ReliaCard provides a safe, secure payment option for UI claimants

Executive Summary

Providing Claimants with a Flexible, Reliable Payment Option

Having had the privilege to partner with state unemployment disbursement card programs since 2001, U.S. Bank looks forward to extending our prepaid card services to Workforce West Virginia, Unemployment Compensation Division (Agency) and your claimants. Implementing our ReliaCard program achieves the Agency's goal of 100 percent electronic deposit by providing an Electronic Payment Card (EPC) to your claimants with no interruptions in service.

Over the past 18 years, we have provided a safe, secure payment option for claimants to receive unemployment disbursements via a prepaid card that provides the convenience of easily obtaining cash, using the card for daily shopping needs and easily avoiding unnecessary fees. U.S. Bank is the leading provider of state workforce/unemployment insurance prepaid card providers in United States. We partner with 16 states for unemployment insurance prepaid card services including several long-standing neighboring states including Pennsylvania and Ohio. Even with our successful market leadership, we have not lost sight of the fact that the ultimate beneficiaries of our services need a steady, reliable program that ensures their funds are available promptly and are easy to use. The ReliaCard program delivers on this premise every day. Their satisfaction, and yours, remain our highest priority.

Providing Cardholders with Consistent, Fair, Responsive Service

In selecting an EPC provider, one consideration for the Agency is very likely maintaining a card program that provides prompt payment to recipients from a trusted bank with strong national market presence. U.S. Bank is a familiar and trusted national bank. Our relationship with the state of West Virginia is broad based and includes being the ACH bank for the State and various Corporate Trust relationships and provider of P-card, and payroll prepaid card (Focus Card) and State pension payments (ReliaCard). We also provide ReliaCard services to the Clarksburg-Harrison Regional Housing Authority and Parkersburg Housing Authority.

Additionally, we also understand the State's interest in offering low cardholder fees and maximum spending flexibility. By transitioning your program to U.S. Bank, you can achieve this goal and feel confident that your claimants will not only receive the funds they need on the day you specify, but also have exceptional flexibility in use and support of their card. Your recipients can use their ReliaCard anywhere Visa is accepted—including thousands of locations in West Virginia. Claimants selecting ReliaCard will have access to the necessary tools to access their funds, monitor card transactions and card balance, and request assistance when they need it. Your cardholders will appreciate the wide-range of free cash access options. In West Virginia alone, our surcharge-free network spans all 55 counties in the state and includes 524 U.S. Bank, Allpoint, MoneyPass and NYCE SUM ATM locations and 1,764 Visa banks and credit unions for teller cash withdrawals—**this provides full in-network ATM service to every county in West Virginia.** They will also have the resources they need to keep track of their accounts at their convenience.

KEY POINT

We offer multiple flexible, convenient options for cardholders to manage their funds anytime, anywhere.

When our cardholders have questions, they have multiple avenues to access their account information. With our informative, secure and easily accessed website and mobile app, West Virginia claimants are able to access their account information and easily track spending. And they have the option to call our 24/7 customer service center to gain assistance with balance information or ask question of our customer service representatives. To stay abreast of their account, they can also enroll in our text or email alerts or they can access account balance or transaction information with two-way text messaging.

With U.S. Bank, security is also a strength. Our prepaid card solution has a strong security infrastructure that includes PCI and SOC certifications and vigilant security oversight by our Information Systems Security team. And our backup and recovery systems are closely monitored by federal agencies and provide reassurance to the Agency of our ability to provide continuity of services in the future.

The ReliaCard solution has been widely accepted and well-received by more than 850,000 claimants. We consistently obtain high satisfaction rating from our cardholders. In our most recent cardholder survey, 92 percent of cardholders rated themselves as satisfied with their ReliaCard provided by U.S. Bank. They cite the no/low usage fees, savings account feature, and email and text alert notifications as significant-value added services. With such a positive perception of the card program by claimants, moving forward with us just makes sense.

92% of cardholders surveyed rated themselves as satisfied with their ReliaCard provided by U.S. Bank

Providing Assistance Everyday

A dedicated team of U.S. Bank resources will manage your EPC program and work with you to provide recommendations for improved efficiencies and identify areas of continued expansion. Kelli Keller, relationship manager, will be your primary point of contact. Kelli currently works with the State Treasurer's office in support of the U.S. Bank Focus Card program used by your state payroll department and ReliaCard program for pension payments. She will be supported by Diane Gard, senior relationship manager, Tyler Vickery, sales manager, and James Homer, national sales manager, to ensure your team has support around-the-clock. In addition to this dedicated support team, U.S. Bank has a full staff of dedicated personnel to support our prepaid operations. Our product, operations, customer service and technology teams are there as back up and to serve our clients and cardholders every day.

A hallmark for U.S. Bank is our ability to launch our programs on time. We have maintained a **100% success rate** in meeting client-established implementation deadlines. We use the lessons we have learned over nearly two decades in the prepaid space to understand client needs and to make suggestions for improvement and greater efficiency during and after the implementation process.

With U.S. Bank's commitment to customer service and nearly 20 years' experience implementing complex government programs, you can be confident that the entire team (yours and ours) will be ready to issue cards by our agreed upon launch date with the technology in place and training completed. As with all our clients, we will provide project leadership and technical assistance to bring the Agency online with the ReliaCard program for their unemployment distributions.

As an example of the assistance we provide to our clients, we transitioned an Unemployment Insurance (UI) program from a previous card provider to U.S. Bank for the Commonwealth of Pennsylvania, Department of Labor & Industry (the Commonwealth)—a program similar to the Agency—in 14 weeks starting June 23 to October 1, 2015. By creating concrete groundwork, we were able to gather information upfront and throughout the entire implementation process that aided both teams in breaking down potential barriers and avoid delays. We supported the entire process with coordinated weekly status calls, ongoing testing, troubleshooting and communication strategy discussions.

From the beginning of the implementation, all parties were committed to maintaining clear, ongoing communication. The timing and frequency of meetings was a joint collaboration between us and the Commonwealth to ensure all parties have regular opportunities for communication. We scheduled weekly implementation calls to move the project forward and developed project plans and timelines to keep everyone on track. During the early phases, the Commonwealth expressed concerns that cardholders should receive appropriate information on the change in vendors. We responded with a well-executed direct mailing campaign. We sent out three letters to ensure their current cardholders understood what to expect due to the switch in providers. As a result of our successful planning and collaboration, the Commonwealth's team members were very pleased with the well-organized and executed implementation of this program.

Financial Support to Assist in Transition

A successful and smooth transition from the Agency's previous UI Benefits Debit Card provider is of utmost importance to U.S. Bank. We have a strong track record of successfully transitioning UI debit card programs to U.S. Bank. Our goal is to make the transition as seamless as possible for the Agency and for your benefit recipients. **To support this initiative, U.S. Bank has up to \$50,000 available in our technical implementation fund for the Agency to help absorb potential costs associated with the prepaid card implementation.**

Through the information communicated in our response we sincerely hope you see the level of expertise and commitment we have to the government prepaid industry. Should the Agency make the decision to further consider U.S. Bank as their next partner, we welcome any discussions/negotiations to come to agreement on a mutually beneficial and sustainable long-term partnership between U.S. Bank and the Agency. We are committed to supporting your claimants, supporting your business activities and are looking forward to demonstrating our expertise.

