Mr. Robert P Kilpatrick, Senior Buyer
West Virginia Department of Administration
Purchasing Division
PO Box 50130
Charleston, WV 25305-0130

Email: robert.p.kilpatrick@wv.gov
Phone: (304)558-0067

Dear Mr. Kilpatrick:

Please consider this letter to be Abator's offer to perform in full compliance with the subject request. To the best of its knowledge; Abator's proposal meets all the requirements set forth in the request and, if applicable, any amendments thereto; and,

CERTIFICATION

Under penalty of perjury, the undersigned does swear or affirm that the information provided in Abator's response to West Virginia's Department of Health & Human Service (DHHR) is true and correct as of the time of signing and makes the certifications contained herein. Abator further understands and agrees that failure to provide true and accurate information on this or any other document submitted to NYPA may result in suspension from doing business with DHHR, termination of contracts, loss of profits in appropriate cases, and other sanctions.

Abator Price Quote

Abator's quoted prices are all-inclusive not-to-exceed rates. There are no surcharges for overtime hours or expenses. *Abator reserves the right to quote rates to WVDHH/OSMISR below the published, not-to-exceed DHHR rates based on our direct labor costs for future engagements.*

Abator agrees to provide additional information upon request to support the information provided herein, and further agrees that West Virginia may audit any of Abator's records that pertain to this invitational response. *Abator's proposal is made without exceptions.*

If in electronic document capture (copy & paste into this response), scanning or copying the documents provided by the State (in order to prepare Abator's response to this request) any inadvertent formatting changes or typographical errors have been incorporated in this response document, Abator clearly asserts its intent to be bound by DHHR's final request document. 2012 – 2014 WV Health & Human Resources; Senior Web Developer
Worked as the primary Oracle developer on a 3-person team tasked with modernizing the software for Child Care at WV DHHR, which was developed in the 90s in PowerBuilder. Also, worked on a project to get data from multiple databases into a single database that all systems can access.

- Helped design and build a new Oracle database for Child Care including tables, keys, indexes, constraints, triggers, sequences, PL/SQL packages, stored procedures, functions, and synonyms
- Used Visual Studio 2012 to help code a .NET MVC4 web application for managing Child Care for WV DHHR
- Used Kendo (a Telerik product for MVC), JQuery, and JavaScript to enhance the client-side development
- Used DynaTrace for application security and performance tuning
- Used the CSLA framework to develop FACTS software in .Net
- Supported the existing client server application using PowerBuilder
- Used Microsoft Bing Maps, Oracle Locator, and QAS Address Verification Tool while developing the statewide Child Care web application
- Continued to work part-time for over four months when I accepted an employee position at NiSource

2007 - 2012 Chesapeake Energy, Charleston & Oklahoma City

2010 – 2012 SENIOR APPLICATIONS DEVELOPER/ANALYST

2007 – 2010 APPLICATIONS DEVELOPER/ANALYST

Developed and supported modern and legacy applications in support of accounting, marketing, measurement, right of way, and more. Worked with employees and coworkers at all levels to determine solutions and help provide applications to make their jobs more efficient. Coded .NET applications to assist with audits, load databases from spreadsheets, convert file types, and whatever was needed.

- Coded ETL processes moving data to and from Oracle databases using triggers and Oracle Advanced Queues in a publisher/subscriber relationship that provides real time data syncs without the need for polling
- Supported Custom-Off-The-Shelf software using Oracle, SQL Server , and .NET
- Developed PL/SQL stored procedures and functions using Oracle 10g and 11g
- Design and modeling for multiple Oracle databases
- Developed and supported ASP.Net web applications using C#, MVC, MVVM, Telerik, JavaScript, AJAX, jQuery, jQuery UI using Visual Studio 2008 , Visual Studio 2010, and Team Foundation Server
- Developed and supported Microsoft SharePoint sites
- Developed and supported complex N-Tier applications
- Worked with users to determine how to calculate loss of gas in pipelines. Coded .NET applications to extract the data, and coded VBA macros to generate reports and charts in Excel. Used SharePoint to place the spreadsheets on the intranet and make them available to employees in the field.
- Coded WCF SOAP/REST web services for application security
- Maintained the Gas Sales and Gathering Management systems, and worked closely with users in support of the monthly closing process
- Worked with users in accounting, marketing, measurement, right of way, and production control to determine their business needs and code applications to make their job easier and more efficient

Page **10** of **27**

- Supported legacy systems using Visual Basic 6, Java beans, and stored procedures for the online applications, and UNIX scripts, MicroFocus COBOL, and stored procedures for the batch jobs
- Converted several COBOL, UNIX, Java, and Visual Basic applications to .Net
- Created views in multiple SQL Server and Oracle databases

(C#, SQL server, Oracle, Visual Basic, EXCEL, Applications Development/Maintenance, JavaBeans, COBOL, UNIX, Requirements Definition/Analysis)

03/2007 – 04/2008

Abator/Chesapeake Appalachia, LLC

Analyzed, designed, developed, deployed and supported mainframe and client/server-based applications in support of organizational objectives. (WebSphere Studio, Dreamweaver, JAVA, JSP, EJB, JavaScript, HTML, CICS Command, MQ Series. DB2, COBOL)

11/2001 – 03/2007

Blue Cross Blue Shield, Charleston, WV

Coded multiple intranet and internet sites that accessed and updated data in both SQL Server and Oracle databases, interfaced with mainframe applications, and generated reports in Excel. Designed and developed SQL Server databases for multiple applications. Coded ASP and e-commerce intranet sites, and html internet sites which included JSP pages. Coded COBOL, EasyTrieve, and MQSeries applications.

