CONFLICT OF INTEREST: Vendor, its officers or members or employees, shall not presently have or acquire an interest, direct or indirect, which would conflict with or compromise the performance of its obligations hereunder. Vendor shall periodically inquire of its officers, members and employees to ensure that a conflict of interest does not arise. 41. BACKGROUND CHECK: In accordance with W. Va. Code § 15-2D-3, the Director of the Division of Protective Services shall require any service provider whose employees are regularly employed on the grounds or in the buildings of the Capitol complex or who have access to sensitive or critical information to submit to a fingerprint-based state and federal background inquiry through the state repository. The service provider is responsible for any costs associated with the fingerprint-based state and federal background inquiry.

After the contract for such services has been approved, but before any such employees are permitted to be on the grounds or in the buildings of the Capitol complex or have access to sensitive or critical information, the service provider shall submit a list of all persons who will be physically present and working at the Capitol complex to the Director of the Division of Protective Services for purposes of verifying compliance with this provision. The State reserves the right to prohibit a service provider's employees from accessing sensitive or critical information or to be present at the Capitol complex based upon results addressed from a criminal background check.

Service providers should contact the West Virginia Division of Protective Services by phone at (304) 558-9911 for more information.

42. PREFERENCE FOR USE OF DOMESTIC STEEL PRODUCTS: Except when authorized by the Director of the Purchasing Division pursuant to W. Va. Code § 5A-3-56, no contractor may use or supply steel products for a State Contract Project other than those steel products made in the United States. A contractor who uses steel products in violation of this section may be subject to civil penalties pursuant to W. Va. Code § 5A-3-56. As used in this section:

a. "State Contract Project" means any erection or construction of, or any addition to, alteration of or other improvement to any building or structure, including, but not limited to, roads or highways, or the installation of any heating or cooling or ventilating plants or other equipment,

or the supply of and materials for such projects, pursuant to a contract with the State of West Virginia for which bids were solicited on or after June 6, 2001.

b. "Steel Products" means products rolled, formed, shaped, drawn, extruded, forged, cast, fabricated or otherwise similarly processed, or processed by a combination of two or more of such operations, from steel made by the open hearth, basic oxygen, electric furnace, Bessemer or other steel making process. The Purchasing Division Director may, in writing, authorize the use of foreign steel products if:

c. The cost for each contract item used does not exceed one tenth of one percent (.1%) of the total contract cost or two thousand five hundred dollars (\$2,500.00), whichever is greater. For the purposes of this section, the cost is the value of the steel product as delivered to the project; or

d. The Director of the Purchasing Division determines that specified steel materials are not produced in the United States in sufficient quantity or otherwise are not reasonably available to meet contract requirements.

43. PREFERENCE FOR USE OF DOMESTIC ALUMINUM, GLASS, AND STEEL: In Accordance with W. Va. Code § 5-19-1 et seq., and W. Va. CSR § 148-10-1 et seq., for every contract or subcontract, subject to the limitations contained herein, for the construction, reconstruction, alteration, repair, improvement or maintenance of public works or for the purchase of any item of machinery or equipment to be used at sites of public works, only domestic aluminum, glass or steel products shall be supplied unless the spending officer determines, in writing, after the receipt of offers or bids, (1) that the cost of domestic aluminum, glass or steel products is unreasonable or inconsistent with the public interest of the State of West Virginia, (2) that domestic aluminum, glass or steel products are not produced in sufficient quantities to meet the contract requirements, or (3) the available domestic aluminum, glass, or steel do not meet the contract specifications. This provision only applies to public works contracts awarded in an amount more than fifty thousand dollars (\$50,000) or public works contracts that require more than ten thousand pounds of steel products.

The cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than twenty percent (20%) of the bid or offered price for foreign made aluminum, glass, or steel products. If the domestic aluminum, glass or steel products to be supplied or produced in a "substantial labor surplus area", as defined by the United States Department of Labor, the cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than thirty percent (30%) of the bid or offered price for foreign made aluminum, glass, or steel products. This preference shall be applied to an item of machinery or equipment, as indicated above, when the item is a single unit of equipment or machinery manufactured primarily of aluminum, glass or steel, is part of a public works contract and has the sole purpose or of being a permanent part of a single public works project. This provision does not apply to equipment or machinery purchased by a spending unit for use by that spending unit and not as part of a single public works project.

