The Acquisition and Contract Administration Section of the Purchasing Division "State" for the West Virginia General Services Division is soliciting quotations to provide services to install replacement light fixtures within Bldg 36 located at One Davis Square, Charleston, WV. This RFQ includes all labor, materials and equipment to provide new replacement interior ceiling grid lighting fixtures. This document is intended to supplement information provided in the standard "Request for Quotation" and "General Terms and Conditions" issued by the Purchasing Division for this project. Vendors should carefully review all documents.

THIS PROJECT IS PAID FOR WITH FEDERAL FUNDING THROUGH THE AMERICAN RECOVERY AND REINVESTMENT ACT OF 2009. Three major provisions addressed with this project, and which must be adhered to, are the BUY AMERICA ACT, The DAVIS BACON ACT, and the HISTORIC PRESERVATION ACT. The Owner has achieved compliance with the HISTORIC PRESERVATION ACT by having contacted and received approval from the State Historic Preservation Office for this project. By signing the Proposal Form, all bidders verify they understand, accept and will comply with these Federal requirements.

Mandatory Pre-Bid Meeting:

A mandatory pre-bid conference will be held on Thursday, October 21, 2010, at 10:00 am. Contractors attending the meeting shall assemble in the lobby of Bldg#36. Bidders are requested to arrive early enough to sign-in at the front security desk prior to the meeting. See Purchasing Division Request for Quotation for additional information.

State of West Virginia
General Services Division

One Davis Square (Bldg#36)
Interior Lighting Upgrades
Project No. GSD 116419

Scope of Work:

Project Description

The work consists of furnishing all labor, replacement fixtures, equipment and all miscellaneous supplies to perform a complete grid lighting upgrade with replacement 2' x 4' drop-in fixtures as specified. Successful Contractor shall remove 875 existing 2' x 4' drop-in light fixtures and replace the removed fixtures with 550 new 277V T5HO fixtures. Contractor shall remove all existing fixtures. Those existing fixtures indicated by field marking with a "red dot" sticker will be permanently eliminated and replaced with ceiling tile. Contractor is responsible for removing old fixtures, fitting and replacement of ceiling tile (furnished by GSD), and splicing existing wiring to continue electrical lighting circuit. Individual external fixture service disconnects will comply with NEC requirement in effect at the time of bidding.

Successful Contractor shall furnish an additional 12 complete fixtures to GSD as bench-stock upon completion of project installation and prior to acceptance of installation.

Product Requirements

Fixtures required are as follows:

Cooper/Metalux, 2GC-354T5A-UNV-EBT1-U (or equal):

- 2' Wide, Grid Lay-In, Specification Deep Troffer fixture;
- 3-Lamp, 54W, T5HO 48" lamps, with pattern acrylic lens;
- Universal voltage;
- With electronic instant start, T5 Linear Lamp Ballast (1);
- Single unit packed
- fixture color shall be white.

Initial lamping is to be furnished by contractor, as follows:

- Sylvania FP54/841/HO/ECO (or equal): for fixtures above 8ft from floor
- Sylvania FP28/835/HO/ECO (or equal): for fixtures at or below 8ft from floor

Brand and model specifications are given to establish a level of performance only, and not to limit competition. Bidders wishing to bid based upon substitute brands and models should submit a request to substitute the brand and model they wish to bid as a technical question, per the instructions for submitting technical questions in the Request for Quotation (RFQ).

Approvals and refusals of these requests will be given by addenda to the RFQ.

Buy American Provisions

This project must use American iron, steel or manufactured goods as required by the BUY AMERICA ACT. Refer to the attached documents, "EERE Buy American Documentation Guidance" and "EERE Substantial Transformation Guidance."

State of West Virginia
General Services Division

One Davis Square (Bldg#36)
Interior Lighting Upgrades
Project No. GSD 116419

The successful Contractor shall be required to meet all documentation requirements to insure compliance with the BUY AMERICA ACT.

Project Requirements

The State of West Virginia retains ALL salvage rights to fixtures and bulbs and expects the contractor to exercise due care as not to damage or diminish the potential salvage value or reuse of these fixtures or bulbs.

The Contractor shall stack and arrange (on GSD-furnished pallets) all light fixtures removed as part of this project. Contractor shall stack groups of ten (10) removed fixtures per pallet, shrink-wrap the pallet, and place pallet in building's dock area for removal by GSD or other contracted staff.

The Contractor shall remove light tubes from old fixtures and package in cardboard containers suitable for light tubes, in such a manner equal to factory packaging to lessen damage to tubes. The Contractor shall tape and mark the cartons to indicate the quantity and type of contents. The Contractor shall separate bulbs which are burned out at time of removal from those which are not, and shall package them separately:

- Cartons of usable bulbs shall be marked "Usable"
- Cartons of burned out bulbs shall be marked "Not Usable"

Contractor must comply with ALL industry standards including NEC, State of West Virginia Office of Technology Guidelines in addition to the following:

- NEC (National Electric Code)
- FCC Part 15
- FCC Part 68
- Underwriters Laboratories (UL) UL294
- UL 1076
- NFPA 70
- NFPA 730 and 731
- EIA RS232C
- EIA RS 485
- FIPS 197,201

 7. GSD116419 EERE Buy American Documentation Guidance
 8. GSD116419 EERE Substantial Transformation Guidance

Contract Period:

The Contract shall be completed within **Sixty (60)** calendar days from the issuance of the written Notice to Proceed. In accordance with the West Virginia State Code 5A-3-4(8), vendor agrees that liquidated damages shall be imposed at the rate of \$250.00 per day for failure to complete the project within the contract period. This clause shall in no way be considered exclusive and shall not limit the State or Agency's right to pursue any other additional remedy to which the State or Agency may have legal cause for action including further damages against the vendor.

Any equipment contracted for prior to issuance of the signed purchase order and written Notice to Proceed letter shall be at the Bidder's risk.

