Such assignment shall be made and become effective at the time the purchasing agency tenders the initial payment to Vendor.

34. VENDOR CERTIFICATIONS: By signing its bid or entering into this Contract, Vendor certifies (1) that its bid or offer was made without prior understanding, agreement, or connection with any corporation, firm, limited liability company, partnership, person or entity submitting a bid or offer for the same material, supplies, equipment or services; (2) that its bid or offer is in all respects fair and without collusion or fraud; (3) that this Contract is accepted or entered into without any prior understanding, agreement, or connection to any other entity that could be considered a violation of law; and (4) that it has reviewed this Solicitation in its entirety; understands the requirements, terms and conditions, and other information contained herein.

Vendor's signature on its bid or offer also affirms that neither it nor its representatives have any interest, nor shall acquire any interest, direct or indirect, which would compromise the performance of its services hereunder. Any such interests shall be promptly presented in detail to the Agency. The individual signing this bid or offer on behalf of Vendor certifies that he or she is authorized by the Vendor to execute this bid or offer or any documents related thereto on Vendor's behalf; that he or she is authorized to bind the Vendor in a contractual relationship; and that, to the best of his or her knowledge, the Vendor has properly registered with any State agency that may require registration.

35. VENDOR RELATIONSHIP: The relationship of the Vendor to the State shall be that of an independent contractor and no principal-agent relationship or employer-employee relationship is contemplated or created by this Contract. The Vendor as an independent contractor is solely liable for the acts and omissions of its employees and agents. Vendor shall be responsible for selecting, supervising, and compensating any and all individuals employed pursuant to the terms of this Solicitation and resulting contract. Neither the Vendor, nor any employees or subcontractors of the Vendor, shall be deemed to be employees of the State for any purpose whatsoever. Vendor shall be exclusively responsible for payment of employees and contractors for all wages and salaries, taxes, withholding payments, penalties, fees, fringe benefits, professional liability insurance premiums, contributions to insurance and pension, or other deferred compensation plans, including but not limited to, Workers' Compensation and Social Security obligations, licensing fees, etc. and the filing of all necessary documents, forms, and returns pertinent to all of the foregoing.

Vendor shall hold harmless the State, and shall provide the State and Agency with a defense against any and all claims including, but not limited to, the foregoing payments, withholdings, contributions, taxes, Social Security taxes, and employer income tax returns.

36. INDEMNIFICATION: The Vendor agrees to indemnify, defend, and hold harmless the State and the Agency, their officers, and employees from and against: (1) Any claims or losses for services rendered by any subcontractor, person, or firm performing or supplying services, materials, or supplies in connection with the performance of the Contract; (2) Any claims or losses resulting to any person or entity injured or damaged by the Vendor, its officers, employees, or subcontractors by the publication, translation, reproduction, delivery, performance, use, or disposition of any data used under the Contract in a manner not authorized by the Contract, or by Federal or State statutes or regulations; and (3) Any failure of the Vendor, its officers, employees, or subcontractors to observe State and Federal laws including, but not limited to, labor and wage and hour laws.

37. PURCHASING AFFIDAVIT: In accordance with West Virginia Code § 5A-3-10a, all Vendors are required to sign, notarize, and submit the Purchasing Affidavit stating that neither the Vendor nor a related party owe a debt to the State in excess of \$1,000. The affidavit must be submitted prior to award, but should be submitted with the Vendor's bid. A copy of the Purchasing Affidavit is included herewith.

38. ADDITIONAL AGENCY AND LOCAL GOVERNMENT USE: This Contract may be utilized by other agencies, spending units, and political subdivisions of the State of West Virginia; county, municipal, and other local government bodies; and school districts ("Other Government Entities"). Any extension of this Contract to the aforementioned Other Government Entities must be on the same prices, terms, and conditions as those offered and agreed to in this Contract, provided that such extension is in compliance with the applicable laws, rules, and ordinances of the Other Government Entity. If the Vendor does not wish to extend the prices, terms, and conditions of its bid and subsequent contract to the Other Government Entities, the Vendor must clearly indicate such refusal in its bid. A refusal to extend this Contract to the Other Government Entities shall not impact or influence the award of this Contract in any manner.