All bids and offers including domestic aluminum, glass or steel products that exceed bid or offer prices including foreign aluminum, glass or steel products after application of the preferences provided in this provision may be reduced to a price equal to or lower than the lowest bid or offer price for foreign aluminum, glass or steel products plus the applicable preference. If the reduced bid or offer prices are made in writing and supersede the prior bid or offer prices, all

bids or offers, including the reduced bid or offer prices, will be reevaluated in accordance with this rule.

ADDENDUM #3 – TO RESPOND TO VENDOR QUESTIONS

Vendor Question #1:

We have a question in regards to item 3.1.1.6 which reads 3.1.1.6 "Analyzers must have a feature that allows for operator comments."

Agency Response to Vendor Question #1:

Delete Item 3.1.1.6. The product HemoCue HB201+ Analyzers, or equal, does not have or need this capability of allowing for operator comments.

Vendor Question #2:

HemoCue analyzers have the ability to connect via Crossroads SAM in place with the state of West Virginia. Can you please clarify this question as we prepare to submit our bid response?

Agency Response to Vendor Question #2

The HemoCue analyzers connect to the Crossroads SAM system via a USB cable and works through an existing interface between the analyzer and the Crossroads application. This interface is designed to ensure the correct hematological value is automatically transmitted from the analyzer to the specific computer screens located within the Crossroads Application.

Vendor Question #3:

Section 3.1.2.2 states that Microcuvettes must be individually wrapped. The package size need be 25 Microcuvettes per package and 4 packages per box of 100, or equal. EKF Diagnostics dba Stanbio Laboratory offers individually wrapped Microcuvettes in a box of 50 count. We would provide two boxes of 50 count to the equal the 100 that are requested. Would this be acceptable to State of West Virginia (WV DHHR)?

Agency Response to Vendor Question #3

Yes, the packing of 50 individually wrapped microcuvettes for one box and two boxes count towards the 100 requirement is acceptable, as long as the microcuvettes are individually wrapped. However, this will require a change with our local clinic ordering form and the shipment of microcuvettes from our WIC Storage Area located at WVDHHR's Materials Management Warehouse.

Vendor Question #4:

Is the State of West Virginia (WVDHHR) currently utilizing the Crossroads system at this time? If not, when is the WV DHHR planning to implement their system? Are any of the HemoCue HB-201 + analyzers currently in use by your facilities connected to your Crossroads system? If

ATTACHMENT A
CRFQ WIC160000001

not, when will the Crossroads system be implemented and what is the timeline for the connection of the HemoCue HB-201+ analyzers?

Agency Response to Vendor Question #4

Yes, WVDHHR is currently utilizing the Crossroads system. Our current HemoCue HB201+ Analyzers are an older model. We have tested the newer models of HB201+ Analyzers that are currently available, and the functionality of the interface between the Analyzers and the Crossroads system does work. However, based on financial constraints and the age of our current analyzers, we are not using the functionality at this time, but need it to be available under this new Contract using the newer models of HemoCue HB201+ Analyzers, or equal.

Vendor Question #5

In section 3.1.2.6 regarding the Freight on Board, will there be multiple ship sites? If yes, how many locations are there? Additionally, how often does the State of West Virginia order Microcuvettes for these locations (e.g. monthly, quarterly, etc.)?

Agency Response to Vendor Question #5

There will not be multiple ship sites needed under this Contract. All microcuvettes and analyzers will be shipped directly to the WIC Storage Area at the WVDHHR Materials Management Warehouse only. Microcuvettes are ordered on an as needed basis since they are used in daily WIC clinics across the State, but normal usage is approximately done on a monthly basis.

Vendor Question #6

What are the current payment terms for the State of West Virginia? Is it net 30, or some other terms?

Agency Response to Vendor Question #6

Payment in advance is prohibited under this Contract. Payment may only be made after the delivery and acceptance of any goods. The Vendor shall submit invoices, in arrears.

Vendor Question #7

In section 6.4, regarding Return of Unacceptable Items, what is considered unacceptable by the State? How often during the previous contract was the product returned as unacceptable and for what reason(s)?

Agency Response to Vendor Question #7

Unacceptable product for both the analyzers and the microcuvettes would include: inoperable or non-functioning, damaged, close-to or past the expiration date, wrong item, and/or not individually wrapped microcuvettes. WVDHHR has not had a current contract for microcuvettes

ATTACHMENT A
CRFQ WIC1600000001

in the last 6 months, but under the old contract there was one instance of unacceptable product due to the microcuvettes being defective and too close to the expiration date. This issue was addressed and corrected by the vendor and new microcuvettes with a longer expiration date were sent.

