EXECUTIVE SUMMARY

Dear Sir or Madam,

This letter is in response to CRFQ 0313 DEP170000001 1 for a Senior SAP Business Warehouse Consultant.

Dataview Consulting LLC is a New Jersey based company that provides consulting services in the public sector. Our team consists of talented members who have a combined experience of over 70 years in the public sector. We have successfully implemented multiple large ERP projects based on COTS solutions as well as custom solutions. Currently, our key staff is engaged with wvOASIS project where we play the following roles:

- Provide Subject Matter Expertise in Business Intelligence for Advantage Financial, Advantage HRM/Payroll, Advantage Budgeting, Kronos, and AgileAsset.
- Day to day management of infrastructure and servers
- Custom development and enhancements for Advantage Financial and Advantage HRM/Payroll applications, and Advantage Budgeting.
- Nightly cycle operations.

For this CRFQ, Dataview Consulting is proposing Mr. Mohsine Badre as the account manager and Mr. Anas Benabdennour as the Senior SAP Business Warehouse Consultant. His qualifications and most current reference are listed in the next page and his resume is provided in a separate attachment named 'candidate resume.docx'.

Note: Mr. Badre is currently working at the wvOASIS ERP board building where he supports the wvOASIS BI implementation.

Sincerely,

Badre mohsine

Mohsine Badre

PROFESSIONAL EXPERIENCE

CGI Group

October 2006 – 2016

CGI strives to be recognized by our clients as their partner and expert of choice. Our track record of outstanding delivery, combined with our industry expertise, end-to- end services and IP-based solutions, **help deliver significant value to clients' mission-critical** and transformative work. As a Manager and Business Intelligence Architect tasked in developing and executing project management plans, performing business requirements analyses to achieve required results and solutions with ability to deliver on multiple projects over multiple time lines with a flawless customer-centric focus.

Manager / BI Architect/ Senior Consultant

New York City – Department of Finance

May 2015 – Present

- Designed and developed data migration strategies from the legacy audit system (PASS), to the new GENTAX platform insuring data integrity and data quality.

- Managed ETL and coordinated and consulted multiple technology and business teams across the enterprise, providing technical solutions, guidance, mentoring and coaching to insure successful data extraction, metadata repository, cleansing, mapping, harmonization, consolidation, loading and reconciliation.
- Provide guidance to the controls to align with regulatory statutes, internal compliance **procedures based on the organization's global standard requirements, IRS and State privacy** restrictions for PII and highly confidential data.
- Developed and implemented SAP BI (SAP Business Objects 3.1 to SAP BI 4.0), application and data migration plan to new version and platform inclusive of backup and archiving strategy.
- Performed and gathered Functional, Non Functional Technical as well as Business Requirements for new analytics, Dashboards Reports and BI Applications.
- Implemented Source and Version Control in SAP BI 3.1 SP3 and SAP BI 4.0 with SAP LCM Cluster for Dev, Test and Production Environments. Implemented SDLC for report and universe development.
- Instrumental in promoting use of HP ALM for defect logging, assignment, remediation as well as full lifecycle testing for custom applications and COTS release cycles. Leveraged ALM API, Databases and Business Objects to increase the fidelity of operational reporting from that system getting true performance metrics enabling management to have more control and insight into productivity, defect resolution and aging, success criteria and the ability to audit projects and have greater fiscal controls.
- Collaborated on re-architecture, upgrade and migrations of the NYC Department of Finance: BI Data Warehouse, SAP BI applications and reporting solutions.
- Trained mentored and managed NYC Department of Finance BI Report Developers (new hires and current team Members).
- SWAT Team BI Lead. Lead BI Team to successful remediation of historical backlog of projects tasks, and deliverables, resulting in increased revenue, job and task automation in a high pressure goal driven agile work stream. Successfully coordinated with Management, Team Leads (ETL, DBA, Business Analysts, and Internal Clients), Directors and RES PASS technical Teams to clear the backlog of requests.

Environment: SAP BOE / BI 4.1, Business Objects XI 3.1 R2 / DB2 SQL / T-SQL / PL/SQL, VBA Excel, Java BOXI SDK, JAVA XML processing Data, IBM DataStage, WebI Rich Client, SAP BW, Information Designer Tool (IDT), SAP Dashboard 4.1, SAP Design Studio 1.6, Data Services 4.1, Windows Server 2008, Windows AD, AIX 7.1, Microsoft SQL Server 2008, IBM DB2 10, Apache Tomcat 7

DW/BI Architect

Knowledge Universe (Portland)

May 2014 – May 2015

- Served as the key Delivery Manager in the BI/DW practice.
- Directed development and ongoing maintenance of nine-terabyte Enterprise Data Warehouse.
- Developed data storage methodology, and established procedures that enabled real-time reporting.
- Implemented enterprise report solution.
- Responsible for delivering over 3,000 reports to internal and external customers daily.
- Designed architecture and solutions and executed with SDLC/Agile methodology.
- Changed all the indicators from red to green as the project was in jeopardy.
- Reduced the stack of tickets/Defects from an average of 150 per week to eventually 0 defects in all 3 areas of BI / Oracle Applications / Database.
- Improved our resolutions time to 96% and eliminated all delays / failures from the ETL refreshing processes.
- Peak-to-Peak Award Recipient for bringing the project from red to green.

Environment: Scrum / Agile / XP (waterfall), B2C / B2B / e- Commerce / Oracle EBS / Siebel / MS Windows 7 / SQL Server 2K / Office 2010 / 13 / Visio / Erwin / TM1 / Cognos framework ETL Cognos Data Manager / TM1 Turbo Integrator Process / Informatica Infrastructure Windows 7 Pro Enterprise / Sharepoint / Web 2.0 technologies: n – tier / CMS (design wireframes) / CSS / JavaScript / jQuery / HTML 5

Sr. Technical lead / ETL/ BI Architect

CIGNA(Philadelphia)

March 2014 – May 2015

- Assisted the project in mitigating the risks of (1500 ETL DataStage Jobs) in the SRO (Special Risk Operations) by automating the most frequent migration processes.
- Tuning the DataStage processes.
- Automating the migration process from Test to migration of the DataStage Jobs.

Environment: Scrum / Agile / XP (waterfall) / B2C / B2B / e-Commerce / Oracle Database / KornShell / Unix / DataStage 7.5 / Java / XML files / PL/SQL Stored Procedures

PURCHASING AFFIDAVIT

MANDATE: Under W. Va. Code §5A-3-10a, no contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and: (1) the debt owed is an amount greater than one thousand dollars in the aggregate; or (2) the debtor is in employer default.

EXCEPTION: The prohibition listed above does not apply where a vendor has contested any tax administered pursuant to chapter eleven of the W. Va. Code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Employer default" means having an outstanding balance or liability to the old fund or to the uninsured employers' fund or being in policy default, as defined in W. Va. Code § 23-2c-2, failure to maintain mandatory workers' compensation coverage, or failure to fully meet its obligations as a workers' compensation self-insured employer. An employer is not in employer default if it has entered into a repayment agreement with the Insurance Commissioner and remains in compliance with the obligations under the repayment agreement.

"Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceeds five percent of the total contract amount.

AFFIRMATION: By signing this form, the vendor's authorized signer affirms and acknowledges under penalty of law for false swearing (W. Va. Code §61-5-3) that neither vendor nor any related party owe a debt as defined above and that neither vendor nor any related party are in employer default as defined above, unless the debt or employer default is permitted under the exception above.
