Addendum No. 2

Question:

The specified contract time is noted as 120 days from date of notice to proceed. *This needs to be changed to 180 days due to material lead time.* The lead time is a minimum of (12) weeks for material order to delivery. The install time is a minimum of 8 to 10 weeks.

Response:

The Agency agrees to extend the contract time from 120 days to 180 days.

Question:

The manufacturer requires a down payment with the order. *Can we install language in the contract to allow for a billing to secure the order for the materials??* This would help to insure delivery of materials.

Response:

No, the State of WV cannot pay in advance.

Question:

This water mist system is a "MARIOFF" proprietary system, it will be the first of it's kind in the state. The materials (hangers, sprinklers, fitting and fitting blocks, etc. are available only by Marioff. If since this is a "Marioff" system and materials cannot be ordered locally and only by them can language be in contract to protect the contractor from any liquidated damages if there are any documented delays in the delivery of materials?? During research on the system it has been noted from other installing contractors that at times the deliveries have either been slow or erratic.

Response:

In project manual refer to AIA A201-2007: *Supplementary Conditions Standard Form of Agreement Between Owner and Contractor, State of West Virginia, Page 8, §9.11.2*

"Allowances may be made due to shortages of materials...."
