**GENERAL TERMS & CONDITIONS
REQUEST FOR QUOTATION (RFQ) AND REQUEST FOR PROPOSAL (RFP)**

1. Awards will be made in the best interest of the State of West Virginia.
 2. The State may accept or reject in part, or in whole, any bid.
 3. Prior to any award, the apparent successful vendor must be properly registered with the Purchasing Division and have paid the required \$125 fee.
 4. All services performed or goods delivered under State Purchase Order/Contracts are to be continued for the term of the Purchase Order/Contracts, contingent upon funds being appropriated by the Legislature or otherwise being made available. In the event funds are not appropriated or otherwise available for these services or goods this Purchase Order/Contract becomes void and of no effect after June 30.
 5. Payment may only be made after the delivery and acceptance of goods or services.
 6. Interest may be paid for late payment in accordance with the *West Virginia Code*.
 7. Vendor preference will be granted upon written request in accordance with the *West Virginia Code*.
 8. The State of West Virginia is exempt from federal and state taxes and will not pay or reimburse such taxes.
 9. The Director of Purchasing may cancel any Purchase Order/Contract upon 30 days written notice to the seller.
 10. The laws of the State of West Virginia and the *Legislative Rules* of the Purchasing Division shall govern the purchasing process.
 11. Any reference to automatic renewal is hereby deleted. The Contract may be renewed only upon mutual written agreement of the parties.
 12. **BANKRUPTCY:** In the event the vendor/contractor files for bankruptcy protection, the State may deem this contract null and void, and terminate such contract without further order.
 13. **HIPAA BUSINESS ASSOCIATE ADDENDUM:** The West Virginia State Government HIPAA Business Associate Addendum (BAA), approved by the Attorney General, is available online at www.state.wv.us/admin/purchase/vrc/hipaa.html and is hereby made part of the agreement provided that the Agency meets the definition of a Cover Entity (45 CFR §160.103) and will be disclosing Protected Health Information (45 CFR §160.103) to the vendor.
 14. **CONFIDENTIALITY:** The vendor agrees that he or she will not disclose to anyone, directly or indirectly, any such personally identifiable information or other confidential information gained from the agency, unless the individual who is the subject of the information consents to the disclosure in writing or the disclosure is made pursuant to the agency's policies, procedures, and rules. Vendor further agrees to comply with the Confidentiality Policies and Information Security Accountability Requirements, set forth in <http://www.state.wv.us/admin/purchase/privacy/noticeConfidentiality.pdf>.
 15. **LICENSING:** Vendors must be licensed and in good standing in accordance with any and all state and local laws and requirements by any state or local agency of West Virginia, including, but not limited to, the West Virginia Secretary of State's Office, the West Virginia Tax Department, and the West Virginia Insurance Commission. The vendor must provide all necessary releases to obtain information to enable the director or spending unit to verify that the vendor is licensed and in good standing with the above entities.
 16. **ANTITRUST:** In submitting a bid to any agency for the State of West Virginia, the bidder offers and agrees that if the bid is accepted the bidder will convey, sell, assign or transfer to the State of West Virginia all rights, title and interest in and to all causes of action it may now or hereafter acquire under the antitrust laws of the United States and the State of West Virginia for price fixing and/or unreasonable restraints of trade relating to the particular commodities or services purchased or acquired by the State of West Virginia. Such assignment shall be made and become effective at the time the purchasing agency tenders the initial payment to the bidder.
- I certify that this bid is made without prior understanding, agreement, or connection with any corporation, firm, limited liability company, partnership, or person or entity submitting a bid for the same material, supplies, equipment or services and is in all respects fair and without collusion or fraud. I further certify that I am authorized to sign the certification on behalf of the bidder or this bid.

