Assumptions
1. The floor plans received from the SBA will be in a PDF file format, and the product that is to be delivered is also a PDF file.
2. The floors plans received from the SBA are reflective of the existing building configuration, thereby not requiring any changes to the walls, doors, stairs, etc.
3. The floor plan provided as a sample in the RFQ is reflective of the drawings to be received from the SBA. We will be responsible for annotating it with the location of the information that is being collected during the site surveys and not updating the floor plans.
4. Schools do not have any form of Emergency Management Plans.
5. Baker will develop all school plans but the schools must provide information back to Baker when requested.
6. Baker will provide a one time opportunity for schools to review and comment on the EMPs once developed but will be responsible for any changes and must return the edited plan back to Baker for inclusion in the repository.
