Vendor's act of marking a bid or any part thereof as "confidential" or "proprietary" is not sufficient to avoid disclosure and WILL NOT BE HONORED. In addition, a legend or other statement indicating that all or substantially all of the bid is exempt from disclosure is not sufficient to avoid disclosure and WILL NOT BE HONORED. Vendor will be required to defend any claimed exemption for nondisclosure in the event of an administrative or judicial challenge to the State's nondisclosure. Vendor must indemnify the State for any costs incurred related to any exemptions claimed by Vendor. - 42. Such assignment shall be made and become effective at the time the purchasing agency tenders the initial payment to Vendor.
- 43. VENDOR CERTIFICATIONS:** By signing its bid or entering into this Contract, Vendor certifies (1) that its bid was made without prior understanding, agreement, or connection with any corporation, firm, limited liability company, partnership, person or entity submitting a bid for the same material, supplies, equipment or services; (2) that its bid is in all respects fair and without collusion or fraud; (3) that this Contract is accepted or entered into without any prior understanding, agreement, or connection to any other entity that could be considered a violation of law; and (4) that it has reviewed this RFQ in its entirety; understands the requirements, terms and conditions, and other information contained herein. Vendor's signature on its bid also affirms that neither it nor its representatives have any interest, nor shall acquire any interest, direct or indirect, which would compromise the performance of its services hereunder. Any such interests shall be promptly presented in detail to the Agency.

The individual signing this bid on behalf of Vendor certifies that he or she is authorized by the Vendor to execute this bid or any documents related thereto on Vendor's behalf; that he or she is authorized to bind the Vendor in a contractual relationship; and that, to the best of his or her knowledge, the Vendor has properly registered with any State agency that may require registration.

Vendor is not required to accept the State of West Virginia's Purchasing Card as payment for all goods and services.

- 45. VENDOR RELATIONSHIP:** The relationship of the Vendor to the State shall be that of an independent contractor and no principal-agent relationship or employer-employee relationship is contemplated or created by this Contract. The Vendor as an independent contractor is solely liable for the acts and omissions of its employees and agents. Vendor shall be responsible for selecting,

supervising, and compensating any and all individuals employed pursuant to the terms of this Solicitation and resulting contract. Neither the Vendor, nor any employees or subcontractors of the Vendor, shall be deemed to be employees of the State for any purpose whatsoever. Vendor shall be exclusively responsible for payment of employees and contractors for all wages and salaries, taxes, withholding payments, penalties, fees, fringe benefits, professional liability insurance premiums, contributions to insurance and pension, or other deferred compensation plans, including but not limited to, Workers' Compensation and Social Security obligations, licensing fees, *etc.* and the filing of all necessary documents, forms and returns pertinent to all of the foregoing. - 46. INDEMNIFICATION:** The Vendor agrees to indemnify, defend, and hold harmless the State and the Agency, their officers, and employees from and against: (1) Any claims or losses for services rendered by any subcontractor, person, or firm performing or supplying services, materials, or supplies in connection with the performance of the Contract; (2) Any claims or losses resulting to any person or entity injured or damaged by the Vendor, its officers, employees, or subcontractors by the publication, translation, reproduction, delivery, performance, use, or disposition of any data used under the Contract in a manner not authorized by the Contract, or by Federal or State statutes or regulations; and (3) Any failure of the Vendor, its officers, employees, or subcontractors to observe State and Federal laws including, but not limited to, labor and wage and hour laws.

If the Vendor does not wish to extend the prices, terms, and conditions of its bid and subsequent contract to the Other Government Entities, the Vendor must clearly indicate such refusal in its bid. A refusal to extend this Contract to the Other Government Entities shall not impact or influence the award of this Contract in any manner.
- 49. CONFLICT OF INTEREST:** Vendor, its officers or members or employees, shall not presently have or acquire any interest, direct or indirect, which would conflict with or compromise the performance of its obligations hereunder. Vendor shall periodically inquire of its officers, members and employees to ensure that a conflict of interest does not arise. 50. REPORTS: Vendor shall provide the Agency and/or the Purchasing Division with the following reports identified by a checked box below:

- Such reports as the Agency and/or the Purchasing Division may request. Requested reports may include, but are not limited to, quantities purchased, agencies utilizing the contract, total contract expenditures by agency, etc.
- Quarterly reports detailing the total quantity of purchases in units and dollars, along with a listing of purchases by agency. Quarterly reports should be delivered to the Purchasing Division via email at purchasing.requisitions@wv.gov.

51. BACKGROUND CHECK: In accordance with W. Va. Code § 15-2D-3, the Director of the Division of Protective Services shall require any service provider whose employees are regularly employed on the grounds or in the buildings of the Capitol complex or who have access to sensitive or critical information to submit to a fingerprint-based state and federal background inquiry through the state repository. The service provider is responsible for any costs associated with the fingerprint-based state and federal background inquiry.

After the contract for such services has been approved, but before any such employees are permitted to be on the grounds or in the buildings of the Capitol complex or have access to sensitive or critical information, the service provider shall submit a list of all persons who will be physically present and working at the Capitol complex to the Director of the Division of Protective Services for purposes of verifying compliance with this provision.

The State reserves the right to prohibit a service provider's employees from accessing sensitive or critical information or to be present at the Capitol complex based upon results addressed from a criminal background check.

Service providers should contact the West Virginia Division of Protective Services by phone at (304) 558-9911 for more information.

