Exhibit A - Pricing Page

Bell TH67/certified 206B, S/N 5220 (N67876)

CRFQ: 0215 AVN1900000002

Vendor: Wysong Enterprises, Inc.

Vendors must complete this form in its entirety in lieu of submitting other quote forms.

Submitted form should be provided in a legible form. (Typewritten form preferred.)

Section A:

Item #1: Vendor is to provide the Lump Sum amount for Items listed below

Item	Description	Unit of Measure	Estimated Quantity	Extended Cost
1	Remove interior and exterior paint and repaint the interior and exterior per Agency specifications as per Section 4.1.1.1 and related Exhibit E.	Lump Sum	1	\$ 54,450.00
2	Remove designated equipment in Section 4.1.2 and provide and install new equipment in Section 4.1.3.	Lump Sum	1	\$ 404,800.00
Section A:				\$459,250.00

Section B:

Vendor to enter nautical miles (NM) below to calculate flight time to fly Round Trip from Yeager Airport (CRW) in Charleston, WV. Round Trip Cost Calculation will be based on the straight line distance of the vendor's facility from Yeager Airport (CRW) in Charleston, WV in nautical miles divided by aircraft nominal airspeed multiplied by the Agency's billing rate per hour multiplied by two.

Description	Per Trip
120 NM to vendor facility divided by 100 (KTAS) x \$600.00 (per hour) x 2 (roundtrip)	\$1,440.00
Section B:	\$1,440.00

Section C:

Vendor to enter road mileage (RM) below to calculate travel time by car between Yeager Airport (CRW) in Charleston, WV and the vendor's facility. Mileage will be shortest distance between Yeager Airport (CRW) and the vendor's facility using Google Maps Driving Directions. 54.5 cents per mile is the current state of WV reimbursement mileage rate. Agency estimates making 4 trips to vendor during the 90 day period of contract.

Description	Per Trip
216 RM to vendor facility x 54.5 cents per mile x 2 (roundtrip) x 4 (estimated number of trips)	\$941.76
Section C:	\$941.76

Subtotal Section A:	\$459,250.00
Subtotal Section B:	\$1,440.00
Subtotal Section C:	\$941.76
Total Bid:	\$461,631.76

*Vendors must fill out the Exhibit A - Pricing Page and submit with their bid.

*Section B for evaluation purposes only, Section B amount will not be included in the award total.

*Section C for evaluation purposes only, Section C amount will not be included in the award total.

STATE OF WEST VIRGINIA

PURCHASING AFFIDAVIT

CONSTRUCTION CONTRACTS: Under W. Va. Code § 5-22-1(i), the contracting public entity shall not award a construction contract to any bidder that is known to be in default on any monetary obligation owed to the state or a political subdivision of the state, including, but not limited to, obligations related to payroll taxes, property taxes, sales and use taxes, fire service fees, or other fines or fees.

ALL CONTRACTS: Under W. Va. Code §5A-3-10a, no contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and: (1) the debt owed is an amount greater than one thousand dollars in the aggregate; or (2) the debtor is in employer default.

EXCEPTION: The prohibition listed above does not apply where a vendor has contested any tax administered pursuant to chapter eleven of the W. Va. Code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Employer default" means having an outstanding balance or liability to the old fund or to the uninsured employers' fund or being in policy default, as defined in W. Va. Code § 23-2c-2, failure to maintain mandatory workers' compensation coverage, or failure to fully meet its obligations as a workers' compensation self-insured employer. An employer is not in employer default if it has entered into a repayment agreement with the Insurance Commissioner and remains in compliance with the obligations under the repayment agreement.

"Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceeds five percent of the total contract amount.

AFFIRMATION: By signing this form, the vendor's authorized signer affirms and acknowledges under penalty of law for false swearing (W. Va. Code §61-5-3) that: (1) for construction contracts, the vendor is not in default on any monetary obligation owed to the state or a political subdivision of the state, and (2) for all other contracts, that neither vendor nor any related party owe a debt as defined above and that neither vendor nor any related party are in employer default as defined above, unless the debt or employer default is permitted under the exception above.

