RMA1500000001 – SBVR Ties & Surfacing

Addendum #2 - Answers to Questions from Mandatory Pre-bid held September 24, 2014

Question 1: Is the work discussed in item 4.1.2.1 covered under item 2 of the request for quote?

Answer: There is a separate line item for gaging of the adjacent ties.

Question 2: Since we are tamping the entire area where ties are changed out, do we need to have an additional tamper and regular in the lineup or can we wait until we surface everything to tamp the ties?

Answer: The entire area can be tamped all at one time. When ties are installed they do not have to be tamped. After tie is replaced assure it is not hanging (no space between tie plate and tie) then the tamping can happen at the same time as the additional tamping/surfacing all at the same time.

Question 3: In section 4.1.5.1, what does it mean "Private Crossings will be raised and replaced"?

Answer: The reference to private crossings in section 4.1.5.1 should be removed. The contractor WILL NOT have to raise and replace any private crossings for this project.

Question 4: How many turnouts is the contractor to tamp?

Answer: There are 2 turnouts at Grace Cabin (MP 8.6) and 3 turnouts between MP 38-39 in the section of the additional tamping. There is 1 turnout in the tie replacement area. There is a total of 6 turnouts for the entire project.

Question 5: Section 4.1.5.5, How do we account for distributing the additional ballast and what is the estimated quantity and locations for the ballast that is supplied by SBVR in Moorefield?

Answer: Contractor is NOT responsible to distribute the ballast. SBVR will provide and distribute any additional ballast as needed.

Question 6: Miss Utility does not locate private wires, if the contractor is responsible for repair of damaged wires, will SBVR locate the signal wires?

Answer: Yes – SBVR will mark the signal wires in the crossings as needed.

Question 7: Where will the additional 2 miles of spot tamping be located?

Answer: Spot tamping will be between MP 14 & 22.

Page 2
Addendum # 2
RMA1500000001

Question 8: There is a completion date requirement of 6-30-15. Due to the tie market, can you give an estimated notice to proceed date?

Answer: Your executed purchase order will constitute your notice to proceed.

Question 9: Please confirm tamping, surfacing and regulating between will be required between MP 22 and MP 32 and this is incidental to the tie change out item and will be paid separately.

Answer: Yes the entire area between MP 22 & MP 32 will be tamped/surfaced and regulated and this cost will be included in the tie change out line item.

Question 10: Can contractors have a copy of sign-in sheet?

Answer: Sign-in sheet is attached