Section 3 General Requirements

3.1 Contract Items and Mandatory Requirements

Vendor shall provide Agency with the Contract Items listed below on a continuing basis. Contract Items must meet or exceed the mandatory requirements as shown below.

3.1.1 The Electronic Payment Card (EPC)

3.1.1.1 The EPC must be accepted at more than 30,000 locations worldwide;

Agreed. The ReliaCard uses the VISA network, which is accepted at more than 38 million locations worldwide.

3.1.1.2 The EPC must be accepted by any participating merchant that accepts VISA or Equal, MasterCard or Equal;

Agreed. Cardholders can use their ReliaCard wherever Visa debit is accepted, including commonly frequented retailers like grocery stores, pharmacies and gas stations. Cardholders can also use their ReliaCard to make Internet, mail order and telephone purchases.

3.1.1.3 The EPC must allow for a PIN based and/or signature-based purchases;

Agreed. The ReliaCard program will utilize Visa-branded prepaid cards that operate within the Visa Interlink and Maestro debit merchant networks for signature-based, PIN-based and cash back transactions.

3.1.1.4 The EPC must perform through an operating ATM network and allow for withdrawal of cash through a normal ATM transaction;

Agreed. ATM access is an extremely important aspect of any government benefit EPC program. ReliaCard contains the technology required to operate at any ATM locations in the Visa PLUS network for the withdrawal of cash through a normal ATM transaction – including nearly 2 million locations worldwide.

3.1.1.5 The EPC should be valid for a period of thirty-six (36) months;

Agreed. The ReliaCards expire every three years and automatically are reissued, assuming the account is still active. New cards are mailed to the cardholder's address of record approximately 45 days prior to the card expiration date and have a new three-year expiration timeframe.

Upon receipt of the reissued card, the cardholder will be instructed to destroy the old card and activate the new card via IVR. During this transition period the old card remains completely open, accessible and useable until the new card is activated, ensuring that there is never a gap in card accessibility.

3.1.1.6 The EPC must be reloadable, meaning the Agency through the vendor can transfer additional payments to the card.

Agreed. Our ReliaCard program will be established as non-portable, ensuring only funds initiated by the Agency are allowed. Neither the cardholder or any other entity is permitted to add funds to the ReliaCard account. Credits from merchants who are making refunds of authorized purchases

or corrections for erroneous or canceled transactions will be allowed. The cards are funded via ACH and the Agency can load as many times a month as they'd like.

3.1.1.7 The EPC must have stored value; possible agency weekly monies transferred to the card can range from \$24.00 - \$424.00. If multiple weeks are processed, this amount could be larger. The stored value on any card will vary depending on the amount the agency transfers and the amount each cardholder removes.

Agreed. The Agency has the capability to load the card as often as they would like in the amount they deem appropriate. There is no minimum balance or load amounts to the cards.

3.1.1.8 The EPC will not have a line of credit associated with it;

Agreed. ReliaCard does not incorporate a line of credit or have any other ties to credit products or their functionality. If a cardholder attempts a transaction for more than their balance, it will simply decline at the point of sale (at no fee to the cardholder).

3.1.1.9 The EPC must support Point of Sale and cash back option (not limited by the Agency)

Agreed. ReliaCard can be used anywhere Visa is accepted. Cardholders can receive cash back with purchase at participating merchants through a PIN-based transaction.

3.1.1.10 The EPC must support on-line and phone purchase capabilities;

Agreed. Visa branding provides almost universal acceptance, including online and phone purchases. ReliaCard embossed with a 16-digit card number, expiration date and security code that can be used to make card-not-present transactions.

3.1.1.11 The EPC must provide for Real Time Processing;

Agreed. Our state-of-the-art processing platform and wholly owned subsidiary, FSV Payment Systems, uses our proprietary technology built specifically for prepaid cards. This delivers the fastest possible processing speed and greatest cardholder experience. Cardholder transactions are processed and posted to the account immediately, ensuring an accurate available balance in real-time. That balance can be viewed online or via the mobile app, toll-free IVR, at an ATM or two-way text. All transaction information is password-protected and available to the cardholder only.

Our flexibility in developing prepaid card programs is derived from a configurable, rules-based and parameter-driven processing system that is adaptive to the requirements of any number of program variables. The FSV processing platform is also used by four of the 10 largest prepaid issuing banks—providing proven confidence in our ability to support large and varied programs by leaders in our industry.

3.1.1.12 The EPC must not require a bank account relationship or credit approval of the cardholder;

Agreed. The EPC is set up as a prepaid card account and does not extend a line of credit. Therefore, neither a bank account relationship or credit approval is required by U.S. Bank to open an account.

The successful vendor:

3.1.1.13 The successful vendor should provide three letters of reference with their bid response from entities, other than individual cardholders, wherein vendor provided electronic payment services, such as counties, cities and other government programs. This information will be required before issuance of contract award.

Agreed. U.S. Bank has the knowledge, expertise and experience to successfully implement and manage government programs for a wide range of clients. We welcome the opportunity for the Agency to speak to our current clients. We have selected three state agency clients for which we currently provide ReliaCard services that are of similar size and scope of the services as those outlined in this proposal. Each individual listed can speak to their prepaid card experience with U.S. Bank and have agreed to speak with you regarding our services. We have included the letters of reference in Appendix C.

We have also included a reference from the state of West Virginia Treasurer's office. We provide electronic payment services for payroll and pensions to them and they have agreed to be a reference for U.S. Bank as well.

- **Mailed Disclosures** – Throughout the lifetime of the program, cardholders will receive compliance disclosures, statements and other communications via the regular mail and email.

3.1.1.15 The successful vendor must provide a designated informational page on vendor's website for cardholders of the Agency unemployment payment cards to provide them with an accessible list of fees attributable to the unemployment EPC card, a current list of in-network statewide ATM's, and detailed contact information for their customer service. The web page should be accessible without cardholder having to create a login.

Agreed. We will provide the Agency with a webpage for cardholders of the Agency to access Consumer Financial Protection Bureau (CFPB) compliant Short and Long Forms (including fees attributable to the unemployment EPC card, lists of in-network statewide ATM's, and contact information for customer service). The web page will be accessible on all pre-card activation basis, meaning the claimant does not need to have a card or create a log in to view the required information.

With the recent CFPB change, all existing U.S. Bank government clients were provided with the new CFPB pre-authorization disclosure forms well in advance of the April 2019 deadline. By being proactive and diligently working with our clients, we have made the new pre-acquisition disclosures available to our government clients and have helped them create or modify print materials, websites and telephone scripting materials and processes. We have also updated our processes for managing new client implementations to include guidance on integrating CFPB pre-acquisition disclosures into your existing claims processes and providing compliant pre-acquisition disclosure materials. Ensuring the Agency is compliant with CFPB requirements and recommended best practices will be a key component of U.S. Bank's ReliaCard implementation plan for the Agency.

