- 47. ADDITIONAL AGENCY AND LOCAL GOVERNMENT USE:** This Contract may be utilized by and extends to other agencies, spending units, and political subdivisions of the State of West Virginia; county, municipal, and other local government bodies; and school districts ("Other Government Entities"). This Contract shall be extended to the aforementioned Other Government Entities on the same prices, terms, and conditions as those offered and agreed to in this Contract. If the Vendor does not wish to extend the prices, terms, and conditions of its bid and subsequent contract to the Other Government Entities, the Vendor must clearly indicate such refusal in its bid. A refusal to extend this Contract to the Other Government Entities shall not impact or influence the award of this Contract in any manner.
- 48. CONFLICT OF INTEREST:** Vendor, its officers or members or employees, shall not presently have or acquire any interest, direct or indirect, which would conflict with or compromise the performance of its obligations hereunder. Vendor shall periodically inquire of its officers, members and employees to ensure that a conflict of interest does not arise. SPECIFICATIONS
Request for Quotation – DIGCOP12
Digital & Color Copier Purchases & Rentals

I. General Terms and Conditions

A. Description of Services

The purpose of the RFQ is to establish a contract for the purchase and/or rental of multi-function monochrome digital copiers and small color copiers. The resultant contract will provide digital copiers with established minimum technical specifications and service requirements. The main bands are determined primarily by copy volumes with limited features required to result in similar copiers being available within each band. It is not the intent of the State to dictate technical configurations of copiers within any band, but rather to define general needs and allow each contractor to provide a copier within their normal marketing strategies to meet those needs.

It is the intention of the Purchasing Division to issue one (1) contract for monochrome and color copiers for the entire State. The vendor with the lowest grand total meeting all of the specifications with the most complete bid will be awarded the contract. Agencies requiring copier purchase/rental services shall contact the vendor awarded the contract. There is also a sheet attached labeled "DIGCOP12 – Copier Accessory Option Listing." Vendors should provide pricing for each item listed on the sheet. The prices for the accessory option listing shall remain firm for the life of the purchase order release. Monthly rental fees, copy allowances, other supply and maintenance costs shall remain firm for the life of the purchase order release. Pricing shall also be inclusive of shipping, delivery, installation, and training.

B. Minimum Qualification Experience

Vendors must have a minimum of five (5) years of relevant experience in copier sales and service and must be authorized manufacturer representatives. Vendors must provide a written manufacturers' certification evidencing authorization to sell and service the copiers that will be offered in each band. It is preferred that evidence of experience and manufacturer sales and service authorization be submitted with the bid. Failure to provide required information when requested by the Purchasing Division shall result in disqualification of the bid.

C. Subcontracts/Joint Ventures

The Vendor is solely responsible for all work performed under the contract and shall assume prime contractor responsibility for all services offered and products to be delivered under the terms of this contract. The State will consider the Vendor to be the sole point of contact with regard to all contractual matters. The Vendor may, with the prior written consent of the State, enter into written subcontracts for performance of work under this contract; however, the Vendor is totally responsible for payment of the sub. Vendors should provide with their bid a list of all sub contractors that includes the equipment they will be providing and/or servicing and the areas of the State they will provide coverage for. List of subcontractors must be provided prior to award. Failure to provide the required documentation within the time indicated shall be grounds for disqualification of the Vendor's bid.

D. Manufacturer Accessory Listing Requirements

Vendors shall provide a listing of all possible accessories available for all machines that may be offered during the life of the contract by band, by manufacturer on the attached Accessory Listing form. It is preferred that the Accessory Listing be provided with the bid. Failure to provide the required documentation within the time indicated shall be grounds for disqualification of the Vendor's bid.

E. Rental Term

Prices for all standard rental units are to be priced for a 24, 36, and 48 month term. Rental orders may be extended for up to two (2) additional one (1) year periods, at a reduced rate, upon mutual written agreement of the parties. In addition, rental orders may be extended on a month to month basis upon mutual written agreement of the parties. Month to month extension should only be used when an agency has a compelling reason such as anticipation of an office move or closing.

After expiration of the master contract for new placements, the contract shall remain active for payment purposes only of any ongoing rental or maintenance orders.

