**RE: Expression of Interest for Architectural/ Engineering Services –
RFQ # PTR11023 WV Division of Public Transit Building – Philippi, WV**

To Whom It May Concern:

Thrasher Engineering, Inc. appreciates the opportunity to express our interest in providing services to the West Virginia Department of Transportation / Division of Public Transit. As you may know, Thrasher Engineering has provided a very high quality of engineering services to the Department of Transportation for many years. We added architectural design to our services in 2005, and since that time, our architecture staff has grown to serve numerous clients throughout West Virginia. We believe you will find that our architectural experience and expertise will assure you of a quality project completed on time and within budget.

In addition to our technical and practical expertise, our team offers many qualifications that make us the right choice for your project, including:

- ❖ **Experience with Pre-engineered Metal Building Design:**
Our team offers over thirty years of architectural design experience. We have designed offices for various public facilities and therefore are aware of the specific needs and are extremely sensitive to costs and budgets. Our abilities in this area are demonstrated in the Related Prior Experience section of this proposal.
- ❖ **Full Service:** Thrasher Engineering, Inc. offers the full civil engineering and architectural complement of services necessary for this project in-house. We will sub-contract the Mechanical-Electrical- Plumbing engineering services to Harper Engineering, a St. Albans based firm with whom we frequently work.
- ❖ **Priority:** Although our architectural design team has over forty years of combined experience, we are a young and growing firm. By virtue of that, our current work load will allow us to place the project as a priority. We will work as a team with you to determine your needs and design the rehabilitations to meet and exceed your expectations and the regulations required of state agencies.

- ❖ **Cost Accounting System:** Thrasher Engineering, Inc. does utilize a cost-accounting system that is capable of segregating and identifying accumulating costs for cost type projects.

We are aware of, and comply with Title VI of the Civil Rights Act of 1954, Executive Order 11246, Section 109 of the Housing and Urban Development Act of 1968, Conflict of Interest Statement and Access to Records provisions and all other requirements as they relate to federal and state funded projects

Enclosed please find an original plus five (5) copies of our proposal containing ***Qualifications Management and Staffing Capabilities, Related Prior Experience and References along with our No Debt affidavit and other required Bid Forms.***

The Thrasher Engineering, Inc. team looks forward to the opportunity to meet with you to discuss how we can contribute to the success of this project.

Sincerely,

THRASHER ENGINEERING, INC.

CRAIG BAKER, Associate AIA

STATEMENT OF QUALIFICATIONS

Thrasher Engineering, Inc. provides the West Virginia Purchasing Division, on behalf of the West Virginia Division of Public Transit, the advantage of providing the full scope of services for its pre-engineered metal and brick administrative and maintenance facility project under single corporate management.

Founded in 1983, Thrasher Engineering, a West Virginia owned and operated full-service company has provided engineering design and construction services for infrastructure throughout the State of West Virginia. Throughout our 27-year history, Thrasher Engineering provided site development planning and engineering design services for many successful projects, working with numerous architectural firms and contractors. Based on that success, in 2004, we added architectural design to the scope of services we provide in-house.

ARCHITECTURAL / ENGINEERING QUALIFICATIONS

Exceptional customer service, versatility, quality and experience are the benefits realized by the selection of Thrasher Engineering.

Our architects bring over 40 years of experience to the project; a balance of aesthetics, functional design and maintainability is the base of their design. The civil engineering team, working with the architects, offers the structural, utilities, and landscape architecture segments.

In addition to our ability to provide the necessary services for architecture, civil engineering and field services under single corporate management, Thrasher Engineering, Inc.'s selection brings the following benefits to Barbour County and Here and There Transit.