Corporate Resume Summary

Wysong Enterprises, Inc. was incorporated in February of 1989 by Mr. Stephen Wysong. Already having 15 years of avionics experience, which included the opening of the avionics department of Edwards & Associates (currently Bell Helicopter – Piney Flats), Mr. Wysong saw the opportunity to match his technical expertise with a growing need of television news broadcasters. While nothing was faster or more effective than a live, aerial feed from a helicopter hovering over the scene, the typical ship at that time was lacking the technical capability for the tasks desired by the media industry.

Mr. Wysong's knowledge of helicopter systems and electronics, along with his unmatched commitment to customer service, positioned Wysong to become the industry leader in the field of complex video and audio integrations on helicopters. Throughout our 25 year history Wysong has performed more than 175 such integrations on law enforcement and television news helicopters. Wysong Enterprises, a FAA 145 Repair Station since 1996, currently holds 4 FAA Supplemental Type Certificates (STC's) for products created to support and enhance airborne video and audio communications. These custom solutions fly proudly today benefitting both law enforcement as well as broadcast providers.

Wysong Enterprises is conveniently located on the south general aviation ramp at the Tri-Cities Regional Airport (KTRI). The Tri-Cities Airport is served by Delta, US Airways, and Allegiant Airlines. Wysong is also conveniently located 6 nautical miles from the Bell Helicopter acceptance facility in Piney Flats, TN.

The beautiful, rugged terrain of the Appalachian Mountains provides the perfect test bed for advanced avionics systems such as radar altimeters, synthetic vision, obstacle, terrain and warning systems. Wysong is an approved sales and installation facility for leading avionics manufacturers including Garmin, Bendix / King / Honeywell, Sagem Avionics, Cobham, Genesys, Technisonic, and others.

Today, the Wysong team includes individuals with experience not only in helicopter modifications but also in CAD, CNC programming, and broadcast engineering to offer our clients dependable equipment integrations on their law enforcement platforms. Mr. Wysong continues to be actively involved in the daily management and operations of Wysong Enterprises.

Project Manager:

The project manager will serve as the point of contact and ensure that all work is performed to the specifications of West Virginia Aviation Division.

Mr. Stephen R. Wysong
Wysong Enterprises, Inc.
300 Piney Avenue
Piney Flats, TN 37686

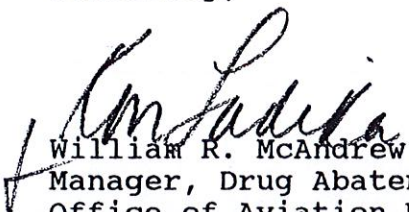

Dear Mr. Wysong:

The Federal Aviation Administration (FAA) has approved your enclosed antidrug plan as a member of the National Association for Drug Free Employees (NADE), Inc., Consortium. Our previous approval of your plan E-GL-00149-U [D-SO-054] is rescinded.

This approval is contingent on your continuing association with the NADE Consortium as specified in your plan. You are required by the antidrug regulation to be continuously covered by an FAA-approved program, and therefore, must obtain approval from this office prior to changing programs (e.g., joining another carrier's program, or transferring to another consortium). Even though you have contracted with an FAA-approved consortium to assist you with this program, you are responsible for complying with all aspects of the FAA antidrug regulation.

Your plan has been issued a new identification number shown at the top of this letter.

Sincerely,

William R. McAndrew
Manager, Drug Abatement Division
Office of Aviation Medicine

A002. Definitions and Abbreviations

HQ Control: 01/30/04
HQ Revision: 040

Unless otherwise defined in these operations specifications, all words, phrases, definitions, and abbreviations have identical meanings to those used in the Title 14 Code of Federal Regulations (CFR) Regulations and Title 49 United States Code as cited in Public Law 103-272, as amended. Additionally, the definitions listed below are applicable to operations conducted in accordance with these operations specifications.

**Bilateral Aviation
Safety Agreement
(BASA)**

An executive agreement concluded between the United States and a foreign country for the purpose of promoting aviation safety; also known as an Agreement for the Promotion of Aviation Safety.

Certificate Holder

In these operations specifications the term "certificate holder" shall mean the holder of the repair station certificate described in these operations specifications in Part A paragraph A001 and any of its officers, employees, or agents used in the conduct of operations under this certificate.

CFR

Code of Federal Regulations

Class rating

As used with respect to the certification, ratings, privileges, and limitation of aircraft within a category having similar operating characteristics.

**Domestic Repair
Station**

A certificated repair station located in the United States.

Exemption

An authorization that permits an alternate means of compliance with a specific CFR. The exemption must meet the procedural requirements of CFR 14, Part 11.

**FAA Accountable
Manager**

A person designated by the certificated repair station who is responsible for and has authority over all repair station operations that are conducted under 14 CFR Part 145, including ensuring that the repair station's personnel follow the regulations and serving as the primary contact with the FAA.

FAA Form 8000-4-1

The FAA Form 8000-4-1 has been replaced with the form contained within this operations specifications application (OPSS) for the generation of the 14 CFR Part 145 Repair Station Operations Specifications.

Foreign Repair Station

A certificated repair station located outside of the United States.

**Geographic
Authorization**

An approval provided to a foreign repair station to perform maintenance support under contract for a U.S. air carrier, or operator of U.S. - registered aircraft under 14 CFR Part 129, at a location other than the repair station facility. A geographic authorization is issued by the FAA to respond to the need of a U.S. air carrier or Part 129 foreign operator for maintenance at a station where the frequency and scope of that maintenance does not warrant permanently staffing and equipping the station for its accomplishment.

JAA

Joint Aviation Authority

**JAA Accountable
Manager**

The manager who has corporate authority for ensuring that all maintenance required by the customer can be financed and carried out to the standard required by the JAA full member Authority.

Limited Rating

Rating issued to repair stations for the performance of maintenance on particular makes and models of airframes, powerplants, propellers, radios, instruments, accessories, and/or parts.

**Limited Ratings -
Specialized Services**

Rating issued for a special maintenance function when the function is performed in accordance with a specification or data acceptable to the Administrator.

Line Maintenance

Any unscheduled maintenance resulting from unforeseen events; or scheduled checks where certain servicing and/or inspections do not require specialized training, equipment, or facilities.

Maintenance

The inspection, overhaul, repair, preservation, and the replacement of parts, but excludes preventive maintenance.

**Maintenance
Implementation
Procedures (MIP)**

Procedures for implementing the provisions of a BASA that apply to maintenance.

MOE

Maintenance Organization Exposition - Pertains to Joint Aviation Authority member countries that use an MOE in place of a Repair Station Manual and a Quality Control Manual.

**Preventive
Maintenance**

As defined in Appendix A subparagraph (c) of 14 CFR Part 43.

QCM

Quality Control Manual

RSM

Repair Station Manual

**Substantial
Maintenance**

Any activity involving a C-check (routine airframe maintenance) or greater maintenance; any engine maintenance requiring case separation or teardown; and/or major alterations or major repairs performed on airframes, engines, or propellers.

A449 . Antidrug and Alcohol Misuse Prevention Program

HQ Control: 07/17/2009

HQ Revision: 00a

- a. The Part 145 repair station certificate holder has elected to implement an Antidrug and Alcohol Misuse Prevention Program, because the certificate holder performs safety-sensitive functions for a 14 CFR Part 121, and 135 certificate holder and/or for a 14 CFR Part 91 operator conducting operations under Section 91.147.
- b. The certificate holder certifies that it will comply with the requirements of 14 CFR Part 120 and 49 CFR Part 40 for its Antidrug and Alcohol Misuse Prevention Program.
- c. Antidrug and Alcohol Misuse Prevention Program records are maintained and available for inspection by the FAA's Drug Abatement Compliance and Enforcement Inspectors at the location listed in Table 1 below:

Table 1	
Location & Telephone of Antidrug and Alcohol Misuse Prevention Program Records:	
Telephone Number:	A1 (423) 325-6900
Address:	2695 Highway 25
Address:	N/A
City:	Blountville
State:	TN
Zip code:	37617

d. Limitations and Provisions.

