** Does the state of West Virginia recognize GSA contracts as a means to purchase goods and services. Would the state consider using GSA for this RFQ?
- A5:** *The state of West Virginia recognizes GSA contracts, but will not use GSA for this procurement. For additional information on GSA contracts, please contact: Jo Ann Adkins, Buyer Supervisor, (304) 558-8802, Jo.A.Adkins@wv.gov*
- Q6:** Does the state of West Virginia recognize any cooperative purchasing agreements, such as WSCA or neighboring state contracts, as acceptable purchasing agreements?
- A6:** *Yes, however not with this particular procurement. The intent of the state in allowing GSA/WSCA contracts is to complement not supplant local vendors. Since vibrant local competition exists for this procurement, doing anything else other than opening it for bid would be unfair. Please contact Jo Ann Adkins for additional information.*
- Q7:** Can you further define what is meant by the phrase on page (5) paragraph 2, under the title ‘scope’ which states “The inspections, tests, and maintenance must be done to meet all federal and state laws” Can you be more specific? There are

many different interpretations of what is required and what is not. This can be very confusing. It would be beneficial for all bidders to have the same interpretation from the user to determine what is required such as the frequency of inspections for Fire Alarm, Sprinkler Systems, Hood Systems, Extinguishers, etc

- a. Fire alarm systems: How often will these be tested and will sensitivity testing be included? ANNUALLY, YES
- b. Sprinkler systems: How often are they to be tested? (quarterly/semi-annually/monthly or annual) QUARTERLY
- c. Fire Hydrants/fire pumps/SCBA will be tested how often? ANNUALLY
- d. Fire Extinguishers: ANNUALLY. Is this contract only for the annual inspection and are all parts and labor included for the extinguishers? Recharges? PARTS, LABOR & RECHARGES ARE INCLUDED
- e. Fire Extinguishers: Who will be responsible for the monthly visual inspections? OWNER
- f. Kitchen Hood System: How often will these be inspected and who will be responsible for the necessary repairs? SEMI ANNUALLY, VENDOR
- g. Nurse Call systems: How often are these to be inspected and are all parts for repairs to be included in the base bid? ANNUALLY

A7: *In accordance with NFPA 191 (4.3.13) National Fire Protection Association (NFPA) is the generally accepted standards applicable to federal, state, and county codes. The State Fire Marshal's Office is the authority; see Legislative Rule Title 103 Series 3.*

14.7. Necessity of NICET Certification for Fire Protection and Fire Alarm Systems.

14.7. a. No fire protection and fire alarm system maintenance, repair or inspection work may be performed, offered or engaged in for compensation or hire within the State of West Virginia by any company unless the company maintains at least one (1) employee possessing a valid certificate of competency issued by the National Institute of Certification in Engineering Technologies (NICET). All companies shall be registered with the State Fire Commission and shall provide annual information on NICET certificate holders employed by their company for the purpose of maintenance, repair or inspection activities. 14.7. b. All fire protection extinguishment devices or systems not covered in 14.7.a. shall adhere to 87CSR1 17 the following: No fire protection equipment or system installation, maintenance, repair or inspection work may be performed, offered or engaged in for compensation or hire within the State of West Virginia by any company unless the company maintains at least one (1) employee possessing a valid certificate of competency issued by the equipment or system manufacturer. All companies shall be registered with the State Fire Commission and shall provide annual information on certificate holders employed by their company for the purpose of installation, maintenance or inspection activities.

Q8: Under NICET 2 Certification, many of these services will be done by different technicians, such as sprinkler fitters, journeymen, electronic technicians, etc. Does this mean that a NICET 2 technician needs be present at all times when there is an inspection or service work that is occurring? How will this be enforced and/or verified?