- ❑ We offer an approach to architectural projects different from that of other firms. Our engineering emphasis on the details of construction bidding documents for our design, in addition to the design itself, results in ***more accurate bids and fewer change orders - bringing cost savings to our clients.***
- ❑ Our proven abilities in the design and construction of structures to meet the needs of a variety of clients and our solid track record of site development engineering will be of great benefit as we will lend this expertise to the architectural design team .
- ❑ We offer ***a teamwork process.*** Our communication with the project owner is the key to providing design and construction services ***on-time and within budget.***

SERVICES

ARCHITECTURE

With over 40 years of combined experience, our architecture team bases their work on a balance of aesthetics with functional design and maintainability. Thrasher Engineering, Inc. offers the following services that relate to the project:

- ❖ **Project Management**
- ❖ **Space Analysis**
- ❖ **Preliminary Review and Final Design**
- ❖ **Regulatory Agency Permit Application**
- ❖ **Preparation of Construction and Bidding Documents**
- ❖ **Construction Inspection and Oversight**
- ❖ **Construction Administration**

The additional services Thrasher Engineering will offer in relation to the County's project include structural engineering, and construction management / inspection and materials testing.

*The WBOY offices, Clarksburg,
WV*

SITE DEVELOPMENT

Over the past five years, Thrasher Engineering has planned, surveyed, designed and provided construction management services for over 30 site development projects for both public and private clients. Projects ranging from sites for residential housing to business and industrial parks to multi-purpose "live, work and play" communities are included in its range of site development projects.

Their objective in site development engineering is to go beyond just the engineering aspect of the project; they work as a team with clients to understand their present and future needs. With that information, the team works with them to evaluate site locations that best suit their short and long-term goals.

Thrasher Engineering provides the full spectrum of engineering services necessary to develop sites that provide the infrastructure needed:

- Site Selection and Evaluation
- Survey
- Roadways
- Sidewalks
- Utilities (water, sewer, storm sewer, gas, electric and telecommunications)

SURVEY

The Land Surveying department of Thrasher Engineering performs a wide range of services, not only in conjunction with engineering projects, but independently for both public and private clients. The types of surveys performed include:

- Construction layout for buildings, site development projects, highways, railroads, sanitary sewer systems and water and wastewater treatment plants
- Right-of-way/Easement surveying.
- Pre and post mine subsidence surveys
- GPS ground control surveys for aerial mapping
- Landfill closure surveys
- Topographic surveys
- Lake and river sounding surveys
- Boundary surveys
- ALTA/ACSM surveys
- Pre and post blasting surveys
- Aerial Photography

CONSTRUCTION MANAGEMENT

Knowledgeable and experienced personnel necessary to manage the construction phase are assigned to each of our projects.

Project managers and inspectors are experienced in all types of construction activities. From utilities, site development and storm water management to roads, bridges and airports, they apply construction management and inspection expertise to ensure successful projects. Both construction managers and inspectors have years of experience; many of whom are certified by the West Virginia Department of Transportation / Division of Highways for roadwork and materials testing.

Construction Management and Project Administration Services include:

- Site Layout
- Construction Stakeout
- Inspection
- Quality Control

MATERIALS TESTING

Thrasher Engineering's Materials Testing Department is capable of performing a wide range of field and laboratory tests. The laboratory at our Clarksburg, WV office is certified both nationally and by the State of West Virginia. Additionally, engineers and technicians who perform tests both in the field and in the lab are certified by the State.

Services Include:

- Concrete Testing and Inspection
- Soil Testing and Inspection
- Aggregate Testing and Inspection
- Mortar and Grout
- Paint Coatings
- Sprayed-on Fireproofing
- Subsidence Inspecting
- Caisson and Piling Inspection
- Asphalt

***Concrete testing at the Clarksburg,
West Virginia Materials Testing
laboratory***

The firm's competence, specifically in the area of qualified construction observers has been demonstrated by recognition and awards presented for their performance.

These awards include the following from the West Virginia Department of Transportation / Division of Highways:

- 2006 – *Statewide Inspection - Engineering Excellence*
- 2004 – *Statewide Inspection - Engineering Excellence*
- 2005 - *Statewide Inspection - Engineering Excellence Finalist*
- 2002 - *Inspection Excellence - Specific Project - Meadowbrook Road*
- 2001 - *Inspection Excellence - Specific Project – South High Street Bridge*

Thrasher Engineering's WVDOH certified testing laboratory includes nuclear density gauges, gas detectors, and compression testing and proctor machines.