F. Contract Termination

The State may terminate any contract resulting from this RFQ immediately at any time the Vendor fails to carry out its responsibilities or to make substantial progress under the terms of this RFQ and resulting contract. The State shall provide the Vendor with advance notice of performance conditions which are endangering the contract's continuation. If after such notice the Vendor fails to remedy the conditions contained in the notice, within the time period contained in

the notice, the State shall issue the Vendor an order to cease and desist any and all work immediately. The State shall be obligated only for services rendered and accepted prior to the date of the notice of termination.

G. Non-Appropriation of Funds

If the Agency is not allotted funds in any succeeding year for the continued use of the service or commodity covered by this contract by the West Virginia Legislature, the Agency may terminate the contract with thirty (30) days prior written notice at the end of the affected current fiscal period without further charge or penalty.

H. Quantities

Quantities listed in the RFQ are approximations only, based on estimates supplied by the State Spending unit. It is understood and agreed that the contract shall cover the quantities actually ordered for delivery during the term of contract, whether more or less than the quantities shown.

I. Usage Report

Vendor is to provide a six (6) month summary report of procurement volumes by item and dollar amounts. This is a single report which is to be furnished at the beginning of the tenth month of the contract. Submit to: DIGCOP12 Buyer, 2019 Washington Street, East Charleston, WV 25305.

J. Damages

Agencies shall be responsible for damages or loss of rental equipment of this contract that are incurred as a result of misuse, abuse vandalism, theft, fire, flood or any other occurrence where it is determined that necessary care was not taken by the agency to prevent loss to the vendor.

K. Vendor Certification

Vendor, if other than the manufacturer, should provide the following authorization/certification prior to award of the contract: A current letter dated and signed or a current, dated certificate from the manufacturer that vendor is an authorized distributor and/or service representative that is authorized to bid the manufacturer's products. Authorization is to include a statement providing assurance that, should the manufacturer withdraw the authorization, a replacement representative will be provided within time frames acceptable to the State. If the vendor fails to provide the documentation prior to the bid award or upon written request by the Purchasing Division by the established deadline, the bid shall be disqualified.

L. Shipping and Delivery

The vendor must assume all shipping and installation charges and all insurance charges associated with the delivery of the equipment. Any delivery or installation charge, including connection to the end user's network, if desired, shall be incorporated into the base price of the equipment. All equipment shall be delivered within 30 days ARO. Failure to consistently comply with this delivery time may result in cancellation of the contract. All quotes must be F.O.B. Destination with all shipping and installation charges included in the quoted price. Prices must include initial training and start-up supplies. Start-up supplies shall be the normal quantity to begin operation of the equipment. **No extra payment shall be made for delivery of any kind.**

M. Installation and Removal Charges

All machines placed in conjunction with this contract shall be installed and removed free of charge. This applies to all situations or de-installations.

N. Invoicing/Meter Read

Normal invoicing shall be monthly in arrears. However, upon mutual agreement of the vendor and agency, invoicing may be done on a quarterly basis in arrears for rental and maintenance. If quarterly billing is done, the monthly copy volume shall be aggregated for the quarter to determine per copy coverage charges. For example, if the monthly copy volume included in the base charge is 30,000 copies per month, 90,000 copies for a three month period will be allowed before an overage charge is billed, regardless of how many copies were completed in each of the three months of the three month period.

This option is being made available to diminish the administrative burden of obtaining a monthly meter read. Agencies will be responsible for providing meter readings monthly or quarterly as agreed. Vendors may accept meter readings via their web site, fax, telephone, or any means agreeable to the vendor and the end user.

The agency shall be responsible for keeping a log of meter readings and any service provided for the machine during the life of the rental or maintenance order. It is highly recommended that this log be kept with the machine at all times.

O. 90 Copies or More Per Minute Prohibition

All State agencies are prohibited from procuring digital copiers capable of producing 90 copies or more per minute. Vendors shall not compete with WV

Correctional Industries with the copying business or by selling or renting copiers rated at 90 cpm or more to any State agency.

All copiers and accessories quoted must have a manufacturing status of new.

Any convenience, performance or safety-related retrofits that may be mandated by the vendor or manufacturer must be installed at no additional cost on copiers placed in service resulting from a contract. Features must be installed within 90 days after it becomes available to the public.

