RE: Expression of Interest - East Lynn II Design Project  
DEP15585

Dear Mr. Nisbet:

Pentree, Incorporated is pleased to have the opportunity to provide the West Virginia Department of Environmental Protection with our high standard of professional engineering design services on the East Lynn II Design Project in Wayne County.

Along with the knowledge of AML procedures gained from the completed construction of the Itman Bud Mountain and wyco/Mullens Water Projects and the extensive drainage control structures experience with the King Coal Highway Project, we offer our experience with re-vegetation and demolition.

For their expertise in Geotechnical and Materials Testing, we have teamed with the firm of Terracon, Incorporated. Their CCQQ and resume experience have been included.

Following the instructions outlined in the RFQ, this proposal contains information regarding Pentree, Incorporated's history, experience and professional qualifications along with the required DEP/AML Consultant's Confidential Qualifications Questionnaire, and an affidavit stating Pentree, Incorporated has no debt owed to the State of West Virginia and the Related Project Experience Matrix.

We thank you for your consideration of our qualifications and look forward to the opportunity to present our qualifications and project methodology to you in person.

Sincerely,  
PENTREE, INCORPORATED

A handwritten signature in blue ink, appearing to read 'J. Tuggle', is written over the typed name.

## *History of the Firm*

Pentree, Incorporated began providing utility-based engineering services in 1965 when the Pentree Division of Bennet-Nave-Thomas incorporated. Originally based in Oak Hill, in 1973 a branch office was opened in Princeton.

Since then our firm has worked to maintain state of the art engineering means and methods as well as provide traditional oversight and technical assistance. We strive to provide the most efficient and accurate design for site development, construction monitoring, mapping, transportation, wastewater, water and surveying services. Additionally, Pentree offers the only in-house mapping and photogrammetry service in the State of West Virginia.

For over forty seven years, we have provided our technical expertise in all aspects of engineering and field services.

*Since 1971 Pentree, Incorporated has offered the only in-house photogrammetry service in the state of West Virginia*

## *Experience*

Over the past century, Pentree, Incorporated has provided design and construction monitoring services for utility, site development, highway, bridge, airport and community enhancement projects throughout Southern West Virginia.

On the following pages are examples of specific recent projects that represent our abilities with drainage and stabilization projects that are comparable in scope of services similar to the needs of the WVDEP for the East Lynn II Design Project.

## *Experience*

*King Coal and  
Coalfields Expressway  
Interchange  
McDowell and Wyoming  
Counties*

*Owner/Contact:  
West Virginia  
DOH*

*Ali Sadeghian, Project  
Manager*

*Division of Highways  
Bldg 05 Room A-317  
State Capital Complex  
Charleston, WV 25305  
304-558-9745*

Study and complete design of final plans for a major new interchange. Study involved four alternative configuration schemes for the interchange. Final plans included two additional interchanges, five miles of interstate, expressway - roadway and eleven (11) bridges and required over 6 ½ million cubic yards of excavation.

## *Experience*

*City of Oak Hill  
Phased Drainage Projects  
Fayette County  
Owner/Contact:  
Bill Hannabass,  
City Manager  
City of Oak Hill  
P.O. Box 1245  
Oak Hill, WV 25901  
304-469-9541*

Pentree, Incorporated provided the City of Oak Hill with a study, preliminary and final design plans, and specifications for management of approximately 2,200 acre watershed which created flooding along the path of Arbuckle Creek and throughout the city limits. The first phase of the project consisted of replacement of eleven culverts totalling 1,252 lineal feet. The new culverts were designed to carry a 50-year flood and alleviate consistent annual flooding along the banks of Arbuckle Creek. Pentree, Incorporated has worked closely with the West Virginia DEP to satisfy Soil Conservation and wetlands concerns. Phase II of the project is in the Virginia Street/ Trump Avenue area of the City as shown in the construction picture above.

Pentree has now completed Phases I, II and III of these drainage improvements, with plans to continue improvements as funding becomes available.

## *Experience*

*Eastern Wyoming  
Public Service District  
Itman Bud Mountain  
Water Project  
Owner/Contact:  
William Baisden Chair  
EWPSD*

*P.O. Box 506  
Logan, WV 25601  
304-946-2641*

Project consists of five contracts to improve and upgrade the Eastern Wyoming Public Service District's water system. This project includes a Water Treatment Plant, Water Storage Tanks and an upgrade of the Lower Gulf Water System. The design called for the closure of four mine portals, one of which was sealed with the capacity to continue to provide a raw water source for the District. The other three portals were wet sealed with allowance for controlled overflow. This project was partially AML Funded.