52. PREFERENCE FOR USE OF DOMESTIC STEEL PRODUCTS: Except when authorized by the Director of the Purchasing Division pursuant to W. Va. Code § 5A-3-56, no contractor may use or supply steel products for a State Contract Project other than those steel products made in the United States. A contractor who uses steel products in violation of this section may be subject to civil penalties pursuant to W. Va. Code § 5A-3-56. As used in this section:

- a. "State Contract Project" means any erection or construction of, or any addition to, alteration of or other improvement to any building or structure, including, but not limited to, roads or highways, or the installation of any heating or cooling or ventilating plants or other equipment, or the supply of and materials for such projects, pursuant to a contract with the State of West Virginia for which bids were solicited on or after June 6, 2001.
- b. "Steel Products" means products rolled, formed, shaped, drawn, extruded, forged, cast, fabricated or otherwise similarly processed, or processed by a combination of two or more or

such operations, from steel made by the open heath, basic oxygen, electric furnace, Bessemer or other steel making process.

The Purchasing Division Director may, in writing, authorize the use of foreign steel products if:

- a. The cost for each contract item used does not exceed one tenth of one percent (.1%) of the total contract cost or two thousand five hundred dollars (\$2,500.00), whichever is greater. For the purposes of this section, the cost is the value of the steel product as delivered to the project; or
- b. The Director of the Purchasing Division determines that specified steel materials are not produced in the United States in sufficient quantity or otherwise are not reasonably available to meet contract requirements.

53. PREFERENCE FOR USE OF DOMESTIC ALUMINUM, GLASS, AND STEEL: In Accordance with W. Va. Code § 5-19-1 et seq., and W. Va. CSR § 148-10-1 et seq., for every contract or subcontract, subject to the limitations contained herein, for the construction, reconstruction, alteration, repair, improvement or maintenance of public works or for the purchase of any item of machinery or equipment to be used at sites of public works, only domestic aluminum, glass or steel products shall be supplied unless the spending officer determines, in writing, after the receipt of offers or bids, (1) that the cost of domestic aluminum, glass or steel products is unreasonable or inconsistent with the public interest of the State of West Virginia, (2) that domestic aluminum, glass or steel products are not produced in sufficient quantities to meet the contract requirements, or (3) the available domestic aluminum, glass, or steel do not meet the contract specifications. This provision only applies to public works contracts awarded in an amount more than fifty thousand dollars (\$50,000) or public works contracts that require more than ten thousand pounds of steel products.

The cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than twenty percent (20%) of the bid or offered price for foreign made aluminum, glass, or steel products. If the domestic aluminum, glass or steel products to be supplied or produced in a "substantial labor surplus area", as defined by the United States Department of Labor, the cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than thirty percent (30%) of the bid or offered price for foreign made aluminum, glass, or steel products.

This preference shall be applied to an item of machinery or equipment, as indicated above, when the item is a single unit of equipment or machinery manufactured primarily of aluminum, glass or steel, is part of a public works contract and has the sole purpose or of being a permanent part of a single public works project. This provision does not apply to equipment or machinery purchased by a spending unit for use by that spending unit and not as part of a single public works project.

All bids and offers including domestic aluminum, glass or steel products that exceed bid or offer prices including foreign aluminum, glass or steel products after application of the preferences provided in this provision may be reduced to a price equal to or lower than the lowest bid or offer price for foreign aluminum, glass or steel products plus the applicable preference. If the reduced bid or offer prices are made in writing and supersede the prior bid or offer prices, all bids or offers, including the reduced bid or offer prices, will be reevaluated in accordance with this rule.

WEST VIRGINIA BROADCASTING FOUNDATION, INC.
NOTES TO FINANCIAL STATEMENTS
June 30, 2012

NOTE 1 – NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

The West Virginia Public Broadcasting Foundation, Inc. (the Foundation) is a nonprofit corporation organized to receive, hold, disperse and invest monies or property given or donated to the West Virginia Educational Broadcasting Authority (WVEBA) for the educational and charitable purposes related to the preservation, maintenance, promotion, development and growth of educational and public broadcasting in the State of West Virginia. The WVEBA has sole discretion as to the use of the assets of the Foundation.

A summary of significant accounting policies follows:

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting and in accordance with applicable standards for governmental nonprofit organizations whereby revenues are recognized when earned and expenses are recognized when incurred.

Use of Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities and reported revenues and expenses. Actual results could differ from those estimates.

Property and Equipment

Property and equipment items are recorded at cost. Depreciation is calculated by the straight-line method over the estimated useful lives of the assets. Expenditures for repairs and maintenance are charged to expense as incurred.

Revenue Recognition

Unrestricted contributions and grants are recorded as revenue in the statement of financial activity in the period received. Contributions and grants restricted for specific projects are reported as deferred revenue until qualifying expenses have been incurred.

Donated or contributed services and materials are recorded at their fair value on the date of contribution.

Cash and Cash Equivalents

The Foundation considers cash on hand, cash in banks and certificates of deposit which are not subject to withdrawal restrictions or penalties and which have original maturities of ninety days or less to be cash equivalents.

Trade Receivables

Trade receivables are carried at the original invoice. Past experience has enabled management to determine that the collectability of trade receivables is such that no allowance for uncollectible accounts is required for a fair presentation of the financial statements. Trade receivables are written off when deemed uncollectible. Recoveries of trade receivables previously written off are recorded when received.

NOTE 1 – NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income Taxes

The Foundation, which is not considered a private foundation, is a nonprofit corporation which is recognized as exempt from income taxes under Section 501 (c) (3) of the Internal Revenue Code.

Functional Allocation of Expenses

The costs of providing the programs and other activities have been summarized on a functional basis in the statement of financial activity. Accordingly, certain costs have been allocated among the programs and supporting services benefited. Occupancy costs are allocated based upon square footage. Other costs requiring allocation to the functions are allocated mainly based upon usage.

Distribution of Assets Upon Event of Dissolution

In the event of dissolution, all assets of the Foundation would revert to the WVEBA, if in existence, or to another public corporation or organization which is exempt from income taxes.