- A8: *No. NICET 2 Technician does not need to be at all times. Please see attached Title 103 series West Virginia Fire Marshal Legislative Rule Supervision of Fire Protection Work for detailed guidelines and procedures required by the state of West Virginia.*
- Q9: Under the "Right to Know Act" can you tell me what you are currently paying for each of the services that you are requesting a quote for, and who is currently providing each service for each site?
- A9: The following are listing of contract numbers associated with the various Fire and Safety services at the Division of Corrections' facilities throughout the state:
LCC10-1013, moc28933-0, SMC00047B,, LCC10-0621, SMC00047A, LCC10-0166,LCC09-1129,LCC08-0001,LCO091103,HUT975A,SMC00017A,MOC17184A,MOC24306-A, LCC08-0001,
MOC25415-A,
SMC00419,SMC00026B,SMC00026A,LCF22107,HUT973A, LCC07-0498.
- Q10: To what extent is bar coding of devices required. Would a detailed NFPA approved inspection report prepared in a binder with the exact location of each device tested be sufficient?
- A10: *Bar coding sticker is mandatory and allows for easy scanning and guarantees and assures the Division of Corrections inspection was done.*
- Q11: Which, if any of the systems (fire alarm, sprinkler, kitchen hood, fire extinguishers) are to receive full coverage, to include all parts and labor as part of this agreement?
- A11: *All (Everything)*
- Q12: How will this contract be awarded? Best price or best value analysis.
- A12: *Lowest responsible and responsive bidder meeting all specifications.*
- Q13: What is the appeal process for this bid?
- A13: *Follow state purchasing procedures, rules and guidelines.*
- Q14: Does this contract cover wiring, acts of god, vandalism, water damage, below ground items, etc?
- A14: *Yes (Everything)*
- C1: Ohio County Correctional Center is hereby deleted and removed from this solicitation because the Division of Corrections is not currently responsible for

providing Fire Alarm and Life Safety System Inspections where this Facility is currently housed. Therefore, no bids would be accepted for Ohio County Correctional Center at the present location and at this time.

- C2: The Division of Corrections reserves the right to add Correctional Centers, Work Releases and other Facilities as the need arises without the need or necessity for change order. The Division of Corrections is currently expanding existing facilities and constructing additional ones and reserves the flexibility to bring these facilities onboard as needed.
- C3: The final call of how often or frequent each item, to include the detection and monitoring, and inspection services rests solely on the management of each Division of Corrections' facility. Most often facility personnel will request or schedule inspections outside of the period of times listed in question 7 in response and compliance to either the American Correctional Association or Fire Marshal's orders. Vendors are advised to

No more questions will be accepted.

**** To find information about the existing contracts mentioned in this Addendum, you may contact Beverly Toler with the archival area with the WV Purchasing Division at 304-558-2336.**

END OF ADDENDUM NUMBER 1

Fire Alarm and Life Safety System Inspection Certificate

For

Forest County Prison Bldg #3 FAS
1 Woodland Drive
Marienville, PA 16239

Tested to NFPA 72 Standards

This inspection was performed in accordance with applicable NFPA Standards. The subsequent pages of this report provide performance measurements, listed ranges of acceptable results, and complete documentation of the inspection. Whenever discrepancies exist between acceptable performance standards and actual test results, notes and/or recommended solutions have been proposed or provided for immediate review and approval.

Sound and Visual Testing

Generated by: BuildingReports.com

Building Sample Inspection Report

The Sound and Visual Testing section lists various points throughout your building where audible and visual alarm notification devices were tested. Any bar-coded audible and visual devices will appear in the Inspection and Testing section of this report. Items in this section are grouped by Passed or Failed/Other. Where specific decibel readings were recorded, they will appear under the ambient and alarm columns. The Voice column indicates whether the Sound Test Point passed the Voice Intelligibility requirements. The STI or Sound Transmission Index is shown if recorded.

Location	Date	Comment	Ambient dBS	Alarm dBS	Intelligibility Voice	STI	Sound Test

LEGISLATIVE RULE
WEST VIRGINIA FIRE MARSHAL

OFFICE WEST VIRGINIA
SECRETARY OF STATE

SERIES 3

SUPERVISION OF FIRE PROTECTION WORK

§103-3-1. General.

1.1. Scope. -- This legislative rule governs certification, fees, examinations, training, powers and duties of the West Virginia State Fire Marshal and penalties for violations in accordance with W. Va. Code §§29-3D et seq.

