Background and Qualifications

At Medical Staffing Network Healthcare, LLC (MSN), our first duty is to listen to what you say about yourself and your staffing needs. We understand the West Virginia Purchasing Division is soliciting bids on behalf of the Bureau for Behavioral Health and Health Facilities (BHBF) to

The Office of Inspector General, by impartial evaluation, investigation and reporting, seeks to ensure the integrity of department programs and operations including the fair, accurate and nondiscriminatory delivery of benefits and services to qualified state residents.

establish an open-end “locum tenens” Registered Nurse(s), Licensed Practical Nurse(s), Certified Nursing Assistant(s), Health Services Worker(s) to comply with staffing needs of the seven (7) state owned and operated facilities listed below and the West Virginia Children’s Home, which is located in Elkins, WV.

BUILDING A PARTNERSHIP: BHBF AND MSN

MSN has provided healthcare staffing services for 15 years. MSN was originally founded in Delaware on January 7, 1998 as Medical Staffing Network, Inc. In August 2010, Medical Staffing Network Healthcare, LLC (MSN) was formed as a Delaware limited liability company, and in September 2010, it acquired the assets of Medical Staffing Network, Inc. and its subsidiaries. As a result, MSN emerged as a stronger, more resilient organization, and we now offer a wider range of staffing solutions. These solutions include permanent placement, contract to hire, per diem, and long-term (travel) staffing in such areas as nursing, allied health, pharmacy, anesthesiology, and clinical research. MSN also provides non-bedside nursing, vendor management system (VMS), and managed services program (MSP) solutions. In 2012, MSN launched an even wider range of outsourcing solutions through Optimal Workforce Solutions (OWS), a wholly-owned subsidiary.

MSN’s Vision

As the employer and staffing partner of choice, we aspire to be the innovative leader committed to elevating the standards to ensure patient safety and quality of care.

We have long been recognized as one of the premier healthcare staffing companies – consistently raising the standards of quality and excellence (<http://www.msnhealth.com/>). With 800 corporate employees, over 60 locations nationwide, more than 66 recruiters, and immediate access to a network of 50,000 qualified and motivated healthcare professionals, MSN is one of the few staffing companies that have a national presence while providing local delivery of service. As a result, we can address the purchasing needs of our clients as well as the varied personal needs of the healthcare professionals we hire. This powerful combination lays the groundwork for the high rates of employee satisfaction and staff retention that lead directly to the high levels of service quality our clients require.

MSN has a tradition of working with long term care institutions, and we also provide healthcare professionals to hospitals, schools, correctional facilities, managed care organizations, and other institutions that need dependable workforce solutions. In the past year, MSN has served as a trusted staffing partner to over 3,400 acute and non-acute care clients – providing technologies and services that reflect industry best practices.

MSN’s healthcare professionals are available 24 hours a day, 365 days a year. Furthermore, our after-hours support center is fully staffed exclusively by MSN employees. This means you will receive seamless support and service from our internal staff. It enables us to respond immediately and effectively with the resources, technologies, and expertise you need.

SERVICE PHILOSOPHY

Values and Mission

MSN was founded in an effort to bring quality and standards to the healthcare staffing industry. Our business philosophy is firmly grounded in *caring*, and it is driven by the core values of excellence, trust, humility, integrity, commitment, and service (ETHICS). We exist to be the innovative leader in the supplemental healthcare staffing industry by delivering high-quality, cost-effective workforce solutions.

<p>MSN’s Values Are Grounded in ETHICS</p> <p>Excellence Trust Humility Integrity Commitment Service</p>

The Daisy Foundation

We are proud to be a participant in The Daisy Program, which recognizes nurses from around the country every month (<http://daisyfoundation.org/daisy->

award/participating-organizations). It is our way of honoring these unsung heroes for the superhuman work they perform every day. We were particularly drawn to The Daisy Foundation because it complements our search for healthcare professionals who demonstrate skilled clinical abilities, true patient advocacy, mentoring, strong interpersonal skills, and the desire to go above and beyond to meet the physical, emotional, and psychological needs of their patients.

MSN's High Standards and The Joint Commission

MSN's mission and culture align with the vision and mission of The Joint Commission, the non-profit accreditation organization addressing quality, safety, and value among healthcare organizations. MSN was founded when contingent (temporary) healthcare staffing was a new and highly fragmented industry – experiencing fast growth in an unregulated environment. At the time, there were no industry standards to ensure the competency and quality of the personnel provided by these organizations. That was of great concern to MSN's founders.

In 2003, MSN's Healthcare Standards Advisory Board submitted a set of guidelines to The Joint Commission, hoping to help establish requirements for contingency staffing organizations such as MSN. Acceptance of the new standards would ensure that the *contingency* staff being supplied to accredited healthcare institutions would be subject to requirements that paralleled those applied to the *permanent* staff. This would, in effect, help “preserve” the value of The Joint Commission's accreditation by applying standards in a uniform manner to *all* healthcare professionals. Partly as a result of these efforts, in 2004 The Joint Commission implemented what is now known as the Health Care Staffing Services Certification Program. In 2005, MSN was awarded the Certificate of Distinction for Healthcare Staffing Services by The Joint Commission. We have maintained our certification ever since.