Advertising

Advertising is expensed by the Foundation when purchased.

Total Columns (Memorandum Only)

Total columns on the combined statements are captioned "Memorandum Only" to indicate that they are presented only to aid in financial analysis. These amounts are not intended to present all information necessary for a fair presentation in accordance with accounting principles generally accepted in the United States of America.

NOTE 2 – RISK MANAGEMENT

The Foundation is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The Foundation participates in the State of West Virginia Board of Risk and Insurance Management (BRIM), a public entity risk pool established to account for and finance uninsured risks of losses for state agencies, institutions of higher education and component units. BRIM establishes premiums, bills participants, reinsures certain risks, and services claims. Premiums are established using methods which are not necessarily based on actuarial estimates of the amounts necessary to pay prior and current year claims and to establish reserves for catastrophic losses.

NOTE 3 – REVENUE CONCENTRATIONS

During the year ended June 30, 2012, approximately 15% percent of the Foundation's revenue consisted of grants from the Corporation for Public Broadcasting (CPB). The amount of CPB funding to which the Foundation is entitled is a function of nonfederal financial support generated by WVEBA, the Foundation, and related Friends organizations. Additionally, future funding levels are dependent upon the continued receipt of Federal appropriations by CPB. 25% of the Foundation's revenue was generated by underwriting agreements.

NOTE 4 – DEPOSITS

At June 30, 2012, the carrying amount of deposits held with financial institutions was \$42,195 and the bank balance was \$51,705. The principal difference between the carry amount and bank balance are deposits in transit and outstanding checks. The bank balance was entirely insured by Federal Depository Insurance. The Foundation also had petty cash of \$1,750

Unrealized gains and losses are included in the change in net assets. Investment income and gains are reported as increases in unrestricted net assets in the reporting period in which the income and gains are recognized. The equity investments are as follows:

<u>Equity Shares</u>	<u># of Shares</u>	<u>Fair Value</u> <u>At 6/30/12</u>

NOTE 6 – RELATED PARTY TRANSACTIONS

The Foundation is organized exclusively for the benefit of the WVEBA and is financially interrelated with WVEBA and various nonprofit Friends organizations that support WVEBA's public television and radio stations and shares common administrative and management personnel with WVEBA. Expenditures paid by the Foundation for the benefit of the WVEBA and affiliates will vary annually based upon available funding. There were no significant transactions with the various related entities during the year.

NOTE 7 – ENDOWMENT TRUSTS

In 2003, Television Friends of West Virginia Public Broadcasting, Inc. and Friends of West Virginia Public Radio, Inc. each contributed \$5,000 to a \$10,000 endowment established at the Beckley Area Foundation (BAF) to benefit the West Virginia Public Broadcasting Foundation, Inc. Under the terms of the Agreement, West Virginia Public Broadcasting Foundation, Inc. has the right to receive the income from the fund, but has no control over, or access to the assets of the fund. Therefore, the assets are not included in these financial statements. Funds received by the Friends groups or the Foundation for the benefit of this fund are transferred to the BAF on an annual basis or more often as significant amount of funds accumulate with spending will be authorized by the Foundation's Board of Directors. At June 30, 2012, the fund had a fair value of approximately \$46,252.

During 2005, the Hersher Foundation created an endowment trust called the Betty J. Hersher Memorial fund for Cultural Programming in the amount of \$200,000 with the West Virginia Public Broadcasting Foundation, Inc. (WVPBF) as the beneficiary. Under the terms of the agreement, WVPBF must obtain an asset level of \$5,000,000 before the trust funds will be transferred to the Foundation. The WVBF has the right to receive the income from the fund, but has no control over or access to the assets of the fund. Annual income distributions from the trust must be paid to WVPBF to provide funding for opera and other cultural programming on radio and television. The annual distribution for 2012 was \$10,000, split in a 75:25 ratio between television and radio.

NOTE 7 – ENDOWMENT TRUSTS (CONTINUED)

In 2006, the Abbey Myers Thornhill and Sarah Bishop Thornhill Fund was established by Warren and Carolyn Thornhill at the Beckley Area Foundation (BAF) to benefit the West Virginia Public Broadcasting Foundation, Inc. Under the terms of the Agreement, West Virginia Public Broadcasting Foundation, Inc., has the right to receive the income from the fund, but has no control over, or access to the assets of the fund. Therefore, the assets are not included in these financial statements. Fund income is distributed on an annual basis to provide funding for educational programming and services. At June 30, 2012, the fund had a fair value of approximately \$33,452.

NOTE 8 – BENEFICIAL INTEREST OF PERPETUAL TRUST

A donor established a trust with a national banking association naming an affiliate of the Foundation as a beneficiary of the charitable trust upon the benefactor's death; payments from the trust started in 2002. Under terms of the split-interest agreement, the Foundation is to receive 10% of the trust's income annually for its unrestricted use. The Foundation is required to report the present value of future cash flows in the accompanying financial statements. The Foundation reports the investment in the trust using the fair value of the trust's assets as determined by quoted market price, with the fair value change reported as a change in beneficial interest-permanently restricted net assets in the *statement of financial activity* which equated to a decrease of \$6,611 for 2012.

Independent Auditor's Report

Board of Directors
West Virginia Educational Broadcasting
Authority and Affiliates
Charleston, West Virginia

We have audited the accompanying financial statements of the business-type activities of the West Virginia Educational Broadcasting Authority and Affiliates (the Authority) (a component unit of the State of West Virginia), as of and for the year ended June 30, 2012, which collectively comprise the Authority's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Authority's management. Our responsibility is to express an opinion on these basic financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities of the Authority, as of June 30, 2012, and the respective changes in financial position and cash flows, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 10, 2012 on our consideration of the Authority's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require this presentation to include Management's discussion and analysis, as listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any other assurance.