INSTRUCTIONS TO BIDDERS

1. Use the quotation forms provided by the Purchasing Division. Complete all sections of the quotation form.
2. Items offered must be in compliance with the specifications. Any deviation from the specifications must be clearly indicated by the bidder. Alternates offered by the bidder as EQUAL to the specifications must be clearly defined. A bidder offering an alternate should attach complete specifications and literature to the bid. The Purchasing Division may waive minor deviations to specifications.
3. Unit prices shall prevail in case of discrepancy. All quotations are considered F.O.B. destination unless alternate shipping terms are clearly identified in the quotation.
4. All quotations must be delivered by the bidder to the office listed below prior to the date and time of the bid opening. Failure of the bidder to deliver the quotations on time will result in bid disqualifications: Department of Administration, Purchasing Division, 2019 Washington Street East, P.O. Box 50130, Charleston, WV 25305-0130
5. Communication during the solicitation, bid, evaluation or award periods, except through the Purchasing Division, is strictly prohibited (W.Va. C.S.R. §148-1-6.6).

The latest in Architectural Engineering technology!

Welcome to saagerino consulting engineering company limited has been providing innovative design solutions to both the public and private sector for over two decades. As our firm forges ahead into the future, we cannot forget our central of integrity and competence in carrying out our assignments. One of our company's highest priorities is the relationships that we establish with our clients.established the company since 1985.

We have a commitment to excellence and service. Saagerino has provided architectural, civil and structural electrical,mechanical engineering services on a diverse array of projects, ranging from high-rise office buildings, educational facilities, residential & commercial properties, airports, hospitals, and port facilities. Each assignment is carried out with a high level of efficiency and sensibility.

Environmental Services”

Many of our clients find themselves involved in projects with environmental issues. Unfortunately, environmental concerns have the ability to delay a project. Understanding the regulatory framework as it applies to your project is critical. Our environmental services team consists of registered professional engineers, hydrologists, and certified environmental managers. We can help you with environmental regulations, permitting, or assessing the environmental condition of your property.

Areas of Expertise”

- Federal land exchanges
- Environmental Impact Statements
- Phase I, II, and III Environmental Site Assessment, Investigation, Remediation and Mitigation
- Remedial investigations/feasibility studies
- Remedial designs such as pump and treatment systems, air sparging systems and soil vapor extraction systems
- Water, soil and vapor sampling
- Storage tank removal/replacement
- Environmental resource inventories
- Effluent discharge permitting for air and water
- Storm Water Pollution Prevention Program (SWPPP) and erosion control planning
-

Civil Engineering” Our engineering staff is comprised of registered professional engineers, engineers-in-training and design technicians. We have professional engineers registered
Our project experience includes:

- Residential land development
- Commercial land development
- Public works design
- Earthen dams and spillways
- Urban hydrology, analysis and design
- Watershed analysis and design
- Effluent reuse and disposal plans
- Grading plans
- Golf course design
- Financial feasibility and absorption analysis

Land Use Planning

When you select a consulting firm for your project, you want a firm that is committed to understanding the specific nature of your project and the land it occupies. SAAGERINO addresses your individual needs and provides cost conscious development respective to the lay of the land.

Nature has endowed every parcel of land with certain attributes and character that make every parcel unique. Our land planners are trained to bring out the best that each parcel has to offer. Through proper planning, the highest value and best use of your property can be achieved by our skilled staff. Our planners are seasoned in the areas of project research, case preparation and public presentation.

Areas of Expertise

- Redevelopment plans and programs
- Redevelopment financial services
- Economic development strategies
- Property improvement programs
- Grant application and administration
- Infrastructure financing programs
- **Urban and Regional Planning:** General plans
- Specific plans
- Planned unit developments
- Zoning changes
- Master plan amendments
- Land use applications
- Site planning analysis and feasibility study
- Urban design plans
- Land development planning
- Tentative map applications

- Development agreements
- Preliminary site design of residential and commercial subdivisions

Water Resources:

SAAGERINO provides extensive experience in analyzing complex water rights and resource issues. We are the industry leader in water resource issues including groundwater and surface water computer analysis, hydraulics, hydrology and modeling.

Electrical Estimating: where our trained staff compile accurate, inexpensive, electrical estimates to save you time, money, and provide you with the cornerstone for your success.

Our dedicated staff is comprised of electricians, estimators, and project managers with years of experience in all phases of electrical construction, from a single family home to corporate skyscrapers.

