WEST VIRGINIA LOTTERY

REQUEST FOR QUOTATION **LOT462**

This document is a Request for Quotation ("RFQ") for a comprehensive HVAC Operation and Maintenance Service Contract.

I. INTRODUCTION

The Lottery is seeking quotations for a comprehensive preventive maintenance service, repairs and on-call service for its chillers, air conditioning, and/or HVAC systems to include but is not limited to materials, labor, equipment and parts at the new Lottery headquarters located at 900 Pennsylvania Avenue, Charleston, West Virginia. The Lottery anticipates upgrades to existing equipment and will issue a change order to delete old equipment and add the new equipment.

The Lottery will host a vendor pre-bid conference on November 3, 2010 at 11:00 P.M. in the lobby at this location. Attendance is mandatory for all vendors intending to submit a bid. The Lottery is seeking a one-year agreement, with an additional 2-year renewal option which will commence on January 1, 2011.

Contact with Lottery personnel in connection with this RFQ may not be made other than as specified in this RFQ. Unauthorized contact of any Lottery personnel may be cause for rejection of a bid.

II. GENERAL INFORMATION

The submission requirements for this RFQ are set forth below. A bid shall constitute an irrevocable offer for 60 days. If the last day of the 60-day period falls on a Saturday, Sunday, or legal holiday, the last day shall roll forward to the first day that is not a Saturday, Sunday, or legal holiday. Other references to a certain number of days in this RFQ shall use this same construction unless otherwise specified.

III. STATEMENT OF WORK

Location, equipment description, maintenance specifications, exclusions, and general coverage conditions are detailed in **Attachment A**.

IV. EXPERIENCE

Vendor must have a minimum of five (5) years successful experience in fully maintaining commercial HVAC systems similar in size and type to the installations covered under these specifications. All bidders should submit with their bid evidence of the reliability, ability, and experience by furnishing the following minimum requirement:

- A. A list of personnel who will perform under the contract, showing the length and type of experience of such personnel.
 1. The Lottery requires and will perform a criminal background check for each employee, as well as the employees of all subcontractors, who will be required to enter the State of West Virginia office buildings as part of this project.
 2. The Lottery will not allow any vendor or subcontractor access to the building until the background checks are completed.
 3. It is requested that all information be submitted with vendor's bid. The agency reserves the right to request additional information. Vendors must submit any additional information requested within 48 hours of the request. Vendors failing to respond within this time frame may be disqualified.

V. CONTRACTING REQUIREMENTS

Upon selection of a vendor, the terms set forth in this RFQ, including Attachment 'A' and any issued addenda, are to constitute a definitive agreement. Submission of a bid shall constitute agreement to contract on these terms.

A. Representations

Vendor will represent that it possesses such expertise, experience and resources to perform the scope of services required in a diligent, timely and professional manner consistent with the standards of the industry. Vendor will supply at all times an adequate number of well-qualified personnel to perform the work. Vendor will provide a contact person available and authorized to remedy any non-conformity with this representation.

B. Indemnity Obligations of Vendor

To the fullest extent permitted by law, the Vendor will agree to protect, indemnify, defend and hold the Lottery employees, agents and representatives and each of their successors and assigns (the "Indemnities") entirely harmless from and against any and all claims, actions, demands, proceedings, liabilities, damages, judgments, fines, penalties, settlements, costs and charges, including, without limitation, attorneys' fees and expenses, arising directly or indirectly from or in connection with (a) any

breach of the Agreement, (b) any actual or alleged negligent act, negligent error or omission, intentional misconduct of, or violation of any law by Vendor, the Vendor's employees, subcontractors, agents, representatives or assigns (collectively, the "Vendor's Agents") in the performance or non-performance of the professional services required to be performed by the Vendor under the Agreement; or (c) the Lottery's enforcement of its rights under this indemnity provision. The Vendor will agree that its obligations under this indemnity will survive the expiration and termination of this agreement. In the event both the Lottery and Vendor are named as defendants in the same civil action, and the Lottery determines that a conflict of interest exists between the parties, Vendor will agree to provide, at its own cost, independent counsel for the Lottery. The Lottery may, at its option, designate its counsel as equal participating counsel in any litigation wherein the Vendor defends the Lottery.

C. Insurance Obligations of Vendor

The Vendor will provide and keep in full force and effect during the term of this agreement, at the Vendor's own cost and expense, the following insurance policies for the joint benefit of the Vendor and the Lottery, with an insurer reasonably acceptable to the State Insurance Commission:

1. Commercial general liability insurance with a general aggregate limit (other than products/completed operations) of at least Two Million Dollars (\$2,000,000.00); at least One Million Dollars (\$1,000,000.00) personal injury limit; at least One Million Dollars (\$1,000,000.00) premises and operations limit; at least One Million Dollars (\$1,000,000.00) each occurrence limit;
2. Workers' compensation coverage as required by law, together with employer liability coverage with limits of not less than One Million Dollars (\$1,000,000.00) per occurrence.
3. Comprehensive automobile liability insurance covering owned, leased, hired and non-owned vehicles with at least One Million Dollars (\$1,000,000.00) combined single limit.
4. Professional liability insurance with a general aggregate limit of Two Million Dollars (\$2,000,000) and an occurrence limit of two Million Dollars (\$2,000,000).

Each such policy will name the Lottery as an additional insured and will state that the Vendor's policy shall be primary and that any insurance carried by the Lottery shall be noncontributing with respect thereto. Each such policy will provide for thirty (30) days prior written notice to the Lottery in the event of cancellation or reduction in coverage or amount. If the Vendor fails to secure and maintain insurance policies complying with the provisions of this agreement, the Lottery may terminate this agreement. In addition to

the insurance required to be obtained and maintained by the Vendor, if the Vendor assigns any portion of the duties under this agreement in accordance with the terms, hereof, each subcontractor or assignee will purchase and maintain the same insurance coverage required hereunder. The Vendor will immediately notify the Lottery if the Vendor's commercial general liability insurance contains restrictive endorsements other than those restrictive endorsements normally included in the State of West Virginia. If the Vendor's commercial general liability insurance contains such restrictive endorsements, the Vendor shall have five (5) business days to remove said restrictions. If the Vendor is unable to do so, the Lottery may terminate this agreement, and will be required to give the Vendor no more than two (2) days' notice of such termination, anything in this agreement to the contrary notwithstanding.

D. Termination

1. **At Will.** The agreement will be terminated by the State, in its sole and complete discretion, upon thirty (30) days written notice to Vendor. In the event of termination pursuant to this section, the vendor's sole compensation will be for that portion of services performed or goods delivered up to the date of termination, together with reimbursable expenses, if any then due. Vendor will not be paid for any services, goods or reimbursable expenses associated with any work or service not specifically authorized by the Lottery.

2. **Default by Vendor.** This agreement may be terminated by the State upon thirty (30) days written notice to the Vendor in the event the Vendor is in default under any of its provisions. In the event this agreement is terminated due to the default by the Vendor, the Vendor will not be entitled to receive any compensation for services performed or for any reimbursable expenses incurred, and the Lottery will have the right to have the services completed by other parties and the Vendor will reimburse the Lottery for the actual costs to complete the services in excess of the balance of the fee and reimbursable expenses, if any, provided for in this agreement. Any such act by the Lottery will not be deemed a waiver of any other right or remedy of the Lottery, including, without limitation, the Lottery's right to consequential damages caused directly or indirectly by the Vendor's default.

E. Confidentiality and Publicity

The Vendor will retain all confidential information provided by the Lottery in the strictest confidence and will neither use it nor disclose it to anyone other than employees requiring the information to perform services under this agreement without the prior written consent of the Lottery. The Lottery retains the right to enjoin any unauthorized disclosure in an appropriate

court of law. The Vendor will not issue any public announcements concerning the Lottery without the prior written consent of the Lottery.

F. Compliance with Laws

The Vendor agrees to comply with all applicable federal, state, and local laws and regulations, including but not limited to the provisions of the Fair Employment and Housing Act (Govt. Code, § 12900 *et seq.*), the American National Safety Code for HVAC Systems, ANSI A 17.1 and any applicable regulations promulgated there under (WV Code). Vendor agrees to include the non-discrimination and compliance provisions of this clause in any and all subcontracts to perform work under the agreement.

G. Subcontracting

1. **Subcontracting.** The Vendor may subcontract with other qualified firms or individuals as required to complete all, or a portion of, the delivery of equipment and services, with the prior written approval of the Lottery. The Vendor will clearly describe the reason for using any subcontractors, the specific role each subcontractor will play in the project, and the relationship between the Vendor and its subcontractor to be maintained during the term of this agreement. No subcontract will be approved unless the Vendor provides a written guarantee that the Vendor's firm will be contractually obligated to assume all project responsibilities and the insurance requirements set forth above.

H. General Provisions

1. **Force Majeure.** Neither party will be deemed in default of this agreement or any provision hereunder to the extent that any delay or failure in the performance of the obligations of such party (other than the payment of money) results from any significant and material causes beyond its reasonable control and without fault or negligence by such party. Examples of such causes include, but are not limited to, (1) acts of God or public enemy, (2) acts of the government in either its' sovereign or contractual capacity, (3) fires, (4) floods, (5) epidemics, (6) quarantine restrictions, (7) strikes, (8) embargoes, (9) earthquakes, and (10) unusually severe weather.

2. **Governing Law.** The agreement will be governed by the laws of the State of West Virginia without giving effect to its principles of conflict of laws.

3. **Attorneys' Fees.** In the event either party institutes any action or proceeding against the other party relating to this agreement, the

unsuccessful party in such action or proceeding will reimburse the successful party for its disbursements incurred in connection therewith and for its reasonable attorneys' fees as fixed by the court. In addition to the foregoing award of attorneys' fees to the successful party, the successful party in any lawsuit shall be entitled to collect or enforce the judgment. This provision is separate and several and shall survive the merger of the agreement into any judgment.

ATTACHMENT A

I. SCOPE OF WORK

A. Operational inspections: each service is to consist of the scope of work listed herein for each equipment type and to be performed at the frequency listed. Scheduling of these inspections shall be coordinated between the Lottery and the vendor.

NOTE: Some centrifugal chillers use power factor capacitors, and some use surge capacitors. The capacitor may be installed out of sight in the compressor motor terminal box. In all cases, capacitors must be disconnected from the circuit to obtain a useful megger reading. Failure to do so will produce a low reading. When handling electrical components is required, only fully qualified electrical technicians should attempt service.