39. CONFLICT OF INTEREST: Vendor, its officers or members or employees, shall not presently have or acquire an interest, direct or indirect, which would conflict with or compromise the performance of its obligations hereunder. Vendor shall periodically inquire of its officers, members and employees to ensure that a conflict of interest does not arise. Any conflict of interest discovered shall be promptly presented in detail to the Agency.

40. REPORTS: Vendor shall provide the Agency and/or the Purchasing Division with the following reports identified by a checked box below:

Such reports as the Agency and/or the Purchasing Division may request. Requested reports may include, but are not limited to, quantities purchased, agencies utilizing the contract, total contract expenditures by agency, etc.

Quarterly reports detailing the total quantity of purchases in units and dollars, along with a listing of purchases by agency. Quarterly reports should be delivered to the Purchasing Division via email at purchasing.requisitions@wv.gov.

41. BACKGROUND CHECK: In accordance with W. Va. Code § 15-2D-3, the Director of the Division of Protective Services shall require any service provider whose employees are regularly employed on the grounds or in the buildings of the Capitol complex or who have access to sensitive or critical information to submit to a fingerprint-based state and federal background inquiry through the state repository. The service provider is responsible for any costs associated with the fingerprint-based state and federal background inquiry.

After the contract for such services has been approved, but before any such employees are permitted to be on the grounds or in the buildings of the Capitol complex or have access to sensitive or critical information, the service provider shall submit a list of all persons who will be physically present and working at the Capitol complex to the Director of the Division of Protective Services for purposes of verifying compliance with this provision. The State reserves the right to prohibit a service provider's employees from accessing sensitive or critical information or to be present at the Capitol complex based upon results addressed from a criminal background check.

Service providers should contact the West Virginia Division of Protective Services by phone at (304) 558-9911 for more information.

42. PREFERENCE FOR USE OF DOMESTIC STEEL PRODUCTS: Except when authorized by the Director of the Purchasing Division pursuant to W. Va. Code § 5A-3-56, no contractor may use or supply steel products for a State Contract Project other than those steel products made in the United States. A contractor who uses steel products in violation of this section may be subject to civil penalties pursuant to W. Va. Code § 5A-3-56. As used in this section:

- a. "State Contract Project" means any erection or construction of, or any addition to, alteration of or other improvement to any building or structure, including, but not limited to, roads or highways, or the installation of any heating or cooling or ventilating plants or other equipment, or the supply of and materials for such projects, pursuant to a contract with the State of West Virginia for which bids were solicited on or after June 6, 2001.
- b. "Steel Products" means products rolled, formed, shaped, drawn, extruded, forged, cast, fabricated or otherwise similarly processed, or processed by a combination of two or more or such operations, from steel made by the open heath, basic oxygen, electric furnace, Bessemer or other steel making process. The Purchasing Division Director may, in writing, authorize the use of foreign steel products if:
- c. The cost for each contract item used does not exceed one tenth of one percent (.1%) of the total contract cost or two thousand five hundred dollars (\$2,500.00), whichever is greater. For the purposes of this section, the cost is the value of the steel product as delivered to the project; or
- d. The Director of the Purchasing Division determines that specified steel materials are not produced in the United States in sufficient quantity or otherwise are not reasonably available to meet contract requirements.

43. PREFERENCE FOR USE OF DOMESTIC ALUMINUM, GLASS, AND STEEL: In Accordance with W. Va. Code § 5-19-1 et seq., and W. Va. CSR § 148-10-1 et seq., for every contract or subcontract, subject to the limitations contained herein, for the construction, reconstruction, alteration, repair, improvement or maintenance of public works or for the purchase of any item of machinery or equipment to be used at sites of public works, only domestic aluminum, glass or steel products shall be supplied unless the spending officer determines, in writing, after the receipt of offers or bids, (1) that the cost of domestic aluminum, glass or steel products is unreasonable or inconsistent with the public interest of the State of West Virginia, (2) that domestic aluminum, glass or steel products are not produced in sufficient quantities to meet the contract requirements, or (3) the available domestic aluminum, glass, or steel do not meet the contract specifications. This provision only applies to public works contracts awarded in an amount more than fifty thousand dollars (\$50,000) or public works contracts that require more than ten thousand pounds of steel products.

The cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than twenty percent (20%) of the bid or offered price for foreign made aluminum, glass, or steel products. If the domestic aluminum, glass or steel products to be supplied or produced in a "substantial labor surplus area", as defined by the United States Department of Labor, the cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than thirty percent (30%) of the bid or offered price for foreign made aluminum, glass, or steel products. This preference shall be applied to an item of machinery or equipment, as indicated above, when the item is a single unit of equipment or machinery manufactured primarily of aluminum, glass or steel, is part of a public works contract and has the sole purpose or of being a permanent part of a single public works project. This provision does not apply to equipment or machinery purchased by a spending unit for use by that spending unit and not as part of a single public works project.

All bids and offers including domestic aluminum, glass or steel products that exceed bid or offer prices including foreign aluminum, glass or steel products after application of the preferences provided in this provision may be reduced to a price equal to or lower than the lowest bid or offer price for foreign aluminum, glass or steel products plus the applicable preference. If the reduced bid or offer prices are made in writing and supersede the prior bid or offer prices, all bids or offers, including the reduced bid or offer prices, will be reevaluated in accordance with this rule.

DESIGNATED CONTACT: Vendor appoints the individual identified in this Section as the Contract Administrator and the initial point of contact for matters relating to this Contract.

3. GENERAL REQUIREMENTS:

- 3.1. Contract Items and Mandatory Requirements:** Vendor shall provide Agency with the Contract Items listed below on an open-end and continuing basis. Contract Items must meet or exceed the mandatory requirements as shown below.

Note, the specifications of this RFQ and or any WVDOH Standards referenced in and/or attached to this RFQ may include references to specific recognized “industry standard” specifications which are issued by third parties, such as the American Society for Testing and Materials (ASTM) and the American Association of State and Highway Transportation Officials (AASHTO). Such specifications are protected by strict copyright restrictions and cannot be published as part of this RFQ. The ability to access such specifications shall be considered a mandatory requirement for participation in this RFQ process as a Vendor or as a supplier to the Vendor, as applicable.

- 3.1.1.** The u-channel supports provided by the Vendor shall be supplied by a manufacturer listed on the Materials Division “U-channel Post Producers” Approved Products List (APL) as of the RFQ advertising date. 3.1.3. The posts supplied are to be of a material that meets the requirements of Section 657 of the Standard Specifications

3.2. Quality Control:

3.2.1. Cross sectional shape and dimensions: U-channel posts shall be in conformance with the manufacturer's specified cross sectional shape and dimensions.

3.2.2. Bolt holes: Proper location, alignment, spacing, and clearance of bolt holes are critical for efficient field installation.

3.2.2.1. The first hole on each end of the post shall be 1 inch or less from the end of the post. Exception to this will be allowed if the post flanges are coped on the end to facilitate easier driving, in which case the first hole shall be no further than 1 inch from the upper end of the coped section.

3.2.2.2. Each hole shall be placed in line with the longitudinal centerline of the post web and in line with each other. Posts shall not have holes that are offset on one side of the post web, that "drift" laterally down the length of the post, or that are "zig-zagged" down the length of the post to a degree that, in the Agency's judgment, will cause difficulties and delays to post field splicing or to the installation of signing on the posts.

3.2.2.3. Holes shall be 1 inch on center. Starting from the first hole on either end of the post, each hole shall be an even number of inches from the first hole (example, the second hole from the end shall be 1 inch from the first hole. The third hole from the end shall be 2 inches from the first hole, etc...). Posts shall not deviate from this requirement to a degree that, in the Agency's judgment, will cause difficulties and delays to post field splicing or to the installation of signing on the posts.

3.2.2.4. The nominal hole diameter after galvanizing shall be 3/8 inch. The actual clearance inside of each hole shall be sufficient to allow a standard ASTM A449 or ASTM A307 5/16 inch bolt with a cadmium coating thickness of 8 μ m to pass through without requiring force or reaming of the bolt hole. A minimal number of exceptions to this requirement per post may be allowed at the Agency's discretion. The number of holes per post not meeting this requirement shall not be to a degree that, in the Agency's judgment, will cause difficulties and delays to post field splicing or to the installation of signing on the posts.