Reference Requirement:

The qualified contractor shall have at least three years experience performing such work on projects of a similar size and type. Bidders should supply at least three references indicating their capabilities to perform such work. References shall include the name, location, ownership and use of the building in addition to the name, address and telephone number of a contact person with the building's owner familiar with the duct cleaning work.

Definitions:

- A. The Department of Administration, General Services Division, Room MB-60, State Capitol, Charleston, West Virginia shall be hereinafter called the "Owner".
- B. The vendor or service organization contracted by these specifications shall hereinafter be called the "Contractor".
- C. "The Contract", as herein stated, shall mean the agreement between the Owner and the Contractor to provide the services as herein specified.
- D. "Owners Representative", as herein stated, shall be defined as that person so designated by the Director of the General Services Division.
- E. "Architect/Engineer", as stated in these Contract Documents shall refer to the General Services Division.

Payment:

The Contractor shall submit one invoice, in arrears at final completion of project. Invoice shall be signed in blue ink. Deliver invoice to:

State of West Virginia
General Services Division

One Davis Square (Bldg#36)
Interior Lighting Upgrades
Project No. GSD 116419

General Services Division
Attn: Business Manager
1900 Kanawha Blvd. East
Building 1, Room MB-68
Charleston, West Virginia 25305

The Contractor shall complete and submit certified payrolls weekly to the Project Manager, to comply with the requirement of the Davis-Bacon Act. Certified Payroll documents must meet the minimum requirements of the attached WH347 Sample Form.

Wage Rates

- A. The successful Bidder and all Subcontractors shall pay the higher of the U.S. Department of Labor minimum wage rates or the West Virginia Department of Labor wage rates as established for the County in which the Project is located pursuant to West Virginia Code §21-5-1 et.seq. Applicable prevailing wage rates are included in the bid documents.
- B. Bidders shall review the attached "Final Davis Bacon Act (DBA) Clauses as Approved by the Department of Labor (DOL) for use in Financial Assistance Programs other than Weatherization Assistance Programs and Loan programs; November 6, 2009" and shall comply to all applicable provisions outlined in the document.
- C. Copies of wage rates are included in the bid package as determined by the WV Department of Labor for the resident county of the Project. Additional information may be obtained at: www.wvsos.com/adiaw/wagerates/buildings03.htm or contact the office of the WV Secretary of State (304) 558-6000.
- D. Bidders are reminded that subject to the provisions of Chapter 21-5A of the West Virginia Code, a legible statement of all fair minimum wage rates to be paid the various classes of workers employed, shall be posted in a prominent place at the project site by each Contractor and Subcontractor.
- E. Contractor shall be required to complete the SF 1413 "Statement of Acknowledgment" for all subcontractors to be used on the project (blank form attached).

Supplementary General Conditions:

- A. The Contractor shall procure all necessary permits and licenses to comply with all applicable laws, Federal, State, or municipal, along with all regulations, and ordinances of any regulating body.
- B. The Contractor shall pay any applicable sales, use, or personal property taxes, arising out of this Contract and the transactions contemplated thereby. Any other taxes levied upon this Contract, the transaction, or the equipment, or services delivered pursuant hereto shall be borne by the Contractor. It is clearly understood that the State of West

State of West Virginia
General Services Division

One Davis Square (Bldg#36)
Interior Lighting Upgrades
Project No. GSD 116419

Virginia is exempt from any taxes regarding performance of the scope of work of this Contract.

- C. Contractor shall be responsible for parts and materials as follows:
1. The Contractor shall supply all tools, tool accessories, personal safety equipment, and supplies necessary to execute the responsibilities of this Contract.
 2. Contractor shall furnish a warranty of twelve (12) months for labor and materials.

Bonds and Insurance:

Refer to Purchasing Division's 'Request for Quotation' for requirements on bonding and insurance.

The minimum amount of commercial general liability insurance coverage required is \$1,000,000.00, and a copy of contractor certificate of insurance is required prior to issuance of purchase order for this agreement.

It is strongly preferred that the successful bidder provide all necessary Labor & Materials and Performance Bonds, any required Insurance Certificates, and other required documentation within Seventy-Two (72) hours of notice of award of Contract.

GENERAL REQUIREMENTS:

Submittals:

All submittals for this project shall be reviewed and approved by the General Services Division Operations and Maintenance Section.

Final Inspection:

The Final Inspection will be conducted by a Project Manager from the General Services Division.

Work found to be in accordance with the Contract Documents will be accepted as complete for final acceptance. Unacceptable work, or work not in accordance with the Contract Documents shall be removed, replaced, changed or cleaned as required to meet requirements of Contract Documents prior to final acceptance. Final Acceptance does not waive or release Contractor to conform with the Contract Documents.

Final payment shall not be made until all work is finally accepted.

Limits of Work

Work areas will be limited to those spaces required for access to the jobsite. No interior space may be utilized for temporary (overnight) storage of equipment and tools. Coordinate storage needs with the GSD Building Manager and GSD Project Manager.

Owner and Agency facilities shall remain in use during this contract. Contractor shall work with

State of West Virginia
General Services Division

One Davis Square (Bldg#36)
Interior Lighting Upgrades
Project No. GSD 116419

the Building Manager and Protective Services to coordinate the temporary access to work areas and otherwise provide for the Contractor needs to complete work. Contractor shall minimize disruption to Capitol work areas and loading dock access.

Use of Facilities

Contractor shall be permitted reasonable use of building utilities including power, water and sanitary sewage disposal as required for conducting the work. Coordinate the location of service connections or use of receptacle with the building manager to avoid overloading existing circuits.

Contractor Schedule:

Provide overall project schedule within seventy-two hours of Notice to Proceed.

Provide a proposed construction schedule indicating areas to be worked. Where coordination or disruption of office workspaces or occupants may be required, provide at least one week's advance notice prior to conducting work in those areas. Adhere to schedule provided and coordinate with through Project Manager.

Waste Removal

Contractor to make arrangements for the collection and disposal of Contractor's waste and construction related debris. Debris shall be removed on a daily basis.