3.1.1.16 The successful vendor must provide to the Agency, prior to award, the vendor's website hyperlink to the informational page referenced in 3.1.1.15.

Agreed. The link to our cardholder website is www.usbankreliacard.com. At this time, anyone can view card usage tips, FAQs, ATM offerings and easily contact customer service all without having to log in. As noted above, as part of our CFPB compliance, we will provide the Agency with a

website for cardholders of the Agency unemployment payment cards to access that contains compliant Short and Long Forms (including fees attributable to the unemployment EPC card, links to in- network statewide ATM's, and contact information for customer service). The web page will be accessible on a pre-card acquisition basis, meaning the claimant does not need to have a card or create a log in to view the required information. The West Virginia specific page will be live after award and prior to launch of the program.

3.1.1.17 The successful vendor must allow a new card to be requested by the Agency for next day business delivery, free of charge, upon the detection of vendor or Agency error. Upon receipt of Agency email or telephone request, vendor will process card as follows: Requests received prior to 3:00 p.m. Eastern Standard Time are to be processed the same business day; requests received after 3:00 p.m. Eastern Standard Time are to be processed the following business day.

Kelli Keller, relationship manager, can assist in resolving an error in card issuance. She can facilitate a card reissue/change and will process the request as quickly as possible. Any request provided after 7 a.m. are typically processed the next business day. We can help decrease the delivery time of the card by requesting expedited delivery and it is a best practice of ours to waive the fee for that service.

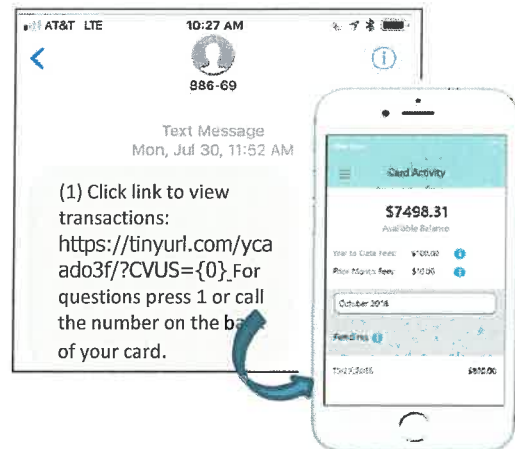

3.1.1.18 The successful vendor must allow a new card to be requested by the cardholder in cases of a lost, stolen, damaged, etc. Provide unlimited calls each month to a toll-free domestic customer service support, located within the geographical boundaries of the United States with a live representative between the hours of 8:00 am and 6:00 pm Eastern Standard Time Monday thru Friday; The option to speak with a Live Customer Service Representative must be easily accessible from the main menu as a selection on the vendor's toll- free line for cardholders.

Responsive IVR System Allows Direct Access to CSRs

Agreed. U.S. Bank far exceeds your requirement. ReliaCard cardholders can make unlimited calls to our domestically based live customer service representatives 24/7/365, without ever incurring a fee, allowing them to request a new card if their card is lost, stolen, damaged, etc. We have found that cardholders are most comfortable speaking to a live representative to request a new card due to the sensitive nature of the information gathering required. Our IVR system allows them to easily select and reach a representative. From the IVR system, cardholders are able to:

- Easily select to speak to a live customer service agent.
- Obtain account information (current balance and last 10 transactions including deposits and purchases).
- Activate their card and change/update their PIN.
- Request a replacement card.
- Report a lost or stolen card.
- Enroll in alerts.

- Access bill pay.
- Request paper statements.
- Access their account using Visual IVR – **A NEW, exclusive, innovative service** – This new customer service IVR feature was launched in September 2019 and we are already seeing quick adoption and cardholder use. It allows the cardholder to obtain a text containing a link to view the requested information on their smartphone (shown to the right). This feature allows cardholders to view multiple transactions and scroll through them to verify each transaction, offering a fast, visual way to monitor transactions. If a cardholder needs additional assistance, they simply text back 1 to quickly re-enter the IVR system and request to speak to a CSR if needed.

As is our standard security practice, the customer service representative (CSR) will verify the cardholder’s identity by requesting the last four digits of their Social Security number prior to deactivating the old card so it cannot be used. There is no cost to the Agency or the cardholder when the card is shipped via standard USPS delivery. Cards can also be shipped using expedited delivery methods at the cardholder’s request for an additional fee.

To speed up the process for future calls, our IVR recognizes the phone number the caller is using and ties it to their card account. When the cardholder calls the IVR from that phone number in the future, they will not have to enter their full card number and can go straight to identity verification. If a phone number has multiple card accounts tied to it, the cardholder will be asked to enter the last four digits of the specific card they are calling about.

3.1.1.19 The successful vendor must ensure that an answer by a live representative and the average on-hold time for the toll-free customer support is ten (10) minutes or less combined.

Agreed. U.S. Bank is currently far exceeding this requirement with our current clients. Our standard time to answer is 80 percent of CSR-assisted calls will be answered within 45 seconds of the call being transferred from our IVR.

3.1.1.20 The successful vendor must provide, at a minimum, English and Spanish options for all automated inquiries;

Agreed. Cardholders need to feel confident that they will be able to access help quickly in a language they are comfortable using. When they call our customer service number, they are given the option to continue in either English or Spanish as soon as their call is answered or they can proceed with the use of Telecommunications Relay Services. If they elect to talk to a customer service representative, their call will continue in either English and Spanish (available 24/7/365). We also partner with a 24/7/365 language translation service that supports nearly 200 languages, ranging from Spanish and Chinese to Pidgin and Tagalog. Through the language line, our CSR’s can easily conference in a professional interpreter to help understand and respond to the cardholder’s request.

- SLA level achieved.
- Average handle time.
- Top five reasons for talking to live agents.

3.1.1.22 The successful vendor must establish a unique ID number for each cardholder upon receipt of the Agency's daily enrollment data file;

Agreed. Once a new enrollment file is received from the Agency, a new card account is created for each record immediately upon processing the file. Individual funding account numbers are created and provided back to the Agency in the enrollment acknowledgment file that is sent within two hours or less of processing the file. The Agency can begin funding the ReliaCard accounts immediately upon receipt of the acknowledgement file, even the same day on newly established accounts.

3.1.1.23 The successful vendor must mail the initial card to the cardholder, at no cost, the following business day after receipt of the Agency 's daily enrollment data file.

Agreed. The card order is then sent to our card provider who will produce and ship personalized cards the next business day after receiving the enrollment data file. Cards are shipped first-class mail via the U.S. Postal Service. This process allows for us to process enrollments and mail completed card the next business day.

3.1.1.24 The successful vendor must provide the ability to fund EPC's from the Agency's multiple bank accounts.

Agreed. The cards can be funded by the Agency's choice of bank accounts with no fee from U.S. Bank Prepaid. Our onboarding team will work with you to easily capture the remitter and test funding from your accounts prior to launch.