1.2. Authority. -- W. Va. Code §29-3D-4.

1.3. Filing Date. -- May 7, 2009

1.4. Effective Date. -- July 1, 2009

§103-3-2. Application and Enforcement.

2.1. Application. This legislative rule applies to the West Virginia State Fire Marshal and all persons, materials and transactions governed or otherwise defined under coverage of the Supervision of Fire Protection Work, W. Va. Code §29-3D et seq.

2.2. Enforcement. The enforcement of this legislative rule is vested with the West Virginia State Fire Marshal.

§103-3-3. Definitions.

3.1. "Agent Suppression System" shall mean systems discharging chemicals or gases, and as further defined in this rule by type of system.

3.2. "Certified Person" shall mean a person that has been certified by an organization recognized by the state fire marshal through a formal certification program or by an equipment manufacturer that has a certification program accepted by the state fire marshal.

3.3. "Engineered Systems" shall mean those agent suppression systems requiring individual calculation and design to determine the flow rates, nozzle pressures, pipe size, area or volume protected by each nozzle, quantities of agent, number and type of nozzles, and their placement in a specific system.

3.4. "Engineered Suppression Systems Installer" means a person certified by the respective manufacturer to install, alter, extend, maintain, layout or repair an engineered suppression system. This shall not include the

103CSR03

fabrication or installation of any associated exhaust recovery appliances such as "hoods" and exhaust pipes or plenums.

3.5. "Engineered Suppression Systems Technician" means a person certified by a manufacturer to maintain or repair an engineered suppression system. This shall not include the fabrication or installation of any associated exhaust recovery appliances such as "hoods" and exhaust pipes or plenums.

3.6. "Fire Protection Technician" means the following technicians required to be licensed under the provisions of this rule: portable fire extinguisher technician, pre-engineered suppression systems technician, and sprinkler-based fire protection layout technician.

3.7. Fire Protection Worker means a person engaged in the installation, alteration, extension, maintenance, or testing of all piping, materials and equipment inside a building, including the use of shop drawings prepared by a fire protection layout technician, in connection with the discharge of water, other special fluids, chemicals or gases and backflow preventers for fire protection for the express purpose of extinguishing or controlling fire. Fire protection worker includes journeyman sprinkler fitter, sprinkler fitter in training, portable fire extinguisher technician, pre-engineered suppression systems installer, pre-engineered suppression systems technician, and sprinkler-based fire protection layout technician.

3.8. "Journeyman Sprinkler Fitter" means a person qualified by at least ten thousand (10,000) hours of work experience installing, adjusting, repairing sprinkler based fire protection systems and piping for engineered systems; and who is competent to instruct and supervise the fire protection work of a sprinkler fitter in training.

3.9. "Layout" shall mean the preparation of shop drawings used in the installation of fire protection systems in either commercial or residential occupancies implementing engineering contract documents using applicable codes and standards.

3.10. "NFPA" means "National Fire Protection Association", 1 Batterymarch Park, P.O. Box 9101, Quincy, MA 02269-9101. The standards and requirements as set out and as published by the NFPA as listed in this rule, have the same force and effect as if set out verbatim in this rule.

3.11. "NICET" means the National Institute for Certification in Engineering Technologies. The standards and requirements as set out and as published by the NICET as listed in the rule, have the same force and effect as if set out verbatim in this rule.

3.12. "Portable Fire Extinguisher Technician" means a person certified in accordance with NFPA 10 to install, maintain,

103CSR03

repair and certify portable fire extinguishers as defined by NFPA 10.

3.13. "Pre-Engineered Suppression Systems Installer" means a person certified by the respective manufacturer to install, alter, extend, maintain, layout or repair an pre-engineered suppression system. This shall not include the fabrication or installation of any associated exhaust recovery appliances such as "hoods" and exhaust pipes or plenums.

3.14. "Pre-Engineered Suppression Systems Technician" means a person certified to maintain or repair an pre-engineered suppression system. This shall not include the fabrication or installation of any associated exhaust recovery appliances such as "hoods" and exhaust pipes or plenums.