MANAGEMENT AND STAFFING CAPABILITIES

The expertise of the Thrasher Engineering team is a combination of education and experience; it is reflected in all aspects of our services. The firm is led by a talented group of principals and partners who are dedicated to the success of our projects and the satisfaction of our clients.

Serving as Principal-In-Charge, will be **Chad Riley, P.E.** He received his Bachelor of Science in Civil Engineering Technology from Fairmont State University and oversees architectural and site development projects, many of which include the design and construction of buildings. Mr. Riley has experience working with architects on the structural aspects of site development projects.

Craig Baker, Associate AIA, will serve as **Project Manager**; in this capacity, he will be the County's primary point of contact and be responsible for the administrative aspects including cost control, and project schedule. Mr. Baker received his B.S. in Architectural Engineering at Fairmont State University in 2001 and his A.S. in Architectural Engineering at Fairmont State University in 1999.

Lee Gustafson, AIA of will be the Senior Architect for this project. Mr. Gustafson is a graduate of the University of Cincinnati, with a Bachelor of Science degree in Architecture. Through his practice, Mr. Gustafson has extensive experience in the design and oversight of construction for numerous projects in Harrison County and surrounding counties. In this capacity he will design and oversee all work performed by any sub-consultants.

Serving as **Project Engineer** for structural and site development aspects will be **Jeff Gola, P.E.** He is a Summa Cum Laude graduate of West Virginia University where he received his Bachelor of Science Degree in Civil Engineering. He serves as both a Project Manager and Project Engineer for site development and structural projects for the firm.

In the capacity of **Manager of Materials Testing and Inspection** for Thrasher Engineering, **Aaron Denham** will be responsible for the assignment of testing personnel and quality control of materials and compaction testing during construction. He has 7 years of experience in the testing field, including FSU's parking garage, dormitory, student center and engineering technical building, along with all of the new facilities on the WVU Health Sciences campus. He has been with Thrasher Engineering since 2000 and holds a Bachelor of Science Degree from Fairmont State University with a B.S. Degree in Civil Engineering Technology.

Jason Harper, P.E. of Harper Engineering will be responsible for oversight of design and construction for Mechanical-Electrical and Plumbing Services. Mr. Harper recently formed Harper Engineering after 10 years of experience with another West Virginia MEP firm. Working with Mr. Harper will be **Rick Standish** and **Scott Phillips**.

The team will utilize the broad experience of Thrasher Engineering's staff of professional Engineers, CADD operators, construction managers, survey teams, testing personnel and administration staff to provide you with a successful project.

PROJECT TEAM MANAGEMENT AND STAFFING

Thrasher Engineering, Inc. has put together a team to address the West Virginia Division of Public Transit's Project that has experience and technical knowledge that will allow for a successful, time- and cost-efficient project unsurpassed in West Virginia. This organizational chart is followed by personal profiles of each team member.

West Virginia Division of Public Transit

**Chad M. Riley, P.E. / Partner
Principal-In-Charge**

**Craig Baker, Associate AIA
Project Manager**

**Jeff Gola, P.E.
Site Development /
Structural Engineering**

**Lee O. Gustafson, AIA
Senior Architect**

**Aaron Denham,
Construction Management /
Materials Testing Manager**

**Jason Harper, P.E.
Harper Engineering, Inc.
Principal-In-Charge
Project Manager
HVAC Design**

**Thrasher Engineering
In-House Survey Services**

**Rick Standish
Electrical and Fire Alarm Design**

**Scott Phillips
Plumbing and Sprinkler System Design**

Mr. Riley joined Thrasher Engineering in 1996 and became a partner in the firm in 2004. His past experience with the firm has included survey and construction management / inspection responsibilities; he now holds the responsibility of Site Development Manager and lead engineer for site development projects. The focus of these projects is for the development of industrial and business parks, multi-use developments and long-term, multi-phase infrastructure improvement and building projects. He has extensive experience in working with both Federal and State funding agencies, including the US Department of Commerce, Economic Development Authority and the State of West Virginia Development Office.