3.1.1.25 The successful vendor must provide a new card to the cardholder each time the name field is changed, at no charge;

Agreed. A cardholder requesting a new can be replaced free of charge for any reason (including name changes) by simply calling a live customer service agent and asking for one. And in the case of a demographic change, that can be handled at the same time. For name changes via ReliaCard customer service, the cardholder is responsible for providing legal documentation supporting the name change before a new card can be issued. The Agency may prefer to enter the name change by updating the cardholder record on the ReliaCard administrative website.

3.1.1.26 The successful vendor must process files that load value on the cards and transfer funds to claimant's designated method of payment (direct deposit or EPC) by the next business day after the funds are sent by the agency through Fedwire and are deposited with the vendor (Note: The vendor also receives a daily NACHA file that contains pertinent information like effective date of deposit and enrollment files);

Agreed. All ACH files received are processed according to the processing time stamp (effective date) on the ACH file, allowing us to deposit funds into individual accounts as directed by the Agency. Funds are available to the cardholder immediately upon being processed/posted to the account.

Our processing system processes incoming ACH files based on the funding windows outlined below. If a new file is present and the processing time stamp on the file is in the past, the file will be immediately processed. If the processing time stamp on the file is in the future (defined by the effective date of your ACH file), the file will be moved to a separate folder to be processed at the specified time, which is rechecked/processed every 15 minutes.

3.1.1.27 The successful vendor must provide monthly statements by US mail to cardholder, if cardholder requests paper statements; on-line statements are to be provided at no charge to the cardholder;

Agreed. In compliance with Regulation E, we inform all cardholders of all card activity. All ReliaCard accounts are setup with itemized details of their most recent transaction and online monthly statements via the ReliaCard program website. If a cardholder prefers monthly paper statements to be mailed, they can easily opt-in for paper statements via the ReliaCard program website.

3.1.1.28 The successful vendor must provide text alerts of deposits credited to the card if the cardholder enrolls for text alerts on the vendor's website;

3.1.1.29 The successful vendor must establish an automated procedure for an electronically secure data connection to accept the data file transmission on a daily basis (i.e., new enrollments, address/telephone updates), requiring no additional manual entry of data by the Agency after initial claim entry;

Agreed. U.S. Bank will provide the Agency a pre-defined automated enrollment and load process to submit batch files and synchronization files directly to our secure server. During the onboarding

process, our skilled and experienced project managers will work closely with you to establish an agreed upon procedure that requires the least amount of Agency resources. We have been highly successful in this regard and have transitioned many programs with wide-ranging file formats. The U.S. Bank preferred format is comma-delimited using PGP encryption and sent via Secured FTP (SFTP). We can also easily set up APIs at the Agency's request.

3.1.1.30 The successful vendor must provide the capability and work with the Agency to automate the daily enrollment file and provide a daily report of the enrolled cardholders on a spreadsheet;

Agreed. To ensure your new cardholders receive their card promptly, the Agency will send U.S. Bank batch enrollment files on a daily basis. U.S. Bank provides both a secure batch file enrollment process that can be sent via SFTP or uploaded to our secure administrative portal. Batch file enrollment allows you to compile new account information for as many cards as necessary and transmit the information in one file to U.S. Bank.

All data provided using the batch upload process will be echoed back in the same format and placed on the Agency's server. Within the returned file, each line item within the file will have a confirmation or failure message appended to the line item so as to provide the Agency with absolute confirmation of what transpired on the processing platform. Your administrator will also have access to a Card Account Detail report, which is one of our standard report offerings. This report provides a summary of cardholder information such as account and routing numbers, card ID, name, address, card status (active, inactive, etc.), mail date, fulfillment date, registration date, activation date and last load date. A portion of that summary report format is illustrated below.

Card Account Detail Report

				55555555	888888888888

Administrative changes such as updates to registration data, address and additional loads processed are managed through a synchronization file with the same confirmation file process as the initial files. If the Agency requires an alternate secure file transmission format, this can be discussed and agreed prior to implementation.

3.1.1.31 The successful vendor must establish, in conjunction with the Agency, an interface for the receipt of batch information daily via automatic file transfer that requires no prompting by the Agency.

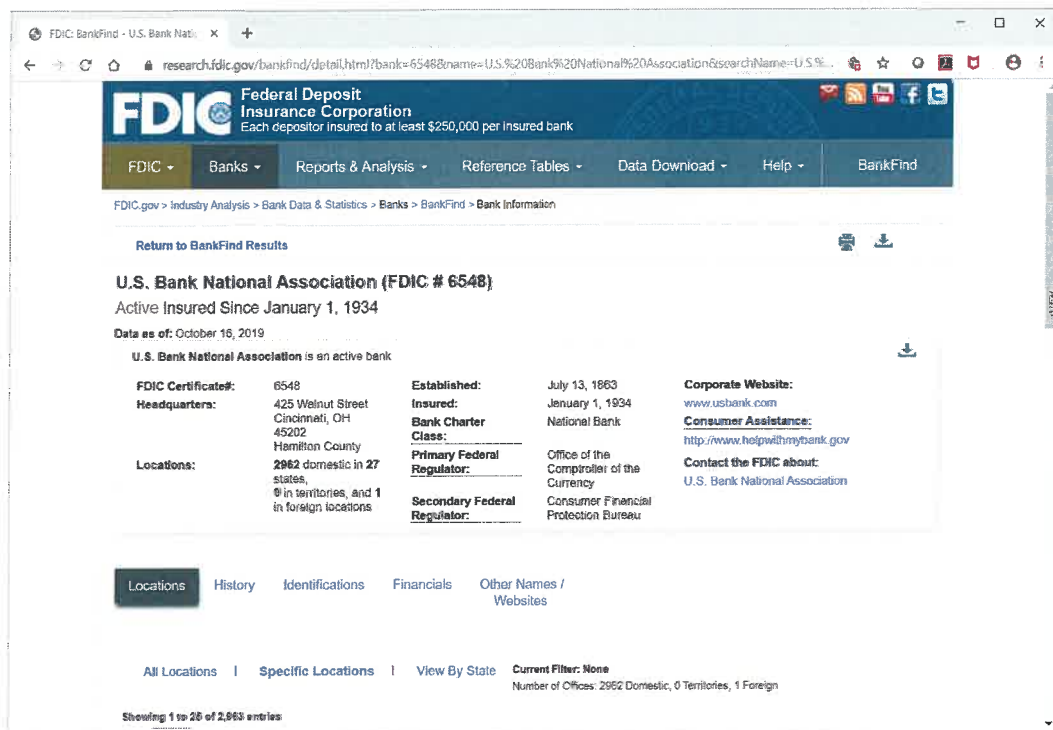

Our goal is to simplify the end-to-end card management process for the Agency, so all administrative functions for our card programs are web-based or use current existing business technologies such as ACH funding and SFTP or API data transfer. The Agency will not be required to install new hardware or software to run the prepaid card program, nor will you have to integrate your current software or hardware into our system.

