Sodium Chloride shall conform to the requirements of ASTM D632-83 and Type I, Grade 1 and shall be delivered in bulk.

## 2. SCOPE OF WORK

The purpose of this contract is to provide for the delivery of Sodium Chloride to the various locations listed in Section 12, Bid Schedule. Actual quantities to be delivered to each location will be specified in an Agency Release, which will be issued by the Division of Highways at the time delivery is required.

## 3. ACCEPTANCE AND DELIVERY GUARANTEE

The Division of Highways guarantees acceptance of eighty percent (80%) of the total estimated quantity awarded to an individual vendor. However, conditions may dictate adjustment of the actual quantities delivered to specified sites.

The Vendor shall guarantee delivery, as requested by the Division of Highways, of one hundred and twenty percent (120%) of the total estimated award quantity stated in this contract. Quantities purchased F.O.B. Vendor's Storage Site will not be included in the acceptance and delivery guarantee.

All guaranteed deliveries shall be completed prior to March 15, 2012.

#### 4. BIDDING INSTRUCTIONS

Vendors submitting bids for a specific county shall bid all of that county's locations – one unit price - for the county sites listed in Section 12, Bid Schedule. This shall apply to the listed Interstate and Corridor sites as well.

Any qualification of bids or any modification of the specifications or conditions governing the bids may be cause for their rejection.

#### 5. CONTRACT AWARD

All qualified Vendors who submit a valid bid for "FOB Division's Storage Site", Section 12, Bid Schedule will be awarded a contract for those locations for which their bid is low.

All qualified Vendors who submit a valid bid for "FOB Vendor's Storage Site", in Section 13, Bid Schedule will be awarded a contract for this item.

#### 6. DELIVERY

An Agency Release for delivery to Division of Highways Storage Sites, Section 12, Bid Schedule, will be issued to the awarded Vendor at the time delivery is needed.

When an Agency Release is issued to an awarded Vendor, from December 1, 2011 through March 15, 2012, a delivery date of four (4) working days shall be established by the Division of Highways and provided on the Agency Release; however, the Division of Highways shall have the option of accepting an alternative delivery schedule provided by the awarded Vendor which shall be established at the time of the Agency Release.

Inability to Deliver: If delivery has not been received at the Division of Highways site after five (5) working days and an alternative delivery schedule has not been established for this delivery, the Division of Highways reserves the right to cancel the Agency Release and proceed to obtain the required quantity of Sodium Chloride from an alternate economical source.

At the discretion of the Division of Highways, the first alternate economical source shall be the next low bidder, if that bidder has availability; or secondly, may obtain pricing on the Open Market.

The quantity, required to fulfill the canceled Agency Release obtained through an alternate source, whether by the next low bidder or the Open Market, will be deducted from the awarded Vendor's 80% guaranteed minimum quantity.

If the alternate economical source chosen to fulfill this request is a Vendor which has also been awarded a contract for other Division of Highways

storage sites, this quantity shall be included in that Vendor's 80% guaranteed minimum quantity.

The Division of Highways will also invoice the awarded Vendor the difference in cost from the awarded Vendor's price and the alternate obtained source's price. In addition to the difference in cost, the Division of Highways may include, but not limited to, any additional transportation charges associated with this delivery to fulfill the need of the canceled Agency Release.

Original delivery tickets for each delivered load to the Division of Highways' storage sites must be signed and retained by a Division of Highways employee at the delivery location.

#### 7. SAMPLING AND TESTING

Upon award of contract, the Vendor shall provide the Division of Highways with the proposed source of supply. Acceptance shall be based on suppliers' certification of quality and gradation. This information shall be directed to:

West Virginia Division of Highways  
Materials Division  
190 Dry Branch Road  
Charleston, West Virginia 25306  
Phone Number 304-558-3175

The Division of Highways may conduct sampling and testing to verify material quality or gradation.

#### 8. WEIGHING MATERIALS DELIVERED BY TRUCK

#### 9. SUPPLYING OTHER ORGANIZATIONAL ENTITIES

In accordance with Chapter 5A, Article 3, Section 9 of the Code of West Virginia the commodities or services contracted for herein shall be available to all local governmental bodies in accordance with the same prices, terms and conditions afforded to the State of West Virginia.

In the event any Vendor does not wish to extend the prices, terms and conditions of his bid and subsequent contract to all political sub-divisions of the State, he must so indicate in a clear and unambiguous manner in his bid. This indication does not prejudice the award of the contract. If a Vendor does not indicate his refusal to extend the prices, terms and conditions of his bid to other entities of the State, he is bound to extend them upon issuance of a purchase order by these entities.

Other organizational entities using this provision of the contract shall do so without any involvement of the

Division of Highways. That is, the entity shall make its own purchase arrangements with the Vendor and shall make its own arrangements for payment.

10. VENDOR'S INVOICES

RFQ#6611C026 Addendum #1

Question:

- 1.a On page 7, #6, Delivery: If the DOH intends to purchase from an alternate vendor as an alternate source, will DOH notify the original awarded vendor of its intention?