- Installed and administered SQL Server on a Windows server, and designed and developed databases
- Designed, developed, and maintained a Legal Recoveries web application for Mountain State Blue Cross Blue Shield that uses ASP, SQL Server, and COBOL to extract data from the mainframe, allow updates, and generate reports
- Designed, developed, and maintained the corporate intranet for MSBCBS, which allows content management by users
- Coded an MQSeries program that allows BCBS members to request claims information by phone and deliver it as audio by phone or as text to a fax machine
- Developed and maintained the Mountain State BCBS website, www.msbcbs.com. Developed and maintained an intranet subrogation site to help Blue Cross recover money. Developed and maintained an explanation of benefits and remittance intranet site to help customer support explain the meaning of all of the codes to callers. Developed and maintained pc support and maintenance intranet site to allow Blue Cross employees to track hardware and software changes to each specific pc. Performed data analyses and designed new Oracle and Access databases. Coded mainframe programs to: extract data and load databases; extract data and ftp comma-delimited files to shared drives for internal users; run utilities; job to submit claims information from the mainframe to a fax machine requested by a caller on a touch-tone phone via MQ Series; and, to extract data and compare it to an international databases to track possible money laundering as required by laws passed since September 11, 2001.

(WebSphere Studio, Dreamweaver, DB2, Oracle Client, JDBC, Fireworks, JSP, Servlets, EJB, JavaScript, html, Netscape server, Dreamweaver Ultradev, Access 2000, CSS, EasyTRIEVE, JCL, CICS, MQ Series, Xpediter, ASP, SQL Server, Access)

01/1996 – 11/2001

Columbia Gas, Charleston, WV

Coded COBOL programs using MQSeries to perform edits, business logic, and updates of DB2 tables from a variety of user interfaces including ASP, Visual Basic, and CICS. Built dynamic cursors to speed DB2 calls. Created CICS maps for the mainframe user interface. Assisted in the debugging of ASP and VB programs by catching the data passed to the mainframe in Intertest. Worked closely with ASP programmers and business analysts to determine the best technical solutions for projects.

- Was considered one of three core contractors, and was only released when Columbia Gas was acquired by NiSource

(COBOL, CICS, DB2, MQ Series, ASP, Visual Basic, Access, SPF, MVS, TSO, INTERTEST, Graphical User Interfaces, InterDev, JavaScript, CSS, ADF, XHTML)

10/1996 – 12/1996

Abator/Alcan (Pechiney) Rolled Products, Ravenswood, WV

Analysis, design and programming to support a variety of administrative applications. This was a conversion project designed to get their data into DB2 tables. Used QMF to write queries, forms, and procs to produce reports from the data. (COBOL, Assembler, IMS DB, DB2, QMF, CICS Command)

11/1992 – 12/1995

West Virginia Dept. of Administration

Supported applications for many State agencies. Coded COBOL, CICS, DB2, VSAM, SAS, and CLists. Created access paths and views to DB2 tables to allow SAS programs to access them. Designed and wrote Clists using panels and pop-up windows. Supported the PC system for Central Mail. Used Monarch to allow users to download data from reports in the hold queue to a variety of PC file formats. Created TPX groups and profiles. Designed and wrote reports for 1099s.

4.1.17 Business Analyst

131587 Paul Mori, Sr. Business Analyst

Education:

- 1986 – BA, Political Science, McMaster University, Hamilton, Ontario
- State Farm Project Methodology Training – based on PMI's PMBoK
- Level One – Manhattan Warehouse Management System
- Level One - Microsoft Access 95 Training

Summary: 20 years as a Business Analyst; 12 working with Government & Municipalities; last 5 as a Business Analyst or Manager on projects/applications implemented in both Provincial & Municipal Offices:

- International & Domestic experience in systems project work including management, business analysis, testing, training & implementation for insurance companies in North America & Japan
- 27 years client/business partner interaction (interviews, meetings, requirements gathering/JAD sessions).
- 27 years documentation (business/user requirements, business process documents, testing documents, user manuals)
- 22 years conducting presentations & training sessions, including creating material
- Excellent analysis, communication & presentation skills
- Experience working with Enterprise Framework Software packages – Cúram Software, Guidewire & Manhattan - & Data Warehouses & Web Reports using Cognos Tools Suite.