REPRESENTATIVE PROJECTS

Mr. Riley is currently, or has served, as Project Manager for numerous economic development projects throughout the State of West Virginia. In this capacity, he holds ultimate responsibility for client communication, engineering design, funding issues, construction document preparation, bidding, and construction management.

SITE DEVELOPMENT PROJECTS:

- FAIRMONT STATE UNIVERSITY: 10-YEAR INFRASTRUCTURE IMPROVEMENTS PROJECT:
 - Utilities, Roadways, Sidewalks, Storm Drainage, Utility Relocation
 - Parking Garage
 - Falcon Center (Student Activity Center)
 - Bryant Place Dormitory
- RALEIGH COUNTY MEMORIAL AIRPORT INDUSTRIAL PARK
- McDOWELL COUNTY PRISON
- PINECREST BUSINESS AND TECHNOLOGY PARK – RALEIGH COUNTY, WV
- WOLF CREEK PARK “LIVE, WORK AND PLAY” COMMUNITY – FAYETTE COUNTY, WV
- CHARLES POINTE DEVELOPMENT – BRIDGEPORT, WV
 - Mass Grading, Roadways, Sidewalks, Utilities
 - Conference Center
- WOOD PRODUCTS INDUSTRIAL PARK – MINGO COUNTY, WV
- PUTNAM COUNTY INDUSTRIAL PARK
- BELINGTON INDUSTRIAL PARK – BARBOUR COUNTY, WV
- FEDERAL BUREAU OF PRISONS
 - Glenville Correctional Institute – Gilmer County, WV
 - Canaan U.S. Penitentiary / Federal Prison Camp

EDUCATION

FAIRMONT STATE UNIVERSITY – Bachelor of Science, Civil Engineering Technology

REGISTRATIONS

- Registered Professional Engineer, State of West Virginia
- Registered Professional Engineer, State of Maryland
- WVDOH Certified Concrete Technician
- WVDOH Certified Compaction Technician

AFFILIATIONS

- Fairmont State University Technology Advisory Committee

CRAIG M. BAKER, ASSOCIATE AIA, PROJECT MANAGER

Mr. Baker serves Project Manager for numerous public and private architectural projects throughout the State of West Virginia. In this capacity, he holds responsibility for client communication, scheduling, construction document preparation, bidding, and construction management.

- Rahall Center at the Woodlands (Beckley, WV)
- Shenandoah Office Park (2 Multi-Story Office Buildings – Martinsburg, WV)
- Pea Ridge Public Service District Service Building
- Mon Valley Bank (Bridgeport and Martinsburg, WV)
- Horizon Church, Lost Creek, WV
- Cortland Acres Medical Records Department, Thomas WV
- Oak Hill Police Station, Oak Hill, WV
- Glenville State Convocation Center, Glenville, WV
- Morgantown AES Credit Union, Morgantown, WV
- Elkins Hospice Center, Elkins, WV
- GSA/ Co-op Office, Martinsburg, WV
- GSA / Public Defenders Office, Martinsburg, WV

REPRESENTATIVE PROJECTS

Past Experience (Other Firms):

- Fieldcrest Hall Renovations, West Virginia University, Morgantown WV
- Grant Franklin Jr. M.D Office Building, Fairmont WV
- Bridgeport City Building, Bridgeport, WV
- Therapy Services, Morgantown, WV
- Uniontown Senior Housing Facility, Uniontown, PA
- Willowdale Mixed Use Facility, Morgantown, WV
- F.B.I Fingerprint Facility, Fairmont, WV
- Med Express Urgent Care, Morgantown, WV
- Mon Schools Foundation Bus Garage, Morgantown, WV
- Burroughs Street Senior Housing Facility, Morgantown, WV
- Texas Roadhouse Restaurants, Morgantown, Clarksburg WV & Greensburg, Washington PA

EDUCATION

Bachelor of Science—Architecture Engineering Fairmont State University

AFFILIATIONS

- American Institute of Architects- Associate

LEE O. GUSTAFSON, AIA LEAD ARCHITECT

Prior to joining Thrasher Engineering in 2005, Mr. Gustafson a sole-proprietorship firm specializing in educational and health care facilities. Additionally, he provides architectural services for military installations, apartment complexes, office buildings and structures associated with Thrasher Engineering's site development projects.