## Experience

*Inwood Watershed  
Project*

*USDA/NRCS*

*Eastern Panhandle*

*Soil Conservation  
Service*

*Owner/Contact:*

*Donald Dirting*

*Conservation Project*

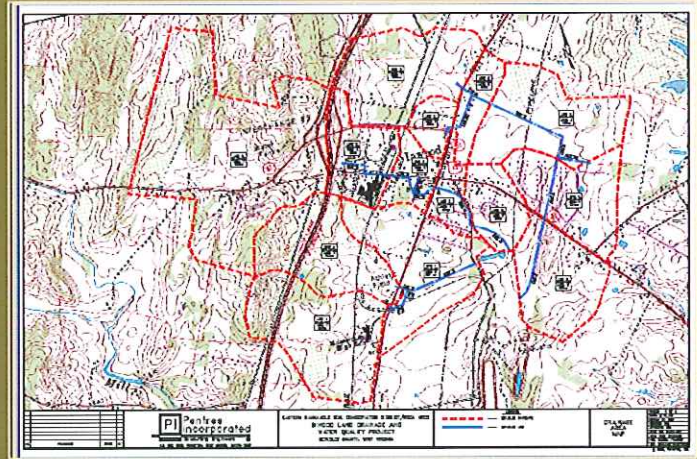

*Specialist*

*State of West Virginia*

*Soil Conservation Agency*

*1450-1 Edwin Miller Blvd.*

*Martinsburg, WV*

The Study involved an 827 acre area just south of the Youth Fairgrounds in Berkeley County, WV. The project was divided into three phases to allow for staged funding. The project includes the construction of drainage piping, drop inlets, headwalls and open channel ditch lines to carry the storm water away from the area during and after a storm event. Professional services for this project are closely aligned with the goals of the Commission for the proposed project.

## *Experience*

*US Gypsum*

*George Rolen*

*US Gypsum*

*6072 Main Street*

*Saltville , VA 24370*

*276-496-7733*

*Washington County, VA*

Pentree, Incorporated, provided engineering and design services for the relocation of Routes 91 and 745 in Washington County due to subsidence associated with mine abandonment. In conjunction with the roadway relocation project, design for the relocation of approximately 5,000 feet of waterline for the Town of Saltville and 6,000 feet of waterline for the Washington County P.S.A. Additional design provided for an upgrade to one of Saltville's raw water sources and associated water treatment processes.

## *Professional Qualifications*

Pentree, Incorporated will assign a team of talented and experienced engineers and firm principals to this project. Each member of this team brings a specific area of expertise that is essential for a successful project.

**John Tuggle, P.E., P.S.**, President of Pentree, Incorporated is the **Principal-In-Charge** and will serve as **Project Manager**. He is actively involved in the daily management of the firm. Mr. Tuggle's expertise and knowledge of project management and civil engineering will assure you of a quality project that meets your specifications.

**Bob Hazelwood, P.E., P.S.** will serve as **Chief Engineer** for the project. Mr. Hazelwood will be responsible for overseeing all technical aspects of the project. Mr. Hazelwood has over 25 years of experience in the evaluation and design of AML funded projects.

Mr. Hazelwood will be assisted by **Zane Summerfield**, who will provide analysis and mining expertise for the design. **Gregg Inman, EIT** will provide technical and design assistance for the project.

Geotechnical expertise will be provided by Mr. Yogesh Rege, P.E. of Terracon. Mr. Rege has over fourteen years experience with geotechnical engineering. He was also the Project Engineer for the McComas AML Project in Mercer County.

Construction monitoring will be provided by **Dennis Pitzer**. Mr. Pitzer has extensive experience in drainage construction and re-vegetation for Pentree, Incorporated.

## John W. Tuggle, P.E., P.S. Principal-In-Charge

Mr. Tuggle joined Pentree, Incorporated in 1985 and serves as President and Principal-In-Charge for the firm. His primary responsibility is the oversight of all firm projects. Mr. Tuggle has extensive experience working with various regulatory and funding agencies, and is extremely knowledgeable of contract preparation, analysis and interpretation. He has also recommended and assisted numerous clients in securing the best source of funding to suit their needs. Mr. Tuggle has been involved with various types of projects including:

- |                                    |                                    |
|------------------------------------|------------------------------------|
| ‣ Highways and Roads               | ‣ Water Treatment Plants           |
| ‣ Drainage                         | ‣ Water System Upgrades            |
| ‣ Storm Water Management           | ‣ Water Line Extensions            |
| ‣ Access Roads                     | ‣ Wastewater Treatment Plants      |
| ‣ Subdivision Development          | ‣ Wastewater System Upgrades       |
| ‣ Industrial Park Site Development | ‣ Wastewater Collection Extensions |

**Education:**

B.S. Civil Engineering Technology, 1982 Bluefield State College

**Active Registrations:**

Professional Engineer, 1988 #011845, State of West Virginia  
 Professional Engineer, 2011 #049260, State of Virginia  
 Professional Surveyor, 1995 #1176, State of West Virginia

**Project Experience:**

**Berkeley County Public Service Sewer District** Baker Heights Wastewater Treatment Plant, Inwood Wastewater Treatment Plant, Ecolab and Apache Pump Station - Principal-In-Charge

**Cowen Public Service District** Camden Water Treatment Plant Upgrade and Water Line Extension Project; Sanitary Sewer Line Extension Projects - Project Manager, Contract and Construction Administration  
 Upper Glade Phase I&II - Principal-In-Charge (partial AML funding)

**Gauley River Public Service District** Mt. Olive, Jodie & Smith Branch Emergency - Project Manager  
 Twentymile and Route 39 / Peters Creek Water Line Extension Project - Project Manager, Contract and Construction Administration; Summersville Phases I, II & III - Principal-In-Charge (Partial AML funding)

**Green Valley-Glenwood County Public Service District** Various Wastewater Projects - Project Oversight, Contract and Construction Administration

**Jefferson County Public Service District** Breckenridge Pump Station, NPDES Permit Renewal and District Plan Review; Mountain Water Project - Principal-In-Charge

**King Coal Highway/Coalfield Expressway**  
 Project Oversight, Principal-In-Charge

**McDowell County Prison Site Development** - Principal-In-Charge

**City of Mount Hope** Kilsyth Utility Extension; Wastewater Treatment Plant Upgrade - Principal-In-Charge

**City of Oak Hill Drainage Phases I, II, and III** - Project Manager and Principal-In-Charge

**City of Oak Hill Sanitary Board** Wolf Creek Park Sanitary Sewer Service, Fayette Plateau Package Plant and Potential Sanitary Sewer Plant Upgrade; Principal-In-Charge, Contracts 3-9 Wastewater Collection Upgrades - Project Manager, Contract and Construction Administration

**Webster County Industrial Park** - Project Manager, Contract and Construction Administration

Robert D. Hazelwood, P.E., P.S.  
Vice President, Chief Engineer

Mr. Hazelwood joined Pentree, Incorporated in 1979 and serves as Executive Vice President for the firm. In this capacity, his primary responsibility is to provide Project Management for projects. Mr. Hazelwood's experience includes preliminary and final design, preparation of contract documents and specifications and project management. Additionally, Mr. Hazelwood has extensive knowledge working with the WVDEP AML for funding assistance with several large projects in the southern part of the State.

**Education:**

M.S. Sanitary Engineering, 1976, Virginia Polytechnic Institute  
B.S. Civil Engineering, 1975, West Virginia Institute of Technology

**Active Registrations:**

Professional Engineer, 1980 #008452, State of West Virginia  
Professional Surveyor, #1179 State of West Virginia

**Project Experience:**

**Eastern Wyoming PSD;** Mullens Wyco Water Project - Water Treatment Plant, Water Storage Tanks, An Upgrade Of The Lower Gulf Water System And An Upgrade Of The Upper Gulf Water System, Itman Bud Mountain Water Project (AML Funded Water Projects)

**Ravencloff-Mcgraws-Saulsville Public Service District** Water Projects - Design Engineer And Quality Control multiple AML Funded Water Projects