3.15. "Pre-Engineered Systems" shall mean those agent suppression systems having predetermined flow rates, nozzle pressures, and quantities of extinguishing agent. These systems have the specific pipe size, maximum and minimum pipe lengths, flexible hose specifications, number of fittings, and number and types of nozzles prescribed by a testing laboratory. The maximum and minimum pipe lengths and the number of fittings shall be permitted to be expressed in equivalent feet of pipe. The hazards protected by these systems are specifically limited as to type and size by a testing laboratory, based on actual fire tests. Limitations on hazards that are permitted to be protected by these systems and piping and

nozzle configurations are contained in the manufacturer's listed installation and maintenance manual, which is part of the listing of the system.

3.16. "Sprinkler-Based Fire Protection Layout Technician" is an individual who has achieved National Institute for Certification in Engineering Technologies (NICET) Level III or higher certification, and who has the knowledge, experience and skills necessary to layout fire protection systems based on engineering design documents.

3.17. "Sprinkler fitter in training" means a person with interest in and an aptitude for performing fire protection work but who alone is not capable of performing such work, and who has fewer than ten thousand (10,000) hours of experience installing, adjusting, repairing sprinkler based fire protection systems and piping for engineered systems.

3.18. "Sprinkler Systems" shall mean for fire protection purposes, an integrated system of underground and overhead piping designed in accordance with fire protection engineering standards, discharging water or a combination of water and chemicals, and for the purposes of this rule as further defined in NFPA 13.

3.19. "State Fire Marshal" shall mean the West Virginia State Fire Marshal.

3.20. "Supervision" shall mean for the

103CSR03

purposes of this rule the availability of a higher classification to be located on the work-site. All work required to be supervised shall be inspected upon the completion of the fire protection work performed.

§103-3-4. Adoption of Standards.

4.1. National standards. For the enforcement of this rule the NICET and NFPA codes and standards as cited in this rule are hereby incorporated by reference and shall have the same force and effect as if set out in verbatim in this rule.

4.2. State standards. W.Va. Code R. §87-1-1 *et seq.* "State Fire Code".

§103-3-5. Certification Required; Exemptions.

5.1. Effective January 1, 2009, a person may not perform fire protection work in this state without a license issued under this rule.

5.2. This licensure requirement does not apply to:

(a) A person who personally performs fire protection work on a single family dwelling owned or leased, and occupied by that person;

(b) A person who performs fire protection work at any manufacturing plant or other industrial establishment as an employee of

the person, firm or corporation operating the plant or establishment;

(c) A person who, while employed by a public utility or its affiliate, performs fire protection work in connection with the furnishing of public utility service;

(d) A person who performs fire protection work while engaging in the business of installing, altering or repairing water distribution or drainage lines outside the foundation walls of a building, public or private sewage treatment or water treatment systems including all associated structures or buildings, sewers or underground utility services;

(e) A person who performs fire protection work while engaged in the installation, extension, dismantling, adjustment, repair, servicing or alteration of a heating, ventilation and air condition (HVAC) system, air-veyor system air exhaust system or air handling system; or

(f) A person who performs fire protection work at a coal mine that is being actively Mined or where coal is being processed.

5.3. A person shall not present, call or represent him or herself as able to perform fire protection work unless licensed in accordance with the provisions of this rule.

5.4. Sprinkler based fire protection

103CSR03

systems installation shop drawings shall be prepared by, or under the supervision of, a licensed sprinkler based fire protection layout technician and shall bear the name, signature, assigned license number and NICET certification number of the responsible fire protection layout technician.

§103-3-6. Minimum Qualifications for Licensure.

6.1. The State Fire Marshal shall certify any applicant for a license who:

(a) Is at least eighteen years of age;

(b) Submits an application on forms provided by the State Fire Marshal;

(c) Submits copy of the required written examination scores reflecting a score of seventy percent (70%) or more; or submits copies of current certificates pertaining to their respective license; and

(d) Pays the application fee.