- (1) Antidrug and Alcohol Misuse Prevention Program inspections and enforcement activity will be conducted by the Drug Abatement Division. Questions regarding these programs should be directed to the Drug Abatement Division.
- (2) The certificate holder is responsible for updating this operations specification when any of the following changes occur:
 - (a) Location or phone number where the Antidrug and Alcohol Misuse Prevention Program Records are kept.
 - (b) If the certificate holder's number of safety-sensitive employees goes to 50 and above, or falls below 50 safety-sensitive employees.
- (3) The certificate holder with 50 or more employees performing a safety-sensitive function on January 1 of the calendar year must submit an annual report to the Drug Abatement Division of the FAA.
- (4) The certificate holder with fewer than 50 employees performing a safety-sensitive function on January 1 of any calendar year must submit an annual report upon request of the Administrator, as specified in the regulations.

The certificate holder has fewer than 50 safety-sensitive employees.

1. Issued by the Federal Aviation Administration.
2. These Operations Specifications are approved by direction of the Administrator.

D100 . Work to be Performed at a Place Other Than the Repair Station Fixed Location(s) HQ Control: 11/16/2004
HQ Revision: 050

- a. The certificate holder may perform work at a place other than its Fixed Location (as listed in paragraph A001, and paragraph A101 if issued, of these operations specifications) provided it has the facilities, material, equipment and technical personnel to perform the work authorized in the following table.

Table 1

Work Authorized	Repair Stations Manual References	Quality Control Manual References
Limited to work authorized IAW Paragraph A003.	Repair Station Manual, Section VI	N/A

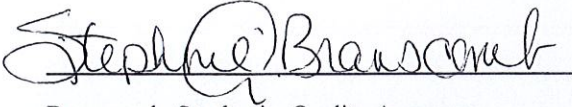

- b. The certificate holder may not perform continuous operation at a facility other than the station's Fixed Location listed in paragraph A001, and paragraph A101 if issued.
- c. Line Stations . Privileges of a line station, as set forth by the EASA certificate and scope of work and located within the country where the main facility is domiciled are listed in Table 1 are authorized.
- d. Work may be due to a special circumstance or on a recurring basis. If on a recurring basis, the repair station must have procedures in its manual.

Wysong Enterprises, Inc.
Repair Station – Capabilities List
Issue Date: 06-01-10
Revision 7

Introduction

The Capabilities List has been prepared in accordance with the Federal Aviation Regulations (FAR's) and the policies of Wysong Enterprises, Inc.

This Capabilities List specifies the units that this Repair Station is authorized to repair, alter, or maintain in accordance with the approved Inspection Procedures Manual. The purpose of the capabilities listing is to provide, in writing, a roster of the FAA-approved units that this Repair Station is authorized to return to service. This Repair Station will not maintain, alter, or repair any FAA-approved item for which it is not rated according to this capabilities list.

Each supervisor and inspector working for this repair station will have a current copy of this manual and should thoroughly understand its contents. It will also be available to other repair station personnel as well as to customers.

Manual Control

Each manual will have a control number and an assignment entry on the manual cover page. A master list containing the manual number, location and revision status will be kept in the President's Office.

The President will have any revision coordinated with the FAA FSDO office. Upon approval by the FAA, sufficient copies will be made and distributed to provide a current revision copy for each manual holder.

Upon receipt of a revision, each manual holder will be responsible for inserting the revised pages in its manual, record the revision on the manual's record of revision page and return the acknowledgment form (provided with the revision) to the President showing the holder has revised its manual.

A list of effective pages will be issued with each revision so each manual can be checked and kept current.