The current technical minimums required to manage a prepaid card program are:

- **For Card Funding** – The ability to initiate loads via standard NACHA-approved ACH PPD format.
- **For Enrollments, Program Access and Maintenance** – Internet access, current browser and secure file transfer protocols (SFTP) or APIs to further automate data transfer, if desired.

3.1.1.32 The successful vendor must be Federal Depository Insurance Corporation (FDIC), Federal Savings and Loan Insurance Corporation (FSLIC), or National Credit Union Share Insurance Fund (NCUSIF) insured and affiliated with the VISA or Equal or MasterCard or Equal system. Certificate of Insurance should be submitted with bid response. Certificate of Insurance will be required before contract is awarded.

U.S. Bank is FDIC insured. The U.S. Bank FDIC certificate number is 6548. Confirmation of U.S. Bank’s membership in the FDIC is illustrated by the current screenshot obtained by visiting <http://www.fdic.gov>. U.S. Bank is affiliated with both Visa and Mastercard. We will be using Visa as the brand for this program. A Certificate of Insurance has been included in Appendix D.

3.1.1.33 The successful vendor must comply with all state and federal banking regulations and laws.

Agreed. U.S. Bank has designed all our prepaid cards so implementation and daily operations fully comply with the regulatory requirements by which we, as a financial institution must abide. They are also set up to enable our clients to be compliant with applicable laws regarding the issuance and use of prepaid cards. A detailed list of regulations with which we comply is included below.

3.1.1.34 The successful vendor must not deny enrollment to any Unemployment Insurance (UI) claimant referred by the Agency for participation in the EPC program. Claimant is not a cardholder until enrollment has occurred.

Agreed. U.S. Bank will comply, except where federally-restricted. To comply with the USA PATRIOT Act and the Office of Foreign Assets Control (OFAC) standards, each cardholder will be put through an OFAC screening. Any issues arising from the screening will be resolved by U.S. Bank directly with the cardholder in accordance with federal guidelines. The primary reason any cardholder would be denied a card is if they are confirmed to be on a sanctioned list. In the rare situation where a recipient is confirmed to be on a sanctioned OFAC list or other federal government watch list, U.S. Bank is bound by federal law and cannot allow that recipient to use the funds posted to the card account.

3.1.1.35 The successful vendor must not allow the cardholder to make deposits or add value to the card.

Agreed. Our ReliaCard program will be established as non-portable, ensuring only funds initiated by the Agency are allowed. Neither the cardholder or any other entity is permitted to add funds to the ReliaCard account. Credits from merchants who are making refunds of authorized purchases or corrections for erroneous or canceled transactions will be allowed.

3.1.1.36 The successful vendor must not allow the cardholder to obtain checks or negotiate checks against the card.

Agreed. ReliaCard does not incorporate the use of paper checks. Cardholders will not be able to negotiate checks against the card account.

3.1.1.37 The successful vendor must allow the Agency to approve all instructional material associated with the card; (approval must be received by Workforce WV before any materials are distributed to the Cardholder) and provide the Agency all

finalized and approved educational and instructional material prior to distribution to the cardholder.

Agreed. Claimant communications are a true ReliaCard strength! We will work with you to ensure that UI cardholders are fully-informed at all times. Our prepaid marketing team (dedicated solely to our business line) will meet with Agency administrators early and often in the implementation process to develop and finalize all cardholder communication materials.

ReliaCard instructional material will be submitted to the Agency for approval before they are distributed to the cardholder. We will provide the Agency with all finalized and approved educational and instructional material prior to distribution to the cardholder. This approval is obtained as part of our onboarding process. Furthermore, if the Agency wants to update the marketing materials during the contract period, we can work with you to complete the project and secure any necessary approvals.

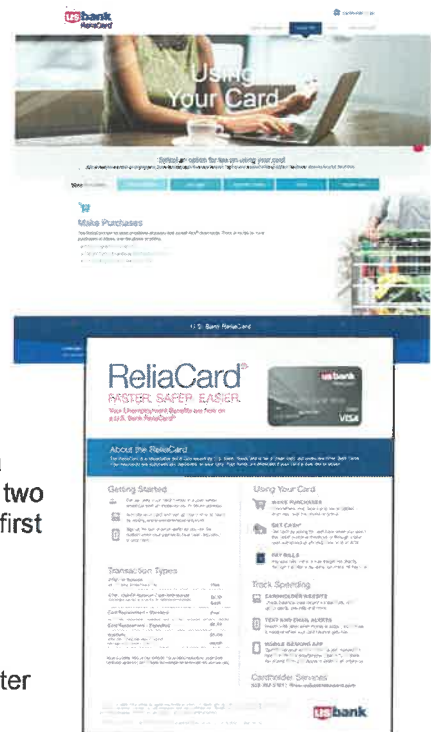

Ensuring current cardholders are comfortable with a change in providers

Our onboarding project manager will schedule web-based administrator training sessions where we walk your team through collaboratively assessing your program's transition communication and marketing needs. We will assist you in developing the optimal marketing and educational campaign strategy and developing the necessary collateral to inform and educate your claimants about the prepaid card.

This phase is crucial to help ensure the success of your program, as is the process by which future enrollees will be informed of their options for receiving their disbursements. Whether your current process includes posting announcements on the Agency website, providing information as part of the initial benefits application, or another method, we can work with you to help you update your materials with ReliaCard details. Our team will work with you to develop any necessary communications you need for outside parties (e.g., employers, agencies, etc.) who may be involved in working directly with your claimants enrolling in the ReliaCard program.

In order to help ensure your current cardholders experience a smooth transition to the ReliaCard program, we will distribute **two** letters to cardholders alerting them of the change prior to the first funding date. We will also work with you to post alerts on the Agency's website. The letters your cardholders will receive include:

- **Communication of change**—U.S. Bank will send this letter out approximately 45-60 days before the new ReliaCard program launches. The letter will alert cardholders that the Agency will soon be switching from your current provider to the U.S. Bank ReliaCard, and to watch for additional information prior to receiving their new card. We will prepare the letter and send it to your team for approval. Once approved, we will coordinate its distribution based on an enrollment file of cardholders you send to us.
- **Cards are on the way**—Approximately three weeks before the first ReliaCard funding date, we will send another letter alerting cardholders that their card is on the way. The letter will let them know when the Agency will stop funding their old card and start funding the ReliaCard. It will also instruct them that they can continue to use their old card until the balance reaches \$0 and remind them to update any auto-payments to the new card account.

Website and Mailings

In addition to the card package sent to each new cardholder, all of the same information plus a comprehensive list of FAQs will be provided for posting on the Agency website. Ongoing, additional reminders and other informational collateral can be provided as stuffers for mailing to cardholders. Through this function, U.S. Bank has the ability to be proactive and openly communicate to cardholders about legislative or regulatory changes that impact their card and their use. Please see samples of our web-accessible FAQs in the provided ReliaCard FAQs in Appendix G.