6.2. On or before July 1, 2009, the State Fire Marshal may certify an applicant for a license without written examination if the applicant:

(a) Is at least eighteen years of age;

(b) Submits an application on forms

provided by the State Fire Marshal;

(c) Provides acceptable documentation or a sworn affidavit which demonstrates he or she meets the minimum experience requirements for the fire protection license classification requested; and

(d) Pays the application fee.

6.3. A license issued under this rule is valid throughout the state, is not assignable or transferable, and is valid for a period not to exceed three (3) years from the date on which it was issued.

§103-3-7. Certifications, Examinations Required.

7.1. Any person desiring a sprinkler based fire protection layout technician license under the provisions of this article shall submit to the State Fire Marshal an application on forms provided by the State Fire Marshal and include documentation that the individual has achieved NICET Level III or higher certification in the appropriate classification.

7.2. All persons desiring an engineered suppression systems installer license under the provisions of this article shall submit to the State Fire Marshal an application on forms provided by the State Fire Marshal along with all copies of all pertinent certifications from specific manufacturers authorizing the applicant to

103CSR03

install, alter, extend, maintain or repair their systems. Applicants must also demonstrate a minimum of two-thousand (2,000) hours of consecutive work experience.

7.3. All persons desiring an engineered suppression systems technician license under the provisions of this article shall submit to the State Fire Marshal an application on forms provided by the State Fire Marshal authorizing the applicant to maintain or repair engineered suppression systems. Applicants must demonstrate a minimum of five hundred (500) hours of consecutive work experience or certification approved by the state fire marshal.

7.4. All persons desiring a pre-engineered suppression systems installer license under the provisions of this article shall submit to the State Fire Marshal an application on forms provided by the State Fire Marshal along with all copies of all pertinent certifications from specific manufacturers authorizing the applicant to install, alter, extend, maintain or repair their systems.

7.5. All persons desiring a pre-engineered suppression systems technician license under the provisions of this article shall submit to the State Fire Marshal an application on forms provided by the State Fire Marshal authorizing the applicant to maintain or repair pre-engineered suppression systems.

7.6. All persons desiring a portable fire

extinguisher technician license under the provisions of this article shall submit to the State Fire Marshal an application on forms provided by the State Fire Marshal along with all copies of all pertinent certifications demonstrating certification in accordance with NFPA 10 which authorizes the applicant to install, maintain or certify portable fire extinguishers complying with NFPA 10.

7.7. All persons desiring a sprinkler fitter license under the provisions of this article shall submit to the Fire Marshall an application form(s) provided by the State Fire Marshal and include documentation they have at least ten thousand (10,000) hours of work experience installing, adjusting and repairing sprinkler based fire protection systems and show he or she has passed a written examination. The contents of the examination shall be based on the standards adopted under section four of this rule.

7.8. The State Fire Marshal shall provide for the written examination of all sprinkler fitter license applicants.

(a) The State Fire Marshal may:

1. Contract with a private testing agent to conduct the written examination. The private testing agent shall charge an examination fee, in an amount approved by the State Fire Marshal, not to exceed two hundred fifty dollars. The applicant shall pay all examination fees directly to the testing agent; or

103CSR03

2. Develop a written examination process to include a fees schedule not to exceed the actual cost of administering the examinations. The license applicant shall pay all fees directly to the State Fire Marshal in advance of the examination.

(b) The minimum passing score is a score of seventy (70%) percent for each examination.

(c) An applicant who fails the examination may request, and the private testing agent or the State Fire Marshal shall provide the applicant with an analysis of his or her performance on the failed examination. An applicant who fails the examination shall be afforded the opportunity to be re-examined after thirty (30) days and upon the submission of a new application and the payment of the fees required.

7.9. The state fire marshal shall not require a sprinkler fitter in training to produce documentation of hours previously worked, but shall require the sprinkler fitter in training to produce documentation that he or she is enrolled in a training program. All businesses employing sprinkler fitters in training shall produce, upon request from the State Fire Marshal, an official listing of all sprinkler fitters in training currently employed. Sprinkler fitters in training shall be supervised by a licensed journeyman sprinkler fitter. A journeyman sprinkler fitter shall not supervise more than two sprinkler fitters in

training at any one time.