West Virginia Educational Broadcasting Authority Management's Discussion and Analysis (Unaudited)

As management of the Educational Broadcasting Authority, we offer readers of these financial statements this narrative overview and analysis of the financial activities of the Authority for the fiscal year ended June 30, 2012. This discussion and analysis is designed to assist the reader in focusing on the significant changes in financial position. We encourage readers to consider the information presented here in conjunction with the financial statements as a whole.

Financial Highlights

The EBA's total assets decreased by \$705,360 or 9% over the course of the year's operations.

The EBA's current liabilities decreased by \$86,346 or 17% and long-term liabilities increased by \$727,123 or 32%. Our only long-term liability is compensated absences.

Basic Financial Statements

The basic financial statements are designed to provide readers with a broad overview of the EBA's finances in a manner similar to private sector business.

The statement of net assets presents information on all of the Authority's assets and liabilities and provides information about the nature and amounts of investments in resources (assets) and the obligations to creditors (liabilities). It also provides the basis for evaluating the capital structure of the Authority and assessing the liquidity and financial flexibility of the Authority.

All of the current year's revenues and expenses are accounted for in the Statement of Revenues, Expenses, and Changes in Net Assets. This statement measures the success of the Authority's operations over the past year.

The final required financial statement is the Statement of Cash Flows. This statement reports cash receipts, cash payments, and net changes in cash resulting from operations, investing, and financing activities and provides answers to such questions as where did cash come from, what was cash used for, and what was the change in the cash balance during the reporting period.

Financial Analysis

Net assets may serve, over time, as a useful indicator of a government's financial position. In the case of the EBA, assets exceeded liabilities by \$5,062,640 at the close of the most recent fiscal year.

Nature of Organization and Principles of Combination

The West Virginia Educational Broadcasting Authority (EBA or the Authority), a component unit of the State of West Virginia, is a public corporation which was created by the State of West Virginia and is responsible for extending educational, cultural and informational experiences to all citizens of West Virginia through the construction and operation of noncommercial education TV and radio stations and related facilities statewide. EBA supervises and operates three public TV stations and nine public radio stations plus a statewide two-way microwave network that links the stations and provides special telecommunication services for other state and public service agencies for non-broadcasted activities such as teleconferencing, in-service training, and data delivery.

The following radio and television stations are operated by EBA:

WVFN (FM) Charleston	WVPG (FM) Parkersburg
WVWV (FM) Huntington	WVEP (FM) Martinsburg
WVPB (FM) Beckley	WAUA (FM) Petersburg
WVPW (FM) Buckhannon	WNPB (TV) Morgantown
WVNP (FM) Wheeling	WPBY (TV) Huntington
WVPM (FM) Morgantown	WSWP (TV) Beckley

The combined financial statements include the assets, liabilities, financial activities, and cash flows of the West Virginia Educational Broadcasting Authority, each of the above stations and their interrelated affiliated organizations as follows:

West Virginia Public Broadcasting Foundation, Inc., and Friends of West Virginia Public Broadcasting, Inc.

The West Virginia Public Broadcasting Foundation, Inc. (the Foundation) was formed in 1992 as a non-profit corporation. The Foundation was organized exclusively for charitable and educational purposes to receive, hold, disperse, and invest monies or property given or donated to EBA for educational and eleemosynary purposes related to the preservation, maintenance, promotion, development and growth of educational and public broadcasting in the State of West Virginia. EBA has sole discretion as to the use of the money and property.

The affiliated Friends organization solicits funds for the benefit of the related television and radio stations and public broadcasting. Funds are expended by the Friends for the benefit of the related stations in amounts determined by their respective Boards of Directors.

ACCOUNTING POLICIES (CONTINUED)

Financial Statement Presentation

The combined financial statements of EBA have been prepared in accordance with accounting principles generally accepted in the United States of America as prescribed by Governmental Accounting Standards Board (GASB), including Statement No. 34, *Basic Financial Statement – and Management's Discussion and Analysis – for State and Local Governments*. The financial statement presentation required by GASB No. 34 provides a comprehensive, entity-wide perspective of EBA's assets, liabilities, net assets, revenues, expenses, changes in net assets and cash flows and replaces the fund-group perspective previously required. EBA's net assets are classified as follows:

Invested in capital assets, net of related debt

This represents EBA's total investment in capital assets, net of outstanding debt obligations related to those capital assets. To the extent debt has been incurred but not yet expended for capital assets, such amounts are not included as a component of, invested in capital assets, net of related debt. The EBA had no related outstanding debt as of June 30, 2012.

Restricted net assets, expendable

This includes resources in which EBA is legally contractually obligated to spend resources in accordance with restrictions imposed by external third parties.

Restricted net assets, nonexpendable

This includes endowment and similar type funds in which donors or other outside sources have stipulated, as a condition on the gift instrument, that the principal is to be maintained inviolate and in perpetuity, and invested for the purpose of producing present and future income, which may either be expended or added to principal. EBA has one trust that is considered restricted nonexpendable at June 30, 2012 (Note 10).

Unrestricted net assets

Unrestricted net assets represent resources derived from other than capital assets or restricted net assets. These resources are used for transactions relating to the general operations of EBA, and may be used at the discretion of the Board of Directors to meet current expense for any purpose.

**NOTE 1- NATURE OF ORGANIZATION, PRINCIPLES OF COMBINATION AND SIGNIFICANT
ACCOUNTING POLICIES (CONTINUED)**

Basis of Accounting

EBA follows all GASB pronouncements as well as Financial Accounting Standards Board (FASB) Statements and Interpretations, Accounting Principles Board Opinions and Accounting Research Bulletins issued on or before November 30, 1989, in addition to FASB Statements and Interpretations issued after November 30, 1989 that do not conflict with or contradict GASB pronouncements, to its combined financial statements.