Tools: Microsoft Office Suite, Visio, Lotus Notes, Cognos Tool Suite (Impromptu, Powerplay & Upfront), Rational Test Manager & ClearQuest, Cúram Software (vers 3.0 - 6.0), Guidewire Software (Policy Center), SharePoint, Manhattan WM System

02/2014 – present Sun Life Financial/Clarica; Senior Business Analyst

(previous engagements: 10/2008 – 01/2009; 01/2005 – 09/2005; 10/2002 – 05/2003)

- Anti-Spam Legislation Project – conduct requirements gathering sessions, document processes, create the process flow diagrams for inbound/outbound emails, create the Requirements Document and the solution design.
- Cross-Border Solution Project: worked in Market Development Dept. for Group Benefits -
- Created Business Model doc & worked on Cost Benefit Analysis – worked with Business Units to develop reports to measure effectiveness of new solution
- Integration with Provincial Government Drug Programs Project: created Phase 1 Summary Doc; led Phase 2 efforts. Created & delivered presentations to project team outlining direction for Phase 2. Analyzed Claims Reports to determine which disease states to target to direct to an alternate payment plan to save money for Plan Sponsors – created communication process to Plan Members
- Data Warehouse Strategy Project – worked with Business Units to document their data requirements, reporting requirements & processes via JAD sessions.
- Documented gaps between business unit requirements & Investment Data Warehouse & recommended resolutions/new business processes for those gaps.
- Conducted a data mapping exercise between current Derivatives Application & new Summit System.
- Created Requirements Document & reports for Summit Data Mart.
- Worked on integration projects for switchboard, print shop & month end reconciliation for

- Canadian Center Finance I.T. for Clarica/Sun Life merger.
- Created Business Requirements documents, business process diagrams, testing documents, training documents & sign-off documents for Senior Management.

01/2013 – 12/2013 Home Hardware (St. Jacobs, Ontario); Senior Business Analyst
Warehouse Management System Project using Manhattan Warehouse Management System

- Documented business requirements/processes & create process flow diagrams
- Created screen designs & reports
- Facilitated business requirements gathering sessions with business end-users

08/2012 – 12/2012 Co-operators, Guelph, Ontario; Business Analyst
Supported Farm Insurance Integration & Maintenance Project - using Guidewire Software & Agile Project Methodology:

- Conducted testing, logged JIRAs (testing issues) & resolved JIRAs via follow-up sessions with Business Partners
- Designed screens & process flows & delivered presentations of new application
- Conducted requirements gathering sessions (JADs), documented requirements & created User Interface Specs
- Documented rules – Screen Validations, Pre-Quote & Pre-Bind Rules as well as Activities to fire for end-users

Previous engagement: 08/2010 – 02/2012.

04/2012 – 07/2012 Albert Children & Youth Services; Business Analyst
Supported Intervention Services Information System (ISIS) Project using Cúram v6.0. Documented new business requirements, updated existing requirements & designed user interface screens. Documented & resolved issues from testing (using ClearQuest). Created & delivered presentations on new application.

01/2010 – 06/2010 Manulife Financial, Waterloo, Ontario; Senior Business Analyst
(previous engagements: 07/2004 – 12/2004 ; 06/1999 – 08/2000; 05/1998 – 06/1999)

- AIC Integration Project: wrote Business Requirements document, Test Plan/Strategy for AIC Advisor Registration into Repsource & Test Scenarios document, included creating & running test cases, documenting issues & working with Development Staff to resolve those issues from testing
- Single Sign-on Project for Repsource & eAdvisor: wrote Business Requirements doc, Test Plan/Strategy & Test Scenarios document outlining test cases & expected results
- Led team of Business Users & Developers in ASO Billing & Pricing Units of Group Benefits, developed Project Plans, Business Requirements, Test Strategies & Implementation Plans for integration projects involving multiple insurance companies.
- Conducted testing of new Reserve Factors for Manulife Renewal Database. Expected & Actual results were documented & reviewed with business users & managers for sign-off
- Created & managed PMO in Japan - working with line-area representatives, coordinated collection & analysis of bi-weekly statistics for core projects & presented them in a report to Senior Management. This project dealt with developing & implementing new business processes which involved gaining trust of Japanese staff.
- Created Reporting Templates & schedules for work areas to use to report statistics. Assigned roles to work area representatives for reporting.
- Created process documents, reporting specs & templates, training material & slideshow presentations for Budget Management Project for monthly, quarterly & annual budget processes.

- As a team Analyst, developed full cycle process for assessing Year 2000 compliance readiness (both from a technical perspective as well as a process/disaster recovery plan perspective) of major business partners - all internal communication was via Lotus Notes.
- Assessed Y2K risk of external business partners in partnership with senior internal management. Created test strategies & plans to evaluate Y2K readiness of external systems & contingency plans in event that those external systems failed.

10/2005 – 09/2008 **Abator**/NYS OTDA; Senior Business Analyst

- eFood Stamps Project - myBenefits: Testing Coordinator. Coordinated testing efforts for System & User Acceptance Testing including training users on new application (myBenefits), Rational Test Manager & ClearQuest & facilitated meetings between Testing Managers. Documented report requirements & designed reports for end-users & NY State Staff.
- Statewide Welfare Management System Project (SWMS): Served as focal point for skills & knowledge transfer to OTDA & System Integrator in relation to Cúram framework – conducted numerous presentations of different Cúram Managers & functionality to project staff. Completed a high level gap analysis of Cúram Case Management functions. Participated in Proof of Concept phase of SWMS – trained testers in Cúram, served as focal point for issue resolution & Cúram navigation & participated in data mapping & design sessions. Conducted data mapping of NYS Legacy System to Cúram for phase two of SWMS Project, including identifying forward & reverse gaps & suggesting solutions to those gaps. Helped OTDA understand core Cúram concepts that would ensure they leverage off Cúram OOTB functionality. Participated in writing & review of OTDA Roadmap RFP with attention to Cúram functionality. Used Cúram's Enterprise Framework Software 4.5.
- Fair Hearings Analysis Project: Reviewed & documented Federal & State Legislation regarding Social Assistance appeals for New York State, including case law & a comparison of other state legislation. Met with & interviewed County staff & documented recommendations for improvements to Fair Hearings process.