- 3.1.1.39 The successful vendor must provide the Agency with a designated Code Reference Sheet that lists the banking codes associated with the following transactions: Approval Codes, Type Codes, Card Status Codes, Account Status Codes, Program Types, Primary/Alternative Codes, POS Terminal Error Codes and Client (Customer) Search Codes;

Agreed. Code reference sheets will be provided to the Agency detailing approval codes, type codes, card status codes, account status codes, program types, primary/alternative codes and client (customer) search codes to ensure complete understanding of the program.

- 3.1.1.40 The successful vendor must mail the EPC card and all correspondence to the cardholder in envelopes that indicate the mailing is coming from the Agency rather than the financial institution, to avoid inadvertent disposal of mailings due to the assumption of the mail being "junk" mail or solicitations.

Agreed. We will work with the Agency to ensure the card mailing is clearly identified as coming from the Agency to avoid inadvertent disposal of the mailing.

- 3.1.1.41 The successful vendor must obtain the approval of the Agency at least thirty (30) days in advance of any changes in policy affecting cardholders.

Agreed. We will provide the Agency with written notification of change notices at least 30 days prior to the effective date of a change in policy affecting cardholders.

- 3.1.1.42 The successful vendor should provide the Agency with a minimum of forty-five (45) days advance notice of any changes required by law, regulations or guidance. Also, the Agency should receive advance notice of any changes due to the best practices and reserves the right to approve the same.

Agreed. U.S. Bank will provide the Agency with 45 days advance notice, or as much notification as possible, of any announced changes to laws, regulations, or guidance required by state or federal laws. U.S. Bank is always actively monitoring the regulatory landscape and are rarely surprised by any changes in regulation. We will also communicate any changes in best practices.

As with the recent CFPB change, all U.S. Bank government clients were provided with the new CFPB pre-authorization disclosure forms well in advance of the deadline. By being proactive and diligently working with our clients, we have made the new pre-acquisition disclosures available to our government clients and have helped them create or modify print materials, websites and telephone scripting materials and processes. We have also updated our processes for managing new client implementations to include guidance on integrating CFPB pre-acquisition disclosures into your existing claims processes and providing compliant disclosure materials. Ensuring the Agency is compliant with CFPB requirements and recommended best practices will be a key component of U.S. Bank's ReliaCard implementation plan for the Agency.

3.1.1.43 The successful vendor must notify the cardholders with a minimum of thirty (30) days advance of any changes in policy that affect them.

Agreed. As a standard policy, U.S. Bank complies with Regulation E requirements, communicating policy changes to cardholders within at least 21 days or more. All change notices are communicated in writing via personal letters. Additionally, verbiage and content regarding the change is also provided on the ReliaCard program website, automated IVR and through live customer service to ensure maximum coverage.

3.1.1.44 The successful vendor must reinstate suspended/deactivated vendor designated cardholder ID accounts at the request of the Agency within two business days. Additionally, if the accounts were suspended/deactivated due to actions taken by the vendor, the vendor must contact the claimant to resolve the issue and the claimant cannot be charged a fee for this service.

Agreed. U.S. Bank, as appropriate, will work with the Agency to reinstate suspended/deactivated cards within two business days. If a cardholder has their account suspended/deactivated by U.S. Bank, we will work hand in hand with the individual to resolve the issue. They will not be charged a fee for this service. Note some accounts cannot be reactivated due to regulations (OFAC, AML, fraud, etc.).

3.1.1.45 The successful vendor must notify the Agency if a card is never activated after twelve (12) months yet was funded during the twelve (12) months and not funded during the previous six (6) months.

Agreed. The Agency will have online access to card program information with access to our administrative portal. Card status is readily available to the Agency via our Card Account Detail report or by conducting a searching within the administrative portal. The Card Account Detail report provides a detailed summary of card account information that is itemized by individual cardholder. A sample of this report is included below and in Appendix H. The Card Status column indicates whether the card is active,

3.1.1.46 The successful vendor must return funds to the Agency from all inactivated funded cards, using the Balance Return Report.

Agreed. U.S. Bank can deploy an automated returned funds process for the Agency. We are able to automatically sweep back funds from unpinned cards and transfers the funds to a designated State Agency account. The operable timeframes for the returned funds process can be developed in collaboration between the Agency and U.S. Bank during implementation. The state will receive a detailed report via SFTP explaining which cards were unloaded.

3.1.1.47 The successful vendor must notify the Agency when returned funds are returned provisionally (pending full availability of funds);

Agreed. Your relationship manager will work very closely with you and provide the notification when funds are returned to the Agency. We recommend using a monthly process in which cards are identified and unloaded. The Agency will receive a detailed report via SFTP explaining the cards that were unloaded.

3.1.1.48 The successful vendor must begin accepting initial deposits from the Agency no later than five (5) days after the receipt of the electronic daily enrollment data file transmission, which establishes the cardholder's unique ID number and initiates the mailing of the initial EPC card.

Agreed. Our established protocol helps to ensure your unemployment claimants get their cards quickly and can access loaded funds as soon as they activate their card. We create a new card account for each record in the enrollment file immediately upon processing the file and send the account number back to the Agency within the enrollment acknowledgment file. This allows the Agency to begin funding the cards immediately (same day), **exceeding your requirement.**

At the same time, we initiate the production of the card and ship personalized cards the next business day. Cards are shipped first-class mail via the United States Postal Service (USPS). Our card fulfillment provider is located in Indianapolis, Indiana a USPS hub, which helps to ensure prompt delivery of cards.

3.1.1.49 The successful vendor must require cardholder to establish a four (4) digit PIN during the debit card activation process.

Agreed. To maintain the security of the Agency's prepaid program, we follow industry leading security procedures and protocols, including only distributing cards as inactive and requiring cardholders to activate the card by selecting a unique 4-digit PIN. All new cardholders will receive a card package in the mail that includes a card carrier with instructions on how to activate the card and set their PIN. As a security measure, cardholders must enter a pre-defined activation code, which can include the last four digits of their Social Security number, date of birth or ZIP code. In addition, the cardholder must enter the CVV code from the back of their card. The pre-defined activation code is customizable and will be determined during implementation.

The card carrier (distributed with the new prepaid card) includes easy-to-follow, step-by-step instructions for activating the card and creating a PIN via the IVR, secure cardholder website or mobile app 24/7. Cardholders can also easily be connected to our experienced and professional CSRs if they need assistance during the activation process.

3.1.1.50 The successful vendor must allow the cardholder to choose and change the PIN.

Agreed. Cardholders will be able to change their PIN anytime by calling the customer service number on the back of the card. They can change their PIN easily using the IVR. As a security measure, the cardholder must know the last four digits of their Social Security number (or the unique identifier used for your program) in order to change their PIN. They will also be required to enter the CVV from the back of their card during the PIN change process.

3.1.1.51 The successful vendor must provide the Agency with the methodology used to ensure cardholder's account is secure regarding Personal Identifiable Information (PII) and allow Agency to approve security measures prior to implementation.