For financial reporting purposes, EBA is considered to be engaged only in business-type activities. Accordingly, EBA's financial statements have been prepared on the accrual basis of accounting with a flow of economic resources measurement focus. Revenues are reported when earned and expenses when material or services are received. All intercompany accounts and transactions have been eliminated.

Capital Assets

Capital assets include property and equipment. Capital assets are recorded at cost at the date of acquisition or fair value at the date of donation in the case of gifts. Depreciation is calculated using the straight-line method over the estimated useful lives of the assets which range from 3 to 30 years. Expenditures for repairs and maintenance are charged to operating expenses as incurred.

Program Rights

Program rights purchased by EBA and affiliates from the Public Broadcasting Service on an annual basis are expended in the year purchased. All other program rights are amortized over the period of their expected usage and are reported net of the accumulated amortization. Amortization expense totaled \$144,068 for the year ended June 30, 2012.

Deferred Production Costs

The costs relating to programs being produced that will be broadcast in a subsequent period are reported as deferred production costs. Grants and contributions related to such programs are included in deferred revenue. As the programs are broadcast, applicable program expenses and revenues are included in the combined statement of revenues, expenses and change in net assets.

Revenue Recognition

General appropriations from the State of West Virginia and appropriations from other state agencies which are considered exchange transactions are recorded as operating transfers in the combined statement of revenues, expense and changes in net assets at the time such appropriations are utilized by incurring authorized expenditures as determined on an accrual basis.

Unrestricted contribution and pledges are recorded as revenue in the combined statement of revenues, expenses and changes in net assets in the period received. Contributions and grants restricted for specific projects are reported as deferred revenue until qualifying expenses have been incurred.

Donated or contributed services and material, including amounts contributed by other state agencies and component units of the State, are recorded at their fair value on the date of the contribution.

NOTE 1- NATURE OF ORGANIZATION, PRINCIPLES OF COMBINATION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Cash and cash equivalents

For purpose of reporting and the combined statement of cash flows, EBA and affiliates considers cash on hand, cash in banks, cash with the State of West Virginia and certificates of deposit which are not subject to withdrawal restrictions or penalties and which have original maturities of three months or less to be cash equivalents.

Income Taxes

EBA, as a public corporation established by the State of West Virginia, is recognized as exempt from Federal income taxes. The Friends of West Virginia Public Broadcasting, Inc. and the West Virginia Public Broadcasting Foundation, Inc. are nonprofit, non-stock corporations which are recognized as exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and similar state statutes, and are classified as other than private foundations.

Budgets

Budgets for appropriation from the State of West Virginia are adopted annually on a cash basis and are approved by the State of West Virginia Legislature. Most appropriations for operating funds lapse at year end.

Compensated Absences

Accumulated vacation is accrued as the employees become vested in the benefits. Employees, hired prior to July 1, 2002, vest in accumulated sick leave only upon retirement, when unused sick leave can be converted into termination benefits, such as employer paid premiums for post retirement health care benefits or additional credited service for retirement benefits. A liability for accrued sick leave is recognized to the extent that accumulated leave is expected to be converted to termination benefits on retirement.

Interfund Transactions

Quasi-external transactions are accounted for as revenues and expenses. All other interfund transactions are reported as transfers.

Classification of Revenues

EBA has classified its revenues as either operating or nonoperating revenues according to the following criteria:

Operating revenues

Operating revenues include activities that have the characteristics of exchange transactions.

Nonoperating revenues

Nonoperating revenues include activities that have the characteristics of non-exchange transactions, such as gifts and contributions, and other revenues that are defined as nonoperating revenues by GASB No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting* and GASB No. 34, such as state appropriations and investment income.

NOTE 1- NATURE OF ORGANIZATION, PRINCIPLES OF COMBINATION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Restricted Funds

EBA has not adopted a formal policy regarding whether to first apply restricted or unrestricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available. Generally, EBA attempts to utilize restricted funds first when practicable.

Use of Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amount of assets and liabilities, the disclosure of contingent assets and liabilities and reported revenues and expenses. Actual results could differ from those estimates.

Net Assets

Of the Authority's restricted net assets of \$236,716, none were restricted by enabling legislation.

NOTE 2- REVENUE CONCENTRATIONS

During the year ended June 30, 2012, EBA recognized revenue of \$5,232,358 from appropriations from the State of West Virginia, and \$2,127,979 from grants from the Corporation for Public Broadcasting. The ability of these entities to fund operations at this level is dependent on the state and national economic conditions and related tax collections. Future funding is also dependent on the willingness of legislative and grantor entities to continue funding EBA affiliates.

NOTE 3- DEPOSITS AND INVESTMENTS

Statement No. 3 of the Government Accounting Standards Board requires government entities to categorize deposits and investments to give an indication of the level of risk assumed by the entity at year-end. These categories of risk follow:

	<u>Cash</u>	<u>Investments</u>
Category 1	Deposits that are either insured or collateralized with securities held by the Authority or by its agent in the Authority's name.	Investments that are insured or registered, or securities held by Authority or by its agent in the Authority's name.
Category 2	Deposits collateralized with securities held by the pledging financial institution's trust department or agent in the Authority's name.	Investments that are uninsured and registered, with securities held by the counterparty's trust department or agent in the Authority's name.
Category 3	Deposits that are uncollateralized (including any bank balance that is collateralized with securities held by the pledging financial institution, or by its trust department or agent, but not in the Authority's name).	Investments that are uninsured and unregistered, with securities held by the counterparty's trust department or agent but not held in the Authority's name.
Not Categorized		Other investments are not categorized because they are not evidenced by securities that exist in physical or book entry form.