Contractor Visitor Badges

One Davis Square is a secure facility. Contractor shall provide a list of all personnel working on this project within the building. This list shall include a copy of full name, valid driver's license or other legal identification and include date of birth, company name, address, office phone and cell phone. All proposed workers may be subjected to a criminal history / driver's license background check prior to being permitted to work in state buildings. Workers shall carry valid Contractor Photo ID Badges to be worn when working in the building. Under no circumstances shall a worker be assigned to this project without the validation first being submitted to the General Services Division and approval given.

Work Restrictions:

Work shall be generally performed during normal business working hours of 7:00 am to 5:00 pm, Monday through Friday, except state recognized holidays.

Smoking is not permitted within any building or near entrances, operable windows or outdoor air intakes.

Parking

No parking is available on the project site. Parking in non-designated areas is not permitted. Provisions will be made for locating refuse dumpsters if required by the project.

Use of sidewalk areas for parking is strictly prohibited.

State of West Virginia
General Services Division

One Davis Square (Bldg#36)
Interior Lighting Upgrades
Project No. GSD 116419

With prior approval, contractor's vehicles may be brought on-site for loading & unloading or to provide equipment necessary for conducting the work. Vehicles not necessary for conduct of work shall be removed from site within one-half hour.

Site Access

The building is available from 7:00 am to 5:00 pm. Extended work hours may be acceptable if approved by the Owner. One Davis Square is a secured location. Access to secured areas shall be coordinated with the Owner. Contractor shall not leave open doors unattended and shall close doors when not in use.

Safety:

Perform all work in compliance with applicable safety regulations. Work shall be subject to verification and inspection by GSD Safety representatives. Such verification shall not relieve the Contractor from meeting all applicable safety regulations and inspection by other agencies.

Notify Owner if suspected hazardous materials are encountered. Any areas requiring abatement will be provided by the GSD under separate contract.

Hot Work Permit:

Contractor shall obtain Owner's permission prior to performing any work that requires an open flame, creates sparks, use's equipment that creates combustible temperatures, or performs any work that could result in a fire hazard. Owner will review work area and issue a 'Hot Work Permit' prior to Contractor commencing work. Note that the Contractor must take proper precautions and may be required to provide a Fire Watch as a condition of the permit.

Workmanship:

Contractor shall complete all work in a neat and workmanlike manner. All work shall be done using new materials in a manner that meets commercial quality standards. Work shall be neat, true, plumb and square, as applicable. Contractor shall verify all dimensions.

**FINAL DAVIS BACON ACT (DBA) CLAUSES AS APPROVED BY
THE DEPARTMENT OF LABOR (DOL) FOR USE IN FINANCIAL
ASSISTANCE PROGRAMS OTHER THAN WEATHERIZATION
ASSISTANCE PROGRAMS AND LOAN PROGRAMS**
November 6, 2009

Clause XXX. Davis Bacon Act and Contract Work Hours and Safety Standards Act.

Definitions: For purposes of this clause, Clause XXX, Davis Bacon Act and Contract Work Hours and Safety Standards Act, the following definitions are applicable:

(1) "Award" means any grant, cooperative agreement or technology investment agreement made with Recovery Act funds by the Department of Energy (DOE) to a Recipient. Such Award must require compliance with the labor standards clauses and wage rate requirements of the Davis-Bacon Act (DBA) for work performed by all laborers and mechanics employed by Recipients (other than a unit of State or local government whose own employees perform the construction) Subrecipients, Contractors, and subcontractors.

(2) "Contractor" means an entity that enters into a Contract. For purposes of these clauses, Contractor shall include (as applicable) prime contractors, Recipients, Subrecipients, and Recipients' or Subrecipients' contractors, subcontractors, and lower-tier subcontractors. "Contractor" does not mean a unit of State or local government where construction is performed by its own employees."

(3) "Contract" means a contract executed by a Recipient, Subrecipient, prime contractor, or any tier subcontractor for construction, alteration, or repair. It may also mean (as applicable) (i) financial assistance instruments such as grants, cooperative agreements, technology investment agreements, and loans; and, (ii) Sub awards, contracts and subcontracts issued under financial assistance agreements. "Contract" does not mean a financial assistance instrument with a unit of State or local government where construction is performed by its own employees.

(4) "Contracting Officer" means the DOE official authorized to execute an Award on behalf of DOE and who is responsible for the business management and non-program aspects of the financial assistance process.

(5) "Recipient" means any entity other than an individual that receives an Award of Federal funds in the form of a grant, cooperative agreement, or technology investment agreement directly from the Federal Government and is financially accountable for the use of any DOE funds or property, and is legally responsible for carrying out the terms and conditions of the program and Award.

(6) "Subaward" means an award of financial assistance in the form of money, or property in lieu of money, made under an award by a Recipient to an eligible Subrecipient or by a Subrecipient to a lower-tier subrecipient. The term includes financial assistance when provided by any legal agreement, even if the agreement is called a contract, but does not include the Recipient's procurement

of goods and services to carry out the program nor does it include any form of assistance which is excluded from the definition of "Award" above.

(7) "Subrecipient" means a non-Federal entity that expends Federal funds received from a Recipient to carry out a Federal program, but does not include an individual that is a beneficiary of such a program.

(a) Davis Bacon Act

(1) Minimum wages.

(i) All laborers and mechanics employed or working upon the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), will be paid unconditionally and not less often than once a week, and, without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the Contractor and such laborers and mechanics.

Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (a)(1)(iv) of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in § 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein, *provided* that the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under paragraph (a)(1)(ii) of this section) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the Contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

(ii)(A) The Contracting Officer shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the Contract shall be classified in conformance with the wage determination. The Contracting Officer shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

(1) The work to be performed by the classification requested is not performed by a classification in the wage determination;

(2) The classification is utilized in the area by the construction industry; and

(3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(B) If the Contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the Contracting Officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the Contracting Officer to the Administrator of the Wage and Hour Division, U.S. Department of Labor, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the Contracting Officer or will notify the Contracting Officer within the 30-day period that additional time is necessary.

