

## LIST OF PROPOSED SUBCONTRACTORS AND EQUIPMENT/MATERIAL SUPPLIERS

List below each major branch of work and major equipment/material supplier category for this proposal and the subcontractor or supplier proposed for that portion of work. Provide also the Contractor License Number for each subcontractor as required by the "West Virginia Contractor Licensing Act". If the branch of work is to be completed solely by an equipment/material supplier, indicate by notation below in the contractor license number column. The bidder may be requested to change an unsatisfactory subcontractor or equipment/material supplier. The contractor is responsible for selecting or changing subcontractor or equipment/material supplier. The Owner or Architect/Engineer may indicate their concerns regarding any entity listed about which they have reason to believe that, due to past experience, poor performance may be expected.

It is the responsibility of any contractor soliciting bids or quotes from subcontractors to verify the eligibility of all subcontractors and equipment/material suppliers being proposed to perform the work. The Contractor has full responsibility for satisfactory execution of all work in accordance with the Contract Documents. Any change of proposed subcontractors or equipment/material suppliers shall be at no cost to the Owner, as the Contractor has full responsibility for execution of the work.