§103-3-8. Expiration and Renewal

8.1. Expiration – All fire protection licenses issued by the State Fire Marshal expire on the last day of the anniversary month from the month of issuance of the license. The expiration date will coincide with the duration of the license period; *provided* that no license granted after January 1, 2009 may exceed three years in duration; *provided further*, for the purpose of efficient management of licensure, for a license granted prior to January 1, 2009 the State Fire Marshal may extend the duration of licensure at no cost to the licensee for up to twelve (12) months beyond the term of the license.

8.2. Upon receipt of a renewal application on a form provided by the State Fire Marshal and payment of a renewal fee, the State Fire Marshal shall renew the license for a period not to exceed three (3) years. It is the individual fire protection technician's responsibility to submit his or her license renewal to the State Fire Marshal prior to the expiration date.

8.3. Renewal after expiration -- A licensed fire protection technician who has not renewed his or her license in accordance with the provisions of this rule shall submit a new application to the State Fire Marshal.

8.4. The state fire marshal may mail license renewal notifications in a timely manner, to each

103CSR03

fire protection technician.

§103-3-9. Denial, Suspension, Revocation, or Reinstatement of License.

9.1. The State Fire Marshal may deny, suspend, revoke or reinstate a license.

9.2. A violation of W. Va. Code §29-3D-1 *et seq.* or this rule is grounds for the denial, suspension, revocation or refusal to reinstate a license and permits the State Fire Marshal to impose disciplinary action: *Provided*, That no disciplinary action against a licensee may be imposed without a proper prior notice as served under W. Va. Code §56-2-1, and an opportunity for a hearing held before the State Fire Marshal or his or her designee under the provisions of W. Va. Code §29A-5-1, *et seq.*, the Administrative Procedures Act. At the hearing, the licensee shall be provided the opportunity to present evidence in person, by counsel or both. After the hearing, if the State Fire Marshal finds a violation of this rule has occurred, the State Fire Marshal may impose any disciplinary action permitted in this rule.

9.3. The State Fire Marshal may suspend or revoke the license of a licensee who performs fire protection work in violation of W.Va. Code §29-3D-1 *et seq.* or this rule. The suspension of a license shall be for not less than twenty-four hours nor more than one year. The State Fire Marshal may reinstate the license upon satisfactory proof that the licensee is in full

compliance with W.Va. Code §29-3D-1 *et seq.* and this rule.

9.4. Each licensed fire protection worker shall carry proof of valid licensure on his or her person during the performance of fire protection work.

9.5. A person whose license has been revoked may apply for a new license one year after the date of the revocation.

§103-3-10. Effect of Noncompliance; Failure to Obtain Certification; Penalty.

10.1. Each day during which a person performs fire protection work without the required certification or while in noncompliance with any of the provisions of W.Va. Code §29-3D-1 *et seq.* or this rule, after official notice that the work is unlawful, is a separate violation of this rule.

§103-3-11. Disposition of Complaints

11.1. Enforcement of Certification Requirements - In the course of investigating complaints as authorized under W.Va. Code §29-3D-1 *et seq.*, the State Fire Marshal shall determine whether or not the person against whom the complaint has been filed is certified under W.Va. Code §29-3D-1 *et seq.*

11.2. Any citizen, law enforcement official or other official of any state, county, or

103CSR03

municipal government agency, upon observing an infraction of the certification requirements of W. Va. Code §29-3D-1 *et seq.* or this rule, may file a written complaint with the office of the State Fire Marshal. The State Fire Marshal may provide a form for this purpose, but a complaint may be filed in any written form. When a complaint is filed with the office of the State Fire Marshal, that office shall investigate the complaint. In addition to describing the alleged violation which prompted the complaint, the complaint shall contain as a minimum the following information:

a) The name and address of the certified person or applicant against whom the complaint is lodged;

b) The date of the alleged unlawful act;

c) The nature of the alleged unlawful act; and

d) The location of the alleged unlawful act or occurrence.

