WHEN RESPONDING TO RFQ, INSERT NAME AND ADDRESS IN SPACE ABOVE LABELED 'VENDOR'

1. SCOPE OF WORK

To provide power earth and rock augers/drills with operators for drilling holes through earth and rock at varying diameters. This contract shall consist of the vendor furnishing power earth and rock augers/drills, fully operated including fuel, maintenance and all other necessary equipment to pre-bore and install piling of various sizes for slide correction and structure foundation at various locations per the following specifications. The Division of Highways shall provide the piling.

2. EQUIPMENT MINIMUM REQUIREMENTS

- A. Drill shall be mounted on a turntable base with a 240-degree rotation and a 30-inch slide stroke at any point in the arc of rotation.
- B. Drill shall possess a power plant and a mechanical drill assembly, which delivers 35,000 foot-pounds of torque to the Kelly bar, which rotates the Auger or Core Barrel.
- C. Drill shall be equipped with a power plant and mechanical or hydraulic mechanism capable of exerting a down pressure or crowding force of at least 12,000 pounds.
- D. Drill shall be equipped with power and mechanical mechanism to operate a service hoist for installing piles; the hoist system shall have a lifting capacity of 8,000 pounds and be capable of installing 40 foot piling.
- E. Drill shall be equipped with two hydraulic outriggers and jacks in the front area and two hydraulic outriggers and jacks in the rear of the drill carrier for fast and efficient leveling purposes. The outriggers are not required on track mounted drills.
- F. Vendor shall furnish, when requested, Augers, Core Barrels, Rock Cutting Teeth, Muck Bucket and Casing, which are in good condition. Rock Cutting Teeth shall be of the type and quality comparable to the "Kenametal" brand. Vendor shall, also furnish all water needed for drilling purposes.

3. QUALIFICATIONS

All drill projects are to have at least one operator and one helper present during drilling. The operator shall have one year of paid experience with similar equipment on similar types of jobs. The helper shall have six months of paid experience on similar types of jobs. Vendors shall submit names of operators and helpers along with their years of experience with their bid.

4. MOBILIZATION

One time one way mobilization shall be paid by the Division of Highways for moving of said equipment from the contractor's base of operations to the work site specified in the Agency Release and/or from one Division of Highways work site to another, whichever mileage would be of lesser cost to the Division of

Highways. The most direct suitable route from the contractor's base of operations to the work site or between work sites will be agreed upon by the Division of Highways and the contractor as mileage for calculation of Mobilization. The exact physical location of the contractor's base of operations must be stated on each bid sheet (mailing address is not adequate).

In-state delivery route mileage will be calculated by the Division of Highways from the equipment owner's location of the equipment to the Division of Highways job site by utilizing the Division of Highways Straight Line Diagrams. These Diagrams for WV Primary Routes and WV Secondary Routes are available in each Division of Highways District office and the Division of Highways Central Office. The Division of Highways will determine the route to be taken due to bridge and/or road restrictions.

Out-of-state delivery route mileage will be calculated by the Division of Highways utilizing "Mapquest" or a similar source for routing from the equipment owner's location of the equipment to the WV State line at which time, the Straight Line Diagrams will be sourced to the Division of Highways job site.

5. WORKMANSHIP

It is the expectation of the Division of Highways that the driller get the job completed in the best possible reasonable timeframe while meeting all requirements of the project itself. Reasonable production standards will be based on the type of earth/rock that is being drilled.

6. SITE PREPARATION, STAKE-OUT, HOLE SIZE AND PILE INSTALLATION

The Division of Highways will, in advance of drilling operations, prepare the sites for safe and efficient work. This shall be done in collaboration with the Vendor, or his authorized representative. The Vendor and the Division of Highways will jointly determine that safe working conditions do exist and either party will have the right to refuse to perform work if, in their opinion, unsafe working conditions exist.

The Division of Highways will stakeout all work to be performed. The location of holes and piles to be installed shall be directed by the Division of Highways District Engineer/Manager or his designee.

The depth of each hole, angle of inclination from the vertical and the length of each pile shall be directed by the Division of Highways District Engineer/Manager or his designee.

The Division of Highways will perform required splicing of piles and pile cutoff. Piles shall be furnished, delivered and positioned on the site by the Division of Highways so that they are conveniently available for immediate installation at each hole.

The size of holes will be governed by the size of piles. In general, the hole should be at least two inches (2") greater in diameter than the maximum dimension of pile to be installed. In conditions where boulders, etc., are encountered, the diameter of the hole may have to be considerably larger than the maximum dimensions of the pile. Piles shall be installed immediately after each hole is drilled, unless otherwise directed by the Division of Highways District Engineer/Manager or his designee.

The Division of Highways reserves the right to shut down operation in the event of Snow Removal/Ice Control (SRIC) or State emergency events.

