Addendum #1 CRFQ DOT1800000046

Question #1 In section 4.2 the instructions indicate that a bidder should use the bidding index for Fuel and Asphalt adjustments for January 2018, as the basis for material bidding. As this information will not be available until after the first of the year, and as these bids are due on December 13, 2017, it is not possible to use the January 2018 indexes. Does this mean we should use the December 2017 index?

Response #1 Please revise the bidding index date indicated in Section 4.2 of the contract specifications from January 2018 to <u>December 2017</u>.