Agreed. U.S. Bank is committed to protecting the security of cardholder information. We have been ranked the number one most trusted bank for privacy for the 12th year in a row, according to an independent survey of more than 8,000 financial institution customers conducted by the Ponemon Institute in 2018. This is the 13th year that we have ranked in the top five since the study's inception in 2004. The Ponemon Institute study measures consumer perceptions of trustworthiness for retail banking institutes and identifies the issues that influence consumer opinion.

KEY POINT
The Most Trusted Bank in America:

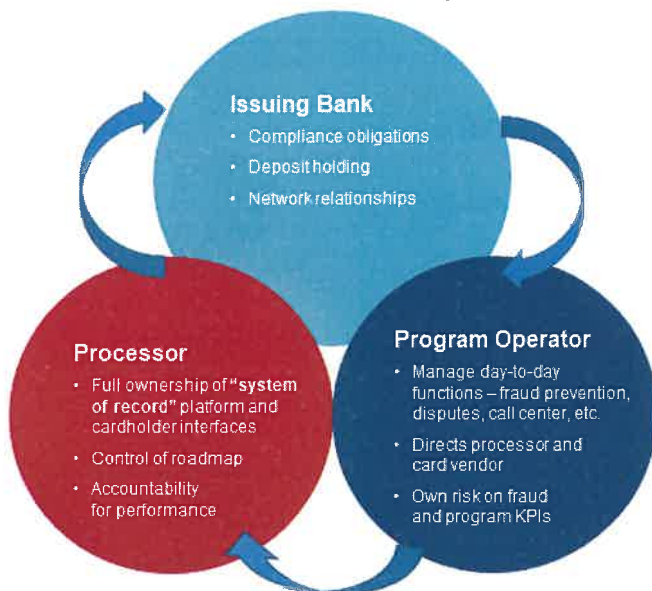

U.S. Bank has been ranked the number one most trusted bank for privacy for the 12th year in a row by the Ponemon Institute.

Unique among our competitors, we have the capability to provide the entire prepaid value chain of issuing bank, program manager, processor and all other specialty functions under a single management team and set of guiding principles—a clear asset only a full-service bank can offer. We have gone beyond simply investing in our products to support our clients and maintain our edge in the marketplace. We have invested in the right infrastructure to bring the first fully integrated prepaid card program to the marketplace by owning our processing platform.

By providing the Agency with the entire prepaid value chain of issuing bank, program manager, processor and all other specialty functions under one management team and set of guiding principles, we maintain direct oversight of all aspects of the program. This provides our team with a greater degree of information exchange, which help us maintain better fraud control, confidently support federal and industry compliance standards and federal/state regulatory oversight efforts—all of which are aimed at protecting the Agency and supporting your employees. In return, our integrated approach results in lower costs and greater stability for the Agency and your employees. By selecting U.S. Bank, the Agency's entire program will be on U.S. Bank systems.

To protect the sensitive personal information of your cardholders, the Agency will have the backing of U.S. Bank's multi-faceted security program that focuses on end-to-end security, ranging from employee training and protocols to the security features within our data processes centers. U.S. Bank maintains PCI-compliant and adheres to Visa's and Mastercard's standard security guidelines, protocols and procedures. The U.S. Bank Information Security Services team works closely with the major card associations and our subcontractors to ensure that we have protected our resources in accordance with the PCI DSS.

- Visa® PCI-DSS.
- Mastercard® SDP Compliance.

Our subcontractors are held to the same security procedures as U.S. Bank, including confidentiality requirements and being restricted to data on a "need to know" basis. Our subcontractors are subject to annual third-party audits by our internal Third-Party Risk Management compliance team that includes a detailed annual review of their security procedures. Their contracts also restrict the use and/or access to PII/PCI information.

In addition, we incorporate the following data security systems into our security oversight:

Application Controls

- Third party penetration testing.
- OWASP and application testing by Whitehat.
- Development peer reviews.
- Oracle advanced security database encryption.
- PGP encryption.
- Centralized logging.

Network Controls

- Cisco firewalls.
- IBM Proventia IDS.
- IBM Proventia file integrity monitoring.
- Qualys internal and external vulnerability scan.
- SFTP with DMZ proxy.

Infrastructure Systems Controls

- CIS modeled configuration guides.
- Role-based access control.
- Centralized logging – alert logic.
- Tripwire file monitoring.
- Anti-virus, anti-malware.
- Change control.

Security Governance Controls

- SOC I Type II.
- Annual issuing bank due diligence reviews.
- Annual IT risk assessments.
- CISSP.

3.1.1.52 The successful vendor must work with the Agency to develop and construct security measures to verify the authenticity of the cardholder prior to the activation of the card.

Agreed. To maintain the security of the Agency's card program, we follow industry leading security procedures and protocols, including only distributing cards as inactive and requiring cardholders to activate the card and select a unique PIN once they receive it. The card carrier includes easy-to-follow instructions on how to activate the card.

As part of the registration process for both the website and the mobile app, cardholders must verify their identity by submitting the following pieces of identification information:

- 16-digit card number.

Then they need to enter:

- Last four digits of the Social Security number (or other Agency approved unique ID number such as date of birth).
- CVV number from the back of the card.
- CAPTCHA text is presented to the cardholder to key in prior to moving to the next step in the validation process.

Once they have identified themselves, the cardholder will choose a user name and password for continued use of the website, as well as the mobile app. For security purposes, passwords must be between eight and 30 characters, and include at least one upper case letter, one lower case letter, and one number or special character. Additionally, passwords cannot be the same as the user ID.

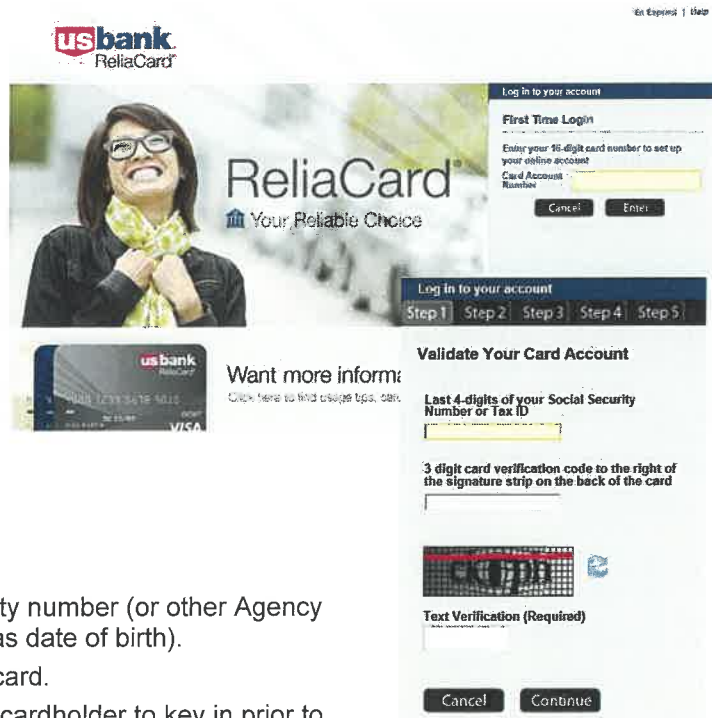

3.1.1.53 The successful vendor must deny/disallow any and all transactions that cause the cardholder to exceed the stored amount available on the card.