**Deer Run Subdivision;** 13 Lots On 14 Acres - Design Engineer And Quality Control

**Pleasant Valley Estates;** 23 Lots On 17 Acres - Design Engineer And Quality Control

**Twin Oaks Subdivision;** 18 Lots On 12 Acres - Design Engineer And Quality Control

**Greenbrier County Public Service District #2** Sanitary Sewer Collection System And Wastewater Treatment Plant - Design Engineer And Quality Control

**Red Sulphur Springs Public Service District** Various Sanitary Sewer And Water Projects - Design Engineer And Quality Control

**Green Valley-Glenwood Public Service District** Sanitary Sewer Projects Including A 1.5 MGD Wastewater Treatment Plant, Sewer Line Extensions And Upgrades - Design Engineer And Quality Control

**Edray Technical Park,** Pocahontas County, West Virginia - Design Engineer And Quality Control

**Fountain Springs Industrial Park,** Monroe County, West Virginia - Design Engineer And Quality Control

**Peterstown Satellite Medical Clinic Addition,** Monroe County, West Virginia - Design Engineer And Quality Control

## Gregg Inman, EIT Design Engineer

Mr. Inman joined Pentree, Incorporated in 2005 and serves as Design Engineer and for the firm. In this capacity he has a variety of responsibilities including, but not limited to:

- Project Management
- Utility Design
- Site Design
- Permitting
- Specifications
- Technical Writing
- Drafting

### Education:

B.S. Civil Engineering Technology – 2005 Bluefield State College

### Active Registration:

Registered EIT – State of West Virginia

### Project Experience:

**City of Oak Hill** – Sanitary Sewer Relocation - Design, Drainage Phase III - Project Manager

**Cowen PSD** - Upper Glade Phase I - Project Manager

**Fort Chiswell** Wastewater Treatment Plant – CADD Design

**Eastern Wyoming PSD** Mullens-Wyco Water Treatment Plant – Drafting, Design

**Town of Davy** Big Sandy-Asco Water Line Extension – Design

**Gauley River Public Service District** Smith Branch Water Line Relocation Project – Design

**Town of Fayetteville** - Nickelville Road Sidewalks Phase II - Project Manager

**Town of North Fork** – Water Line Extension Project – Design

**Page-Kincaid PSD** Sanitary Sewer Extension – Package Plant design

**Glen White / Trap Hill PSD** – Phase I and II Water Line Extension Project - Design, Project Manager

**American Electric Power** – McGraw Substation – Site Development and Grading – Design

**Berkeley County Public Service Sewer District** – Opequon and Baker Heights Pump Stations - Design

## J. Zane Summerfield Senior Civil Analyst

Mr. Summerfield joined Pentree, Incorporated in 1998 and serves as Senior Civil Analyst for the firm. He is responsible for the analysis of clients' existing data to determine their current situation. Mr. Summerfield also prepares facility plans, engineering reports, and specifications and plan sets. Additionally, Mr. Summerfield provides general design assistance, permit preparation and environmental reporting. Prior to his current position with the firm, Mr. Summerfield served as permit specialist for a mining engineering firm, having a total work experience of thirty years.

### Education:

B.S. Mining Engineering, 1982, West Virginia Institute of Technology  
A.S. Mining Engineering, 1976, West Virginia Institute of Technology  
AUTOCAD 1992, Carver Career Center

### Project Experience:

**Elkhorn PSD Facility Plan** - Facility Plan detailing options for compliance with existing rules and regulations, research, analysis, preliminary design, cost estimate, engineering reports, funding applications

**City of Mount Hope**- Review and analysis of water treatment plant and engineering report.

**Ecolab Pretreatment WWTP Upgrade** - Analysis of WWTP performance, engineering reports and preliminary design for the upgrade of the existing 0.05 MGD to 0.1 MGD pretreatment facility, assisting client with budgeting documents

**City of Mount Hope**- Analysis of WWTP performance, facility plan for the upgrade of the existing oxidation ditch wastewater treatment plant and collection systems for outlying communities, funding applications, preparation of construction drawings and contract documents, permit applications. Engineering liaison with funding agencies and City Council, construction project management

**Jefferson County PSD**- Alternative Treatment Facility Plan - Review of current alternative waste water treatment methods including Membrane Bio-Reactors, Sequential Batch Reactors, Vertical Loop Reactors, Free Water Surface and Subsurface Flow Wetlands, Facultative (aerobic-anaerobic) and Aerated lagoons, Re-circulating Sand Filters, Mound Systems, Reed Beds and other onsite treatment systems