(C) In the event the Contractor, the laborers or mechanics to be employed in the classification or their representatives, and the Contracting Officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the Contracting Officer shall refer the questions, including the views of all interested parties and the recommendation of the Contracting Officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the Contracting Officer or will notify the Contracting Officer within the 30-day period that additional time is necessary.

(D) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs (a)(1)(ii)(B) or (C) of this section, shall be paid to all workers performing work in the classification under this Contract from the first day on which work is performed in the classification.

(iii) Whenever the minimum wage rate prescribed in the Contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the Contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(iv) If the Contractor does not make payments to a trustee or other third person, the Contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, *provided* that the Secretary of Labor has found, upon the written request of the Contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the Contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

(2) Withholding. The Department of Energy or the Recipient or Subrecipient shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the Contractor under

this Contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the Contractor or any subcontractor the full amount of wages required by the Contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), all or part of the wages required by the Contract, the Department of Energy, Recipient, or Subrecipient, may, after written notice to the Contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

(3) Payrolls and basic records.

(i) Payrolls and basic records relating thereto shall be maintained by the Contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work (or under the United States Housing Act of 1937, or under the Housing Act of 1949, in the construction or development of the project). Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made, and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the Contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

(ii) (A) The Contractor shall submit weekly for each week in which any Contract work is performed a copy of all payrolls to the Department of Energy if the agency is a party to the Contract, but if the agency is not such a party, the Contractor will submit the payrolls to the Recipient or Subrecipient (as applicable), applicant, sponsor, or owner, as the case may be, for transmission to the Department of Energy. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under 29 CFR 5.5(a)(3)(i), except that full social security numbers and home addresses shall not be included on weekly transmittals. Instead, the payrolls shall only need to include an individually identifying number for each employee (e.g., the last four digits of the employee's social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH-347 is available for this purpose from the Wage and

Hour Division Web site at <http://www.dol.gov/esa/whd/forms/wh347instr.htm> or its successor site. The prime Contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker, and shall provide them upon request to the Department of Energy if the agency is a party to the Contract, but if the agency is not such a party, the Contractor will submit them to the Recipient or Subrecipient (as applicable), applicant, sponsor, or owner, as the case may be, for transmission to the Department of Energy, the Contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this section for a prime contractor to require a subcontractor to provide addresses and social security numbers to the prime contractor for its own records, without weekly submission to the sponsoring government agency (or the Recipient or Subrecipient (as applicable), applicant, sponsor, or owner).

(B) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the Contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the Contract and shall certify the following:

(1) That the payroll for the payroll period contains the information required to be provided under § 5.5 (a)(3)(ii) of Regulations, 29 CFR part 5, the appropriate information is being maintained under § 5.5 (a)(3)(i) of Regulations, 29 CFR part 5, and that such information is correct and complete;

(2) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the Contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in Regulations, 29 CFR part 3;

(3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the Contract.

(C) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph (a)(3)(ii)(B) of this section.

(D) The falsification of any of the above certifications may subject the Contractor or subcontractor to civil or criminal prosecution under section 1001 of title 18 and section 3729 of title 31 of the United States Code.

(iii) The Contractor or subcontractor shall make the records required under paragraph (a)(3)(i) of this section available for inspection, copying, or transcription by authorized representatives of the Department of Energy or

the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the Contractor or subcontractor fails to submit the required records or to make them available, the Federal agency may, after written notice to the Contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

(4) Apprentices and trainees—

(i) Apprentices. Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services, or with a State Apprenticeship Agency recognized by the Office, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Office of Apprenticeship Training, Employer and Labor Services or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the Contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a Contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the Contractor's or subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Office of Apprenticeship Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the Contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(ii) Trainees. Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work

performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the Contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(iii) Equal employment opportunity. The utilization of apprentices, trainees, and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended and 29 CFR part 30.

(5) Compliance with Copeland Act requirements. The Contractor shall comply with the requirements of 29 CFR part 3, which are incorporated by reference in this Contract.

(6) Contracts and Subcontracts. The Recipient, Subrecipient, the Recipient's, and Subrecipient's contractors and subcontractor shall insert in any Contracts the clauses contained herein in(a)(1) through (10) and such other clauses as the Department of Energy may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The Recipient shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all of the paragraphs in this clause.

(7) Contract termination: debarment. A breach of the Contract clauses in 29 CFR 5.5 may be grounds for termination of the Contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

(8) Compliance with Davis-Bacon and Related Act requirements. All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this Contract.

(9) Disputes concerning labor standards. Disputes arising out of the labor standards provisions of this Contract shall not be subject to the general disputes clause of this Contract. Such disputes shall be resolved in accordance with the

procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the Recipient, Subrecipient, the Contractor (or any of its subcontractors), and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

(10) Certification of eligibility.

(i) By entering into this Contract, the Contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the Contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(ii) No part of this Contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(iii) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.

(b) Contract Work Hours and Safety Standards Act. As used in this paragraph, the terms laborers and mechanics include watchmen and guards.

(1) Overtime requirements. No Contractor or subcontractor contracting for any part of the Contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph (b)(1) of this section, the Contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such Contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (b)(1) of this section, in the sum of \$10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (b)(1) of this section.

(3) Withholding for unpaid wages and liquidated damages. The Department of Energy or the Recipient or Subrecipient shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the Contractor or subcontractor under any such contract or any other Federal contract with the same prime Contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such Contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (b)(2) of this section.

(4) Contracts and Subcontracts. The Recipient, Subrecipient, and Recipient's and Subrecipient's contractor or subcontractor shall insert in any Contracts, the clauses set forth in paragraph (b)(1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The Recipient shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (b)(1) through (4) of this section.

