These times will be coordinated with the caretaker. There shall be no work performed during that time period and care shall be taken by the contractor that no material or equipment are stored in the drill hall.

Existing wiring, conduit, nipples and other material in satisfactory condition may be used for this project. Should any additional material be needed that is not in place, this must be supplied by the electrical contractor. Installation of fixtures must be completed in a professional manner with licensed electricians. The successful electrical contractor must be licensed to conduct business in the State of West Virginia. The standard for good workmanship for the project shall meet the NECA-1-2010 Standard Practice of Good Workmanship in Electrical Construction (ANSI). The standards for Indoor Lighting and Exterior Lighting shall meet the NECA/IESNA 500-2006 and NECA/IESNA 501-2006 for this project.

All new fixtures shall be lamped. The new fixtures shall be Lithonia or an approved equal. Vendors wishing to supply "or equal" to the products scheduled must submit their requests for approval along with product submittals, lighting analysis to the agency and a letter from the manufacture/manufactures saying the fixtures are Manufactured In America (not assembled in America) to Mr. Joe McClung with the WVANG, phone number 304 561-6548. This must be delivered to Mr. Joe McClung before 1:00 pm on May 6, 2011.

The removed fixtures, along with the lamps shall be delivered to the WV State Surplus located in Dunbar, WV at the expense of the contractor. The successful contractor shall provide his own storage container/containers if need for both the new and existing fixtures. Delivery of existing fixtures to State Surplus may be in one or multiple deliveries at the discretion of the contractor. However, Joe McClung must be contacted at 304-561-6548 before any deliveries are

made to the West Virginia State Surplus Unit to insure proper retirement forms are completed and on file.

The wage scale for this project for each craft will be determined by the Davis and Bacon rate or the West Virginia Prevailing Wage Classification for the county in which the work is completed. The higher rate of the two will prevail for each craft. The determination of the higher rate is the responsibility of the contractor.

Certified payroll must be provided to the WVANG weekly. The certified payroll will be examined for accuracy by Mr. Joe McClung or a representative of the WVANG. Form 1512 shall be provided with each certified payroll. This form will be provided at the pre-bid conference.

The work hours shall be from 7:30 am to 4:00 pm Monday thru Friday. Additional work hours will be only at the discretion of the caretaker, Mr. Tom Parsons.

The State Historical Preservation Office requirement for this project has been met; a letter from Ms. Susan Pierce, Director of State Historic Preservation Office is on file with the West Virginia Division of Energy.

The contractor shall have sixty (45) calendar days from the date of the issue of the Notice to Proceed.

Only electric lifts or scaffolding may be used within the facility.

A schedule of values shall be submitted with each invoice, AIA Document G702. Retainage shall be withheld until satisfaction completion of the project. A one year warranty shall take affect from the date of acceptance of the project for both labor and material.