### Experience with other firms:

- ◆ **Mine Permitting** - Design and permitting of mountaintop and contour surface and deep mine sites including high wall miner and deep mines in known acid producing seams. Geological mapping and reports, reserve analysis, economic modeling
- ◆ **Oil and Gas Well Permitting** - Plat preparation, reclamation plans, review with Oil and Gas inspectors and permit documents for wells in West Virginia
- ◆ **Oil and Gas Well Drilling Pit Treatment** - Develop and run a Oil and Gas well pit treatment program for treatment and discharging drilling waste pits in remote locations

**YOGESH S. REGE, P.E.**  
**SENIOR ASSOCIATE**  
**GEOTECHNICAL DEPARTMENT MANAGER**

---

**PROFESSIONAL EXPERIENCE**

Mr. Rege has over 14 years of experience in the geotechnical engineering discipline. He manages the geotechnical engineering department in Charleston, West Virginia office. Mr. Rege performs geotechnical engineering work to include: Soil test borings, description and laboratory testing of soil and rock samples, correlation, development and analysis of geotechnical engineering data in accordance with established professional standards; preparation of detailed reports based on geotechnical engineering principles and laboratory test results incorporating one or more of these principles into the design and analysis of shallow and deep foundations; slope stability and settlement analysis; landslide evaluation and correction measures; design of temporary and permanent earth retention wall systems and design of flexible and rigid pavement systems; performance of finite element modeling of long-term behavior of culvert-soil system considering soil-structure interaction; analysis of groundwater and seepage related problems; geotechnical applications with geosynthetics; and design of landfills and wastewater lagoons using clay and synthetic liners.

Also performs coordination and management of both geotechnical subsurface investigation projects and construction testing and inspection projects.

**PROJECT EXPERIENCE**

Representative projects on which Mr. Rege has performed geotechnical subsurface investigation include the following:

- Project manager and engineer for an Abandoned Mine Lands (AML) project in McComas, West Virginia. Project involved borings, analyses, laboratory testing and report preparation for remediation of the mine spoils.
- Assisted in mine subsidence assessment of the proposed Melody Mountain commercial development project in Ashland, Kentucky.
- Project manager for a project involving underground mine subsidence mitigation for a bank site in Beckley, WV. Project involved pre and post mine grouting test borings, preparation of mine grouting specifications, preparation of bid package, solicitation of bids and assistance in selection of mine grouting contractor and inspection and support during the grouting process.
- Project manager for a project in Inez, KY consisting of deep strip mine fill material. Remediation involved dynamic compaction of the fill to create a site suitable for

**EDUCATION**

*M.S., Geotechnical Engineering,  
University of Cincinnati,  
Cincinnati, Ohio, 1997*

*B.S., Civil Engineering /  
Geotechnical Major, University  
of Bombay, India, 1994*

**REGISTRATIONS**

*Professional Engineer:  
West Virginia, Ohio & Virginia*

**CERTIFICATIONS**

*Nuclear Density/Moisture Gauge  
Operation*

*OSHA 10-Hour Occupational  
Safety and Health Training*

*ODOT Bridge Inspection (Level 1)*

development.

- Project manager and engineer for a substation project in northern West Virginia consisting of deep strip mine fill material. Remediation involved dynamic compaction of the fill to create a site suitable for development.
- Project manager for a switchyard, substation and transmission line project in southern Pennsylvania northern West Virginia consisting of deep strip mine fill material. Remediation involved dynamic compaction of the fill to create a site suitable for development.
- Responsible for the analysis of the deep foundation (auger cast piles) for the OSU Stadium renovations exterior buildout project.
- Provided deep foundation analyses, recommendations and reports for several Ohio Department of Transportation (ODOT) projects including single and multi-span bridges.
- Responsible for foundation analysis, design and geotechnical report preparation of several above ground storage tanks at refinery in Canton, Ohio.
- Responsible for foundation analysis, design and geotechnical report preparation of several waste water treatment plants and sanitary sewer lines in the state of Ohio.
- Responsible for analysis, design and geotechnical report preparation of several projects for the West Virginia Department of Highways (WVDOH).
- Responsible for foundation analysis, design and geotechnical report preparation of several new schools for the Ohio School Facility Commission.

Representative projects on which Mr. Rege has provided materials testing and inspection services include the following:

**Auger Cast Pile Inspection**

- Ford Motor Company, 7 Bay Expansion- Sharonville, Ohio
- Cincinnati Enquirer Production Facility Expansion—Cincinnati, Ohio
- OSU Stadium exterior buildout, Columbus, Ohio

**Drilled Pier Inspection**

- OSU Fisher College of Business-Columbus, Ohio
- International Paper-Cincinnati, Ohio

- University of Cincinnati Pedestrian Bridge-Cincinnati, Ohio

**Load Test Inspection**

- Canaan Valley Lodge Addition, Davis, WV
- OSU Stadium exterior buildout, Columbus, Ohio
- Science and Technology Building, Ohio University, Athens, Ohio
- U.S. 33 Realignment project, Bridge over Hocking River, Lancaster, Ohio

## Dennis Pitzer

### Resident Project Representative

Prior to coming to Pentree, Mr. Pitzer was employed in the construction industry. Since joining the firm in 2000 he has performed project representation for both side design and utility design. He also has provided assistance in the survey department.

#### **Education:**

Mercer County Vocational Technical Center Civil Technology  
On-the-Job Training as Inspector

#### **Representative Project Experience:**

12. A. Is your firm experienced in Abandoned Mine Lands Remediation/Mine Reclamation Engineering?

YES Description and Number of Projects: Pentree Incorporated has completed design for 13 partially impacted AML water projects; among these include the Keyrock Water Extension Project for Ravenc Cliff-Mcgraws-Saulsville PSD in Wyoming County and Mullens-Wyco Water Project for the Eastern Wyoming PSD also in Wyoming County. The EWPSD project was the 2006 EPA Region 9 Award winning project for sustainable public health protection encompassing seven failing, flooded and abandoned water systems. Additionally, we provided engineering services for the first in the state of West Virginia partially impacted AML project for Gauley River PSD with the Jodie Waterline Extension Project in 1998.

B. Is your firm experienced in Soil Analysis? No

Description and Number of Projects:

C. Is your firm experienced in hydrology and hydraulics?

YES Description and Number of Projects: Through our work on water system projects for various PSD's and Municipalities, we have developed hydraulic modeling of systems, and use Kentucky Pipe 2010 for our AML design team analyses.

D. Does your firm produce its own Aerial Photography and Develop Contour Mapping?

YES Description and Number of Projects: Every water and wastewater project Pentree has designed in the last 35 years has been photogrammetrically produced by our in-house photogrammetry department.

E. Is your firm experienced in domestic waterline design? (Include any experience your firm has in Evaluation of aquifer degradation as a result of mining.) -

YES Pentree, Incorporated has designed over 62 water line extension and replacement projects in the past 47 years of business. Projects include lines, booster stations, water treatment plants and storage facilities.

Is your firm experienced in Acid Mine Drainage Evaluation and Abatement Design? No