A graduate of the University of Cincinnati, Mr. Gustafson brings over thirty years of experience to the team, with over twenty-five of those years designing and managing projects throughout the State of West Virginia.

RESPRESENTATIVE PROJECTS

- Rahall Center at the Woodlands
- Lumberport Volunteer Fire Department
- Spelter Volunteer Fire Department
- Shenandoah Office Park (2 Multi-Story Office Buildings – Martinsburg, WV)
- Mon Valley Bank (Bridgeport , Fairmont and Martinsburg, WV)
- Horizon Church, Lost Creek, WV
- Cortland Acres Medical Records Department, Thomas WV
- S.T.A.R Training Facility, Parkersburg, WV
- Glenville State Convocation Center, Glenville, WV
- West Virginia University Eye Institute; New Construction
- West Virginia University Ruby Memorial Hospital; Renovations
- Salem International University Randolph Hall, ADA Compliance and Fire Code Upgrades
- Erickson Alumni Center; New Construction
- Horizon Church and Education Complex; New Construction
- United Hospital Center; Renovation, ADA Compliance and Fire Code Upgrades
- William R. Sharpe, Jr. Hospital; Renovation, ADA Compliance and Fire Code Upgrades
- Grant County Nursing Home; New Construction, Additions and Renovations
- Tucker County Senior Center, New Construction
- Harrison County Board of Education

EDUCATION

Bachelor of Science, Architecture, 1975 - University of Cincinnati

REGISTRATION

- American Institute of Architects (AIA), State of West Virginia
- Certification, National Council of Architectural Registration

AFFILIATIONS

- West Virginia Society of Architects

- A.I.A. Committee on Architecture for Health Care
- A.I.A. Committee on Architecture for Justice

JEFF GOLA, P.E. PROJECT ENGINEER

Mr. Gola joined Thrasher Engineering in 1998 and serves as Project Engineer for the firm. He is responsible for the structural aspects and engineering design for all of the firm's WVDOT/DOH projects, as well as airport, site development, road, sidewalk, storm water management and demolition projects. Mr. Gola also performs hydrology studies and analysis in conjunction with projects and is experienced as a project inspector.

Mr. Gola is a Summa Cum Laude graduate of West Virginia University's College of Engineering and Mineral Resources.

REPRESENTATIVE PROJECTS

- Project Engineer - Site Development
- Fairmont State University; Storm water Management Project / Roadways / Sidewalks / Retaining Walls / Parking
- City of Bridgeport; Old Bridgeport Hill Storm water Collection System Upgrade
- Harrison-Marion Regional Airport; 20-Year Master Plan and Projects Involved with that Plan
- Raleigh County Memorial Airport
 - o Master Plan Update and Various Projects Involved in that Plan
 - o Raleigh County Memorial Airport Industrial Park
- City of Mannington; Demolition
- City of Pleasant Valley; Sidewalks
- Greystone Development
- Appalachian Timber Asphalt Company
- WVDOT/DOH Projects
- South High Street Bridge; Inspection
- Elizabeth Bridge; Inspection
- I-279 North Bridgeport Bypass; Temporary Pollution Control
- Indian Fork Bridge; Design and Hydraulic Analysis
- Corridor H; Design of Roadway and Bridges
- Musselman High School; Turn Lane Design
- Verner Bridge Replacement; Design and Analysis
- Jakes Run Bridge
- King Coal Highway

EDUCATION

Bachelor of Science, Civil Engineering, 1998 (Summa Cum Laude)

West Virginia University College of Engineering and Mineral Resources

ADDITIONAL TRAINING

- Surveying; Transportation Technology
- Highway Engineering; Water Quality Management
- Hydrology, Fluid Mechanics, Soil Mechanics
- Material, Structural Analysis, Concrete Foundation, Steel Design

