SOLICITATION NUMBER: CRFQ 0803 DOT1800000028

Addendum Number: 1

The purpose of this addendum is to modify the solicitation identified as CRFQ 0803 DOT1800000028 ("Solicitation") to reflect the change(s) identified and described below.

Applicable Addendum Category:

- Modify bid opening date and time
- Modify specifications of product or service being sought
- Attachment of vendor questions and responses
- Attachment of pre-bid sign-in sheet
- Correction of error
- Other

Description of Modification to Solicitation:

1. To move the bid opening date from 10/04/2017 to 10/06/2017 at 1:30pm EST.
2. To publish the Agency responses to the questions submitted by Vendors during the Technical Questioning period.

No other changes made.

Additional Documentation: Documentation related to this Addendum (if any) has been included herewith as Attachment A and is specifically incorporated herein by reference.

Terms and Conditions:

1. All provisions of the Solicitation and other addenda not modified herein shall remain in full force and effect.
 2. Vendor should acknowledge receipt of all addenda issued for this Solicitation by completing an Addendum Acknowledgment, a copy of which is included herewith. Failure to acknowledge addenda may result in bid disqualification. The addendum acknowledgement should be submitted with the bid to expedite document processing.

VENDOR QUESTIONS

CRFQ 0803 DOT1800000028

1. Will all the scanners be shipped at one time to one location.

Answer: This is a solicitation for an open-end contract, which means there is not set quantity being ordered. Separate delivery orders will be issued during the life of the contract for various quantities. All equipment will be delivered to the 1900 Kanawha Blvd. East, Building 5, Room 920, Charleston WV 25305. This address is for the headquarters location for the Department of Transportation.

2. If not shipped to one location are they going to be shipped on different dates?

Answer: Yes, delivery orders can be issued at various times during the life of the contract.

3. In the specifications section 6.5, the return due to agency error, would you please elaborate on what you mean by "for items not in a resalable condition?" For example, an agency could use the scanner, then return it with the feed tray missing. This would make the scanner not in a resalable condition, yet the agency is only responsible for up to 5% restocking fee.

Answer: Any item that does not have all the manufacturer's original components would not qualify for a return.

Secondly, for out of state business, is it necessary for us to register with the State of WV even though no tax is to be collected.

Answer: Business registration is not something handled by this agency. The vendor should review WV Tax Department and Secretary of State rules and regulations. Registration requirements must be completed prior to an award.

4. 3.1.1.8, regarding barcode "reading" do you mean just the scanner itself or are you looking for software too that reads barcodes.
 - a. Would barcode "detection" suffice as long as the proposed OEM scanner works with your capture software?

Answer: The scanner must have the capability of detecting barcodes, third party software will be utilized to consume the data being captured in the bar code.

5. 3.1.1.13, can you clarify what you mean by compatible? Assuming this is EMC is there an approved list of hardware with this company.

Answer: The scanner must utilize an industry standard ISIS driver that can be accessed by the client software, Application Xtender.

ADDENDUM ACKNOWLEDGEMENT FORM
SOLICITATION NO.: CRFQ 0803 DOT1800000028

Instructions: Please acknowledge receipt of all addenda issued with this solicitation by completing this addendum acknowledgment form. Check the box next to each addendum received and sign below. Failure to acknowledge addenda may result in bid disqualification.

Acknowledgment: I hereby acknowledge receipt of the following addenda and have made the necessary revisions to my proposal, plans and/or specification, etc.

PURCHASING AFFIDAVIT

CONSTRUCTION CONTRACTS: Under W. Va. Code § 5-22-1(i), the contracting public entity shall not award a construction contract to any bidder that is known to be in default on any monetary obligation owed to the state or a political subdivision of the state, including, but not limited to, obligations related to payroll taxes, property taxes, sales and use taxes, fire service fees, or other fines or fees.

ALL OTHER CONTRACTS: Under W. Va. Code §5A-3-10a, no contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and: (1) the debt owed is an amount greater than one thousand dollars in the aggregate; or (2) the debtor is in employer default.

EXCEPTION: The prohibition listed above does not apply where a vendor has contested any tax administered pursuant to chapter eleven of the W. Va. Code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Employer default" means having an outstanding balance or liability to the old fund or to the uninsured employers' fund or being in policy default, as defined in W. Va. Code § 23-2c-2, failure to maintain mandatory workers' compensation coverage, or failure to fully meet its obligations as a workers' compensation self-insured employer. An employer is not in employer default if it has entered into a repayment agreement with the Insurance Commissioner and remains in compliance with the obligations under the repayment agreement.

"Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceeds five percent of the total contract amount.

AFFIRMATION: By signing this form, the vendor's authorized signer affirms and acknowledges under penalty of law for false swearing (W. Va. Code §61-5-3) that: (1) for construction contracts, the vendor is not in default on any monetary obligation owed to the state or a political subdivision of the state, and (2) for all other contracts, that neither vendor nor any related party owe a debt as defined above and that neither vendor nor any related party are in employer default as defined above, unless the debt or employer default is permitted under the exception above.

VENDOR PREFERENCE CERTIFICATE

Certification and application is hereby made for Preference in accordance with **West Virginia Code**, §5A-3-37. (Does not apply to construction contracts). **West Virginia Code**, §5A-3-37, provides an opportunity for qualifying vendors to request (at the time of bid) preference for their residency status. Such preference is an evaluation method only and will be applied only to the cost bid in accordance with the **West Virginia Code**. This certificate for application is to be used to request such preference. The Purchasing Division will make the determination of the Vendor Preference, if applicable.

1. **Application is made for 2.5% vendor preference for the reason checked:**
 Bidder is an individual resident vendor and has resided continuously in West Virginia for four (4) years immediately preceding the date of this certification; **or**,
 Bidder is a partnership, association or corporation resident vendor and has maintained its headquarters or principal place of business continuously in West Virginia for four (4) years immediately preceding the date of this certification;
 Bidder is a resident vendor partnership, association, or corporation with at least eighty percent of ownership interest of bidder held by another entity that meets the applicable four year residency requirement; **or**,
 Bidder is a nonresident vendor which has an affiliate or subsidiary which employs a minimum of one hundred state residents and which has maintained its headquarters or principal place of business within West Virginia continuously for the four (4) years immediately preceding the date of this certification; **or**,
2. **Application is made for 2.5% vendor preference for the reason checked:**
 Bidder is a resident vendor who certifies that, during the life of the contract, on average at least 75% of the employees working on the project being bid are residents of West Virginia who have resided in the state continuously for the two years immediately preceding submission of this bid; **or**,
3. **Application is made for 2.5% vendor preference for the reason checked:**
 Bidder is a nonresident vendor that employs a minimum of one hundred state residents, or a nonresident vendor which has an affiliate or subsidiary which maintains its headquarters or principal place of business within West Virginia and employs a minimum of one hundred state residents, and for purposes of producing or distributing the commodities or completing the project which is the subject of the bidder's bid and continuously over the entire term of the project, on average at least seventy-five percent of the bidder's employees or the bidder's affiliate's or subsidiary's employees are residents of West Virginia who have resided in the state continuously for the two immediately preceding years and the vendor's bid; **or**,
4. **Application is made for 5% vendor preference for the reason checked:**
 Bidder meets either the requirement of both subdivisions (1) and (2) or subdivision (1) and (3) as stated above; **or**,
5. **Application is made for 3.5% vendor preference who is a veteran for the reason checked:**
 Bidder is an individual resident vendor who is a veteran of the United States armed forces, the reserves or the National Guard and has resided in West Virginia continuously for the four years immediately preceding the date on which the bid is submitted; **or**,
6. **Application is made for 3.5% vendor preference who is a veteran for the reason checked:**
 Bidder is a resident vendor who is a veteran of the United States armed forces, the reserves or the National Guard, if, for purposes of producing or distributing the commodities or completing the project which is the subject of the vendor's bid and continuously over the entire term of the project, on average at least seventy-five percent of the vendor's employees are residents of West Virginia who have resided in the state continuously for the two immediately preceding years.
7. **Application is made for preference as a non-resident small, women- and minority-owned business, in accordance with West Virginia Code §5A-3-59 and West Virginia Code of State Rules.**
 Bidder has been or expects to be approved prior to contract award by the Purchasing Division as a certified small, women- and minority-owned business.

Bidder understands if the Secretary of Revenue determines that a Bidder receiving preference has failed to continue to meet the requirements for such preference, the Secretary may order the Director of Purchasing to: (a) rescind the contract or purchase order; or (b) assess a penalty against such Bidder in an amount not to exceed 5% of the bid amount and that such penalty will be paid to the contracting agency or deducted from any unpaid balance on the contract or purchase order.

By submission of this certificate, Bidder agrees to disclose any reasonably requested information to the Purchasing Division and authorizes the Department of Revenue to disclose to the Director of Purchasing appropriate information verifying that Bidder has paid the required business taxes, provided that such information does not contain the amounts of taxes paid nor any other information deemed by the Tax Commissioner to be confidential.