7. DOWN EQUIPMENT

Equipment shall be considered down if it is out of production due to mechanical failure or other conditions and no pay will be authorized until production is resumed. The Division of Highways will not pay time for fueling, lubrication and warm-up of the unit(s).

Equipment shall not leak any fluid sufficiently to cause a six inch (6") stain or greater on the road. If the equipment does leak a six inch (6") stain or greater on the road, the Division of Highways will shut the equipment down as unsafe until the leak is properly repaired by the vendor.

8. BASIS OF PAYMENT

The Vendor may invoice the Division of Highways for hours worked on a semi-monthly basis (half and end of month).

Hours worked must be verified and substantiated on a daily basis by an authorized representative of the Division of Highways. Payment for hours worked shall include the time required to position equipment, drill and place piles. Down, warm-up and equipment maintenance time will not be considered as work hours. The Vendor shall supply the Division of Highways with daily work tickets as verification of hours worked.

9. BIDDING INSTRUCTIONS

Bidder shall submit a separate bid sheet for each proposed equipment unit.

The Vendor shall quote a single hourly rate for each drill unit proposed, which shall be full compensation for all equipment rental and required operators up to a standard 40 hour workweek. For hours beyond 40 hours in a workweek, the Vendor shall quote a rate per hour to cover overtime costs of labor only and that amount will be added to the operating rate for all additional operating hours beyond 40 hours in a workweek.

The cost of auger and core barrel resurfacing shall be included in unit price bid for operating rate.

The Vendor shall quote for the additional pay items of casing pipe and crane mats which may be needed occasionally when directed by the Division of Highways District Engineer/Manager or his designee.

Crane mats will meet minimum industry standard size of 4'x16'x8". Anything smaller will be considered cribbing and not paid.

10. AWARD OF CONTRACT

The award of this contract shall be made to all bidders submitting a bid, which meets all specifications.

11. AWARD OF AGENCY RELEASE

The Division of Highways' District Engineer/Manager shall issue the Agency Release to the low bidder based on type and size of equipment required and the lowest projected cost. The Agency Release shall specify the type and size of equipment required for the project. The projected cost is the estimated hours to complete the project multiplied by the Vendor's hourly rate plus the mobilization costs. Refer to Section 4. Mobilization, for a full explanation of Mobilization Cost.

In the event the low bidder for a particular project cannot perform, the Division of Highways' District Engineer/Manager shall have the option to contact the next low bidder. The Division of Highways' District Engineer/Manager shall document in writing the Vendor's inability to perform and award to the next low bidder. Vendors must notify the Division of Highways' District Engineer/Manager of their ability to perform, within five (5) days of their receipt of an Agency release or the Agency Release may be cancelled.

In the event of an emergency situation, the Division of Highways' District Engineer/Manager may require notification of a Vendor's ability to perform within twenty-four (24) hours of their receipt of an Agency Release.

Each Agency Release for hiring Power Earth and Rock Augers/Drills with Operators must list the tentative date the project is to begin. Work on the project shall be continuous unless approved by the Division of Highways' District Engineer/Manager.

Vendors' performance on any project may be considered when awarding subsequent Agency Releases.

Prior approval for Holiday work shall be obtained from the Division of Highways' District Engineer/Manager. The official Holidays are New Year's Day, Martin Luther King, Jr.'s Day, President's Day, Memorial Day, West Virginia Day, Independence Day, Labor Day, Columbus Day, Veteran's Day, Thanksgiving, Christmas, Election (Primary and General) Day and other days proclaimed by the President or Governor.

12. WAGE RATES

The Contractor or Subcontractor shall pay the higher of the U.S. Department of Labor minimum wage rates or the West Virginia Department of Labor minimum wage rates as established for *various* counties, pursuant to West Virginia Code §21-5A, ET SEQ.

13. WORKER'S COMPENSATION

Vendor is required to provide a certificate from Worker's Compensation, if successful.

14. INSURANCE

Successful Vendor shall furnish proof of coverage of commercial General Liability Insurance prior to issuance of a contract. Unless otherwise specified in the bid documents, the minimum amount of insurance coverage required is \$250,000.

15. PURCHASING CARD ACCEPTANCE

The State of West Virginia currently utilizes a VISA Purchasing Card Program which is issued through a bank. The successful vendors must accept the State of West Virginia VISA Purchasing Card for payment of all orders placed by the Division of Highways for orders as a condition of award. No exceptions granted.

NOTE: Vendor may submit a copy of a Certificate of Liability Insurance and Worker's Compensation Certificate with bid.

16. MANDATORY PRE-BID - SEE PAGE 5 OF THE REQUEST FOR QUOTATION

There will be a mandatory pre-bid meeting on JULY 20, 2011 AT 10:00 A.M.