(Curam Enterprise Framework Software, Business Systems Analysis, Documentation/Technical Writing, Requirements Definition & Analysis, Systems Analysis & Design, Presentation Development, Mentoring/Skills Transfers)

Prior to 2005 Multiple Positions

- Curam Software, Dublin, Ireland; Senior Business Analyst
- State Farm Insurance: Led BA Team & project development for Financial Data Mart (FDM)
- Canada Post: Created presentation delivered to Board of Governors of Canada Post for new Electronic Post Office Project.
- Ministry of Community & Social Services, Canada; Project Analyst/Manager: Gathered user requirements from field staff, wrote user manual & created training material for Welfare Fraud Control Database. Developed, implemented & managed Child Support Tracking System.
- Ministry of Community & Social Services, Canada; Business Analyst: Participated in business requirements gathering, design, testing & implementation phases of Caseworker Technology (CWT) Project.
- Ministry of Community & Social Services, Canada: Income Maintenance Officer/Parental Support Worker. Managed a caseload of Social Assistance clients.

4.1.25 Senior Mainframe Application Programmer Analyst

117025 Leonard Robinson

Education: 1969 - AA, Business, Parkland Junior College
1970 - Certificate, Business Management, LaSalle University
400+ Hours Continuing Technical/Management Courses

Summary: Over thirty years diverse IT expertise involving requirements analysis, systems analysis, design, development, testing, deployments and support of data-centric technology solutions. Possesses expertise in QA Testing, business process and applications re-engineering, conversions and n-tier applications development.

08/2011 – 03/2014 TEK Systems/North Carolina Dept. of Human Services
Performed modifications and new development of Financial Reporting programs in COBOL. Responsible for unit, string and integration testing; along with compliance with the functional specifications. Produced test plans for each of the testing steps.

07/2009 – 04/2011 Toys R Us, Miamisburg, OH
Dealt with customers in locating merchandise and explaining the pros and cons of various products (primarily bicycles and Power Wheels). Trained new hires/seasonal help in the use of hand held scanners. Worked as MOD (Manager on Duty) on numerous occasions.

08/2006 – 04/2009 TEK Systems/Standard Register, Dayton, OH
Modified existing programs to Insert/Update Supra II tables, along with developing new Supra II tables and programs for those tables. Provided both QA testing support and Production Support functions for CICS Command Level COBOL/Supra applications as needed. Documented the various steps, with file names (DSN's) and FTP Scripts for 940, 944, 850, 855 and 856 EDI transaction processing. Incorporated logic to create comma delimited files and the FTP script to "PUT" those files into specific folders based upon the presents of data for various programs.

05/2005 – 08/2006 State of Ohio, Department of Job and Family Services
Modified existing programs to accommodate new Regional Provider structure for HMO Providers, encompassing new Procedure Code rates by Region/Provider, reporting by both new rate structure and Regional Providers. Conducted both Unit Testing and User Acceptance Testing. Developed and Implemented 3 new Report Programs using Report Writer along with the JCL and Procs for each. Performed analysis, coding changes and both Unit Testing and User Acceptance testing for a variety of claim types and/or Medical Procedure types, i.e. Capitation claims, Medicare Part A line item pricing, School Based Clinics, etc. Modified Appropriation Reports to reflect the Federal reporting categories for the new claim types/Provider types. Resolved Production Problems in various areas within the MMIS System.

01/1995 – 05/4/2005 **Abator Engagements**

- 05/04 – 05/05: Pechiney Rolled Products, Ravenswood, WV. Developed CICS/IMS update programs triggered by an MQ Series transaction. Provided Production Support for CICS/IMS applications as well as Batch COBOL programs. Also, modified Assembler programs to correct a Production problem. (Assembler, COBOL, CICS Command, IMS DB, MQ Series, Applications Development/Maintenance)
- 05/01 – 03/04: IL Dept. of Public Aid, Springfield, IL; Senior Systems Specialist. Functioned as MMIS Project Lead and IDPA Representative to NMEH for HIPAA 837 Dental workgroup as

Page **16** of **27**

well as backup lead for HIPAA 837 professional. Began HIPAA compliance testing utilizing EDISIM in November 2000. Additional platforms include MFE (Micro Focus), EXCEL, Access, FlowPDQ, MS.Project and PowerPoint.