Bidder hereby certifies that this certificate is true and accurate in all respects; and that if a contract is issued to Bidder and if anything contained within this certificate changes during the term of the contract, Bidder will notify the Purchasing Division in writing immediately.

Bidder: Innovative Business Solutions

Signed: Erin L. Barthel

Date: 10-6-2017

ADDITIONAL TERMS AND CONDITIONS

See attached document(s) for additional Terms and Conditions

EFFICIENT AND HIGH-SPEED DOCUMENT SCANNING

Deliver high-speed, powerful performance to the office with the Canon imageFORMULA DR-M260 document scanner. Its user-friendly design, high-quality image processing, reliable item handling, and robust software offer end-to-end options for capturing business information and improving workplace productivity.

WIDE RANGE OF USES

Optimal for workgroups and departments in any industry—especially in the legal, financial, healthcare, and government sectors—the DR-M260 scanner can assist with efficient records management and help reduce paperwork in paper-intensive environments.

RELIABLE FEEDING AND POWERFUL PROCESSING

Capable of scanning up to 60 pages per minute*—both sides in a single pass— with the capacity to hold up to 80 sheets in the Automatic Document Feeder (ADF), the DR-M260 scanner can quickly capture and convert paper-based documents into useable digital information. This scanner can reliably handle an assortment of document types, such as thick, thin, even oversized documents and plastic embossed cards. For an added benefit, optional carrier sheets allow passports with IC chips as well as fragile documents to be scanned through the ADF without corrupting the original documents. The DR-M260 scanner is equipped with an onboard image processing CPU, making fast, high-quality scanning possible without depending on PC performance. To help prevent paper jams and damage to documents, paper feeding and eject sensors are incorporated to minimize document mishaps. The scanner also incorporates left and right feeding rollers that revolve independently to help prevent skewed feeding when different size documents are scanned together.

EASY-TO-OPERATE DESIGN

The DR-M260 scanner was designed with an accessible Liquid Crystal Display (LCD) panel for user convenience, allowing one to create up to 99 customizable, pre-programmed scan tasks, useful for frequently used scanning modes and output destinations. Scanning status and count can also be reviewed on the LCD panel. For easy maintenance, notifications for errors and roller replacement will appear on the LCD, allowing administrators to tackle any problems before they occur.

ROBUST SUITE OF SOFTWARE

The DR-M260 scanner is bundled with a suite of convenient software to help widen the scope of capture and output capabilities. Canon CapturePerfect and Kofax Virtual ReScan (VRS) help to increase the overall quality of documents scanned. Canon CaptureOnTouch V4 can assist with effortless document organization, with files sorted and saved into existing folders as well as automatically creating new folders. In addition, scanned originals can be divided into single files based on bar codes** and counters in addition to blank paper. File names can also be set using text scanned from the document or text that's already configured. The DR-M260 also includes ISIS/TWAIN drivers, which eases integration with third-party capture or content management systems. These features provide the necessary means for a user to convert business information with ease.

HIGH-QUALITY IMAGING

To capture information accurately, the DR-M260 scanner incorporates Canon's imaging expertise to deliver features such as Character Emphasis to help improve text legibility and Optical Character Recognition (OCR) to create searchable and editable information. Furthermore, to help save time and storage space page sizes and blank pages can be automatically detected.

ENVIRONMENT IN MIND

The DR-M260 scanner meets ENERGY STAR® guidelines for energy efficiency and complies with both the EU RoHS and WEEE directives for the reduction of hazardous substances and waste products. ■ The DR-M260 is EPEAT Gold Certified.

CUSTOMER CARE

For investment protection, eCarePAK options are available to extend service beyond the initial five-year advanced exchange warranty period. This saves on costs associated with post-purchase maintenance and helps maximize uptime throughout the product life.

SPECIFICATIONS

Type:	Office Document Scanner	
Document Feeding:	Automatic or Manual	
Document Size*		
Width:	1.97" – 8.5"	
Length:	2.13" – 14.02

QUICK SCAN + BOX

Canon is working with Box,
the cloud-based repository and collaboration platform,
to make sharing core business documents easy!

Many business, home office, and personal users have cut down on paper use by digitizing documents for easy collaboration and sharing on cloud apps. That's why Canon created Quick Scan, a free app available in the Box marketplace, made so users can easily scan paper documents directly to Box.

EASY TO USE

With the Quick Scan app, many scan features are still applicable with your compatible imageFORMULA scanner, helping to automatically skip blank pages, crop pages, and de-skew images.