Vendor Question #8

During the previous contract, how often was the product ordered in error and returned to vendor?

Agency Response to Vendor Question #8

Under the previous contract, WVDHHR did not order in error in product and therefore, none needed to be returned to the vendor.

Vendor Question #9

Bid Opening Date and Time is January 8th, 2016 at 1:30 PM EST. Is this opening a private opening or a public opening where vendors can attend?

Agency Response to Vendor Question #9:

The bid opening date has been updated via Addendum #2 to January 21, 2016 at 1:30PM. It is not a private opening and vendors may attend.

28. BANKRUPTCY: In the event the Vendor files for bankruptcy protection, the State of West Virginia may deem this Contract null and void, and terminate this Contract without notice.

29. PRIVACY, SECURITY, AND CONFIDENTIALITY: The Vendor agrees that it will not disclose to anyone, directly or indirectly, any such personally identifiable information or other confidential information gained from the Agency, unless the individual who is the subject of the information consents to the disclosure in writing or the disclosure is made pursuant to the Agency's policies, procedures, and rules. Vendor further agrees to comply with the Confidentiality Policies and Information Security Accountability Requirements, set forth in <http://www.state.wv.us/admin/purchase/privacy/default.html>.

30. YOUR SUBMISSION IS A PUBLIC DOCUMENT: Vendor's entire response to the Solicitation and the resulting Contract are public documents. As public documents, they will be disclosed to the public following the bid/proposal opening or award of the contract, as required by the competitive bidding laws of West Virginia Code §§ 5A-3-1 et seq., 5-22-1 et seq., and 5G-1-1 et seq. and the Freedom of Information Act West Virginia Code §§ 29B-1-1 et seq.

DO NOT SUBMIT MATERIAL YOU CONSIDER TO BE CONFIDENTIAL, A TRADE SECRET, OR OTHERWISE NOT SUBJECT TO PUBLIC DISCLOSURE.

Submission of any bid, proposal, or other document to the Purchasing Division constitutes your explicit consent to the subsequent public disclosure of the bid, proposal, or document. The Purchasing Division will disclose any document labeled "confidential," "proprietary," "trade secret," "private," or labeled with any other claim against public disclosure of the documents, to

include any "trade secrets" as defined by West Virginia Code § 47-22-1 et seq. All submissions are subject to public disclosure without notice.

31. LICENSING: In accordance with West Virginia Code of State Rules § 148-1-6.1.e, Vendor must be licensed and in good standing in accordance with any and all state and local laws and requirements by any state or local agency of West Virginia, including, but not limited to, the West Virginia Secretary of State's Office, the West Virginia Tax Department, West Virginia Insurance Commission, or any other state agency or political subdivision. Upon request, the Vendor must provide all necessary releases to obtain information to enable the Purchasing Division Director or the Agency to verify that the Vendor is licensed and in good standing with the above entities.

32. ANTITRUST: In submitting a bid to, signing a contract with, or accepting a Award Document from any agency of the State of West Virginia, the Vendor agrees to convey, sell, assign, or transfer to the State of West Virginia all rights, title, and interest in and to all causes of action it may now or hereafter acquire under the antitrust laws of the United States and the State of West Virginia for price fixing and/or unreasonable restraints of trade relating to the particular commodities or services purchased or acquired by the State of West Virginia. Such assignment shall be made and become effective at the time the purchasing agency tenders the initial payment to Vendor.

33. VENDOR CERTIFICATIONS: By signing its bid or entering into this Contract, Vendor certifies (1) that its bid or offer was made without prior understanding, agreement, or connection with any corporation, firm, limited liability company, partnership, person or entity submitting a bid or offer for the same material, supplies, equipment or services; (2) that its bid or offer is in all respects fair and without collusion or fraud; (3) that this Contract is accepted or entered into without any prior understanding, agreement, or connection to any other entity that could be considered a violation of law; and (4) that it has reviewed this Solicitation in its entirety; understands the requirements, terms and conditions, and other information contained herein. Vendor's signature on its bid or offer also affirms that neither it nor its representatives have any interest, nor shall acquire any interest, direct or indirect, which would compromise the performance of its services hereunder. Any such interests shall be promptly presented in detail to the Agency. The individual signing this bid or offer on behalf of Vendor certifies that he or she is authorized by the Vendor to execute this bid or offer or any documents related thereto on Vendor's behalf; that he or she is authorized to bind the Vendor in a contractual relationship; and that, to the best of his or her knowledge, the Vendor has properly registered with any State agency that may require registration.

34. PURCHASING CARD ACCEPTANCE: The State of West Virginia currently utilizes a Purchasing Card program, administered under contract by a banking institution, to process payment for goods and services. The Vendor must accept the State of West Virginia's Purchasing Card for payment of all orders under this Contract unless the box below is checked.
 Vendor is not required to accept the State of West Virginia's Purchasing Card as payment for all goods and services.

35. VENDOR RELATIONSHIP: The relationship of the Vendor to the State shall be that of an independent contractor and no principal-agent relationship or employer-employee relationship is contemplated or created by this Contract. The Vendor as an independent contractor is solely liable for the acts and omissions of its employees and agents. Vendor shall be responsible for selecting, supervising, and compensating any and all individuals employed pursuant to the terms of this Solicitation and resulting contract. Neither the Vendor, nor any employees or subcontractors of the Vendor, shall be deemed to be employees of the State for any purpose whatsoever. Vendor shall be exclusively responsible for payment of employees and contractors for all wages and salaries, taxes, withholding payments, penalties, fees, fringe benefits, professional liability insurance premiums, contributions to insurance and pension, or other deferred compensation plans, including but not limited to, Workers' Compensation and Social Security obligations, licensing fees, etc. and the filing of all necessary documents, forms, and returns pertinent to all of the foregoing.

Vendor shall hold harmless the State, and shall provide the State and Agency with a defense against any and all claims including, but not limited to, the foregoing payments, withholdings, contributions, taxes, Social Security taxes, and employer income tax returns.

36. INDEMNIFICATION: The Vendor agrees to indemnify, defend, and hold harmless the State and the Agency, their officers, and employees from and against: (1) Any claims or losses for services rendered by any subcontractor, person, or firm performing or supplying services, materials, or supplies in connection with the performance of the Contract; (2) Any claims or losses resulting to any person or entity injured or damaged by the Vendor, its officers, employees, or subcontractors by the publication, translation, reproduction, delivery, performance, use, or disposition of any data used under the Contract in a manner not authorized by the Contract, or by Federal or State statutes or regulations; and (3) Any failure of the Vendor, its officers, employees, or subcontractors to observe State and Federal laws including, but not limited to, labor and wage and hour laws.

37. PURCHASING AFFIDAVIT: In accordance with West Virginia Code § 5A-3-10a, all Vendors are required to sign, notarize, and submit the Purchasing Affidavit stating that neither the Vendor nor a related party owe a debt to the State in excess of \$1,000. The affidavit must be submitted prior to award, but should be submitted with the Vendor's bid. A copy of the Purchasing Affidavit is included herewith.

38. ADDITIONAL AGENCY AND LOCAL GOVERNMENT USE: This Contract may be utilized by other agencies, spending units, and political subdivisions of the State of West Virginia; county, municipal, and other local government bodies; and school districts ("Other Government Entities"). Any extension of this Contract to the aforementioned Other Government Entities must be on the same prices, terms, and conditions as those offered and agreed to in this Contract, provided that such extension is in compliance with the applicable laws, rules, and ordinances of the Other Government Entity. If the Vendor does not wish to extend the prices, terms, and conditions of its bid and subsequent contract to the Other Government Entities, the Vendor must clearly indicate such refusal in its bid. A refusal to extend this Contract to the Other Government Entities shall not impact or influence the award of this Contract in any manner.

39. CONFLICT OF INTEREST: Vendor, its officers or members or employees, shall not presently have or acquire an interest, direct or indirect, which would conflict with or compromise the performance of its obligations hereunder. Vendor shall periodically inquire of its officers, members and employees to ensure that a conflict of interest does not arise. Any conflict of interest discovered shall be promptly presented in detail to the Agency.

40. REPORTS: Vendor shall provide the Agency and/or the Purchasing Division with the following reports identified by a checked box below:

Such reports as the Agency and/or the Purchasing Division may request. Requested reports may include, but are not limited to, quantities purchased, agencies utilizing the contract, total contract expenditures by agency, etc.

Quarterly reports detailing the total quantity of purchases in units and dollars, along with a listing of purchases by agency. Quarterly reports should be delivered to the Purchasing Division via email at purchasing.requisitions@wv.gov.

41. BACKGROUND CHECK: In accordance with W. Va. Code § 15-2D-3, the Director of the Division of Protective Services shall require any service provider whose employees are regularly employed on the grounds or in the buildings of the Capitol complex or who have access to sensitive or critical information to submit to a fingerprint-based state and federal background inquiry through the state repository. The service provider is responsible for any costs associated with the fingerprint-based state and federal background inquiry.