3.2.3. Length: Post lengths shall be as specified with a tolerance of +/- one (1) inch.

3.2.4. Post Rejection and Reconciliation: The above quality control specifications are not intended to hold the manufacturer or Vendor to unreasonable or unachievable tolerances. These specifications are rather to provide the Agency a basis to refuse acceptance of materials supplied under this Contract in the event that the manufacturing quality level of the material falls to a level, in the Agency's professional opinion, that is clearly unacceptable. By bidding this Contract, the Vendor agrees that the final determination to reject any post supplied under this Contract shall be granted to the supervisor of the maintenance organization that the post is intended for use by.

The nature of the material supplied under this Contract is such that the Agency cannot be reasonably expected to completely inspect each of the individual posts and make a determination in regards to acceptance or rejection of individual posts immediately upon delivery.

With consideration given to the previous statements, the Vendor shall, by bidding this Contract, agree to a pre-determined mechanism for the return and replacement of posts determined by the Agency to be unacceptable. The general steps to this mechanism shall be as follows:

3.2.4.1. If a post is determined to be unacceptable as the material inventory is utilized, this post shall be separated from the maintenance organization's regular inventory. A log of rejected posts shall be kept by the maintenance organization supervisor. A separate log shall be kept for each size post (2 lb/ft, 3 lb/ft, and 4 lb/ft). Each log shall have individual lines listing the quality control specification(s) that the rejection of the post was based on (3.2.1, 3.2.2.1, 3.2.2.2, 3.2.2.3, 3.2.2.4, and/or 3.2.3), the post length, and the quantity of posts matching the length and rejection criteria previously listed on that line. The maintenance organization will not be required to track rejected posts by other means including, but not limited to, Lot Number or Release Number. Material returned per Section 3.2.4.3 below may include material from multiple Lot Numbers and/or Release Orders.

3.2.4.2. Rejected posts shall be separately stacked by size (wt / ft) and stored in a manner upon which they can be easily loaded and secured onto a flatbed delivery truck at a later date.

REQUEST FOR QUOTATION
Galvanized U-Channel Posts
CRFQ DOT1700000028

3.2.4.3. When the inventory of rejected material has reached a reasonable level, the maintenance organization will contact the Vendor in order to notify the Vendor of the quantity (length) of material by size (2 lb/ft, 3 lb/ft, and 4 lb/ft) to be returned. The maintenance organization shall be entitled to a quantity of replacement material in each size equal to that being returned. The quantity of different length replacement posts in each size to be supplied in return for the rejected material shall be at the Agency's discretion. The maintenance organization will forward the supervisor's log of the rejected material to the Vendor upon request.

3.2.4.4. Material returns per the above specifications shall typically result in the filing of a Vendor Performance Form. Although this Contract provides for a mechanism to return unacceptable material, excessive occurrences of this nature may result in cancellation of the Contract per provisions provided elsewhere herein.

4. CONTRACT AWARD:

- 4.1. Contract Award:** The Contract is intended to provide Agencies with a purchase price on all Contract Items. The Contract shall be awarded to the Vendor that provides the Contract Items meeting the required specifications for the lowest overall total cost as shown on the Pricing Pages. The Vendor shall be required to provide a bid for all Items listed.
- 4.2. Pricing Pages:** Vendor should complete the Pricing Pages by filling in all required information. Vendor should complete the Pricing Pages in their entirety as failure to do so may result in Vendor's bids being disqualified.

The Pricing Pages contain a list of the Contract Items and estimated purchase volume. The estimated purchase volume for each item represents the approximate volume of anticipated purchases only. No future use of the Contract or any individual item is guaranteed or implied.

Notwithstanding the foregoing, the Purchasing Division may correct errors at its discretion. Vendor should type or electronically enter the information into the Pricing Pages to prevent errors in the evaluation. The Pricing Pages were created as a Microsoft Excel document and Vendor can request an electronic copy for bid purposes by sending an email request to the following address: Charles.D.Barnette@wv.gov.

