PURCHASING AFFIDAVIT

MANDATE: Under W. Va. Code §5A-3-10a, no contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and: (1) the debt owed is an amount greater than one thousand dollars in the aggregate; or (2) the debtor is in employer default.

EXCEPTION: The prohibition listed above does not apply where a vendor has contested any tax administered pursuant to chapter eleven of the W. Va. Code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Employer default" means having an outstanding balance or liability to the old fund or to the uninsured employers' fund or being in policy default, as defined in W. Va. Code § 23-2c-2, failure to maintain mandatory workers' compensation coverage, or failure to fully meet its obligations as a workers' compensation self-insured employer. An employer is not in employer default if it has entered into a repayment agreement with the Insurance Commissioner and remains in compliance with the obligations under the repayment agreement.

"Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceeds five percent of the total contract amount.

AFFIRMATION: By signing this form, the vendor's authorized signer affirms and acknowledges under penalty of law for false swearing (W. Va. Code §61-5-3) that neither vendor nor any related party owe a debt as defined above and that neither vendor nor any related party are in employer default as defined above, unless the debt or employer default is permitted under the exception above.

25630-KLEENEX® Hard Roll Towels

The exterior of the MOD® System can change from black to white to stainless, but it's all green inside. These towels contain 20% bamboo, making them the first towel in the industry to contain non-tree fiber. They are designed with patented ABSORBENCY POCKETS™, so users need fewer towels to dry their hands. The result: more towels left in the dispenser, more time between refills, less paper waste and, in many cases, less cost for your business.

29741-MOD* NG Electronic Dispenser

The MOD* Dispenser Systems are designed with innovative internal dispensing modules that plug and play to give you the flexibility to build a dispenser customized to meet your requirements. The NG-Series dispenser is designed to deliver a better experience and consumption control for customers in office buildings and high-traffic facilities. The patent-pending SMART CONTROL* Dispensing Technology features two delivery options — precut and power-assist. Towel delay settings not only control usage, but allow for faster or slower dispensing depending on the restroom traffic needs. This hygienic, touchless dispenser has a "power assist" setting that offers the longest battery life — 4 times longer than the enMotion® dispenser. It is also quieter than enMotion® and Tork Intuition systems. The MOD* System combines touchless technology with the bacteria-reducing benefits of drying with paper towels, supporting and promoting better hand and surface hygiene.