- 07/99 – 05/01: IL Dept. of Public Aid, Springfield, IL; Senior Programmer/Analyst. Modified and maintained online and batch programs associated with the NIPS medical claims history databases. Perform edits on all claim adjustment processes. Performed as Project Leader with multiple programmers.
- 01/95 – 06/99: Illinois, Dept. Public Aid, Springfield, IL. Responsible for analysis, design and programming tasks supporting Medicare/Medicaid Claims Processing. Specifically involved with the Non-Institutional Practitioner (NIPS)/Pharmacy Claims processing systems. Developed program into production status. Initiated the use of standard testing procedures and test data. Heavily involved in the training of new staff, both employees and contract personnel.

(Government, Client Server Platforms, VS, OS JCL, VSAM, COBOL II, DB2, TELON CASE Tool, MFS, BTS, Expediter, FileAid, Panvalet, IMS DB, Graphical User Interfaces, TSO, Bachman/Cayenne, Flowchart II/III, Applications Development/Maintenance, Database Analysis & Design, Database Performance Analysis & Tuning, Project Leader, MVS/ESA, OS/2, Windows, MicroFOCUS COBOL, IMS DB, IMS DC, EasyTRIEVE PLUS)

09/1994 – 01/1995 Cincom, Cincinnati, OH
Responsible for the conversion of CICS programs to VAX/COBOL while developing MANTIS screens and programs to evoke these background programs. (CICS, COBOL II, VAX/VMS, DEC Alpha, Mantis, SUPRA)

01/1994 – 08/1994 **Abator** /IBM MCI, Cedar Rapids
Developed and implemented a test plan (QC & software testing) for the New Commercial Billing System. Primary responsibility for determining data files required (VSAM, DB2 and IMS) and methodology for capturing and transferring data files from Production Centers to the Test Center. Upon successful completion of test, served as only consultant to participate in high-level management conference, presenting the Test Results Summary from the Performance Volume Testing effort. Additionally, responsible for design and programming tasks to support enhancement and development of Long Distance Service Systems. (OS/JCL, COBOL II, IMS DB, Data Dictionary, BMP, DB2, VSAM, MicroFOCUS COBOL, OS/2, Windows)

07/1993 – 01/1994 State of Ohio, Department of Human Services
Participated in the analysis, design and programming to support MMIS systems major modifications for the revised Claim Input form [UB92 and the HCFA 1400]. (IMS DB/DC, COBOL II, CICS, INTERTEST, Xpediter, SAS, Data Dictionary, WordPerfect, SCLM, OS/2, Windows)

05/1993 – 06/1993 **Abator**/Wettereau, Inc.
Performing analysis, design and programming tasks to support both maintenance and development functions as required for Convention Point (incentive program). Reporting based upon retail sales of specific grocery product brands. (IBM 30XX, MVS, VSAM, CICS, DB2, Structured Methodologies)

10/1992 – 01/1993 Magnavox
Involved in the conversion of an in-house TOTAL databases to Supra, Mantis and CICS for implementation of Cincom's Control Manufacturing MRP II System. Responsible for the conversion of the Property Accounting System to Supra, CICS and COBOL.

Page **17** of **27**

01/1992 – 10/1992 **Abator**/Credit Systems, Inc., St. Louis, MO
Project leader, responsible for customizing existing product to meet conversion needs of end client. Performed batch and online programming tasks with modifications to some Assembler communications programs. Responsible for test plan creation and documentation. (CICS, VSAM, Amdahl 5860, MVS/XA, Roscoe, Structured Methodologies, OS/JCL, DB2 training, Assembler, TSO, FileAid, SDF)

06/1991 – 12/1991 Computer Sciences Corporation
Involved in the conversion of an existing non-data base system to ADR data base environment. Performed analysis and sub-system design to allow previously converted systems to maintain interfaces, while providing systems, and designing/documenting communication interfaces to external systems. Responsible for detail specification development and validation of detail spec against requirements and general design documents. (CICS, COBOL, IMS, Data Dictionary)

10/1989 – 05/1991 US Government
Responsible for the installation of CINCOM's Time and Attendance, and Shop Floor Reporting systems, including modification to meet Federal Government requirements (CICS, COBOL, Mantis).

07/1989 – 10/1989 Hewitt Manufacturing
Performed design and programming tasks supporting maintenance of and enhancements to Order Entry and Billing Systems. (HP3000, MPE, COBOL)

01/1988 – 06/1989 WPAFB, USAF
Performed analysis and development of systems/program specifications for the Logistic Command's Retail/Wholesale Receiving System (CICS, ICI protocols). Designed program specifications for the Receiving Functions (ERD format). Developed 34 CICS program specs between Thanksgiving & Christmas 1988. Performed analysis, design and development tasks associated with interfacing Tandem hosts to an IBM mainframe. Performed analysis, design and development of a communications link between IBM and Burroughs using ICI protocols for store and forward. Created testing plan and testing documentation.