NOTE 3- DEPOSITS AND INVESTMENTS (Continued)

At June 30, 2012, the carrying amount of the Authority's cash deposits were \$953,947 and the bank balance was \$1,086,873. The differences represent normal reconciling items associated with timing differences and cash on hand. At June 30, 2012, \$1,086,873 of the bank balances was insured by the FDIC (Category 1). The following summarizes the carrying value and market value of investments:

<u>Description</u>	<u>Market Value</u>	<u>Investment Maturities (in years)</u>
		<u>Less than 1</u>
June 30, 2012:		
ISHARE TR – S&P Smallcap 600 Index Fund	\$50,583	N/A

Total	<u>\$412,773</u>	<u>\$100,050</u>

Interest rate risk – Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment.

The Authority does not have a formal policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk – Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations.

The Authority has no investment policy that limits its investment choices. As of the fiscal years ended June 30, 2012 the Authority's investments were not rated by Standard & Poor's or Moody's.

Concentration of credit risk – Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer.

The Authority places no limit on the amount the Authority may invest in any one issuer. More than 5 percent of the Authority's investments are in ISHARES and Certificates of Deposits. These investments were 76% and 24% of the Authority's total investments as of June 30, 2012.

Custodial credit risk – For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. All of the Authority's investments are held in the name of the Authority. For deposits, custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it.

Deposits. The Authority does not have a policy for custodial credit risk. As of June 30, 2012, none of the Authority's bank balances was exposed to custodial credit risk.

NOTE 5- OTHER POSTEMPLOYMENT BENEFITS (OPEB)

The GASB has issued Statement No. 43, "Financial Reporting for Post employment Benefit Plans Other Than Pension Plans" and Statement No. 45, "Accounting and Financial Reporting by Employers for Post employment Benefits Other Than Pensions" (OPEB). The GASB statements are based on the premise that the "costs" of employee services should be reported during the periods when the services are rendered. Beginning with the fiscal year ending June 30, 2008, the State implemented accounting and financial reporting requirements as an employer under GASB Statement No. 45. The financial statements report OPEB funded status and funding progress and any "premium subsidy" resulting from the pooling of retiree participants with active employees in the health benefit plans. For "employer" OPEB reporting the State will report "expense" on an accrual basis in the amount of the "annual required contribution" and a "liability for the amount of the "annual required contribution" that was not actually paid.

Funds have not been set aside to pay future costs of retirees, but the Legislature in response to the GASB statements, has made statutory changes to create the West Virginia Retiree Health Benefit Trust Fund (RHBT), an irrevocable trust fund, in which employer contributions for future retiree health costs may be accumulated and invested, and which is expected to facilitate the separate financial reporting of OPEB. The legislation requires the RHBT to determine through an actuarial study, as prescribed by GASB Statement No. 43, the Annual Required Contribution (the ARC) which shall be sufficient to maintain the RHBT in an actuarially sound manner. The ARC shall be allocated to respective employers including the Educational Broadcasting Authority who is required by law to remit at least the minimum annual premium component of the ARC. Revenues collected by RHBT shall be used to fund current OPEB healthcare claims and administrative expenses with residual funds held in trust for future OPEB costs.

NOTE 5- OTHER POSTEMPLOYMENT BENEFITS (OPEB) (Continued)

Plan Description

The EBA participates in the West Virginia Other Post employment Benefits Plan (OPEB plan) of the West Virginia Retiree Health Benefit Trust Fund, a cost-sharing multiple-employer defined benefit post employment healthcare plan administered by the West Virginia Public Employee Insurance Agency (WVPEIA). The OPEB Plan provides retiree post-employment health care benefits for participating state and local government employers. The provisions of the Code of West Virginia, 1931, as amended (the Code), assigns the authority to establish and amend benefit provisions to the WVPEIA board of trustees. The WVPEIA issues a publicly available financial report that includes financial statements and required supplementary information for the OPEB Plan. That report may be obtained by writing to Public Employees Insurance Agency, State Capitol Complex, Building 5, Room 1001, 1900 Kanawha Boulevard, East, Charleston, West Virginia, 25305-0710, or by calling 1-888-680-7842.

Funding Policy

The Code requires the OPEB Plan bill the participating employers 100% of the annual required contribution (ARC) an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) of the plan over a period not to exceed thirty years. State of West Virginia plan employers are billed per active health policy per month.

The ARC rate is \$742 per employee per month. Through June 30, 2012, the EBA has paid premiums of \$160,583 towards the Annual Required Contribution. As of June 30, 2012 the EBA has recorded a liability of \$728,647 on its balance sheet for OPEB as part of the compensated absences liability.

NOTE 6- CHANGES IN LONG-TERM LIABILITIES

The following is a summary of long-term obligation transactions for EBA for the year ended June 30, 2012:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>	<u>Current Portion</u>
Accrued compensated absences	\$ 1,969,141	\$ 1,067,342	\$ 365,641	\$ 2,637,842	\$334,113
TOTAL NON-CURRENT LIABILITIES	\$ 1,969,141	\$ 1,067,342	\$ 365,641	\$2,637,842	\$334,113

NOTE 7- COMMITMENTS/CONTINGENCIES

EBA is involved in various legal actions, from time to time, in the ordinary course of business. Management is not currently aware of any matters, which will have a significant adverse effect on the accompanying combined financial statements.

NOTE 8- RISK MANAGEMENT

EBA is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; employee health and life coverage; and natural disasters. The State of West Virginia established the Board of Risk and Insurance Management (BRIM) and the Public Employees Insurance Agency (PEIA), to account for and finance uninsured risks of losses for state agencies, institutions of higher education, and component units. The EBA manages its worker's compensation risk by utilizing a private carrier, BrickStreet.

