Addendum #2

Date: October 20, 2011

This Addendum forms a part of the Contract Documents and modifies the original bidding documents contained in the Project Manual dated July, 2011.

This addendum consists of 1 pages of documents.

Questions

The following questions were received to date:

In reference to the STAIR DETAIL #4 REPAIR DETAIL PLAN On Plan Page S2, two cavities per block are shown, but in reality three cavities may very well exist, particularly in block of that vintage.

Are the contractors to bid two cavities per block as shown, or are we responsible for whatever quantity of cavities truly exist?

If it is 3 core block then the additional cores will be filled the existing block configuration is unknown. Contractor needs to verify and fill accordingly.

End of Addendum.