01/1984 – 12/1987 NCR Corporation, ASD Division; Project Manager/Systems Analyst
Performed analysis, design, implementation, consulting and problem solving for concurrent real-time mainframe links between a worldwide Electronic Funds Transfer system and the New York Clearing House System. (NCR Micros, IBM, MVS, CICS, COBOL and Assembler)

Prior to 1984

- NCR Financial Systems Engineering; Senior Systems Analyst
- NCR Wholesale Banking ASD; ASD Project Manager
- NCR International CI-MEG; Manager of Wholesale Systems
- NCR International CI-MEG; Systems Analyst
- State of Indiana; Developer & Project Lead MMIS
- Ford Motor Company; Programmer/Analyst
- University of Illinois; Programmer/Analyst
- Magnavox; Programmer/Analyst
- Service Bureaus; Programmer

4.1.27 Senior Application DB2 Database Administrator

117004 Harold Ramsey

Education: University of Virginia

Summary: Senior professional, devoted and energetic with over thirty years of experience. Continues to develop expertise through ongoing education, inquisitiveness and a desire to surpass previous performance. Results oriented with dedication to productive performance, consummate team player and focused on client objective. Professional expertise includes: DB2 Systems Programming, DB2 DBA, DB2 Database Design, DB2 Disaster Recovery, Business Continuity, Performance tuning of DB2 Applications; DB2 V1 to V8.

Clearances: US Postal; previous USAF Secret

Core competencies include: DB2 V1 to V9, DB2 Connect V7, and V8, SQL, QMF, IMS DB/DC, CICS, VSAM, TSO/ISPF, COBOL, ASSEMBLER, CLIST, SMP/E, BMC. IBM, CA UTILITIES, PEOPLESFT HRMS and PAYROLL, TESSARACT, SAP, WALKER FINANCIAL SYSTEMS, DB2 STORED PROCEDURE BUILDER, XML, WLM, JAVA. DB2 UDB on LINUX

03/2011 – Present LACERA, Pasadena, CA
Providing remote DB2 database administration and systems programming support to their staff in the design, performance tuning of tables, indexes, SQL, etc., and migration of DB2 from V7 to V9.

03/2008 – 04/2010 Stater Bros and LACERA, CA; DB2 Consultant
Provided DB2 database administration and systems programming support for two companies in California. Performed migration of DB2 V7 to DB2 V8 with PeopleSoft applications. Provided technical support for PeopleSoft application staff. Applied PUT's and PTF's to DB2. Provided performance tuning support using BMC tools and TMON DB2. Worked on-site for three months then all work performed from remote location. Worked on installation and migrations to DB2 V9.

10/2007 – 01/2008 Casey Group, Raleigh, NC; DB2 Consultant
Provided DB2 DBA/DB2 systems support in the design of new DB2 applications and converting an IMS DB/DC, VSAM, Oracle application to DB2/WebSphere. Provided technical support to application development staff. Worked with the Business Analysts and Architect to create the ERD and Logical Data Model in ERwin for a new application using DB2 and WebSphere. Converted Oracle Database to DB2. Setup JCL to run DB2 utilities Worked one day a week on-site, then remote the rest of the week.

05/2007 – 10/2007 FedEx, Collierville, TN; DB2 Consultant
Provided DB2 DBA/DB2 systems support in the up-grade of PeopleSoft HR/payroll to V8.9 and V8.46 for tools. Converted PeopleSoft scripts to run with DB2 utilities for better performance. Provided performance tuning support in the use of buffer pool, EDM pool, etc.

10/2006 – 03/2007 VOLVO Truck North America, Greensboro, NC; DB2 Consultant
Provided DB2 DBA support for the design of a truck assembly line application using DB2 and IMS/DC. Where the assembly line work stations will have just in time printing of assembly instruction (Queue Tickets). Creating Stored Procedures, Triggers, set up DDL. JCL, SQL queries. Providing technical support to the application programmers. Created QMF batch queries and proc's.

412-271-5922
Fax: 412-271-5833

01/2000 – 10/2006 US Postal Service, Eagan, MN & Raleigh; DB2 Consultant

- 05/2001 – 10/2006: Raleigh, NC. Provided DB2 Systems Programming/Administration and DBA support in a CICS, DB2 and OS/390 Parallel SysPlex environment for the Disaster Recovery Center system. Duties include installing DB2 (v. 6&7), applying PTF'S, HIPER'S, installed BMC and Platinum products, DB2 Connect and DB2 Stored Procedure builder on PC'S. Created JCL for Image copies, Online Reorg's and Reorg unloads, etc. Also, installed Platinum and BMC products, CA-Insight DB2PM and BMC monitors for DB2. This system will handle upward of 2600 transactions per second from over 300,000 scanners into a 6TB DB2 Database. Data is replicated from a production database in San Mateo to the backup center in Minneapolis or Raleigh. Provided technical support to application development staff. In case of a disaster, recover all DB2 subsystems and applications using DB2, BMC, and E-Net tools. Installed DB2 on Linux. Completed performance monitoring and tuning of DB2 using BMC and IBM tools. Installed DB2, DB2 Connect and Oracle on LINUX to test applications response time as compared to running on z/OS. Created triggers, installed XML ToolKit, setup Java stored procedures. Setup UNICODE environment.
- 01/2000 – 05/2001: Eagan. Provided DB2 Systems Programming and DBA support for testing IBM'S REPLIDATA product. Installed DB2, Platinum, and other third party tools. Setup test data and created JCL for IBM tools. Provided technical support to application development staff. Completed performance monitoring and tuning of DB2 using Platinum and IBM tools. Database has over 7TB in an 8-way data sharing environment. The DB2 Database has over 50 million updates, deletes and inserts ever 24 hours.