REGISTRATIONS

- Registered Professional Engineer, State of West Virginia

AFFILIATIONS

- American Society of Civil Engineers
- City of Mannington Code Enforcement Appeal Board
- National Society of Professional Engineers
- Society of Military Engineers

**AARON DENHAM, MANAGER OF CONSTRUCTION MGMT /
INSPECTION / MATERIALS TESTING**

Mr. Denham joined Thrasher Engineering in 2000 and serves as Manager of Materials Testing and Inspection for the firm. He is responsible for quality control of materials and compaction testing for numerous federal, state and private projects, in addition to the field and laboratory testing. Thrasher Engineering's two materials testing laboratories are under Mr. Denham's supervision, as well. Additionally, he has managed both Quality Control and Quality Assurance Programs for many structural and federal aviation construction projects. Mr. Denham's staff includes over 30 project representatives and inspectors.

REPRESENTATIVE PROJECTS

STRUCTURES:

- Ruby Memorial Hospital
- Fairmont State University; Parking Garage, Activity Center, Student Dormitory
- American Woodmark; Plant Facility
- Institute for Software Research
- I-68 Welcome Center
- Coopers Rock Weigh Station
- Airport Authority Metal Equipment Storage Building; Lead Inspector & Testing
- Health Science Learning Center
- WV National Cemetery Expansion
- Institute for Scientific Research
- I-68 Welcome Center
- Stockmeier Urethanes

SITE DEVELOPMENT PROJECTS:

- Raleigh County Memorial Airport Industrial Park
- Fairmont State University: Utilities, Roadways, Sidewalks, Storm Drainage, Utility Relocation
- Robert C. Byrd Industrial Park – Hardy County, WV
- Kulseth Industrial Park – Marion County, WV
- I-79 Industrial Park – Marion County, WV
- Webster County Industrial Park
- Mingo County Industrial Park
- Putnam County Industrial Park

EDUCATION

B.S. Civil Engineering Technology, 1999 – Fairmont State University

REGISTRATIONS / CERTIFICATIONS

- WVDOH Compaction Inspector
- WVDOH Aggregate Technician/Inspector
- WVDOH Bituminous Inspector/Technician
- WVDOH Radiation Safety
- Troxler Basic Safety – Nuclear Compaction Gauge
- WVDOH Concrete Inspector/Technician
- WVDOH Aggregate Sampling Inspector

RELATED PRIOR EXPERIENCE

As stated previously, Thrasher's experience cuts across a broad spectrum of sizes and clients. To best demonstrate how our experience best meets the needs of the West Virginia Public Transit, we have focused our examples (included later in this qualifications statement) on projects involving civil and structural engineering, pre-engineered buildings, architectural design and construction management that will have comparable services required to successfully complete the Transit's project.

The projects included for review include Horizons Church & Education Complex, Pea Ridge Public Service District, Spelter Volunteer Fire Department, City of Oak Hill Police Department, Dominion Resources and North Central West Virginia Airport AARF Building.

CONCLUSION

Thrasher Engineering's philosophy of "*Successful Projects, Repeat Clientele*" is founded on the principle of client satisfaction and repeat business. We do what it takes to assure satisfaction and to ensure project success, and want to continue to work with the **West Virginia Division of Public Transit** to provide the necessary architectural and engineering services to your infrastructure.

HORIZONS CHURCH & EDUCATION COMPLEX, LOST CREEK, WV

This project encompassed the design of a new 26,000 square foot pre-engineered metal and masonry building for the Horizons Church, with 12,000 square feet for the 800 seat sanctuary and 14,000 for the Educational and Fellowship Wing. This includes classrooms, the Youth Recreation Center, a kitchen, a dining/café area, meeting rooms, a nursery, rest rooms, and the Youth Worship Center. The sanctuary and stage are fully equipped for a wide variety of multi-media productions.

Construction has just been completed for a new 22,000 square foot pre-engineered metal and masonry building addition.

Client:

Horizons Church Complex

Location:

Rt 25 & Mount Clare Road
Lost Creek, WV 26385

Phone: (304) 745-5090

Budget:
