Standard Features and Options

Dimensions

Transmission

eHydro™

Effortless two-pedal automatic transmission. With easy shifting from forward to reverse at the touch of a pedal, it's ideal for everything from loading to mowing. And with eThrottle™ on 4520 and 4720, a turn of a switch allows the tractor to operate like a car, by linking engine and transmission together.

PowerReverser™

Convenient dash-mounted lever makes this manual transmission easy to shift from forward to reverse without clutching—a noticeable benefit when loading.

Tire options

Bar Tread/R1

Provides the best traction, not as gentle on turf.

Turf Tires/R3

Less aggressive tread is perfect for mowing and landscape work.

Turf Special/R3

Specialty high-flotation tires typically used on fine turf like golf courses.

Industrial/R4

Excellent traction and is softer on the grass than R1s. Often the preferred choice.

Other options

All-around comfort.

Don't mind the weather. Despite rain, snow or sweltering sun, you'll be comfortable in a John Deere 4000 TWENTY Series cab. Tightly sealed to practically eliminate dust and allergens, designed to maximize visibility, and pressurized to boost air quality, the 4000 TWENTY Series cabs keep you focused on the task at hand—not Mother Nature. With a 15,000 BTU heater, you can stay comfortable even in the worst winter conditions while removing snow and ice from roads, driveways, paths and more.