5. ORDERING AND PAYMENT:

5.1. Release Orders: Vendor shall accept orders through wvOASIS, regular mail, facsimile, e-mail, or any other written forms of communication. Vendor may, but is not required to, accept on-line orders through a secure internet ordering portal/website. If Vendor has the ability to accept on-line orders, it should include in its response a brief description of how Agencies may utilize the on-line ordering system. Vendor shall ensure that its on-line ordering system is properly secured prior to processing Agency orders on-line.

5.1.1. Minimum Order Size: The minimum order size for this Contract shall be 24,000 lbs.

5.2. Payment: Vendor shall accept payment in accordance with the payment procedures of the State of West Virginia.

6. DELIVERY AND RETURN:

6.1. Delivery Time: Vendor shall deliver standard orders within 45 working days after orders are received. Vendor shall ship all orders in accordance with the above schedule.

6.2. Late Delivery: The Agency placing the order under this Contract must be notified in writing if orders will be delayed for any reason. Any delay in delivery that could cause harm to an Agency will be grounds for cancellation of the delayed order, and/or obtaining the items ordered for a third party.

Any Agency seeking to obtain items from a third party under this provision must first obtain approval of the Purchasing Division.

6.2.1. This Contract may be utilized by multiple recipients statewide, each having a unique delivery address. Typically, deliveries will be to one of the Agency (WVDOH) District Sign Shops shown on the list included as an attachment to this RFQ.

6.2.2. Release Orders shall be delivered in full within a maximum of 45 Working Days ARO. If the Vendor is unable to deliver in full within 45 Working Days, the Vendor shall be subject to a daily (per Calendar Day) penalty at the purchasing organizations discretion for each Calendar Day beyond 45 Working Days ARO, until the order is received in full. This penalty shall be assessed by subtracting the penalty from the original total value of the Release Order. The penalty shall not exceed the original total amount of the Release Order. The penalty shall be calculated based on the Table shown at the following address: <http://www.transportation.wv.gov/highways/contractadmin/specifications/Pages/LiquidDatedDamages.aspx> The original total amount of the Release Order shall be substituted for the "Original Contract Amount"

when using this Table.

- 6.2.3. All material shall be shipped adequately secured in bundles arranged in a manner conducive to ease in unloading. Posts shall be shipped in separate bundles by length. Different size (weight per foot) posts shall not be mixed in the same bundle.
- 6.2.4. The Vendor shall provide notification of delivery to the maintenance organization which placed the Release Order a minimum of one (1) working day prior to delivery.
- 6.2.5. Delivery is an integral part of this contract and failure to comply will be cause to initiate a WV-82, Vendor Performance Form. This form will officially notify the West Virginia Division of Purchasing and the Vendor of unsatisfactory performance in the execution of this Contract and the requirements herein.

6.3. Delivery Payment/Risk of Loss: Standard order delivery shall be F.O.B destination to the Agency's location. Vendor shall include the cost of standard order delivery charges in its bid pricing/discount and is not permitted to charge the Agency separately for such delivery. The Agency will pay delivery charges on all emergency orders provided that Vendor invoices those delivery costs as a separate charge with the original freight bill attached to the invoice.

6.4. Return of Unacceptable Items: Upon notification per 3.2.4.3, the Vendor shall ship the specified replacement material to the maintenance organization within the time frame described under 6.1. The Vendor shall also make arrangements to have the rejected material picked up at the Agency's facility and removed from the Agency's property. This shall be completed within thirty (30) Calendar Days upon receipt of the replacement material by the Agency. The Vendor shall not be permitted to pick up the rejected material prior to delivery of the replacement material. There shall be no fees whatsoever charged to the Agency for any of the material or services provided under this Section.

6.5. Return Due to Agency Error: Items ordered in error by the Agency will be returned for credit within 30 days of receipt, F.O.B. Vendor's location. Vendor shall not charge a restocking fee if returned products are in resalable condition. Items shall be deemed to be in a resalable condition if they are unused. Any restocking fee for items not in resalable condition shall be the lower of the Vendor's customary restocking fee or 5% of the total invoiced value of the returned items.
