CONSTRUCTION CONTRACTS: Under W. Va. Code § 5-22-1(i), the contracting public entity shall not award a construction contract to any bidder that is known to be in default on any monetary obligation owed to the state or a political subdivision of the state, including, but not limited to, obligations related to payroll taxes, property taxes, sales and use taxes, fire service fees, or other fines or fees.

DISTRIBUTOR'S LIMITED WARRANTIES SEAT BELT

While seat belts cannot completely remove the possibility of injury, they do provide a very significant level of protection when used properly.

American Honda believes the best way to enhance your safety is to use your seat belt. To encourage their use, the seat belts should always be in good operating condition.

Warranty Time Period

This warranty's coverage begins on the same date as the New SXS/MUV Warranty (page 6), and continues for 5 years.

American Honda will repair or replace, at its option, any Honda SXS/MUV seat belt component that fails to function properly during normal use. This includes all parts and labor charges.

DISTRIBUTOR'S LIMITED WARRANTIES Emission Control Systems

American Honda provides the same warranty coverage to all owners of complying SXS/MUV models (see cover), regardless of where the SXS/MUV is registered.

Your Warranty Rights and Obligations

American Honda is pleased to explain the emission control systems warranty on your vehicle.

American Honda must warrant the emissions control system on your vehicle for the periods of time listed below, provided there has been no abuse, neglect or improper maintenance of your vehicle.

Your emissions control system may include parts such as the fuel injection system, the ignition systems, catalytic converter and engine computer. Also included may be hoses, connectors and other emission-related components and assemblies whose sole purpose is to reduce emissions or whose failure will increase emissions.

Where a warrantable condition exists, American Honda will repair your vehicle at no cost to you, including diagnosis, parts and labor.

Manufacturer's Warranty Coverage

If any emission-related part on your vehicle is defective, the part will be repaired or replaced by American Honda. This is your emissions control system DEFECTS WARRANTY.

Owner's Warranty Responsibilities

As the vehicle owner, you are responsible for the performance of the required maintenance listed in your owner's manual. American Honda recommends that you retain all receipts covering maintenance on your SXS/MUV, but American Honda cannot deny warranty coverage solely for the lack of receipts or for your failure to ensure the performance of all scheduled maintenance.

You are responsible for presenting your vehicle to a Honda SXS/MUV dealer as soon as a problem exists. The warranty repairs should be completed in a reasonable amount of time, not to exceed 30 days.

As the vehicle owner, you should also be aware that American Honda may deny you warranty coverage if your vehicle or a part has failed due to abuse, neglect, improper maintenance or unapproved modifications.

If you have any questions regarding your warranty rights and responsibilities or if an authorized Honda dealer cannot repair your SXS/MUV or honor your claim within a reasonable period of time, contact the Honda

Motorcycle Customer Support Department of American Honda at (866) 784-1870.

If you are not satisfied with the way in which a warranty claim is resolved by American Honda, you may write directly to:

Director of Field Operations
Support Division (EN-397F)
Environmental Protection Agency
401 M Street, S.W.
Washington D.C. 20460

Emissions Warranty Coverage

American Honda warrants to the owner that the SXS/MUV:

- is designed, built and equipped to conform at the time of sale with all applicable emissions standards, and
- is free from defects in materials and workmanship which would cause it to fail to conform with applicable requirements during the specified time limit.

This warranty begins on the date the SXS/MUV is delivered to the first purchaser other than an authorized Honda motorcycle dealer, or the date it is first used as a demonstrator, lease, or company vehicle, whichever comes first and continues for the time listed below:

Time: 30 months (2.5 years)

There is **no mileage or operating hour limitation**.

The Emissions Control System Defects Warranty is in addition to the American Honda SXS/MUV Limited Warranty. These warranties are given only to the owner of a SXS/MUV distributed by American Honda through the Motorcycle Division.

To qualify for coverage under the defects warranty, you should operate and maintain your SXS/MUV according to the requirements on page 3 of this Warranty booklet, and the Maintenance Schedule in the Owner's Manual. This schedule is designed to keep your SXS/MUV emission control systems functioning properly by maintaining your SXS/MUV in peak operating condition. American Honda will not deny a warranty claim solely because of lack of maintenance or maintenance records. However, failures caused by abuse or lack of required maintenance will not be covered by this warranty.

American Honda recommends that only parts supplied by American Honda or equivalent parts be used to repair your SXS/MUV. Maintenance, replacement, or repair of emission control devices and systems may be done by any SXS/MUV repair establishment or individual. American Honda will only pay for warranty repairs performed at an authorized Honda SXS/MUV repair facility (except in an emergency situation).

An emergency situation exists when a Honda dealership is not reasonably available, a warranted part is not available within 30 days, or when an authorized Honda facility is unable to complete a repair within 30 days. In an emergency situation, the repair of emission control devices or systems may be done by any SXS/MUV repair establishment or individual, or by the owner, using any replacement part. American Honda will reimburse you for those emergency repairs, including diagnosis, covered by the Emissions Warranties. Parts reimbursement is at the manufacturer's suggested retail price, and labor reimbursement is at a geographically appropriate hourly labor rate for Honda's recommended time allowance. For reimbursement, present the replaced parts and a copy of the paid receipt to any authorized Honda SXS/MUV dealer. A list of parts covered by this warranty appears on page 12 and page 13.

The use of replacement parts not equivalent to the original parts may impair the effectiveness of your SXS/MUV's emissions control systems. If such a replacement part is used in the maintenance or repair of your SXS/MUV, and an authorized Honda dealer determines it is defective or causes a failure of a warranted part, your claim for repair to bring your SXS/MUV into compliance with applicable standards may be denied. If the part in question is not related to the reason your SXS/MUV fails to meet the standards, the claim will not be denied.

This Emissions Warranty Does Not Cover:

- Failures or malfunctions of the emission control systems caused by abuse, alteration, accident, misuse, or the use of leaded or non-approved gasoline
- Replacement of expendable maintenance items unless they are original equipment defective in material or workmanship under normal use, and the first required replacement interval for the item has not been reached. Expendable maintenance items include but are not limited to:
 - spark plugs
 - filters
 - coolant
 - lubricants
 - belts
- Consequential damages such as loss of time or use of the vehicle.
- Prohibited actions related to 40 CRF, Part 1068, Subpart B, Section 1068.101 (b) and competition use.

To Get Emissions Warranty Service

Repairs covered by this warranty will be performed at no charge for parts, labor, and diagnosis. Any authorized Honda SXS/MUV dealer will perform the adjustment, repair, or replacement within 30 days from the time you take your SXS/MUV to the dealer.

If an authorized Honda dealer is unable to repair your SXS/MUV within 30 days from the time you take your SXS/MUV to the dealer, then this situation will be treated as an emergency and you may have your SXS/MUV repaired at any repair facility you choose. If you choose a repair facility that is not an authorized Honda dealer, Honda will reimburse you for the repair, including diagnosis. Parts reimbursement is at the manufacturer's suggested retail price, and labor reimbursement is at a geographically appropriate hourly labor rate for Honda's recommended time allowance. For reimbursement, present the replaced parts and a copy of the paid receipt to any authorized Honda SXS/MUV dealer.

For this reason, it is important that your initial contact be with the dealer.

Your purchase of a Honda product is greatly appreciated by both the dealer and American Honda. We want to assist you in every way possible to assure your complete satisfaction with your purchase.