Our expertise includes budgets, hard estimates, check estimates for Construction Managers and owners, and design-Build projects.

We can also provide the forms and services to launch your next project with Scheduling, Billing, Cost Tracking, Change Order tracking, and RFI Tracking. Start your next project with a recipe for success. Simplify and multiply.

We promise to provide you with fast and accurate estimates, and the tools you need to supplement your staff, to allow you the time to manage the myriad other facets of your busy world.

CONSULTING ELECTRICAL ENGINEERS

From feasibility studies to field supervision, SAAGERINO's professionals cover the full spectrum of electrical design and engineering services. You can count on us as your electrical engineering resource center. Whatever your needs, from energy calculations to construction administration look to SAAGERINO IN AFRICA

for rapid cost-effective responses

Growing to serve you better !!

COMPANY PHILOSOPHY

QUALITY: As consulting engineers our product is advice, recommendations, and design based upon our engineering knowledge and past experiences. We strive to produce the best quality engineering services possible.

SCHEDULE: We realize that time is important and we make every effort to adequately assess our work and make realistic commitments consistent with your schedule. We have a good track record in meeting our commitments

BUDGET: We strive to provide a design or recommendation that optimizes the cost/benefit to the client.

SAAGERINO: Engineering consultancy firms provide results-oriented design solutions and customized services for complex engineering challenges

SAAGERINO: Engineering consultancy firms provide results-oriented design solutions and customized services for complex engineering challenges.

SAAGERINO:

Engineering consultants offer a diverse range of services to solve complex engineering challenges. From analysis and planning to design and implementation, professional engineering consultants use their industry knowledge, project management experience and specialized skills to provide consulting services tailored to your company's engineering issues. Whether focused on civil, mechanical or industrial engineering consulting,

SAAGERINO: Engineering consultants offer a diverse range of services to solve complex engineering challenges. From analysis and planning to design and implementation, professional engineering consultants use their industry knowledge, project management experience and specialized skills to provide consulting services tailored to your company's engineering issues. Whether focused on civil, mechanical or industrial engineering consulting, design engineering consultants analyze project components, identify design parameters and utilize innovative technology to achieve results for their clients.

Before beginning your search for engineer consultants, it is important to define your needs. Clearly identify the goal of your design engineering consultancy, including project scope, services needed, time frame and budget. This information will help you select the best professional engineering consultants to meet your specific needs.

When selecting industrial, mechanical or civil engineering consultants for your organization, research each firm and evaluate the following:

1. What kind of experience do the civil or mechanical engineering consultants have in your business or industry?
2. What engineering and project management services do the civil engineering consultancy firms provide to increase efficiency and productivity for your business?
3. How much should your business invest in industrial, civil or mechanical engineering consultant services

Government: Public service is our highest priority. We have developed long-term relationships with local, state, and federal governments. Over the past twenty years, we have been awarded 30 indefinite delivery contracts and rendered more than 250 design projects. We routinely administer more than six concurrent contracts while delivering quality engineering and meeting all project deadlines.

SAAGERINO: chemical, chemical cleaning, corrosion, corrosion prevention, decontamination, electrochemistry, hazmat, materials, molten salts, radwaste

SAAGERINO: is an engineering firm specializing in custom designed machinery and processes Our services have included design and manufacture from the initial concept to retrofitting existing equipment. In addition, we are able to assist in the operation and maintenance of your systems. We have provided our clients with innovative solutions to challenges ranging from simple to complex OUR CLIENTS include international process companies, aerospace companies and manufacturing firms.

SAAGERINO:

Associated Corrosion Engineers

SAAGERINO: cathodic protection, cathodic protection monitoring, certified, corrosion, corrosion control, corrosivity studies, expert witness, failure analysis, litigation support, NACE, soil resistivity, specialist

SAAGERINO: cathodic protection, cathodic protection monitoring, certified, corrosion, corrosion control, corrosivity studies, expert witness, failure analysis, litigation support, NACE, soil resistivity, specialist