11.3. A copy of the complaint sent to the certificate holders or applicants shall be considered properly served when sent to their last known address. It is the responsibility of the certificate holder or applicant to keep the State Fire Marshal informed of his or her current address. The certificate holder or applicant has 30 days to file a response or appeal petition to

the complaint with the State Fire Marshal's office.

11.4. After receipt and review of a complaint, the State Fire Marshal shall cause to be conducted any reasonable inquiry or investigation he or she considers necessary to determine the truth and validity of the allegations set forth in the complaint.

§103-3-12. Orders and Decisions of the State Fire Marshal; Appeals and Procedures for Appeals from such Orders or Decisions.

12.1. All persons governed by this rule are subject to the provisions of Section 13 of the Fire Commission's rule, Fire Code, 87CSR1, as it relates to the State Fire Marshal's orders and decisions and the procedures for appealing those orders and decisions.

§103-3-13. Fire Protection License Fund; Fees; Disposition of Funds.

13.1. The State Fire Marshal shall deposit all fees paid in a special revenue account with the State Treasurer pursuant to W. Va. Code §29-3D-9 for the use of the State Fire Marshal as provided under W. Va. Code §29-3-12(b)(c).

13.2. The license fee for a sprinkler based fire protection layout technician and journeyman sprinkler fitter is seventy-five dollars (\$75) for one year or one-hundred and fifty dollars (\$150) for three years, and for a sprinkler fitter in

103CSR03

training fifty dollars (\$50) for one year or one hundred and twenty five dollars (\$125) for three years.

13.3 The license fee for a pre-engineered suppression systems installer shall be thirty dollars (\$30) for one year or seventy-five dollars (\$75) for three years.

13.4. The license fee for a pre-engineered suppression systems technician shall be twenty dollars (\$20) for one year or fifty dollars (\$50) for three years.

13.5. The license fee for an engineered suppression systems installer shall be thirty dollars (\$30) for one year or seventy-five dollars (\$75) for three years.

13.6. The license fee for an engineered suppression systems technician shall be twenty dollars (\$20) for one year or fifty dollars (\$50) for three years.

13.7. The license fee for a portable fire extinguisher technician shall be twenty dollars (\$20) for one year or fifty dollars (\$50) for three years.

13.8. All applicants for a fire protection worker certification shall pay an application fee of twenty-five dollars (\$25).

§103-3-14. Reciprocity.

14.1. The State Fire Marshal, in his or her

discretion, may grant a license of the same classification without examination to a fire protection technician licensed by another state upon payment of the license fee, application fee and submission of a completed application as provided by the State Fire Marshal to the State Fire Marshal. The State Fire Marshal may issue a fire protection technician certificate to any person who holds a valid certification, license or registration to conduct fire protection work, issued by another state or possession of the United States or the District of Columbia that has standards substantially equivalent to, or exceeding, those of this state, as determined by the State Fire Marshal.

§103-3-15. Severability

15.1. The sections of this rule are severable. Should any section be declared by judicial opinion unconstitutional or in any manner contrary to the laws of the State of West Virginia, that particular section shall be invalid and all other sections shall remain in full force and effect.

Rev. 09/08

State of West Virginia
VENDOR PREFERENCE CERTIFICATE

Certification and application* is hereby made for Preference in accordance with *West Virginia Code*, §5A-3-37. (Does not apply to construction contracts). *West Virginia Code*, §5A-3-37, provides an opportunity for qualifying vendors to request (at the time of bid) preference for their residency status. Such preference is an evaluation method only and will be applied only to the cost bid in accordance with the *West Virginia Code*. This certificate for application is to be used to request such preference. The Purchasing Division will make the determination of the Resident Vendor Preference, if applicable.