Response: Yes.

- 1.b Is the decision of whether to exercise the open market option held at the delivery location or held at the central office?

Response: Central Office

2. Does the WVDOH still intend to use the VISA purchasing program?

Response: Yes. Please add the following:

Purchasing Card Acceptance The State of West Virginia currently utilizes a VISA Purchasing Card Program which is issued through a bank. The successful vendor(s) must accept the State of West Virginia VISA Purchasing Card for payment of orders placed by Division of Highway Agency Releases for order as a condition of award.

3. Can DOH please provide complete addresses (ship to and bill to) for each location listed on the bid by 06/15 so we can prepare the bid accurately and timely? (For example, we would like to have the street name and number, city and zip code).

Response: Requested information is provided on the attached spreadsheet.

4. Can DOH please provide contact names and phone numbers for each delivery location by 06/15?

Response: Requested information is provided on the attached spreadsheet.

5. Is it possible to submit a bid via mail, then bring in another bid and exchange the bids prior to the opening date and time?

Response: Yes, the latter received bid will override any earlier bids as long as both bids are received prior to the bid opening time and date.

6. Standard State of West Virginia contract language reads on page 2, regarding the Life of Contract:

"This contract becomes effective upon award, and extends for a period of one (1) year or until such "reasonable time" thereafter as is necessary to obtain a new contract or renew the original contract. The "reasonable time" period shall not exceed twelve (12) months.

Response: Please replace "for a period of one (1) year" with the actual date and wording of "until May 31, 2012".

7. Page 7, Section 5. Contract Award reads:

"All qualified Vendors who submit a valid bid for "FOB Division's Storage Site", Section 12, Bid Schedule will be awarded a contract for those locations for which their bid is low.

Response: The term "locations" should read "county locations".

8. Page 7, Section 6. Delivery, 2<sup>nd</sup> paragraph reads:

"When an Agency Release is issued to an awarded Vendor, from December 1, 2011 through March 15, 2011, a delivery date of four (4) working days ....."

Response: To further explain what is required on this "delivery date" and expected thereafter until the amount requested on the Agency Release is filled:

"An initial delivery must be made to the Division of Highways within four (4) working days or an accepted alternative delivery date must be established; delivery must be completely filled within (10) working days or an accepted alternative completion date must be established."

9. Additional comment regarding Page 7, Section 6. Delivery:

The inability to deliver per the guidelines set forth in this section can still result in Vendor Performances.

10. Page 8, Section 6. Delivery, Inability to Deliver Section, 5<sup>th</sup> paragraph reads:

"The Division of Highways will also invoice the awarded Vendor the difference in cost from the awarded Vendor's price and the alternative obtained source's price."

Response: Please replace "will also" with the wording, "reserves the right to".

11. Page 14. Bid Schedule for District 5, the second delivery/storage site currently reads:

"Berkely, I-81 @ Exit 12"

Response: Please replace with: "Berkeley, I-81 @ Exit 8"

12. Page 15. Bid Schedule for District 6, please remove the delivery /storage site location and estimated quantity from this bid schedule for:

"Tyler County, Sistersville Old Headquarters, 800 ton"

13. Page 17. Bid Schedule for District 8, the first delivery/storage site currently reads:

Response: Please change to: "Franklin, 220 North"

13. The Bid Opening Date of June 29, 2011 at 1:30 pm will remain the same.

Addendum #2

Question:

1. "What is the starting day for the order, will it be the day after the order is received? For example, if an order is received on Monday, would the first of the four days be considered Tuesday?"

Response: The first of the four days will be considered 12:01 AM the morning (working day) following the issue of the release.

2. "Is there a limit to the size of an order, or is there an average order size for orders placed? For example, would the State order in 1,000 ton quantities, or would a typical order run 200-300 tons?"

Response: There is no typical order size.

3. "Does the option of accepting an alternative delivery schedule mean there is flexibility to the four day deadline (assuming a schedule is worked out that ensures prompt deliveries at acceptable volume levels)?"

Response: Yes.

4. "I see that Page 7 states one price for county sites in the Bidding Instructions section and yet on the Contract Award section, it sounds like each line will be awarded and there is a space to write different pricing on each bid line."

Response: This was discussed and clarified at the pre-bid meeting and is also addressed in Addendum #1, Item #7. See below:

7. *Page 7, Section 5. Contract Award reads:*

*"All qualified Vendors who submit a valid bid for "FOB Division's Storage Site", Section 12, Bid Schedule will be awarded a contract for those locations for which their bid is low."*

*Response: The term "locations" should read "county locations".*

5. "Are the 0 tons for the locations listed on the bid schedule page for pricing, considered place holders?"

Response: Please refer to Section 2. Scope of Work, from the Bid Specifications. Even though the Division of Highways does not list an estimated quantity to be delivered to some county locations, we do not want to remove these county locations in case of a need for Road Salt at that county location. If the need should arise, an Agency Release will be issued by the Division of Highways to the awarded vendor. Quantities listed on the Bid Schedule are estimates.