(5) The Contractor or subcontractor shall maintain payrolls and basic payroll records during the course of the work and shall preserve them for a period of three years from the completion of the Contract for all laborers and mechanics, including guards and watchmen, working on the Contract. Such records shall contain the name and address of each such employee, social security number, correct classifications, hourly rates of wages paid, daily and weekly number of hours worked, deductions made, and actual wages paid. The records to be maintained under this paragraph shall be made available by the Contractor or subcontractor for inspection, copying, or transcription by authorized representatives of the Department of Energy and the Department of Labor, and the Contractor or subcontractor will permit such representatives to interview employees during working hours on the job.

WELDERS - Receive rate prescribed for craft performing operation to which welding is incidental.
=====

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

In the listing above, the "SU" designation means that rates

listed under the identifier do not reflect collectively bargained wage and fringe benefit rates. Other designations indicate unions whose rates have been determined to be prevailing.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

END OF GENERAL DECISION

STATEMENT AND ACKNOWLEDGMENT

OMB No.: 9000-0014 **54**
Expires: 5/31/2011

Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the FAR Secretariat, (VIR), Regulatory and Federal Assistance Division, GSA, Washington, DC 20405; and to the Office of Management and Budget, Paperwork Reduction Project (9000-0014), Washington, DC 20503.

Department of Energy
Washington, DC 20585

GUIDANCE ON DOCUMENTING COMPLIANCE WITH THE RECOVERY ACT BUY AMERICAN PROVISIONS

EFFECTIVE DATE: May 24, 2010

SUBJECT: GUIDANCE FOR RECIPIENTS OF RECOVERY ACT FINANCIAL ASSISTANCE FROM THE OFFICE OF ENERGY EFFICIENCY AND RENEWABLE ENERGY ON DOCUMENTING COMPLIANCE WITH THE RECOVERY ACT BUY AMERICAN PROVISIONS.

PURPOSE: To provide information on the roles and responsibilities of different stakeholders in documenting compliance with section 1605 (the Buy American provisions) of the Recovery Act.

SCOPE: This guidance applies to State, Local and Tribal Government recipients and sub-recipients (grantees and subgrantees) of Recovery Act financial assistance from the Office of Energy Efficiency and Renewable Energy (EERE).

LEGAL AUTHORITY: Section 1605 of the American Recovery and Reinvestment Act of 2009 (Recovery Act; Pub. L. 111-5) sets forth the Buy American provisions for recipients of Recovery Act financial assistance.

DEFINITIONS: Public building or public work means a public building of, or a public work of, a governmental entity (the United States; the District of Columbia; commonwealths, territories, and minor outlying islands of the United States; state and local governments; and multi-state, regional, or interstate entities which have governmental functions). These buildings and works may include, without limitation, bridges, dams, plants, highways, parkways, streets, subways, tunnels, sewers, mains, power lines, pumping stations, heavy generators, railways, airports, terminals, docks, piers, wharves, ways, lighthouses, buoys, jetties, breakwaters, levees, and canals, and the construction, alteration, maintenance, or repair of such buildings and works.

Indian tribes are also considered governmental entities for the purpose of defining “public building or public work” and are therefore subject to the Buy American provisions of the Recovery Act.

A manufactured good is defined as a good brought to the construction site for incorporation into the public building or work that has been processed into a specific form and shape or combined with other materials to create a material that has a different property than the individual raw materials.

There is no requirement with regard to the origin of components or subcomponents in manufactured goods used in a project, as long as the manufacturing occurs in the United States.¹

GUIDANCE: Recipients of EERE financial assistance funded by the Recovery Act must comply with the requirement in section 1605 that all of the iron, steel, and manufactured goods used for a project for the construction, alteration, maintenance, or repair of a public building or public work be produced in the United States, unless one of the three listed exceptions applies and EERE issues a waiver, or a recipient can legally avail itself of the United States' obligations under international agreements.

Recipients should retain documentation that supports their compliance with the Buy American provisions. During post-award monitoring activities, which may include desk reviews, on-site reviews, audits, and other activities, recipients may be asked to produce records sufficient to verify compliance with the Recovery Act Buy American provisions.

Such documentation could include: (1) language in contractual documents that obligates sub-recipients and/or contractors to comply with the Buy American provisions; (2) receipts for items produced domestically indicating such; (3) a documented certification from the contractor, vendor, distributor, supplier, or manufacturer verifying that the product was manufactured domestically; (4) detailed and verifiable information supporting the claim that the manufactured good has undergone substantial transformation in the United States; and/or (5) other reasonable documentation per the discretion of the state, local, or tribal government financial assistance recipient demonstrating compliance with the Buy American provisions.

There are no specific requirements imposed by the Recovery Act or the Office of Management and Budget (OMB) guidance in 2 CFR 176 concerning the type of documentation necessary to prove compliance with the Recovery Act Buy American provisions. Therefore, grantees are encouraged to reference their obligations under the Department of Energy's Financial Assistance Rules, 10 CFR Part 600 and their individual financial assistance award provisions.

¹ See 2 CFR 176.70(a)(2)(ii).

Department of Energy Financial Assistance Rules

State Recipients

According to the Department of Energy's Financial Assistance Rules found at 10 CFR § 600.220, "Standards for financial management systems," Section (a) and sub-section (a)(2), "A State must expend and account for grant funds in accordance with State laws and procedures for expending and accounting for its own funds. Fiscal control and accounting procedures of the State, as well as its subgrantees and cost-type contractors must be sufficient to -- ...[p]ermit the tracing of funds to a level of expenditures adequate to establish that such funds have not been used in violation of the restrictions and prohibitions of applicable statutes." Additionally, according to 10 C.F.R. § 600.237(a)(1), States shall ensure that every subgrant includes any clauses required by Federal statute and executive orders and their implementing regulations (including the Buy American provisions).

Local Government and Tribal Recipients

The Department of Energy's Financial Assistance Rules found at 10 CFR § 600.220, "Standards for financial management systems," Section (b)(2) *Accounting records*, states that "[g]rantees [other than States] and subgrantees must maintain records which adequately identify the source and application of funds provided for financially-assisted activities..."