SAVE TIME

Quick Scan can help limit the time required to scan a document first and then manually upload it to Box.*

CREATE SEARCHABLE PDFS

Using your compatible imageFORMULA device, Quick Scan automatically converts scans into a searchable PDF with full text Optical Character Recognition (OCR).

POTENTIAL COST SAVINGS

Quick Scan is simple to use and can help save money for IT administrators by limiting the need for training and maintenance. Plus, storing documents in a Box account with unlimited space can help cut document storage costs.

*A Box account is necessary in order to use Quick Scan

WHY imageFORMULA DOCUMENT SCANNERS?

Canon's complete line of mobile, office, production, and networked imageFORMULA document scanners can enable users to capture, store, and share information to help improve efficiencies, document management, security, and compliance—such as the feature which allows users to encrypt files or create “read-only” rules when distributing PDFs internally or externally. Its high-performance features make converting paper to electronic documents easy with advanced image processing, high speeds, and flexible configuration options.

WHICH CANON imageFORMULA DOCUMENT SCANNERS ARE COMPATIBLE WITH QUICK SCAN?

- P-215II
- DR-C225
- DR-C225W
- DR-C240
- DR-M140
- DR-M160I

Comprehensive Imaging Software to Maximize Canon Scanner Performance

Canon's CapturePerfect software delivers the image processing features needed to obtain the highest image quality, even in the most rigorous scanning environments. It is designed to help maximize Canon scanner performance, increase productivity, and streamline document imaging workflows.

Advanced Feature-Set

CapturePerfect offers a variety of post-scan processing features to maximize scanning performance, including automatic generation of file names from bar code, imprinter, or zone OCR results. These names can then be used

for indexing or to save the log files while monitoring file size capacity of the target folders. And, the software's MultiStream capability allows multiple image files from a single scan.

Improved Productivity

CapturePerfect helps maximize the capabilities of the DR-Series scanners and decrease preparation time, which helps to reduce labor costs and increase office productivity. This software delivers high-performance scanning at full speeds for professional document imaging and distribution.

Highest Image Quality

Capturing high-quality images is critical to document management, as image quality significantly impacts the success of data capture, recognition, and retrieval. CapturePerfect's sophisticated imaging functions not only help obtain legible text from even the lightest pencil marks, but they also create the sharpest images possible and assure the highest image fidelity to the original document.

Increased Flexibility

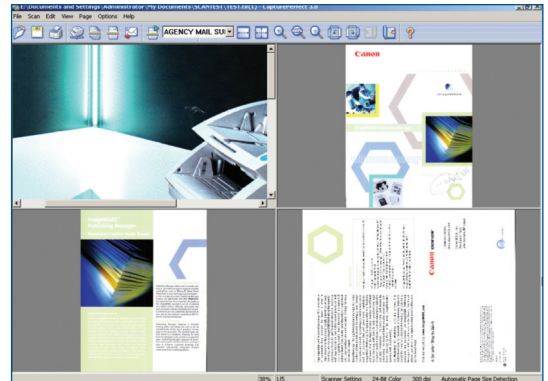

CapturePerfect can scan batches of mixed documents—as multi- or single-page files—directly to e-mail, file folder, printer, or PDF file. Compliance with the industry-standard ISIS® interface enables seamless integration with third-party document management platforms.

Easy to Use

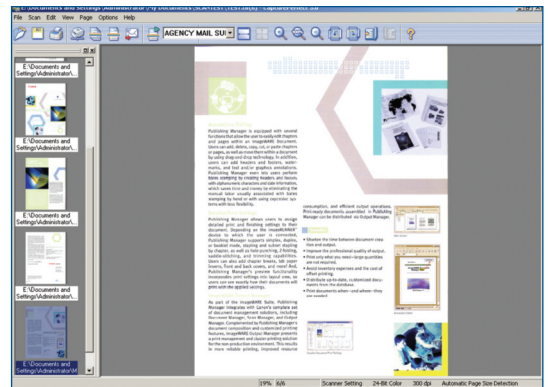

CapturePerfect provides convenient ways to edit, arrange, and manage files with a drag-and-drop interface. Routine scanning operations or other frequently repeated scan settings can be pre-registered to the convenient "Scan-To-Job" buttons for additional ease-of-use.

Comprehensive Document Imaging

CapturePerfect can help capture the highest quality images from even the most difficult originals. And once scanned, they can be distributed for improved business workflows within a company's Enterprise Content Management system.
