PURCHASING AFFIDAVIT

CONSTRUCTION CONTRACTS: Under W. Va. Code § 5-22-1(i), the contracting public entity shall not award a construction contract to any bidder that is known to be in default on any monetary obligation owed to the state or a political subdivision of the state, including, but not limited to, obligations related to payroll taxes, property taxes, sales and use taxes, fire service fees, or other fines or fees.

ALL OTHER CONTRACTS: Under W. Va. Code §5A-3-10a, no contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and: (1) the debt owed is an amount greater than one thousand dollars in the aggregate; or (2) the debtor is in employer default.

EXCEPTION: The prohibition listed above does not apply where a vendor has contested any tax administered pursuant to chapter eleven of the W. Va. Code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Employer default" means having an outstanding balance or liability to the old fund or to the uninsured employers' fund or being in policy default, as defined in W. Va. Code § 23-2c-2, failure to maintain mandatory workers' compensation coverage, or failure to fully meet its obligations as a workers' compensation self-insured employer. An employer is not in employer default if it has entered into a repayment agreement with the Insurance Commissioner and remains in compliance with the obligations under the repayment agreement.

"Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceeds five percent of the total contract amount.

AFFIRMATION: By signing this form, the vendor's authorized signer affirms and acknowledges under penalty of law for false swearing (W. Va. Code §61-5-3) that: (1) for construction contracts, the vendor is not in default on any monetary obligation owed to the state or a political subdivision of the state, and (2) for all other contracts, that neither vendor nor any related party owe a debt as defined above and that neither vendor nor any related party are in employer default as defined above, unless the debt or employer default is permitted under the exception above.

CONFLICT OF INTEREST: Vendor, its officers or members or employees, shall not presently have or acquire an interest, direct or indirect, which would conflict with or compromise the performance of its obligations hereunder. Vendor shall periodically inquire of its officers, members and employees to ensure that a conflict of interest does not arise. The service provider is responsible for any costs associated with the fingerprint-based state and federal background inquiry.

After the contract for such services has been approved, but before any such employees are permitted to be on the grounds or in the buildings of the Capitol complex or have access to sensitive or critical information, the service provider shall submit a list of all persons who will be physically present and working at the Capitol complex to the Director of the Division of Protective Services for purposes of verifying compliance with this provision. 43. PREFERENCE FOR USE OF DOMESTIC STEEL PRODUCTS: Except when authorized by the Director of the Purchasing Division pursuant to W. Va. Code § 5A-3-56, no contractor may use or supply steel products for a State Contract Project other than those steel products made in the United States. A contractor who uses steel products in violation of this section may be subject to civil penalties pursuant to W. Va. Code § 5A-3-56. As used in this section:

a. "State Contract Project" means any erection or construction of, or any addition to, alteration of or other improvement to any building or structure, including, but not limited to, roads or highways, or the installation of any heating or cooling or ventilating plants or other equipment, or the supply of and materials for such projects, pursuant to a contract with the State of West Virginia for which bids were solicited on or after June 6, 2001.

b. "Steel Products" means products rolled, formed, shaped, drawn, extruded, forged, cast, fabricated or otherwise similarly processed, or processed by a combination of two or more or such operations, from steel made by the open heath, basic oxygen, electric furnace, Bessemer or other steel making process. The Purchasing Division Director may, in writing, authorize the use of foreign steel products if:

c. The cost for each contract item used does not exceed one tenth of one percent (.1%) of the total contract cost or two thousand five hundred dollars (\$2,500.00), whichever is greater. For the purposes of this section, the cost is the value of the steel product as delivered to the project; or

d. The Director of the Purchasing Division determines that specified steel materials are not produced in the United States in sufficient quantity or otherwise are not reasonably available to meet contract requirements.

44. PREFERENCE FOR USE OF DOMESTIC ALUMINUM, GLASS, AND STEEL: In Accordance with W. Va. Code § 5-19-1 et seq., and W. Va. CSR § 148-10-1 et seq., for every contract or subcontract, subject to the limitations contained herein, for the construction, reconstruction, alteration, repair, improvement or maintenance of public works or for the purchase of any item of machinery or equipment to be used at sites of public works, only domestic aluminum, glass or steel products shall be supplied unless the spending officer determines, in writing, after the receipt of offers or bids, (1) that the cost of domestic aluminum, glass or steel products is unreasonable or inconsistent with the public interest of the State of West Virginia, (2) that domestic aluminum, glass or steel products are not produced in sufficient quantities to meet the contract requirements, or (3) the available domestic aluminum, glass, or steel do not meet the contract specifications. This provision only applies to public works contracts awarded in an amount more than fifty thousand dollars (\$50,000) or public works contracts that require more than ten thousand pounds of steel products.

The cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than twenty percent (20%) of the bid or offered price for foreign made aluminum, glass, or steel products. If the domestic aluminum, glass or steel products to be supplied or produced in a “substantial labor surplus area”, as defined by the United States Department of Labor, the cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than thirty percent (30%) of the bid or offered price for foreign made aluminum, glass, or steel products. This preference shall be applied to an item of machinery or equipment, as indicated above, when the item is a single unit of equipment or machinery manufactured primarily of aluminum, glass or steel, is part of a public works contract and has the sole purpose or of being a permanent part of a single public works project. This provision does not apply to equipment or machinery purchased by a spending unit for use by that spending unit and not as part of a single public works project.

All bids and offers including domestic aluminum, glass or steel products that exceed bid or offer prices including foreign aluminum, glass or steel products after application of the preferences provided in this provision may be reduced to a price equal to or lower than the lowest bid or offer price for foreign aluminum, glass or steel products plus the applicable preference. If the reduced bid or offer prices are made in writing and supersede the prior bid or offer prices, all bids or offers, including the reduced bid or offer prices, will be reevaluated in accordance with this rule.

45. INTERESTED PARTY SUPPLEMENTAL DISCLOSURE: W. Va. Code § 6D-1-2 requires that for contracts with an actual or estimated value of at least \$100,000, the vendor must submit to the Agency a supplemental disclosure of interested parties reflecting any new or differing interested parties to the contract, which were not included in the original pre-award interested party disclosure, within 30 days following the completion or termination of the contract. A copy of that form is included with this solicitation or can be obtained from the WV Ethics Commission. "Interested parties" means: (1) A business entity performing work or service pursuant to, or in furtherance of, the applicable contract, including specifically sub-contractors; (2) the person(s) who have an ownership interest equal to or greater than 25% in the business entity performing work or service pursuant to, or in furtherance of, the applicable contract; and (3) the person or business entity, if any, that served as a compensated broker or intermediary to actively facilitate the applicable contract or negotiated the terms of the applicable contract with the state agency: Provided, That subdivision (2) shall be inapplicable if a business entity is a publicly traded company: Provided, however, That subdivision (3) shall not include persons or business entities performing legal services related to the negotiation or drafting of the applicable contract. The Agency shall submit a copy of the disclosure to the Ethics Commission within 15 days after receiving the supplemental disclosure of interested parties.

4. CONTRACT AWARD:

- 4.1 Contract Award:** The Contract is intended to provide Agencies with a purchase price on all Contract Items. The Contract shall be awarded to the vendors that provide the Contract Items meeting the required specifications for the lowest Total Life Cycle Cost per fuel type vehicle class as shown on the Pricing Pages.

Each vehicle fuel type (Gasoline, Flex-fuel, Diesel, CNG/Bifuel, and Hybrid) contained in a given class, represents an opportunity for a separate bid response. Each of these vehicle fuel types shall be evaluated independently and awarded to the lowest responsible bidder meeting the specifications of the given vehicle fuel type in that vehicle class.

- 4.2 Life of Contract:** This contract shall become effective upon award and extends for one year or until such time as the vendor notifies the Purchasing Division that the model year build-out date has been reached, unless the vendor chooses to supply next model year vehicles at the price quoted, or until contracts are issued for the next model year.
- 4.3 Pricing Pages:** Vendor should complete the Pricing Pages by responding to the information requested in the “Vendor Name”, “Manufacturer/Brand”, “Model & Number”, “EPA HIGHWAY MPG Rating”, “EPA CITY MPG Rating” and “Unit Price” fields for each vehicle class. Utilizing the provided excel files will self-tabulate the “Total Life Cycle Cost” fields.

Vendor Bid Response Section: The vendor shall use the EPA mileage ratings from the Official 2018 Fuel Economy Guide for Highway and City MPG ratings for each vehicle class. If the vehicle is not present in the 2018 Fuel Economy Guide, vendors must utilize the EPA Mileage rating provided by the manufacturer for 2018 model vehicles. Vendors should submit mileage rating documentation from the manufacturer with their bid response for the vehicle EPA mileage ratings not present in the 2018 Fuel Economy Guide. Inclusion of this documentation, with the bid, will expedite the evaluation process.

Any vehicle class that contains a vehicle evaluated on the basis of the EPA Mileage rating provided by the manufacturer may be re-evaluated at the sole discretion of the Purchasing Division if the subsequently published Official 2018 Fuel Economy Guide would result in a change to the Total Life Cycle Cost of 5% (.05) or more.