For purposes of Buy American documentation, the types of documentation identified in the list above (numbers 1-5) should be sufficient to satisfy the requirements set forth for State, local governments, and tribal recipients in the Financial Assistance Rules. However, States, local governments and tribes are encouraged to consult with their General Counsel's offices, to ensure compliance with the Buy American provisions and 10 CFR § 600.220(a) and (b) more broadly.

OMB Circular A-133

In addition to the procurement documentation guidance provided above, grantees should also be mindful of the standard Federal assistance audit guidance defined in OMB Circular A-133 for state and local governments.

The DOE Acquisition and Financial Assistance Implementation Guide for the American Recovery and Reinvestment Act of 2009 [p. 3-3, section 3.4(1)] states: "Non-Federal entities (States, local governments, tribes and non-profit organizations) are required by the Single Audit Act Amendments of 1996 (Single Audit) and OMB Circular A-133, to have an annual audit of the federal awards (e.g. grant programs)." This requirement generally applies to Non-Federal entities that expend \$500,000 or more in Federal awards in a fiscal year, and stipulates that they shall have a single or program-specific audit conducted for that year, in accordance with the provisions of OMB Circular A-133. Recipients are encouraged to review OMB Circular A-133, Subpart B, Sections 200

through 235 for the audit requirements for Non-Federal assistance recipients. Additionally, recipients should review the Federal Audit Clearinghouse website for instructions on how to appropriately submit Single Audits.

Single Audit Information for Recipients of American Recovery and Reinvestment Act Funds (2 CFR 176 Subpart D and OMB A-133 Compliance Supplement: Appendix VII)

Recovery Act financial assistance recipients subject to OMB Circular A-133 should also closely follow 2 CFR 176.210 (Subpart D) and OMB A-133 Compliance Supplement: Appendix VII, general instructions regarding recipient responsibilities for tracking and documenting sub-recipient expenditures of Recovery Act funds on the Schedule of Expenditures of Federal Awards” (SEFA).

Sub-awards, Sub-recipients and Vendors

The Special Terms and Conditions applicable to Recovery Act funded projects require that the financial assistance recipient flow down the Recovery Act special terms and conditions in any subaward or subcontract.

In 2 C.F.R. § 176.30, the OMB defines the term "sub-award" to include a "legal instrument to provide support for the performance of any portion of the substantive project or program for which the recipient received this award and that the recipient awards to an eligible sub-recipient." A sub-recipient means a "non-Federal entity that expends Federal awards received from a pass-through entity to carry out a Federal program, but does not include an individual that is a beneficiary of such a program. A sub-recipient may also be a recipient of other Federal awards directly from a Federal awarding agency." (2 C.F.R. § 176.30)

Subcontract is defined as “a legal instrument used by a recipient for procurement of property and services needed to carry out the project or program.”

Note that the definition of a “sub-recipient” in 2 C.F.R. § 176.30 specifically excludes “the recipient’s procurement of property and services needed to carry out the project or program.” This section refers to OMB Circular A-133 to distinguish between a sub-recipient and a vendor. A vendor is defined in OMB Circular A-133 as "a dealer, distributor, merchant, or other seller providing goods or services that are required for the conduct of a Federal program. These goods or services may be for an organization's own use or for the use of beneficiaries of the Federal program."

Based on the fact that the Special Terms and Conditions flow down to all subawards and sub-contracts, and the fact that a vendor is not a subawardee, sub-recipient, or sub-contractor, the Recovery Act financial assistance recipient and sub-recipients are not required to flow down the Recovery Act's Special Terms and Conditions to vendors. However, financial assistance recipients, sub-recipients and subawardees are ultimately

responsible for complying with the Special Terms and Conditions, and should take whatever measures they deem necessary to ensure that the Buy American requirements of the Recovery Act are adhered to by their respective vendors.

CONCLUSION: Please be advised that the Department of Energy cannot answer all questions on a case-by-case basis concerning the appropriate levels of documentation needed to verify compliance with the Recovery Act Buy American provisions. Therefore, financial assistance recipients should consult with their legal counsel in order to ascertain whether they have secured adequate documentation in accordance with the Department of Energy's Financial Assistance Rules found at 10 C.F.R. § 600.220.

To summarize, recipients of EERE Recovery Act financial assistance should take the following steps toward demonstrating compliance with the Buy American provisions:

1. State and local governments and tribes must follow their own procurement policies and procedures, per 10 CFR 600.236, "Procurement", and are expected to maintain maximum oversight over their project and procurement activities with regards to Buy American compliance.
2. Recipients should maintain documentation at a level they feel is appropriate to show compliance with the Recovery Act Buy American provisions.
 - a. A list of recommended documentation is outlined above.
3. In addition, in order to ensure broader compliance with any potential audit, grantees should (1) determine whether a single audit or program audit is applicable (see OMB Circular A-133), and should then initiate the appropriate audit review process.
4. Moreover, grantees subject to OMB Circular A-133 should also maintain ongoing compliance with SEFA requirements (2 CFR 176.210 and OMB A-133 Compliance Supplement).

Department of Energy
Washington, DC 20585

**GUIDANCE ON MANUFACTURED GOODS AND SUBSTANTIAL
TRANSFORMATION FOR FINANCIAL ASSISTANCE AWARDS**

EFFECTIVE DATE: MAY 24, 2010

**SUBJECT: GUIDANCE ON MANUFACTURED GOODS AND SUBSTANTIAL
TRANSFORMATION FOR FINANCIAL ASSISTANCE AWARDS**

SCOPE: This guidance applies to all state, local and tribal government recipients and sub-recipients (grantees and subgrantees) of Recovery Act financial assistance from the Office of Energy Efficiency and Renewable Energy (EERE).

LEGAL AUTHORITY: Section 1605 of the American Recovery and Reinvestment Act of 2009 (Recovery Act; Pub. L. 111-5) sets forth the Buy American provisions for recipients of Recovery Act financial assistance. The Office of Management and Budget (OMB) issued interim final guidance (2 CFR Part 176) for implementing the Buy American provision on April 23, 2009 at 74 Federal Register 18449.

