

NOTICE

Due to a mechanical error that was discovered on October 16, 2012 regarding one of the Purchasing Division's official time clocks, the stamp noted on some of the bids received did not print the correct date. The time of the day stamped on the bids was correct. The date on some of the bids incorrectly stamped October 25, 2012, when the correct date was October 15, 2012, and October 26, 2012, when the correct date was October 16, 2012.

30. **ARBITRATION:** Any references made to arbitration contained in this Contract, Vendor's bid, or in any American Institute of Architects documents pertaining to this Contract are hereby deleted, void, and of no effect.
31. **MODIFICATIONS:** This writing is the parties' final expression of intent. Notwithstanding anything contained in this Contract to the contrary, no modification of this Contract shall be binding without mutual written consent of the Agency, and the Vendor, with approval of the Purchasing Division and the Attorney General's office (Attorney General approval is as to form only). **No Change shall be implemented by the Vendor until such time as the Vendor receives an approved written change order from the Purchasing Division.**
32. **WAIVER:** The failure of either party to insist upon a strict performance of any of the terms or provision of this Contract, or to exercise any option, right, or remedy herein contained, shall not be construed as a waiver or a relinquishment for the future of such term, provision, option, right, or remedy, but the same shall continue in full force and effect. Any waiver must be expressly stated in writing and signed by the waiving party.
33. **SUBSEQUENT FORMS:** The terms and conditions contained in this Contract shall supersede any and all subsequent terms and conditions which may appear on any form documents submitted by Vendor to the Agency or Purchasing Division such as price lists, order forms, invoices, sales agreements, or maintenance agreements, and includes internet websites or other electronic documents. Acceptance or use of Vendor's forms does not constitute acceptance of the terms and conditions contained thereon.
34. **ASSIGNMENT:** Neither this Contract nor any monies due, or to become due hereunder, may be assigned by the Vendor without the express written consent of the Agency, the Purchasing Division, the Attorney General's office (as to form only), and any other government agency or office that may be required to approve such assignments. Notwithstanding the foregoing, Purchasing Division approval may or may not be required on certain agency delegated or exempt purchases.
35. **WARRANTY:** The Vendor expressly warrants that the goods and/or services covered by this Contract will: (a) conform to the specifications, drawings, samples, or other description furnished or specified by the Agency; (b) be merchantable and fit for the purpose intended; and (c) be free from defect in material and workmanship.
36. **STATE EMPLOYEES:** State employees are not permitted to utilize this Contract for personal use and the Vendor is prohibited from permitting or facilitating the same.

38. HIPAA BUSINESS ASSOCIATE ADDENDUM: The West Virginia State Government HIPAA Business Associate Addendum (BAA), approved by the Attorney General, is available online at <http://www.state.wv.us/admin/purchase/vrc/hipaa.html> and is hereby made part of the agreement provided that the Agency meets the definition of a Covered entity (45 CFR §160.103) and will be disclosing Protected Health Information (45 CFR §160.103) to the Vendor.

39. CONFIDENTIALITY: The Vendor agrees that it will not disclose to anyone, directly or indirectly, any such personally identifiable information or other confidential information gained from the Agency, unless the individual who is the subject of the information consents to the disclosure in writing or the disclosure is made pursuant to the Agency's policies, procedures, and rules. Vendor further agrees to comply with the Confidentiality Policies and Information Security Accountability Requirements, set forth in <http://www.state.wv.us/admin/purchase/privacy/default.html>.

Those laws include, but are not limited to, the Freedom of Information Act found in West Virginia Code § 29B-1-1 et seq.

Failure to comply with the foregoing requirements will result in public disclosure of the Vendor's bid without further notice. A Vendor's act of marking all or nearly all of its bid as exempt is not sufficient to avoid disclosure and WILL NOT BE HONORED. Vendor's act of marking a bid or any part thereof as "confidential" or "proprietary" is not sufficient to avoid disclosure and WILL NOT BE HONORED. In addition, a legend or other statement indicating that all or substantially all of the bid is exempt from disclosure is not sufficient to avoid disclosure and WILL NOT BE HONORED. Vendor will be required to defend any claimed exemption for nondisclosure in the event of an administrative or judicial challenge to the State's nondisclosure. Vendor must indemnify the State for any costs incurred related to any exemptions claimed by Vendor. Any questions regarding the applicability of the various public records laws should be addressed to your own legal counsel prior to bid submission.