CRFQ 0212 SWC1800000006
REQUEST FOR QUOTATION
MV18 – 2018, or latest model year, Motor Vehicles

Example:

Manufacturer utilized EPA Mileage rating resulting in a Total Life Cycle Cost of \$45000.00 for vehicle class bid. If the EPA Official 2018 Fuel Economy Guide published mileage rating differs from the manufacturer mileage rating and results in a Total Life Cycle Cost change exceeding \$2,250.00 for the vehicle class bid [$\$45,000.00 \times .05$ (5%) = \$2,250.00], a re-evaluation of vehicle class bid may result.

Any re-evaluation will utilize the EPA mileage ratings from the Official 2018 Fuel Economy Guide in place of the EPA Mileage rating from the manufacturer. In the event the two EPA mileage ratings differ and exceed a 5% change in the overall Total Life Cycle Cost, the re-evaluation may result in cancellation of the existing award and re-awarding of a vehicle class to another vendor. Orders placed with an awarded vendor prior to a contract re-award will remain valid. Once a re-award is made and officially becomes effective, all new orders for that vehicle class will be placed with the re-awarded vendor.

4.3.1 “Vehicle Fuel Type” segment:

- A. Vendors bidding vehicle fuel type “Gasoline” shall use the MPG ratings for gasoline.
- B. Vendors bidding vehicle fuel type “Flex-fuel” shall use the MPG ratings for E85.
- C. Vendors bidding vehicle fuel type “Diesel” shall use the MPG ratings for diesel.
- D. Vendors bidding vehicle fuel type “CNG/Bifuel” shall use the MPG ratings for gasoline.
- E. Vendors bidding vehicle fuel type “Hybrid” shall use the MPG ratings for gasoline.

4.3.2 “EPA HIGHWAY MPG Rating” & “EPA CITY MPG Rating” segments: The EPA mileage ratings for Highway and City MPG are supplied by the US Environmental Protection Agency at the following website: <http://www.fueleconomy.gov/feg/printGuides.shtml>
Vendor shall provide each corresponding EPA MPG rating in the cell provided.

4.3.3 “Unit Price” segment: The Unit Price is the base vehicle price including standard equipment requirements, vehicle requirements and any additional requirements for the given vehicle class.

CRFQ 0212 SWC1800000006
REQUEST FOR QUOTATION
MV18 – 2018, or latest model year, Motor Vehicles

4.3.4 “Total Life Cycle Cost” segment:

The Total Life Cycle Cost is tabulated using the following formula for all fuel types *except* diesel:

$$([75,000/\text{EPA Highway MPG Rating} + 25,000/\text{EPA City MPG Rating}] \times 2.75) + \text{Unit Price}$$

The above formula is derived from an estimated vehicle life of 100,000 miles; where an estimated 75,000 miles will be highway use and an estimated 25,000 miles will be city use. The combined averages of the two MPG ratings are then multiplied by an estimated gasoline price of \$2.75 per gallon.

The Total Life Cycle Cost tabulation formula for diesel is as follows:

$$([75,000/\text{EPA Highway MPG Rating} + 25,000/\text{EPA City MPG Rating}] \times 3.05) + \text{Unit Price}$$

The above formula is derived from an estimated vehicle life of 100,000 miles; where an estimated 75,000 miles will be highway use and an estimated 25,000 miles will be city use. The combined averages of the two MPG ratings are then multiplied by an estimated diesel price of \$3.05 per gallon.

For example, if a gasoline vehicle were to have an EPA MPG rating of 22 MPG Highway and 18 MPG City with a Unit Price of \$22,000.00, the Total Life Cycle cost would equal \$35,194.44. (First find the product of 75,000 miles divided by the EPA Highway MPG Rating, and then find the product of 25,000 miles divided by the EPA City MPG Rating. Next, add the two products together and multiply by the fuel type cost of 2.75 per gallon (for gasoline). Lastly add the product of the preceding calculation to the Unit Price of the vehicle being bid.)

4.3.5 “Options”

Mileage charges for delivery should be listed under the “Options” section of each vehicle class pricing page. FOB Dealership (Deduct) and FOB Other than Metro Charleston refers the delivery charges, that, at time of order, the vendor will add to or deduct from their final bid amount for each vehicle class awarded. If no response is received in either the FOB Dealership (deduct) or FOB Other than Metro Charleston fields, it will be assumed the vendor will not be charging delivery. These options will not be evaluated as part of the award.