GUIDANCE: Section 1605 of the Recovery Act states, "None of the funds appropriated or otherwise made available by this Act may be used for a project for the construction, alteration, maintenance, or repair of a public building or public work unless all of the iron, steel, and manufactured goods used in the project are produced in the United States." The Office of Management and Budget's (OMB) guidance on implementing this section defines "manufactured good" as a "good brought to the construction site for incorporation into the building or work that has been processed into a specific form and shape; or combined with other raw material to create a material that has different properties than the properties of the individual raw materials." *See* 2 C.F.R. § 176.140(a)(1).

The OMB guidelines further define a "domestic manufactured good" as "a manufactured good that consists in whole or in part of materials from another country, has been substantially transformed in the United States into a new and different manufactured good distinct from the materials from which it was transformed. There is no requirement with regard to the origin of components or subcomponents in manufactured goods or products, as long as the manufacture of the goods occurs in the United States." *See* 2 C.F.R. § 176.160(a).

We interpret, "Produced in the United States," to mean that the production or manufacturing facility is physically located in the United States or its territories. The domicile of the parent company, subsidiary, distributor, or supplier is not relevant for determining compliance with the Recovery Act Buy American provision.

Substantial transformation has long been applied in judicial and administrative customs cases on labeling, national origin, and other Federal statutory requirements as the appropriate and effective way to identify where a good was manufactured. The courts have determined what constitutes substantial transformation on a case-by-case basis. The Environmental Protection Agency (EPA) has issued guidance for its Recovery Act projects interpreting the substantial transformation test found at *Complying with ARRA Buy American Provisions for SRF-Funded Projects*, June 22, 2009 www.epa.gov/water/eparecovery . The following questions provided therein may be helpful to determine whether or not substantial transformation has occurred. It is likely that substantial transformation has occurred in the U.S. if the answer is "yes" to either (or a combination of) Question 1, 2, or 3 below:

1. Were all of the components of the manufactured good manufactured in the U.S., and were all of the components assembled into the final production in the U.S.? (If the answer is yes, then it is clearly manufactured in the U.S., and the inquiry is complete.)
2. Was there a change in character for use of the good or the components in the U.S.? (These questions are asked about the finished good as a whole, not about each individual component.)
 - a. Was there a change in the physical and/or chemical properties or characteristics designed to alter the functionality of the good?
 - b. Did the manufacturing or processing operation result in a change of a product(s) with one use into a product with a different use?
 - c. Did the manufacturing or processing operation result in the narrowing of the range of possible uses of a multi-use product?

If the answer is yes to any of 2a, 2b, or 2c, then the answer to Q.2 is yes.

3. Was/were the processe(es) performed in the U.S. (including but not limited to assembly) complex and meaningful?
 - a. Did the process(es) take a substantial amount of time?
 - b. Was/were the process(es) costly?
 - c. Did the process(es) require a number of different operations?
 - d. Did the processes require particular high level skills?
 - e. Was substantial value added in the process(es)?

If the answer is yes to at least two of 3a, 3b, 3c, 3d, or 3e, then the answer to Q.3 is yes.

These questions all focus on manufacturing, processing, assembly, or integration of the components or subcomponents into a finished good. Design, planning, procurement, component production, or any other step prior to the process of physically bringing together the components into the item used in and incorporated into the Recovery Act project cannot constitute part of substantial transformation.

If the parts at issue are components (or subcomponents) of a larger manufactured good that is domestically manufactured, or substantially transformed, in the United States, then the Buy American Recovery Act requirement does not apply.

The responsibility for determining whether the parts are components of a larger manufactured good, and whether the good is manufactured in the United States rests with the Recovery Act financial assistance recipient. Recipients should consult with their own legal counsel concerning the basis for substantial transformation. Based on the requirements of the Recovery Act and OMB's guidance on the Recovery Act, DOE cannot approve or disapprove a Recovery Act recipient's determination that a manufactured good has been substantially transformed in the United States. However, DOE Contracting Officers may request additional information to support the credibility of the recipient's analysis of substantial transformation. It is the recipient's responsibility to ensure that all information and documentation that supports a substantial transformation determination is accurate and complete and is retained for audit purposes. If recipients have reasonable doubt about the substantial transformation of a given manufactured good, and they believe that one of the exceptions outlined in the Recovery Act apply (such as domestic "nonavailability"), then the recipient may apply for a waiver based on that exception.

Technical Questions & Answers

Question #1: We would like to quote the following product from Daybrite for this project. This product meets ARRA: Daybrite - 2DPG354HO-FS-21-UNV-1/3-EB

Answer #1: This product is an acceptable substitution for the fixture specified in the RFQ.

Question#2: The fixture required cannot control both of the lamps specified. The FP54 T5HO and the FP28 T5 use different ballasts. The FP54 T5HO ballast is made in 3 lamp ballast model – the FP28 T5 only comes in a 1 lamp ballast and 2 lamp ballast, which would require the fixture for FP28 T5 lamps to require 2 ballasts. The number of each fixture would need to be clarified for each type.

Answer #2: All fixtures will utilize the FP54 T5HO bulb. The successful contractor will only need to use the fixture in the specification (or equal).

Question #3: Is there any storage area available for fixtures on site?

Answer #3: No, there is limited dock space. It is suggested to only deliver daily the quantity that will be replaced during a single work day.

Question #4: Will areas to be worked in be occupied by state employees?

Answer #4: Yes, during a working shift of normal business hours from 8am to 5pm Monday through Friday.

Question #5: Will area be provided for storage of tools such as gang box, ladders, & scaffold or will these have to be removed daily?

Answer #5: Limited space is available in the basement and in other areas for roll away boxes during the project. Coordinate areas with project manager.

Question #6: Will 60 Calendar day completion time begin upon receipt of fixtures by contractor or upon signed contract/purchase order?