(OS/390, IBM SysPlex, OS JCL, Windows NT, DB2, CICS Command, Platinum, BMC, NAPA, DB2PM, TSO, ISPF, FileAid, CLISTS, REXX, Systems Programming, System Administration, Database Administration, Disaster Recovery, Software Installs, LINUX, Database Performance Analysis & Tuning, z/OS, DB2 Connect, Oracle, XML, Government, JAVA, Data Purge/Archive Processes, Data Normalization)

10/1999 – 01/2000

Food Lion; Systems Administrator/Database Administrator

Provided DB2 System Administration and Database Administration support in a CICS, DB2 5 and OS/390 Parallel SysPlex environment. Installed BMC products. Provided technical support for the Walker Financial system. Created JCL to do Online Reorg's, Reorg unloads and image copies. Enlarged DB2 logs. Gave training classes on DB2. Duties included performance monitoring and tuning of DB2 and Walker Financial systems. Provided DB2 System Administration and Database Administration support in a CICS, DB2 5 and OS/390 Parallel SysPlex environment for the DRC system. Installed DB 5 in a six-way Data Sharing environment. Also, installed Platinum products and CA-Insight monitor for DB2 and IBM RepliData. Created JCL to do Image copies, Online Reorg's and Reorg unloads, etc. This system will handle upward of 2600 transactions per second from over 300,000 scanners into a 3TB DB2 database. Data is replicated from a production database in San Mateo to the disaster recovery center in Raleigh. Installed DB2 connectivity. (OS/390, OS JCL, IBM SysPlex, DB2, CICS, BMC, Walker/TamarisXE Financials, Platinum, INSIGHT, TSO/ISPF, SDFS, FileAid, FileAid/DB2, CLISTS, REXX, System Performance Evaluation & Finetuning, Mentor/Skills Transfer, Hardware/Software Installs, System Administration, Database Administration)

01/1999 – 10/1999

US Postal Service, Raleigh; DBA Support

Provided DB2 System Administration and Database Administration support in a CICS, DB2, and OS/390 Parallel SysPlex environment for the DRC system. Installed DB2 5 and 6 in a six-way Data Sharing environment. Also, installed PLATINUM products, CA-Insight, DB2PM monitors for DB2 and IBM REPLIDATA. Create JCL for Image copies, Online Reorg's, unloads, etc. This system will handle upward of 2600 transactions per second from over 300,000 scanners into a 3TB DB2

Database. Data is replicated from a production Database in San Mateo to the disaster recovery center in Raleigh. Installed DB2 Connect on Windows NT to access DB2 on the OS/390. (Windows NT, OS/390, OS JCL, IBM SysPlex, DB2, CICS Command, Platinum, INSIGHT, DB2PM, TSO, ISPF, FileAid, CLISTS, REXX, Database Administration, System Administration, Software Installs, DB2 Connect, Government)

08/1998 – 12/1998 BellSouth Information Systems; Database Administrator
Provided DB2 Systems Administration and Database Administration support in a CICS, IMS, DB2 and Client/Server environment. Duties include performance monitoring and tuning of DB2 using Omegamon for DB2, IBM, BCM and Platinum utilities. Provided technical support to the applications development staff using CICS, DB2 and IMS. Performed migration of DB2 4 to DB2 5. Apply PTF's Hipers. (MVS, CLISTS, REXX, DB2, CICS, IMS DB/DC, MFS, Omegamon, FileAid, Platinum, FileAid/DB2, TSO/ISPF, SDFS, Client/Server, Database Administration, Systems Administration)

11/1993 – 07/1998 RJ Reynolds; System Administrator/Database Administrator
Provided DB2 System Administration and Database Administration support in a CICS, DB2 and Client/Server environment. Duties included migration from DB2 V3 to DB2 V4 to DB2 V5, setup Y2K environment, performance monitoring and tuning of DB2 using INSIGHT for DB2, IBM and Platinum utilities; provided technical support to the applications development staff using CICS, DB2, PowerBuilder, Windows NT and Java applications using JDBC API. Installed DB2 V4, DB2 V5 and all Platinum utilities. Provided technical support in the design of a large Data Warehouse in which some tables will have over a billion rows. Set up Disaster Recovery procedures for three production systems. (IBM, MVS, Windows NT, JAVA, DB2, CICS, JDBC, PowerBuilder, Platinum, APIs, INSIGHT, TSO/ISPF, CLISTS, REXX, SDFS, Data Warehouse, Database Administration, Systems Administration, Client/Server, Y2K, Panvalet, FileAid, Erwin. QuickJob, FileAid/DB2)

Abator Vendor Preference Certificate

Rev. 04/14

State of West Virginia VENDOR PREFERENCE CERTIFICATE

Certification and application* is hereby made for Preference in accordance with **West Virginia Code, §5A-3-37**. (Does not apply to construction contracts). **West Virginia Code, §5A-3-37**, provides an opportunity for qualifying vendors to request (at the time of bid) preference for their residency status. Such preference is an evaluation method only and will be applied only to the cost bid in accordance with the **West Virginia Code**. This certificate for application is to be used to request such preference. The Purchasing Division will make the determination of the Vendor Preference, if applicable.