After the contract for such services has been approved, but before any such employees are permitted to be on the grounds or in the buildings of the Capitol complex or have access to sensitive or critical information, the service provider shall submit a list of all persons who will be physically present and working at the Capitol complex to the Director of the Division of Protective Services for purposes of verifying compliance with this provision. The State reserves the right to prohibit a service provider's employees from accessing sensitive or critical information or to be present at the Capitol complex based upon results addressed from a criminal background check.

Service providers should contact the West Virginia Division of Protective Services by phone at (304) 558-9911 for more information.

42. PREFERENCE FOR USE OF DOMESTIC STEEL PRODUCTS: Except when authorized by the Director of the Purchasing Division pursuant to W. Va. Code § 5A-3-56, no contractor may use or supply steel products for a State Contract Project other than those steel products made in the United States. A contractor who uses steel products in violation of this section may be subject to civil penalties pursuant to W. Va. Code § 5A-3-56. As used in this section:

a. "State Contract Project" means any erection or construction of, or any addition to, alteration of or other improvement to any building or structure, including, but not limited to, roads or highways, or the installation of any heating or cooling or ventilating plants or other equipment,

or the supply of and materials for such projects, pursuant to a contract with the State of West Virginia for which bids were solicited on or after June 6, 2001.

b. "Steel Products" means products rolled, formed, shaped, drawn, extruded, forged, cast, fabricated or otherwise similarly processed, or processed by a combination of two or more or such operations, from steel made by the open heath, basic oxygen, electric furnace, Bessemer or other steel making process. The Purchasing Division Director may, in writing, authorize the use of foreign steel products if:

c. The cost for each contract item used does not exceed one tenth of one percent (.1%) of the total contract cost or two thousand five hundred dollars (\$2,500.00), whichever is greater. For the purposes of this section, the cost is the value of the steel product as delivered to the project; or

d. The Director of the Purchasing Division determines that specified steel materials are not produced in the United States in sufficient quantity or otherwise are not reasonably available to meet contract requirements.

43. PREFERENCE FOR USE OF DOMESTIC ALUMINUM, GLASS, AND STEEL: In Accordance with W. Va. Code § 5-19-1 et seq., and W. Va. CSR § 148-10-1 et seq., for every contract or subcontract, subject to the limitations contained herein, for the construction, reconstruction, alteration, repair, improvement or maintenance of public works or for the purchase of any item of machinery or equipment to be used at sites of public works, only domestic aluminum, glass or steel products shall be supplied unless the spending officer determines, in writing, after the receipt of offers or bids, (1) that the cost of domestic aluminum, glass or steel products is unreasonable or inconsistent with the public interest of the State of West Virginia, (2) that domestic aluminum, glass or steel products are not produced in sufficient quantities to meet the contract requirements, or (3) the available domestic aluminum, glass, or steel do not meet the contract specifications. This provision only applies to public works contracts awarded in an amount more than fifty thousand dollars (\$50,000) or public works contracts that require more than ten thousand pounds of steel products.

The cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than twenty percent (20%) of the bid or offered price for foreign made aluminum, glass, or steel products. If the domestic aluminum, glass or steel products to be supplied or produced in a "substantial labor surplus area", as defined by the United States Department of Labor, the cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than thirty percent (30%) of the bid or offered price for foreign made aluminum, glass, or steel products. This preference shall be applied to an item of machinery or equipment, as indicated above, when the item is a single unit of equipment or machinery manufactured primarily of aluminum, glass or steel, is part of a public works contract and has the sole purpose or of being a permanent part of a single public works project. This provision does not apply to equipment or machinery purchased by a spending unit for use by that spending unit and not as part of a single public works project.

All bids and offers including domestic aluminum, glass or steel products that exceed bid or offer prices including foreign aluminum, glass or steel products after application of the preferences provided in this provision may be reduced to a price equal to or lower than the lowest bid or offer price for foreign aluminum, glass or steel products plus the applicable preference. If the reduced bid or offer prices are made in writing and supersede the prior bid or offer prices, all

bids or offers, including the reduced bid or offer prices, will be reevaluated in accordance with this rule.

ADDENDUM #3 – TO RESPOND TO VENDOR QUESTIONS

Vendor Question #1:

We have a question in regards to item 3.1.1.6 which reads 3.1.1.6 "Analyzers must have a feature that allows for operator comments."