Answer #6: 60 days from the issuance of the Notice to proceed. The final timetable will be coordinated during pre-construction meeting with contractor.

Question #7: Do you have count of fixtures to be installed in areas over 8 feet height where different wattage lamps are to be installed?

Answer# 7: All fixtures are over 8 feet so only the 54 watt bulb type will be required.

State of West Virginia
General Services Division

Building 36 Interior Lighting Upgrades
Project No. GSD 116419

Question #8: Will city electrical permit and city inspections be required?
Answer #8: Permits and Inspections are not required under WV Code section 8-12-14.

Question #9: Is project exempt from City B & O Tax?
Answer #9: This project is not exempt from City B & O Tax.

Question #10: Is night and week end work permitted on project?
Answer #10: Yes, with coordination from Project Manager.

Question #11: Will all areas with limited access be made reliably accessible to contractor (areas require card access)?
Answer #11: Yes, staff will be available to assist the Contractor, however no individual cards will be issued to Contractor.

BID BOND

KNOW ALL MEN BY THESE PRESENTS, That we, the undersigned, City Electric Company
of Charleston, WV, as Principal, and United States Surety Company
of Timonium, MD, a corporation organized and existing under the laws of the State of
MD with its principal office in the City of Timonium, as Surety, are held and firmly bound unto the State
of West Virginia, as Obligee, in the penal sum of Five Percent of Amount Bid (\$ 5%) for the payment of which,
well and truly to be made, we jointly and severally bind ourselves, our heirs, administrators, executors, successors and assigns.

The Condition of the above obligation is such that whereas the Principal has submitted to the Purchasing Section of the
Department of Administration a certain bid or proposal, attached hereto and made a part hereof, to enter into a contract in writing for
GSD116419 Building 36 One Davis Square Charleston WV Interior Lighting Upgrades - According to Plans and
Specifications

NOW THEREFORE,

- (a) If said bid shall be rejected, or
- (b) If said bid shall be accepted and the Principal shall enter into a contract in accordance with the bid or proposal attached
hereto and shall furnish any other bonds and insurance required by the bid or proposal, and shall in all other respects perform the
agreement created by the acceptance of said bid, then this obligation shall be null and void, otherwise this obligation shall remain in full
force and effect. It is expressly understood and agreed that the liability of the Surety for any and all claims hereunder shall, in no event,
exceed the penal amount of this obligation as herein stated.

The Surety, for the value received, hereby stipulates and agrees that the obligations of said Surety and its bond shall be in no
way impaired or affected by any extension of the time within which the Obligee may accept such bid, and said Surety does hereby
waive notice of any such extension.

IN WITNESS WHEREOF, Principal and Surety have hereunto set their hands and seals, and such of them as are corporations
have caused their corporate seals to be affixed hereunto and these presents to be signed by their proper officers, this
3rd day of November, 2010

POWER OF ATTORNEY

AMERICAN CONTRACTORS INDEMNITY COMPANY UNITED STATES SURETY COMPANY U.S. SPECIALTY INSURANCE COMPANY

KNOW ALL MEN BY THESE PRESENTS: That American Contractors Indemnity Company, a California corporation, United States Surety Company, a Maryland corporation and U.S. Specialty Insurance Company, a Texas corporation (collectively, the "Companies"), do by these presents make, constitute and appoint:

Gregory T. Gordon, Larry D. Kerr, Allan L. McVey, Patricia A. Moye, Kimberly J. Wilkinson

its true and lawful Attorney(s)-in-fact, each in their separate capacity if more than one is named above, with full power and authority hereby conferred in its name, place and stead, to execute, acknowledge and deliver any and all bonds, recognizances, undertakings or other instruments or contracts of suretyship to include riders, amendments, and consents of surety, providing the bond penalty does not exceed *****Unlimited***** Dollars (\$ ***unlimited***). This Power of Attorney shall expire without further action on December 8, 2012. This Power of Attorney is granted under and by authority of the following resolutions adopted by the Boards of Directors of the Companies:

Be it Resolved, that the President, any Vice-President, any Assistant Vice-President, any Secretary or any Assistant Secretary shall be and is hereby vested with full power and authority to appoint any one or more suitable persons as Attorney(s)-in-Fact to represent and act for and on behalf of the Company subject to the following provisions:

Attorney-in-Fact may be given full power and authority for and in the name of and on behalf of the Company to execute, acknowledge and deliver, any and all bonds, recognizances, contracts, agreements or indemnity and other conditional or obligatory undertakings and any and all notices and documents canceling or terminating the Company's liability thereunder, and any such instruments so executed by any such Attorney-in-Fact shall be binding upon the Company as if signed by the President and sealed and effected by the Corporate Secretary.

Be it Resolved, that the signature of any authorized officer and seal of the Company heretofore or hereafter affixed to any power of attorney or any certificate relating thereto by facsimile, and any power of attorney or certificate bearing facsimile signature or facsimile seal shall be valid and binding upon the Company with respect to any bond or undertaking to which it is attached.

IN WITNESS WHEREOF, The Companies have caused this instrument to be signed and their corporate seals to be hereto affixed, this 15th day of June 2009.

PURCHASING AFFIDAVIT

West Virginia Code §5A-3-10a states: No contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and the debt owed is an amount greater than one thousand dollars in the aggregate.

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Debtor" means any individual, corporation, partnership, association, limited liability company or any other form or business association owing a debt to the state or any of its political subdivisions. "Political subdivision" means any county commission; municipality; county board of education; any instrumentality established by a county or municipality; any separate corporation or instrumentality established by one or more counties or municipalities, as permitted by law; or any public body charged by law with the performance of a government function or whose jurisdiction is coextensive with one or more counties or municipalities. "Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceed five percent of the total contract amount.

EXCEPTION: The prohibition of this section does not apply where a vendor has contested any tax administered pursuant to chapter eleven of this code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

Under penalty of law for false swearing (*West Virginia Code §61-5-3*), it is hereby certified that the vendor affirms and acknowledges the information in this affidavit and is in compliance with the requirements as stated.