BRIM is a public entity risk pool that provides coverage for general, property, medical malpractice, and automobile liability. PEIA is also a public entity risk pool that provides coverage for employee and dependent health, life and prescription drug insurance. BrickStreet provides coverage for workers' compensation and work related accidents. EBA retains the risk of loss on certain tort and contractor claims in excess of the amount insured or covered by BRIM's insurance carrier.

Through its participation in PEIA and through its private carrier, BrickStreet, EBA has obtained health coverage and coverage for job related injuries for its employees. In exchange for payment of premiums to PEIA and BrickStreet, EBA has transferred its risk related to health coverage and job related injuries of employees.

NOTE 9- ENDOWMENT TRUSTS

In 1991, cash of \$5,764 was transferred to the Greater Kanawha Valley Foundation (the Foundation) to constitute the principal of the Friends of West Virginia Public Radio, Inc. Endowment Fund, for the purpose of funding equipment replacement. Under the terms of the trust agreement, Friends of West Virginia Public Radio, Inc. has the right to receive the income from the fund, but has no control over, or access to the assets of the fund. Therefore, the assets are not included in these financial statements. Funds received by The Friends of West Virginia Public Radio, Inc. restricted for the benefit of this fund are transferred to the Foundation on an annual basis or more often as a significant amount of funds accumulate. Spending is authorized by the Foundation's Board of Directors. At June 30, 2012, the Endowment Fund had a fair value of \$78,943.

During 2005, the Herscher Foundation created an endowment trust called the Betty J. Herscher Memorial fund for Cultural Programming in the amount of \$200,000 with the West Virginia Public Broadcasting Foundation, Inc. (WVPBF) as the beneficiary. Under the terms of the agreement, WVPBF must obtain an asset level of \$5,000,000 before the trust funds will be transferred to the Foundation. The WVPBF has the right to receive the income from the fund, but has no control over or access to the assets of the fund. Annual income distributions from the trust must be paid to WVPBF to provide funding for opera and other cultural programming on radio and television. The annual distribution for 2012 was \$10,000, split in a 75:25 ratio between television and radio.

In 2006, the Abbey Myers Thornhill and Sarah Bishop Thornhill Fund was established by Warren and Carolyn Thornhill at the Beckley Area Foundation (BAF) to benefit the West Virginia Public Broadcasting Foundation, Inc. Under the terms of the Agreement, the West Virginia Public Broadcasting Foundation, Inc., has the right to receive the income from the fund, but has no control over, or access to the assets of the fund. Therefore, the assets are not included in these financial statements. Fund income is distributed on an annual basis to provide funding for educational programming and services. At June 30, 2012, the fund had a fair value of approximately \$33,452.

NOTE 10 – BENEFICIAL INTEREST OF PERPETUAL TRUST

A donor established a trust with a national banking association naming an affiliate of the Authority as a beneficiary of the charitable trust upon the benefactors death. Payments from the trust started in 2002. Under terms of the split-interest agreement, the Organization is to receive 10% of the trust's income annually for its unrestricted use. The Organization is required to report the present value of future cash flows. The Organization reports the investment in the trust using the fair value of the trusts assets as determined by quoted market price, with the fair value change reported as a change in beneficial interest – permanently restricted net assets in the statement of revenues, expenses and changes in net assets which equated a loss of \$6,611 for 2012. The fair value of the trust is reported in the statement of financial position as beneficial interest in perpetual trust and as restricted net assets, nonexpendable of \$236,716.

West Virginia Broadcasting Authority
600 Capitol Street
Charleston, WV 25301-1223

We appreciate the opportunity to submit this proposal for consideration to conduct the West Virginia Broadcasting Authority audit for the year ending June 30, 2013. The information you provided was very helpful in determining the scope of the engagement and our estimated fees. We are familiar with organizations similar to yours, and have worked with many governmental entities and nonprofit organizations, for a number of years. As a result, we believe these engagements would fit well with our firm's niche and client base.

In the remainder of this proposal we will attempt to describe our understanding of the scope of the engagement, highlight our firm's general attributes, as well as specific qualifications, estimate our professional fees and provide you with information on some of our clients and professional staff.

Scope of Work

We understand that the work to be performed includes the annual audit for the year ending June 30, 2013 for the West Virginia Educational Broadcasting Authority and Affiliate, the West Virginia Public Broadcasting Foundation, Inc. in accordance with generally accepted auditing standards and other applicable laws and regulations including OMB Circular A-133, GASB 34, and SAS 99. Also, the audits will be performed in accordance with the requirements of the Public Telecommunications Audit Guide and Requirements, Corporation for Public Broadcasting as well as Principles of Accounting and Financial Reporting for Public Telecommunications Entities, Corporation for Public Broadcasting and Generally Accepted Auditing Standards as established by the AICPA and other applicable laws and regulations.

The work will also include the preparation of the Federal Forms 990 and 990T (if required) for the West Virginia Public Broadcasting Foundation, Inc. for the year ended June 30, 2013.

We will express an opinion on the fair presentation of the financial statements in conformity with generally accepted accounting principles of the United States of America. Also, we will prepare all supporting schedules required by the Department of Administration (FARS) for the preparation of the state's Comprehensive Annual Financial Report (CAFR). We will perform certain limited procedures on the supplementary information as required by Governmental Accounting Standards Board as mandated by generally accepted auditing standards. We will assist with the preparation on the Corporation for Public Broadcasting Annual Financial Report, to review and attest to the information on the Corporation for Public Broadcasting Annual Financial Report, and to provide the Independent Accountant's Report and the Audited Financial Statements to the Corporation for Public Broadcasting in the required format. We will be available to provide advice on accounting issues to management.