1. Application is made for 2.5% vendor preference for the reason checked:

- Bidder is an individual resident vendor and has resided continuously in West Virginia for four (4) years immediately preceding the date of this certification; **or**,
- Bidder is a partnership, association or corporation resident vendor and has maintained its headquarters or principal place of business continuously in West Virginia for four (4) years immediately preceding the date of this certification; or 80% of the ownership interest of Bidder is held by another individual, partnership, association or corporation resident vendor who has maintained its headquarters or principal place of business continuously in West Virginia for four (4) years immediately preceding the date of this certification; **or**,
- Bidder is a nonresident vendor which has an affiliate or subsidiary which employs a minimum of one hundred state residents and which has maintained its headquarters or principal place of business within West Virginia continuously for the four (4) years immediately preceding the date of this certification; **or**,

2. Application is made for 2.5% vendor preference for the reason checked:

- Bidder is a resident vendor who certifies that, during the life of the contract, on average at least 75% of the employees working on the project being bid are residents of West Virginia who have resided in the state continuously for the two years immediately preceding submission of this bid; **or**,

3. Application is made for 2.5% vendor preference for the reason checked:

- Bidder is a nonresident vendor employing a minimum of one hundred state residents or is a nonresident vendor with an affiliate or subsidiary which maintains its headquarters or principal place of business within West Virginia employing a minimum of one hundred state residents who certifies that, during the life of the contract, on average at least 75% of the employees or Bidder's affiliate's or subsidiary's employees are residents of West Virginia who have resided in the state continuously for the two years immediately preceding submission of this bid; **or**,

4. Application is made for 5% vendor preference for the reason checked:

- Bidder meets either the requirement of both subdivisions (1) and (2) or subdivision (1) and (3) as stated above; **or**,

5. Application is made for 3.5% vendor preference who is a veteran for the reason checked:

- Bidder is an individual resident vendor who is a veteran of the United States armed forces, the reserves or the National Guard and has resided in West Virginia continuously for the four years immediately preceding the date on which the bid is submitted; **or**,

6. Application is made for 3.5% vendor preference who is a veteran for the reason checked:

- Bidder is a resident vendor who is a veteran of the United States armed forces, the reserves or the National Guard, if, for purposes of producing or distributing the commodities or completing the project which is the subject of the vendor's bid and continuously over the entire term of the project, on average at least seventy-five percent of the vendor's employees are residents of West Virginia who have resided in the state continuously for the two immediately preceding years.

7. Application is made for preference as a non-resident small, women- and minority-owned business, in accordance with West Virginia Code §5A-3-59 and West Virginia Code of State Rules.

- Bidder has been or expects to be approved prior to contract award by the Purchasing Division as a certified small, women- and minority-owned business.

Bidder understands if the Secretary of Revenue determines that a Bidder receiving preference has failed to continue to meet the requirements for such preference, the Secretary may order the Director of Purchasing to: (a) reject the bid; or (b) assess a penalty against such Bidder in an amount not to exceed 5% of the bid amount and that such penalty will be paid to the contracting agency or deducted from any unpaid balance on the contract or purchase order.

By submission of this certificate, Bidder agrees to disclose any reasonably requested information to the Purchasing Division and authorizes the Department of Revenue to disclose to the Director of Purchasing appropriate information verifying that Bidder has paid the required business taxes, provided that such information does not contain the amounts of taxes paid nor any other information deemed by the Tax Commissioner to be confidential.

Under penalty of law for false swearing (West Virginia Code, §61-5-3), Bidder hereby certifies that this certificate is true and accurate in all respects; and that if a contract is issued to Bidder and if anything contained within this certificate changes during the term of the contract, Bidder will notify the Purchasing Division in writing immediately.

West Virginia Purchasing Division
Vendor Registration
2019 Washington Street, East
Charleston, WV 25305-0130

Dear Dale,

Thanks for your help this morning! I was never able to get the business type to take hold in the vendor system, so as discussed, I am forwarding a copy of the form I found on line. I am also including a W-9.

Abator is a small disadvantaged women business enterprise certified by the West Virginia Department of Transportation. We are bidding on CRFQ 0511 HHR1500000008 and want to legitimately submit a Vendor Preference Certificate.

Thanks again for your time and assistance.

Regards,
Joanne E. Peterson
President/CEO

Abator® ... IT Services since 1984

Certified SDB/WBE/DBE

SBA WOSB

WBENC National WBE Certification

Multiple state and county certifications available upon request.

ADDENDUM ACKNOWLEDGEMENT FORM
SOLICITATION NO.: HHR1500000008

Instructions: Please acknowledge receipt of all addenda issued with this solicitation by completing this addendum acknowledgment form. Check the box next to each addendum received and sign below. Failure to acknowledge addenda may result in bid disqualification.

Acknowledgment: I hereby acknowledge receipt of the following addenda and have made the necessary revisions to my proposal, plans and/or specification, etc.

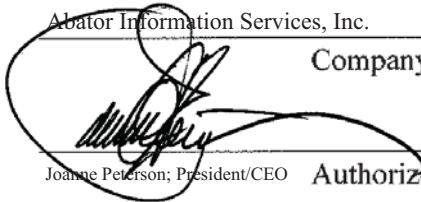

Addendum Numbers Received:
