## NTIRES11 Questions and Answers

1Q.	Will a vendor be allowed to "no bid" a group without being disqualified?
1A	Yes
2Q	At the end of each term of the contract will the State allow for pricing to be moved to the vendor's current published base price list with no change reduction in discounts, allowing for a price increase for the next term of the contract? Will the State allow for a price increase?
2A	That will be determined by the Purchasing Division at renewal.
3Q	What does the state consider "Life of the Contract" Does each term stand on it's own?
3A	Yes
4Q	All replaced tires that are covered under the Adjustment Warranty shall be replaced under the Manufacturer's Published Warranty, does the State agree?
4A	Can not determine, no knowledge of the Manufacturer's Published Warranty
5Q	Price List requirement. State ask that copies of price list be mailed to a list of agencies. All pricing is available on vendor website and can be printed as needed by each agency. These price list are updated as needed and would be more current than a price list created at time of the original bid. Would it not be more beneficial for State to direct each agency to the vendor website. Vendor ask that this requirement be reconsidered?
5A	Agencies with access to the web can obtain price list electronically, however those agencies without or with limited access to the web will require a mailed price list.
6Q	Failure to deliver product. Vendor ask that if a tire is not available at time of order that all agencies contact the Vendor's Contract Contact person and allow them to make final effort to deliver ordered product or offer another tire off the Vendor's price list as a replacement, before the agency would be allowed to purchase off contract?
6A	No
7Q	Failure by either party to perform its duties and obligations will be excused by unforeseeable circumstances beyond its reasonable control and not due to its negligence including acts of nature, acts of terrorism, riots, labor disputes and/or strikes, fire, flood, explosion, and governmental prohibition. The non-declaring party may cancel the contract without penalty if performance does not resume within 30 days of the declaration.

7A	No, per the West Virginia State Code, Law and as indicated in the Request for Quotation.
8Q	General Terms & Conditions AntiTrust. - Vendor request that this requirement be removed from the language.
8A	No

Ms. Jones:

This letter is in regards to Bridgestone Americas Tire Operations, LLC's (hereinafter referred to as BATO) response to the RFQ solicitation #NTIRES11 for the State of West Virginia bid. The enclosed bid will be opened at 1:30 p.m. on February 4, 2011.

BATO is offering the following Firestone and Bridgestone branded items and discounts from our current 2011 Government Price Catalog. I have included a copy of the catalog (discount calculations are included) for your reference. Discounts have also been supplied on the Discount Multipliers Pricing Pages.

Additionally, BATO has a government website for agencies to utilize. The website is [www.batogovtires.com](http://www.batogovtires.com) and includes a price list for the State of West Virginia. Contract pricing can be accessed by entering:

Approval Letter #: 7097  
Password: 23A2

The pricing displayed will include all discounts.

Included in our package is:

- 1) Completed original signed bid package
- 2) 2011 Government Catalog
- 3) List of authorized stores and dealers in the State of West Virginia
- 4) Pricing pages
- 5) Online Procedure
- 6) Warranty Brochures
- 7) Data Books

- 8) CD with price file and distributor list in excel
- 9) Example of the Ultimate Vendor/Ultimate Purchaser Exemption Certificate form

BATO authorized dealers and stores will supply tires to West Virginia agencies the same day tires are ordered if the tire is available in their inventory. If the tire is not available in their inventory, they will supply as soon as possible not to exceed 30 days.

Bridgestone is verifying FET status for all state agencies by use of our Ultimate Vendor Ultimate Purchaser Exemption Certificate (UVUP) to document FET exemption sales. In the past, Bridgestone has required dealers to obtain a delivery receipt for every FET exempt transaction. The UVUP form is valid for 3 years and satisfies the IRS requirements as documentation for FET exempt purchases.

The following applies to Bridgestone Americas Tire Operations, LLC tire bid:

Regarding the State of West Virginia General Terms & Conditions:  
BATO is removing item 13. HIPAA does not relate to the contract/bid.

BATO is removing the last sentence in item 14.

Regarding the State of West Virginia General Specifications and Conditions:  
Page 1 of 4 – BATO's tire warranty applies to all purchases by the State of West Virginia, copies of warranties are enclosed. **Disclaimer of Warranties:** Supplier's standard warranty is the sole warranty and in lieu of all other warranties. Supplier expressly disclaims and makes no other warranties, express or implied, including, but not limited to, the implied warranties of merchantability and fitness for a particular purpose

Page 2 of 4 – In the 1<sup>st</sup> paragraph BATO is adding to the State of West Virginia's language, "The State of West Virginia may require, at its sole cost and expense, performance tests by recognized....."

Page 3 of 4 - In respect to shipment within 12 months, BATO has control when tires are shipped directly from our distribution centers to our stores and dealers. However, when tires are delivered to agencies by our store and dealer network it is extremely difficult to guarantee that all tires the dealer or store delivers would have been produced within 6 or 12 months prior to delivery. It would be difficult for any manufacturer that uses stores

and dealers to deliver tires under a State contract to guarantee and monitor this requirement. Additionally, I have included BATO's statement on tire aging.

Remove paragraph: "A successful vendor who offers product under this contract and fails to make delivery, may be assessed liquidated damages as follow: The damages shall be: The difference between the cost of the tire from the contracted vendor and the cost of the tire from any other source."

If you have any question pertaining to the enclosed bid, please feel free to contact me.

### Bridgestone Firestone Statement for ABC News on Tire Aging

At this point, there is no definitive data to support a single standard for the age at which tires should be removed from service and replaced. Stamping a tire with a "use-by" date could give consumers the false sense that their tires are safe before that date, regardless of their condition. A tire's condition, which is critical to its performance, is determined by service, use, maintenance and storage, and not by chronological age alone. In addition, selecting an arbitrary date for removing all tires from service without regard to their actual condition is an unnecessary financial burden for responsible consumers and environmentally unwise.

Tires are a technologically advanced part of a vehicle and the only thing connecting consumers and their families to the road. Bridgestone Firestone is committed to educating consumers about the critical importance of proper tire maintenance to safety and vehicle performance. We provide this information to consumers through our warranty booklets, Web site resources like [www.tiresafety.com](http://www.tiresafety.com), public education campaigns, industry group activities and the markings on the tires themselves. We encourage all consumers to learn about tire safety and to have their tires regularly inspected by a qualified professional.

Unfortunately, some motorists ignore tire safety guidelines. Just like it's up to motorists to wear their seat belt and pay attention to the road, it's up to every driver to take responsibility for his or her tires. The safety of everyone on the road depends on it.