Location: Purchasing Division Conference Room
2019 Washington Street, East, Building 15
Charleston, WV 25305

The "Bid Schedule" is available for download on Purchasing's Web site at www.state.wv.us/admin/purchase

VENDOR PREFERENCE CERTIFICATE

Certification and application* is hereby made for Preference in accordance with *West Virginia Code*, §5A-3-37. (Does not apply to construction contracts). *West Virginia Code*, §5A-3-37, provides an opportunity for qualifying vendors to request (at the time of bid) preference for their residency status. Such preference is an evaluation method only and will be applied only to the cost bid in accordance with the *West Virginia Code*. This certificate for application is to be used to request such preference. The Purchasing Division will make the determination of the Resident Vendor Preference, if applicable.

1. **Application is made for 2.5% resident vendor preference for the reason checked:**
 Bidder is an individual resident vendor and has resided continuously in West Virginia for four (4) years immediately preceding the date of this certification; or,
 Bidder is a partnership, association or corporation resident vendor and has maintained its headquarters or principal place of business continuously in West Virginia for four (4) years immediately preceding the date of this certification; or 80% of the ownership interest of Bidder is held by another individual, partnership, association or corporation resident vendor who has maintained its headquarters or principal place of business continuously in West Virginia for four (4) years immediately preceding the date of this certification; or,
 Bidder is a nonresident vendor which has an affiliate or subsidiary which employs a minimum of one hundred state residents and which has maintained its headquarters or principal place of business within West Virginia continuously for the four (4) years immediately preceding the date of this certification; or,
2. **Application is made for 2.5% resident vendor preference for the reason checked:**
 Bidder is a resident vendor who certifies that, during the life of the contract, on average at least 75% of the employees working on the project being bid are residents of West Virginia who have resided in the state continuously for the two years immediately preceding submission of this bid; or,
3. **Application is made for 2.5% resident vendor preference for the reason checked:**
 Bidder is a nonresident vendor employing a minimum of one hundred state residents or is a nonresident vendor with an affiliate or subsidiary which maintains its headquarters or principal place of business within West Virginia employing a minimum of one hundred state residents who certifies that, during the life of the contract, on average at least 75% of the employees or Bidder's affiliate's or subsidiary's employees are residents of West Virginia who have resided in the state continuously for the two years immediately preceding submission of this bid; or,
4. **Application is made for 5% resident vendor preference for the reason checked:**
 Bidder meets either the requirement of both subdivisions (1) and (2) or subdivision (1) and (3) as stated above; or,
5. **Application is made for 3.5% resident vendor preference who is a veteran for the reason checked:**
 Bidder is an individual resident vendor who is a veteran of the United States armed forces, the reserves or the National Guard and has resided in West Virginia continuously for the four years immediately preceding the date on which the bid is submitted; or,
6. **Application is made for 3.5% resident vendor preference who is a veteran for the reason checked:**
 Bidder is a resident vendor who is a veteran of the United States armed forces, the reserves or the National Guard, if, for purposes of producing or distributing the commodities or completing the project which is the subject of the vendor's bid and continuously over the entire term of the project, on average at least seventy-five percent of the vendor's employees are residents of West Virginia who have resided in the state continuously for the two immediately preceding years.

Bidder understands if the Secretary of Revenue determines that a Bidder receiving preference has failed to continue to meet the requirements for such preference, the Secretary may order the Director of Purchasing to: (a) reject the bid; or (b) assess a penalty against such Bidder in an amount not to exceed 5% of the bid amount and that such penalty will be paid to the contracting agency or deducted from any unpaid balance on the contract or purchase order.

By submission of this certificate, Bidder agrees to disclose any reasonably requested information to the Purchasing Division and authorizes the Department of Revenue to disclose to the Director of Purchasing appropriate information verifying that Bidder has paid the required business taxes, provided that such information does not contain the amounts of taxes paid nor any other information deemed by the Tax Commissioner to be confidential.

Under penalty of law for false swearing (*West Virginia Code*, §61-5-3), Bidder hereby certifies that this certificate is true and accurate in all respects; and that if a contract is issued to Bidder and if anything contained within this certificate changes during the term of the contract, Bidder will notify the Purchasing Division in writing immediately.

PURCHASING AFFIDAVIT

West Virginia Code §5A-3-10a states: No contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and the debt owned is an amount greater than one thousand dollars in the aggregate

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Debtor" means any individual, corporation, partnership, association, Limited Liability Company or any other form or business association owing a debt to the state or any of its political subdivisions. "Political subdivision" means any county commission; municipality; county board of education; any instrumentality established by a county or municipality; any separate corporation or instrumentality established by one or more counties or municipalities, as permitted by law; or any public body charged by law with the performance of a government function or whose jurisdiction is coextensive with one or more counties or municipalities. "Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceeds five percent of the total contract amount.

EXCEPTION: The prohibition of this section does not apply where a vendor has contested any tax administered pursuant to chapter eleven of this code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

Under penalty of law for false swearing (*West Virginia Code §61-5-3*), it is hereby certified that the vendor affirms and acknowledges the information in this affidavit and is in compliance with the requirements as stated.