1. Application is made for 2.5% resident vendor preference for the reason checked:
 Bidder is an individual resident vendor and has resided continuously in West Virginia for four (4) years immediately preceding the date of this certification; or,
 Bidder is a partnership, association or corporation resident vendor and has maintained its headquarters or principal place of business continuously in West Virginia for four (4) years immediately preceding the date of this certification; or 80% of the ownership interest of Bidder is held by another individual, partnership, association or corporation resident vendor who has maintained its headquarters or principal place of business continuously in West Virginia for four (4) years immediately preceding the date of this certification; or,
 Bidder is a nonresident vendor which has an affiliate or subsidiary which employs a minimum of one hundred state residents and which has maintained its headquarters or principal place of business within West Virginia continuously for the four (4) years immediately preceding the date of this certification; or,
2. Application is made for 2.5% resident vendor preference for the reason checked:
 Bidder is a resident vendor who certifies that, during the life of the contract, on average at least 75% of the employees working on the project being bid are residents of West Virginia who have resided in the state continuously for the two years immediately preceding submission of this bid; or,
3. Application is made for 2.5% resident vendor preference for the reason checked:
 Bidder is a nonresident vendor employing a minimum of one hundred state residents or is a nonresident vendor with an affiliate or subsidiary which maintains its headquarters or principal place of business within West Virginia employing a minimum of one hundred state residents who certifies that, during the life of the contract, on average at least 75% of the employees or Bidder's affiliate's or subsidiary's employees are residents of West Virginia who have resided in the state continuously for the two years immediately preceding submission of this bid; or,
4. Application is made for 5% resident vendor preference for the reason checked:
 Bidder meets either the requirement of both subdivisions (1) and (2) or subdivision (1) and (3) as stated above; or,
5. Application is made for 3.5% resident vendor preference who is a veteran for the reason checked:
 Bidder is an individual resident vendor who is a veteran of the United States armed forces, the reserves or the National Guard and has resided in West Virginia continuously for the four years immediately preceding the date on which the bid is submitted; or,
6. Application is made for 3.5% resident vendor preference who is a veteran for the reason checked:
 Bidder is a resident vendor who is a veteran of the United States armed forces, the reserves or the National Guard, if, for purposes of producing or distributing the commodities or completing the project which is the subject of the vendor's bid and continuously over the entire term of the project, on average at least seventy-five percent of the vendor's employees are residents of West Virginia who have resided in the state continuously for the two immediately preceding years.

Bidder understands if the Secretary of Revenue determines that a Bidder receiving preference has failed to continue to meet the requirements for such preference, the Secretary may order the Director of Purchasing to: (a) reject the bid; or (b) assess a penalty against such Bidder in an amount not to exceed 5% of the bid amount and that such penalty will be paid to the contracting agency or deducted from any unpaid balance on the contract or purchase order.

By submission of this certificate, Bidder agrees to disclose any reasonably requested information to the Purchasing Division and authorizes the Department of Revenue to disclose to the Director of Purchasing appropriate information verifying that Bidder has paid the required business taxes, provided that such information does not contain the amounts of taxes paid nor any other information deemed by the Tax Commissioner to be confidential.

Under penalty of law for false swearing (*West Virginia Code*, §61-5-3), Bidder hereby certifies that this certificate is true and accurate in all respects; and that if a contract is issued to Bidder and if anything contained within this certificate changes during the term of the contract, Bidder will notify the Purchasing Division in writing immediately.

Title: Dom

RFQ No. COR61437

STATE OF WEST VIRGINIA
Purchasing Division

PURCHASING AFFIDAVIT

West Virginia Code §5A-3-10a states: No contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and the debt owned is an amount greater than one thousand dollars in the aggregate

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Debtor" means any individual, corporation, partnership, association, Limited Liability Company or any other form or business association owing a debt to the state or any of its political subdivisions. "Political subdivision" means any county commission; municipality; county board of education; any instrumentality established by a county or municipality; any separate corporation or instrumentality established by one or more counties or municipalities, as permitted by law; or any public body charged by law with the performance of a government function or whose jurisdiction is coextensive with one or more counties or municipalities. "Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceeds five percent of the total contract amount.

EXCEPTION: The prohibition of this section does not apply where a vendor has contested any tax administered pursuant to chapter eleven of this code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

Under penalty of law for false swearing (*West Virginia Code §61-5-3*), it is hereby certified that the vendor affirms and acknowledges the information in this affidavit and is in compliance with the requirements as stated.