41. Upon request, the Vendor must provide all necessary releases to obtain information to enable the Purchasing Division Director or the Agency to verify that the Vendor is licensed and in good standing with the above entities.

42. **ANTITRUST:** In submitting a bid to, signing a contract with, or accepting a Purchase Order from any agency of the State of West Virginia, the Vendor agrees to convey, sell, assign, or transfer to the State of West Virginia all rights, title, and interest in and to all causes of action it may now or hereafter acquire under the antitrust laws of the United States and the State of West Virginia for price fixing and/or unreasonable restraints of trade relating to the particular commodities or services purchased or acquired by the State of West Virginia. Such assignment shall be made and become effective at the time the purchasing agency tenders the initial payment to Vendor.

43. **VENDOR CERTIFICATIONS:** By signing its bid or entering into this Contract, Vendor certifies (1) that its bid was made without prior understanding, agreement, or connection with any corporation, firm, limited liability company, partnership, person or entity submitting a bid for the same material, supplies, equipment or services; (2) that its bid is in all respects fair and without collusion or fraud; (3) that this Contract is accepted or entered into without any prior understanding, agreement, or connection to any other entity that could be considered a violation of law; and (4) that it has reviewed this RFQ in its entirety; understands the requirements, terms and conditions, and other information contained herein. Vendor's signature on its bid also affirms that neither it nor its representatives have any interest, nor shall acquire any interest, direct or indirect, which would compromise the performance of its services hereunder. Any such interests shall be promptly presented in detail to the Agency.

The individual signing this bid on behalf of Vendor certifies that he or she is authorized by the Vendor to execute this bid or any documents related thereto on Vendor's behalf; that he or she is authorized to bind the Vendor in a contractual relationship; and that, to the best of his or her knowledge, the Vendor has properly registered with any State agency that may require registration.

44. **PURCHASING CARD ACCEPTANCE:** The State of West Virginia currently utilizes a Purchasing Card program, administered under contract by a banking institution, to process payment for goods and services. The Vendor must accept the State of West Virginia's Purchasing Card for payment of all orders under this Contract unless the box below is checked.

☐ Vendor is not required to accept the State of West Virginia's Purchasing Card as payment for all goods and services.

45. **VENDOR RELATIONSHIP:** The relationship of the Vendor to the State shall be that of an independent contractor and no principal-agent relationship or employer-employee relationship is contemplated or created by this Contract. The Vendor as an independent contractor is solely liable for the acts and omissions of its employees and agents. Vendor shall be responsible for selecting, supervising, and compensating any and all individuals employed pursuant to the terms of this Solicitation and resulting contract. Neither the Vendor, nor any employees or subcontractors of the Vendor, shall be deemed to be employees of the State for any purpose whatsoever. Vendor shall be exclusively responsible for payment of employees and contractors for all wages and salaries, taxes, withholding payments, penalties, fees, fringe benefits, professional liability insurance premiums, contributions to insurance and pension, or other deferred compensation plans, including but not limited to, Workers' Compensation and Social Security obligations, licensing fees, *etc.* and the filing of all necessary documents, forms and returns pertinent to all of the foregoing. Vendor shall hold harmless the

State, and shall provide the State and Agency with a defense against any and all claims including, but not limited to, the foregoing payments, withholdings, contributions, taxes, Social Security taxes, and employer income tax returns.

- 46. INDEMNIFICATION:** The Vendor agrees to indemnify, defend, and hold harmless the State and the Agency, their officers, and employees from and against: (1) Any claims or losses for services rendered by any subcontractor, person, or firm performing or supplying services, materials, or supplies in connection with the performance of the Contract; (2) Any claims or losses resulting to any person or entity injured or damaged by the Vendor, its officers, employees, or subcontractors by the publication, translation, reproduction, delivery, performance, use, or disposition of any data used under the Contract in a manner not authorized by the Contract, or by Federal or State statutes or regulations; and (3) Any failure of the Vendor, its officers, employees, or subcontractors to observe State and Federal laws including, but not limited to, labor and wage and hour laws.
- 47. PURCHASING AFFIDAVIT:** In accordance with West Virginia Code § 5A-3-10a, all Vendors are required to sign, notarize, and submit the Purchasing Affidavit stating that neither the Vendor nor a related party owe a debt to the State in excess of \$1,000. The affidavit must be submitted prior to award, but should be submitted with the Vendor's bid. A copy of the Purchasing Affidavit is included herewith.
- 48. ADDITIONAL AGENCY AND LOCAL GOVERNMENT USE:** This Contract may be utilized by and extends to other agencies, spending units, and political subdivisions of the State of West Virginia; county, municipal, and other local government bodies; and school districts ("Other Government Entities"). This Contract shall be extended to the aforementioned Other Government Entities on the same prices, terms, and conditions as those offered and agreed to in this Contract. If the Vendor does not wish to extend the prices, terms, and conditions of its bid and subsequent contract to the Other Government Entities, the Vendor must clearly indicate such refusal in its bid. A refusal to extend this Contract to the Other Government Entities shall not impact or influence the award of this Contract in any manner.
- 49. CONFLICT OF INTEREST:** Vendor, its officers or members or employees, shall not presently have or acquire any interest, direct or indirect, which would conflict with or compromise the performance of its obligations hereunder. Vendor shall periodically inquire of its officers, members and employees to ensure that a conflict of interest does not arise. Any conflict of interest discovered shall be promptly presented in detail to the Agency.
- 50. REPORTS:** Vendor shall provide the Agency and/or the Purchasing Division with the following reports identified by a checked box below:

51. BACKGROUND CHECK: In accordance with W. Va. Code § 15-2D-3, the Director of the Division of Protective Services shall require any service provider whose employees are regularly employed on the grounds or in the buildings of the Capitol complex or who have access to sensitive or critical information to submit to a fingerprint-based state and federal background inquiry through the state repository. The service provider is responsible for any costs associated with the fingerprint-based state and federal background inquiry.

After the contract for such services has been approved, but before any such employees are permitted to be on the grounds or in the buildings of the Capitol complex or have access to sensitive or critical information, the service provider shall submit a list of all persons who will be physically present and working at the Capitol complex to the Director of the Division of Protective Services for purposes of verifying compliance with this provision.

The State reserves the right to prohibit a service provider's employees from accessing sensitive or critical information or to be present at the Capitol complex based upon results addressed from a criminal background check.

Service providers should contact the West Virginia Division of Protective Services by phone at (304) 558-9911 for more information.

52. PREFERENCE FOR USE OF DOMESTIC STEEL PRODUCTS: Except when authorized by the Director of the Purchasing Division pursuant to W. Va. Code § 5A-3-56, no contractor may use or supply steel products for a State Contract Project other than those steel products made in the United States. A contractor who uses steel products in violation of this section may be subject to civil penalties pursuant to W. Va. Code § 5A-3-56. As used in this section:

- a. "State Contract Project" means any erection or construction of, or any addition to, alteration of or other improvement to any building or structure, including, but not limited to, roads or highways, or the installation of any heating or cooling or ventilating plants or other equipment, or the supply of and materials for such projects, pursuant to a contract with the State of West Virginia for which bids were solicited on or after June 6, 2001.
- b. "Steel Products" means products rolled, formed, shaped, drawn, extruded, forged, cast, fabricated or otherwise similarly processed, or processed by a combination of two or more or such operations, from steel made by the open hearth, basic oxygen, electric furnace, Bessemer or other steel making process.

The Purchasing Division Director may, in writing, authorize the use of foreign steel products if:

- a. The cost for each contract item used does not exceed one tenth of one percent (.1%) of the total

contract cost or two thousand five hundred dollars (\$2,500.00), whichever is greater. For the purposes of this section, the cost is the value of the steel product as delivered to the project; or

- b. The Director of the Purchasing Division determines that specified steel materials are not produced in the United States in sufficient quantity or otherwise are not reasonably available to meet contract requirements.

53. PREFERENCE FOR USE OF DOMESTIC ALUMINUM, GLASS, AND STEEL: In Accordance with W. Va. Code § 5-19-1 et seq., and W. Va. CSR § 148-10-1 et seq., for every contract or subcontract, subject to the limitations contained herein, for the construction, reconstruction, alteration, repair, improvement or maintenance of public works or for the purchase of any item of machinery or equipment to be used at sites of public works, only domestic aluminum, glass or steel products shall be supplied unless the spending officer determines, in writing, after the receipt of offers or bids, (1) that the cost of domestic aluminum, glass or steel products is unreasonable or inconsistent with the public interest of the State of West Virginia, (2) that domestic aluminum, glass or steel products are not produced in sufficient quantities to meet the contract requirements, or (3) the available domestic aluminum, glass, or steel do not meet the contract specifications. This provision only applies to public works contracts awarded in an amount more than fifty thousand dollars (\$50,000) or public works contracts that require more than ten thousand pounds of steel products.

The cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than twenty percent (20%) of the bid or offered price for foreign made aluminum, glass, or steel products. If the domestic aluminum, glass or steel products to be supplied or produced in a "substantial labor surplus area", as defined by the United States Department of Labor, the cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than thirty percent (30%) of the bid or offered price for foreign made aluminum, glass, or steel products.

This preference shall be applied to an item of machinery or equipment, as indicated above, when the item is a single unit of equipment or machinery manufactured primarily of aluminum, glass or steel, is part of a public works contract and has the sole purpose or of being a permanent part of a single public works project. This provision does not apply to equipment or machinery purchased by a spending unit for use by that spending unit and not as part of a single public works project.

All bids and offers including domestic aluminum, glass or steel products that exceed bid or offer prices including foreign aluminum, glass or steel products after application of the preferences provided in this provision may be reduced to a price equal to or lower than the lowest bid or offer price for foreign aluminum, glass or steel products plus the applicable preference. If the reduced bid or offer prices are made in writing and supersede the prior bid or offer prices, all bids or offers, including the reduced bid or offer prices, will be reevaluated in accordance with this rule.

After that date, the agreement becomes of no effect and is null and void. However, the Agency agrees to use its best efforts to have the amounts contemplated under the agreement included in its budget. **COMMENTS (EXCEPTIONS) AND QUESTIONS PERTAINING TO PROPOSED
CONTRACTUAL TERMS AND CONDITIONS**

Informatica Corporation

GENERAL: Informatica is very pleased to be able to offer a response to the State's RFQ. Informatica is a publicly traded U.S. corporation, and is subject to strict contractual, insurance, accounting and U.S. Federal Securities and Exchange Commission laws, rules, statutes and regulations. As such, Informatica licenses its proprietary software products and provides professional consulting and support services in strict compliance with its auditor approved software license and service contract documents.

Informatica does have limited ability to deviate from auditor approved terms and conditions. Informatica is able, on a fact specific basis, to use contractual terms and conditions and contract templates proposed by our valued customers, provided that such terms are materially consistent with Informatica's auditor approved contract provisions.

The State's RFQ contains suggested legal terms and conditions that appear to be materially consistent with Informatica's approved contractual provisions. Informatica may have some minor suggested revisions, questions, comments, or requests for clarification regarding some of the proposed terms. Informatica would like to respectfully reserve the right to engage in this dialog with your legal representatives at the appropriate time. The following is a short list of those contractual items that may require some clarification.

Please note the RFQ and Informatica's responses thereto, along with any sales and marketing collateral materials, emails, and other such verbal or written communications are generally not drafted by legal professionals and lack the specificity required of contractual documents that are intended to be legally binding on parties to a contract. As such, Informatica does not attach to or merge such documents in any final, legally binding contract vehicle. Informatica will include certain technical product specifications within a contract for illustrative purposes.

EXISTING CONTRACT: The contemplated transaction may be subject to execution under terms and conditions of a pre-existing contractual vehicle such as a GSA schedule or pre-approved State term contract.

BONDS: Informatica licenses COTS software products and offers related implementation, training and support services. As performance is not at issue, most of Informatica's customers do not wish to bear the expense of performance or bid bonds and such, Informatica does not offer them.

LIQUIDATED DAMAGES: Liquidated damages are generally not applicable in the context of an agreement to provide software and related support and educational services. As such, Informatica generally does not contract for such provisions, but would respectfully reserve discussions pertaining to damages for a more appropriate time.

ACCEPTANCE: As stated, Informatica is a public company is must comply with all applicable Federal laws, rules, statutes and regulations concerning receipt, reporting and recognition of revenue. Informatica offers an industry standard warranty that generally makes the inclusion of contract terms pertaining to acceptance or product testing unnecessary. Informatica may be able to include certain acceptance testing provisions in the contract, provided that such acceptance criteria are objective and related to Informatica's technical product documentation. The acceptance provisions suggested in the RFQ may not be inconsistent with these requirements and Informatica may require some clarification as the intent and scope of the suggested contract clause.

PAYMENT OF FEES: All software license fees, and all fees for services actually performed and all expenses actually incurred by Informatica are non-refundable, non-contingent, and non-cancellable. Other payment terms may be specified in the order specific document.

CONTRACT TERM: Generally, Informatica licenses its software on a perpetual basis. Services are provided on a time and material basis, and support is provided on an annual subscription basis. Informatica is familiar with statutorily required termination for convenience and fiscal funding out clauses and does not oppose inclusion of any such reasonable and legally required provisions in the final contract document.

MINORITY HIRING: Informatica does not take exception to such contractual provisions. However, the nature of the contemplated transaction does not lend itself to subcontracting and thus such provisions are unlikely to be applicable.

ASSIGNMENT: As a public company, Informatica's board of directors is required by law to at all times act as a fiduciary to Informatica's shareholders, employees, partners and customers. These laws preclude Informatica from entering in to any contract wherein any third party may prevent the transfer of any agreement in the context of a transfer of a controlling interest in Informatica or any of its subsidiaries.

WARRANTY: Informatica warrants that's its COTS software will perform in accordance with Informatica's published technical documentation. Informatica further warrants that all services will be performed by qualified persons and in a manner that is consistent with industry standards, and in some cases Informatica may expand this warranty to include certain provision in technically specific descriptions of customized services. In the event of a breach of any such warranty, remedies available to our customers are detailed within the Informatica contract vehicle.

HIPAA: Informatica is not a Business Associate and therefore usually does not enter in to Business Associate Agreements but will consider doing so on a case by case basis.

ANTI-TRUST: Informatica does not prospectively assign its rights under litigation but may do so in appropriate circumstances.

INDEMNIFICATION: Informatica does offer indemnifications generally consistent with software industry standards. Informatica will indemnify its end users in the event of a third party action alleging a violation of a recognized right of intellectual property. Further, Informatica is not opposed to offering an industry standard indemnification in the event of death, bodily injury or certain types of property damage. The indemnification provisions suggested in the RFQ may be

broader than those that would be required under the contemplated transactions, and Informatica may require some clarification as to the intent and scope of the suggested indemnification provisions.

ADDITIONAL AGENCY USE: These are product and business specific terms that may be discussed at the appropriate time.

DAMAGES\LIMIT OF LIABILITY: Informatica is a public company and is subject to U.S. Federal Securities and Exchange Commission laws, rules and regulations. Informatica is also constrained by insurance restrictions. Consequently, Informatica is precluded from entering in to any contract wherein its potential liability is unlimited, undefined, not reasonably quantified or is otherwise inconsistent with the total value of the applicable transaction. Except in limited circumstances, Informatica is unable to contract to assume consequential, punitive or exemplary damages.

INSURANCE: Informatica is a large, multinational technology company and currently maintains commercially reasonable insurance policies with large, recognized and rated carriers. These policies pertain to general liability, workers compensation, auto, errors and omissions, etc., and are materially consistent with the specifications contained in the RFP. These policies are bilateral contracts between Informatica and its carriers. In most cases they are confidential. In many instances, these policies are and have been in effect for several years, and in all cases, these bilateral contracts cannot be unilaterally altered by Informatica or any Informatica customer. Informatica is able to provide its customers with certificates of insurance or other proof of applicable coverage(s) upon reasonable request. Informatica is unable to effectuate waivers of subrogation. Informatica does not name customers as additional insureds. Informatica may determine that it is in the best interest of the company and its customers to alter certain policies and as such does not agree to provide notice of any such changes to any one or group of its thousands of global customers.

PRIVACY AND NON-DISCLOSURE: Informatica is required to maintain strict non-disclosure provisions in its contracts that preclude the granting of access to our highly proprietary and confidential software, product development and marketing plans, business methods and non-public financial and human resources data and materials with third parties. Informatica is not in the business of storing, hosting or otherwise gaining access to our customer's confidential information. As such, many industry specific confidentiality agreements and regulations, i.e., HIPAA or agreements pertaining to PII are not applicable to Informatica or the contemplated transaction. Notwithstanding, Informatica does not offer a specific exception to any requirement that maintain the confidentiality of any customer data for which Informatica takes possession and the specifics of these contract provisions may be subject to discussion at the appropriate time.