13. PERSONAL HISTORY STATEMENT OF PRINCIPALS AND ASSOCIATES RESPONSIBLE FOR AML PROJECT DESIGN (Furnish complete data but keep to essentials)			
NAME & TITLE (Last, First, Middle Int.)		YEARS OF EXPERIENCE	
<b>Tuggle, John W. P.E., P.S. President</b>		YEARS OF AML DESIGN EXPERIENCE: 11	YEARS OF AML RELATED DESIGN EXPERIENCE: <b>26</b>
<p>Brief Explanation of Responsibilities</p> <p>Mr. Tuggle serves as President of Pentree, Incorporated. Mr. Tuggle is Principal in Charge for public utility projects including sanitary sewer, water and storm water management. His primary responsibility is the oversight of all firm projects. In this capacity he is responsible for feasibility studies and design, regulatory and funding assistance for state, federal and private clients. Additionally, he has extensive experience working with funding and regulatory agencies in conjunction with projects. In the capacity of Principal-In-Charge, for this AML design project, he will work closely with the Project Manager to ensure timeliness of the projects, client satisfaction and oversee budgetary aspects.</p>			
<p>EDUCATION (Degree, Year, Specialization)</p> <p>B.S., Bluefield State College, 1985 – Civil Engineering Technology</p>			
<p>MEMBERSHIP IN PROFESSIONAL ORGANIZATIONS</p> <p>West Virginia Rural Water Association</p>			
13. PERSONAL HISTORY STATEMENT OF PRINCIPALS AND ASSOCIATES RESPONSIBLE FOR AML PROJECT DESIGN (Furnish complete data but keep to essentials)			
NAME & TITLE (Last, First, Middle Int.)		YEARS OF EXPERIENCE	
<b>Hazelwood, Robert D. P.E., P.S. Vice President</b>		YEARS OF AML DESIGN EXPERIENCE: 10	YEARS OF AML RELATED DESIGN EXPERIENCE: <b>32</b>
<p>Brief Explanation of Responsibilities</p> <p>Robert D. Hazelwood, P.E., P.S. Vice President of Pentree, Inc. will serve as Project Manager / Project Engineer. His major responsibility will be for project oversight of all design and construction aspects. Mr. Hazelwood has extensive experience in water line extension projects throughout West Virginia, particularly Southern West Virginia. Additionally, Mr. Hazelwood was Project Manager/Project Engineer for the Mullens/Wyco Water System Upgrade, the Keyrock Water Project, Itmann/Bud Mountain Water Project, Glen Fork-Sabine Water Project, Big Sandy Water Project and the Coal Mountain Water Project - all of which have funding with the WVDEP AML. As such, Mr. Hazelwood is well versed in AML reporting and deadline requirements.</p>			
<p>EDUCATION (Degree, Year, Specialization)</p> <p>M.S., Sanitary Engineering, 1976 – Virginia Polytechnic Institute</p> <p>B.S., Civil Engineering, 1975 – West Virginia Technical Institute</p>			
<p>MEMBERSHIP IN PROFESSIONAL ORGANIZATIONS</p> <p>West Virginia Rural Water Association</p>

We perform our work utilizing the most current methods and equipment available.

SURVEY

Our survey work is accomplished with global positioning systems (GPS) and electronic distance measuring (EDM) survey stations with data gathering capabilities. This equipment includes:

Total Station	Nikon DTM-420
Total Station	Nikon DTM-522
Auto Level	Topcon AT-53
Auto Level	Topcon AT-F2
Magnetic Locator	Schonstedt GA-52-Cx
Magnetic Locator	Dunham&Morrow DML 2000
Data Collector	XYZ Works Fieldbook
Data Collector	Trimble TSC2
Data Collector	SMI Allegro CX
GPS	Ashtech Pro-Mark 2
GPS	Single Frequency
GPS	w/ three receivers
Transit	1' K&E
Theodolite	Wild T-2
GPS	R8 Trimble Dual Frequency
GPS	Base
GPS	Rover
GIS Data Collector	Trimble Nomad
Tripods (5)	
Prisms (16)	
Fiberglass Tape 200' (3)	
Fiberglass Tape 100' (2)	
Bipods (2)	
GPS Pole (2)	
Level Rods 25' (2)	
Radio (2)	
Tri-Brach (3)	
Survey Compass (2)	Kenwood TK-2200 Protalk

DESIGN CAD CAPABILITIES

AutoCAD Civil 3D Land Desktop Companion 2008 and Microstation V8 software is utilized. Additionally, equipment includes a large format (size E) plotter and scanner.

15. CURRENT ACTIVITIES ON WHICH YOUR FIRM IS THE DESIGNATED ENGINEER OF RECORD - WATER DISTRIBUTION PROJECTS

STATE OF WEST VIRGINIA  
Purchasing Division

**PURCHASING AFFIDAVIT**

West Virginia Code §5A-3-10a states: No contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and the debt owed is an amount greater than one thousand dollars in the aggregate.

**DEFINITIONS:**

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Debtor" means any individual, corporation, partnership, association, limited liability company or any other form or business association owing a debt to the state or any of its political subdivisions. "Political subdivision" means any county commission; municipality; county board of education; any instrumentality established by a county or municipality; any separate corporation or instrumentality established by one or more counties or municipalities, as permitted by law; or any public body charged by law with the performance of a government function or whose jurisdiction is coextensive with one or more counties or municipalities. "Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceeds five percent of the total contract amount.

**EXCEPTION:** The prohibition of this section does not apply where a vendor has contested any tax administered pursuant to chapter eleven of this code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

Under penalty of law for false swearing (*West Virginia Code §61-5-3*), it is hereby certified that the vendor affirms and acknowledges the information in this affidavit and is in compliance with the requirements as stated.