Our approach to the audit will be a risk-based approach. That is, we allocate more of our time to those areas that we perceive to have the most potential for possible misstatement. We start by carefully planning the engagement. During this process we obtain information concerning the organizational structure, document an understanding of the significant transaction processing systems and establish the scope of our testing. We believe this is the most important step in the audit process and have found that this "up-front" investment of time allows us to direct our resources more efficiently.

We will document and testing internal control systems, performing confirmation work, etc. We perform substantive tests to verify the final balances. Some of these procedures include verification of year end balances through third parties, analytical procedures and review of supporting documentation. At the conclusion of the audit, we will prepare all of the required reports in draft form, which will be reviewed with management prior to their issuance.

Reports to be Issued

Following the completion of the audit of the fiscal year's financial statements, we will issue a report on the fair presentation of the financial statements in conformity with generally accepted accounting principles. A separate report will be issued for the Educational Broadcasting Authority and Affiliates, the WV Public Broadcasting Foundation, Inc., the Television Friends of WV Public Broadcasting, Inc., and the Friends of WV Public Radio, Inc.

Irregularities and Illegal Acts

We will make an immediate written report of all irregularities and illegal acts of which we become aware to the WVEBA Director of Finance at PO Box 9004, Beckley, WV 25802-9004.

Assurances

We will assure that the WVEBA Chief Financial Officer is informed of the following:

1. The Auditor's responsibility under generally accepted auditing standards.
2. Significant accounting policies
3. Management judgements and accounting estimates
4. Significant audit issues
5. Other information in documents containing audited financial statements
6. Difficulties encountered in performing the audit

Working Paper Retention and Access

All working papers and report will be retained for a minimum of three (3) years, unless the firm is notified in writing by the WVEBA Director of Finance of the need to expand the retention period. We will make the working papers available upon request of the WVEBA.

Time Considerations and Requirements

1. Completed Federal Forms 990, 990T and all subsidiary schedules common to NFP and exempt organizations no later than November 15, 2013, or earlier if deadline is revised by the IRS.
2. CPB AFR and audited financial statements no later than November 8, 2013 for review by the agency and must be submitted by the auditor to CPB no later than November 15, 2013, or earlier if the deadline is revised by CPB.
3. Tentative draft of consolidated financial statements of WVEBA and affiliates to comply with FARS reporting requirements by September 15, 2013. The final draft must be submitted to FARS by October 15, 2013, or earlier if deadline is changed by FARS.
4. Financial records for all divisions will be available on August 12, 2013.

Firm Profile

Balestra, Harr & Scherer, CPAs, Inc. is a CPA firm licensed in the states of Ohio, Indiana, Kentucky, Michigan and West Virginia. We employ approximately 50 people of which 46 are professional staff, including 20 CPAs. Our client base includes entities in Ohio, Michigan, Indiana., Kentucky and West Virginia

Our firm is a member of the American Institute of Certified Public Accountants, the Ohio Society of Certified Public Accountants and Independent Accountants International. We also have several professional staff that are members of and active in the National Society of Accountants for Cooperatives, which provides us with industry specific training and resources. As members of these organizations, we subject ourselves to a triennial peer review in an effort to ensure that the quality of our work and our staff's education is maintained at the highest levels of our profession. Independent Accountants International provides us with a national and international network of carefully screened CPAs that enables us to perform work in virtually all parts of the world. It also provides a resource to assist in resolving unique tax and accounting problems.

A peer review consists of a review of our quality control system conducted by specially trained CPAs from other firms. Our most recent peer review was performed in March 2006. We received an unqualified report with no letter of comment or recommendations for improvement. A copy of the report has been enclosed.

Balestra, Harr & Scherer, CPAs, Inc. offers a full range of services, including, but not limited to, audits, reviews, compilations, tax planning and return preparation, payroll preparation, employee benefit plans and computer consulting. We audit numerous cooperative, governmental and nonprofit entities in the five-state area annually. Our audit staff members are located throughout the state of Ohio (including some in your area) to better serve clients in those areas. Audit, tax and consulting services to the above entities represent approximately 80% of our practice. Our goal is to develop and maintain client relationships for the long-term and make the relationship mutually beneficial.

Professional Fees

Our philosophy is to provide the highest quality professional services at a reasonable, competitive fee. Our clients are entitled to and expect us to perform our work in an efficient and effective manner. We provide all of our audit staff with proper training and equipment, including laptop computers and the necessary software to promote efficiency. Our fees are based upon hourly rates, which vary according to each individual's qualifications and experience. We strive to maintain our costs through low overhead so that we can continue our history of infrequent rate increases.

There are certain nonrecurring costs associated with the start-up of a new engagement. These start-up costs include, but are not limited to, obtaining and documenting policies, procedures and operations, developing tailored audit programs and accumulating the necessary historical information. As an expression of our desire to obtain these engagements, we will absorb these costs.

It is very difficult to estimate hours and fees for engagements with which we are not intimately familiar. However, we have had a great deal of experience with organizations such as yours. As a result, we feel comfortable providing the following estimates of maximum fees for the respective audits:

Based upon our preliminary estimates, our fees should approximate \$16,000.00.

As noted earlier, our estimated fees are based on our limited knowledge of West Virginia Broadcasting Authority. We are willing to commit to you that our fees will not exceed the amounts noted.

We encourage our clients to call us any time throughout the year with questions, projects or to just talk about current problems or conditions. We like to pride ourselves on our accessibility and staff continuity and believe that we can both benefit from our relationship.

In closing, I would like to express our appreciation for being considered for meeting your auditing requirements. I hope this letter expresses our sincere interest in working with you. If you need any additional information, please call. We would also welcome the opportunity to meet with anyone else you believe appropriate. We look forward to hearing from you.

Sincerely,