Vendor shall highlight all standard features on their product brochure, per band, per machine bid. F. Energy Star Compliant

The agency shall indicate on their order if they do not require network connection and reduce the base price accordingly.

Vendor's equipment must be capable of connecting to an Ethernet/Fast-Ethernet network that has either Microsoft or Novell as the network operating system.

Q. Firmware

Firmware (which is sometimes referred to as software) is those items which are considered tools or components added to a machine, and the license is provided with the Copier, by the Contractor. This type of firmware is usually pre-installed or downloaded during machine set up. The typical firmware supports scanning, faxing, printing functions and security options. Print drivers are normally downloaded from the manufacturer web site. Vendors shall list each common firmware item that is offered by their brand of copiers and is available on most of the individual models with a brief description of the firmware's functions and why these items shall be included in the resultant price.

A preventative maintenance schedule shall be provided as needed on all equipment as specified by the manufacturer. This includes, but is not limited to: routine cleaning, lubrications, replacement of unserviceable parts and all necessary adjustments to insure successful performance of the equipment.

Time and materials on a per call basis does not include travel time, travel expense or parts. Agencies shall bid this type of maintenance, when needed, if they do not procure the maintenance available on this contract.

F. Loaner Units

Loaner units shall be provided for rentals and machines under a maintenance contract, at no charge, if the agency's copier is estimated to be down to 16 consecutive working hours for repair. Loaner units should be of comparable size and feature level of the agency's machine. The agency shall not pay for any charges associated with the loaner unit, but shall pay the charges that would be incurred on the agency's machine.

G. Response Requirement

Vendors must respond to all requests to service within eight (8) working hours of an agency request throughout the entire contract period. Repetitive complaints concerning the failure to meet this requirement shall be cause for cancellation of the contract. H. Failure Rate

Machine failure rates shall not average more than two (2) malfunctions per month that require vendor corrections. Any unit averaging more than two malfunctions per month for a three (3) month period shall be reviewed by the agency with the vendor present to determine a course of corrective action, which may include but not be limited to, replacement of the machine or cancellation of the order and removal of the machine at no additional cost to the State. All service complaints shall be documented in writing by the Agency. The Purchasing division shall determine the corrective action necessary in the event that an impasse cannot be resolved to the agency's satisfaction.

I. Training

Vendors shall provide at least one (1) copy of the operator's instruction manual for the equipment placed. Each manual shall include the vendor's name, telephone number(s), contact person(s), and complete instructions for inspecting, adjusting, clearing jams and operating the machine and any installed accessories.

K. Warranty

Where the term "warranty" is used, it shall be understood that during the quoted warranty period all parts, labor, per diem, travel time, travel expenses and any other cost required to correct the unit shall be the responsibility of the vendor. The warranty shall not commence until the unit is installed and operational to the agency's satisfaction.

IV. BIDDING & ORDERING PROCEDURE

A. At the time of need, agencies shall review the minimum specification requirements for copier bands and accessory options to determine the appropriate band and options required. Agency may place an order either for purchase or lease of the machine for desired band and related accessories to the vendor awarded the contract.

B. Authorizing Documentation

Any copier to be networked requires prior approval by the Office of Technology. Vendors are prohibited from filling orders without the proper documentation attached to the WV-39, Contract Release Order. The State Auditor will not authorize payment for any applicable purchase orders/invoices that do not have the proper authorization documentation.

C. Supplies

During the warranty period on any rental units and maintenance on purchased units, the vendor shall deduct the monthly machine maintenance portion of the rental and machine maintenance from the maintenance monthly charge for the duration of the warranty. The vendor shall provide the supplies as specified for

the number of copies/month indicated during the warranty period for monochrome copiers and at the per copy cost for color copiers.

D. Maintenance Option

Agencies have the option of not entering into a maintenance/service contract on purchased units. Maintenance may be obtained through separate procurement on a per call, time and materials basis.

E. Short Term Rental

Any Agency requiring a copier for less than a 24 month term shall bid the procurement on the open market in accordance with State of West Virginia, Department of Administration, Purchasing Division rules and regulations.