Agency Response to Vendor Question #1:

Delete Item 3.1.1.6. The product HemoCue HB201+ Analyzers, or equal, does not have or need this capability of allowing for operator comments.

Vendor Question #2:

HemoCue analyzers have the ability to connect via Crossroads SAM in place with the state of West Virginia. Can you please clarify this question as we prepare to submit our bid response?

Agency Response to Vendor Question #2

The HemoCue analyzers connect to the Crossroads SAM system via a USB cable and works through an existing interface between the analyzer and the Crossroads application. This interface is designed to ensure the correct hematological value is automatically transmitted from the analyzer to the specific computer screens located within the Crossroads Application.

Vendor Question #3:

Section 3.1.2.2 states that Microcuvettes must be individually wrapped. The package size need be 25 Microcuvettes per package and 4 packages per box of 100, or equal. EKF Diagnostics dba Stanbio Laboratory offers individually wrapped Microcuvettes in a box of 50 count. We would provide two boxes of 50 count to the equal the 100 that are requested. Would this be acceptable to State of West Virginia (WV DHHR)?

Agency Response to Vendor Question #3

Yes, the packing of 50 individually wrapped microcuvettes for one box and two boxes count towards the 100 requirement is acceptable, as long as the microcuvettes are individually wrapped. However, this will require a change with our local clinic ordering form and the shipment of microcuvettes from our WIC Storage Area located at WVDHHR's Materials Management Warehouse.

Vendor Question #4:

Is the State of West Virginia (WVDHHR) currently utilizing the Crossroads system at this time? If not, when is the WV DHHR planning to implement their system? Are any of the HemoCue HB-201 + analyzers currently in use by your facilities connected to your Crossroads system? If

ATTACHMENT A
CRFQ WIC1600000001

not, when will the Crossroads system be implemented and what is the timeline for the connection of the HemoCue HB-201+ analyzers?

Agency Response to Vendor Question #4

Yes, WVDHHR is currently utilizing the Crossroads system. Our current HemoCue HB201+ Analyzers are an older model. We have tested the newer models of HB201+ Analyzers that are currently available, and the functionality of the interface between the Analyzers and the Crossroads system does work. However, based on financial constraints and the age of our current analyzers, we are not using the functionality at this time, but need it to be available under this new Contract using the newer models of HemoCue HB201+ Analyzers, or equal.

Vendor Question #5

In section 3.1.2.6 regarding the Freight on Board, will there be multiple ship sites? If yes, how many locations are there? Additionally, how often does the State of West Virginia order Microcuvettes for these locations (e.g. monthly, quarterly, etc.)?

Agency Response to Vendor Question #5

There will not be multiple ship sites needed under this Contract. All microcuvettes and analyzers will be shipped directly to the WIC Storage Area at the WVDHHR Materials Management Warehouse only. Microcuvettes are ordered on an as needed basis since they are used in daily WIC clinics across the State, but normal usage is approximately done on a monthly basis.

Vendor Question #6

What are the current payment terms for the State of West Virginia? Is it net 30, or some other terms?

Agency Response to Vendor Question #6

Payment in advance is prohibited under this Contract. Payment may only be made after the delivery and acceptance of any goods. The Vendor shall submit invoices, in arrears.

Vendor Question #7

In section 6.4, regarding Return of Unacceptable Items, what is considered unacceptable by the State? How often during the previous contract was the product returned as unacceptable and for what reason(s)?

Agency Response to Vendor Question #7

Unacceptable product for both the analyzers and the microcuvettes would include: inoperable or non-functioning, damaged, close-to or past the expiration date, wrong item, and/or not individually wrapped microcuvettes. WVDHHR has not had a current contract for microcuvettes

ATTACHMENT A
CRFQ WIC1600000001

in the last 6 months, but under the old contract there was one instance of unacceptable product due to the microcuvettes being defective and too close to the expiration date. This issue was addressed and corrected by the vendor and new microcuvettes with a longer expiration date were sent.

Vendor Question #8

During the previous contract, how often was the product ordered in error and returned to vendor?

Agency Response to Vendor Question #8

Under the previous contract, WVDHHR did not order in error in product and therefore, none needed to be returned to the vendor.

Vendor Question #9

Bid Opening Date and Time is January 8th, 2016 at 1:30 PM EST. Is this opening a private opening or a public opening where vendors can attend?

Agency Response to Vendor Question #9:

The bid opening date has been updated via Addendum #2 to January 21, 2016 at 1:30PM. It is not a private opening and vendors may attend.
