RE: MVPRT14 Addendum 2
Attention: Alan Cummings

Thank you for the opportunity to participate in this bid procedure. Enclosed please find a disc with all items in my store inventory file as of this date. These items have been placed in a frozen file area that will remain the same for the duration of any award. We can and will provide free electronic access to our parts cataloging system. It can be individualized to the exact location as needed. For example, all DOH locations in a District or the entire state could have a separate log on and password. This system can be tailored as a "view only" option whereas customers can see availability at our store and warehouses or as a full online ordering tool. This can also be additionally customized by location as need be to best suit the customers' requirements. We will create a snapshot of our quoted prices (catalog) that will not change for the duration of the contract for all parts in our store system at that time (approx. 60,000) part numbers, not just the items on the bid sheets. We will also extend the remainder of all parts available through our suppliers that are shown on our online ordering system (approaches 1 million part numbers) at the same discount/pricing structure as the quoted parts that is not on the disc, but is at the exact pricing structure when viewed on the disc or online. This insures you that whether I have an item in stock, at my warehouses, or it is a just added or released part you will maintain consistent pricing. This snapshot which you refer to as our catalog will be supplied to you electronically.

I welcome any questions and look forward to hearing from you soon.

Sincerely,

John Snyder

Certification and application* is hereby made for Preference in accordance with *West Virginia Code*, §5A-3-37. (Does not apply to construction contracts). *West Virginia Code*, §5A-3-37, provides an opportunity for qualifying vendors to request (at the time of bid) preference for their residency status. Such preference is an evaluation method only and will be applied only to the cost bid in accordance with the *West Virginia Code*. This certificate for application is to be used to request such preference. The Purchasing Division will make the determination of the Resident Vendor Preference, if applicable.

4. Application is made for 5% resident vendor preference for the reason checked:
 Bidder meets either the requirement of both subdivisions (1) and (2) or subdivision (1) and (3) as stated above; or,
5. Application is made for 3.5% resident vendor preference who is a veteran for the reason checked:

 Bidder is a resident vendor who is a veteran of the United States armed forces, the reserves or the National Guard, if, for purposes of producing or distributing the commodities or completing the project which is the subject of the vendor's bid and continuously over the entire term of the project, on average at least seventy-five percent of the vendor's employees are residents of West Virginia who have resided in the state continuously for the two immediately preceding years.

Bidder understands if the Secretary of Revenue determines that a Bidder receiving preference has failed to continue to meet the requirements for such preference, the Secretary may order the Director of Purchasing to: (a) reject the bid; or (b) assess a penalty against such Bidder in an amount not to exceed 5% of the bid amount and that such penalty will be paid to the contracting agency or deducted from any unpaid balance on the contract or purchase order.

By submission of this certificate, Bidder agrees to disclose any reasonably requested information to the Purchasing Division and authorizes the Department of Revenue to disclose to the Director of Purchasing appropriate information verifying that Bidder has paid the required business taxes, provided that such information does not contain the amounts of taxes paid nor any other information deemed by the Tax Commissioner to be confidential.

RE: MVPRT14
Attention: Alan Cummings

Thank you for the opportunity to participate in this bid procedure. We can and will provide free electronic access to our parts cataloging system. It can be individualized to the exact location as needed. For example, all DOH locations in a District or the entire state could have a separate log on and password. This system can be tailored as a "view only" option whereas customers can see availability at our store and warehouses or as a full online ordering tool. This can also be additionally customized by location as need be to best suit the customers' requirements. We will create a snapshot of our quoted prices that will not change for the duration of the contract for all parts in our store system at that time (approx. 60,000) part numbers. We will also extend the remainder of all parts available through our suppliers that are shown on our online ordering system (approaches 1 million part numbers) at the same discount as the quoted parts. This insures you that whether I have an item in stock, at my warehouses, or it is a just added part you will maintain consistent pricing. This snapshot which you refer to as our catalog will be supplied to you electronically.

I welcome any questions and look forward to hearing from you soon.

Sincerely,

John Snyder