Agreed. Cards are configured so that any attempted transaction that may exceed the available card balance, or the balance plus any applicable preauthorization offset, (e.g., restaurant tip) will decline. The Agency is not responsible for overdrafts on prepaid debit cards. The overdraft amount will be recouped by U.S. Bank when additional funds are deposited to the cardholder's account. If no further funds are deposited, U.S. Bank will absorb the loss.

While our cards do not offer a line of credit, all prepaid card programs that offer the flexibility of hospitality and rental purchases include the slight risk of the cardholder exceeding their available balance. This risk is due to the "preauthorization" component of certain transaction types that are left open until the final total is determined by the consumer. To manage these transactions, cardholders can enroll in text and email alerts via the cardholder website, which includes an alert for pre-authorized transactions when they are posted to the card account (includes the new available balance).

Examples of pre-authorized transactions include:

- **Pay-at-the-Pump Automated Fuel Dispensers (AFDs)** – If cardholders use their card at an AFD, U.S. Bank may hold \$75 from the account to initiate the transaction. This hold may take

up to four days to clear. If cardholders do not want funds held or do not have enough money in their account, they are advised to pay the cashier inside for their gasoline purchase.

- AFD technology has improved where some fuel providers can process a close to real-time clearing process that stops the AFD from pumping fuel when the card limit has been reached, but this is still the exception rather than the rule.
- **Hospitality Establishments (hotels, restaurants, etc.)** – Depending upon the policy of the establishment, an amount equal to the transaction total plus as much as an additional 20 percent may be suspended until actual settlement is processed again. This may take anywhere from 1 to 48 hours.
- **Rentals** – Where the final amount is not known at the start of the transaction and a pre-authorization amount is suspended against the account balance. There is also the possibility of an additional charge after drop-off due to damage.
- **Merchant Forced Post** – A transaction posted to the account after the original, sometimes to correct an error or to add for damage (i.e., rental establishment).

3.1.1.54 The successful vendor must allow the cardholder a minimum of two (2) attempted transactions per month that are denied for insufficient funds at no cost.

Agreed. We do not charge the cardholder for denied transactions.

3.1.1.55 The successful vendor must allow the cardholder unlimited balance inquiries per month within the vendor's ATM network at no cost.

Agreed. An unlimited number of balance inquiries can be performed at any in-network or out-of-network ATM at no cost to the cardholder, **exceeding your requirements**.

3.1.1.56 The successful vendor must allow for withdrawals at a VISA or Equal or MasterCard or Equal network teller window at no cost.

Agreed. Cardholders can make unlimited, free over-the-counter teller withdrawals at any of the 97,000 nationwide Visa affiliated bank or credit union branches. Our partnership with Visa makes this a very simple process. Please see a letter explaining this feature to the cardholders and their local Visa affiliated tellers.

VISA BANK TELLER SERVICE

Take this notice and your U.S. Bank ReliaCard® with you to the bank if you need a teller-assisted withdrawal.

IN BRIEF:
 Visa prepaid cardholders are allowed to withdraw the cash from their prepaid card.¹ This is a manual cash disbursement that Visa Member Banks must honor on all valid Visa cards whether the card is embossed or unembossed, personalized or not personalized with the cardholder's name. No surcharge or other fee should be added to the transaction amount. Do not refer cardholders to ATMs for service.

IMPORTANT NOTE: VISA PREPAID CARD PROGRAMS ARE EXPANDING
 The use of Visa prepaid cards distributed by corporations and government/state agencies to disburse wages, benefits, and corporate incentives is expanding quickly as Visa Members and business partners introduce new prepaid programs. These cards provide significant benefits to Visa Member Banks, their corporate and government clients, and consumers.

The Visa U.S.A. Inc. Operating Regulations require that members authorized to provide cash disbursements make manual cash disbursements to other issuers' Visa cardholders, even if the cardholder does not have an existing banking relationship with that member.¹

Members are reminded that manual cash disbursements require only one piece of positive identification (such as a valid passport, driver's license or government identification card with picture) to validate the cardholder's identity. The signature on the Visa card must also be compared with the signature on the transaction receipt.

Members are reminded that they must comply with this requirement and all other requirements of the Visa U.S.A. Inc. Operating Regulations concerning manual cash disbursements.¹

ATTENTION CARDHOLDER:
 If you are unable to get cash from your prepaid card at a bank branch that accepts Visa, or if you are charged a withdrawal fee in error, please call Cardholder Services using the toll free number on the back of your Visa prepaid card.

3.1.1.57 The successful vendor must allow the cardholder to update addresses with the vendor and the vendor then provide the Agency with a daily electronic data file containing all address changes.

Agreed. As a service to the Agency, U.S. Bank will accept and process demographic information changes as received from the cardholder. The majority of our government clients use this service due to the 24/7/365 service we provide and the reduction in error by working with a single entity to manage demographic changes.

We maintain updates between your system and ours with change of address and other demographic information through the use of a daily synchronization file. We will establish an automated nightly batch file exchange in order to synchronize our cardholder databases.

3.1.1.58 The successful vendor must provide the Agency with the capability to view information specifying when a card is returned by the United States Postal service as undeliverable.

Agreed. In the case of a returned card, our card production staff scans, processes and records the returned mailing in our central database and it is reported to the Agency on the next day's Card Account Detail report. This report is available on the administrative portal for administrators to view at their convenience.

Based on our security and red flag validation check policies, our card production staff does not auto correct the address information and re-send the card, since it would by-pass these security requirements. In addition, following this process helps ensure the address change creates a long-

term correction to the database instead of for a single mailing, which would occur if the address was adjusted only at the point of card production. Cardholders are asked to update their address by contacting customer service directly and requesting a new card be sent to them.

When an address update is received by our customer service team or by the Agency, our systems will then be updated via an automated nightly synchronization file. If a card was returned undeliverable, U.S. Bank only mails a new card to the cardholder when an updated address is provided.

- 3.1.1.59 The successful vendor must send a daily data automated enrollment return file which informs the Agency that the account is open and deposits can be made on whatever schedule the Agency chooses.

Agreed. Once a new enrollment file is received from the Agency, a new card account is created for each record immediately upon processing the file. The enrollment acknowledgment file is sent upon processing the file, within two hours or less of receipt. Accounts can be funded as soon as the file is received, allowing the Agency to make deposits on whatever schedule the Agency chooses.

- 3.1.1.60 The successful vendor must provide one (1) free new card issuance per cardholder per year to replace lost or stolen cards. The new card must be mailed by no later than the next business day following the vendor's receipt of information required by Federal Law.

Agreed. U.S. Bank proposes to far exceed your requirement by offering unlimited replacement cards without a fee through standard shipping. Please see our detailed cost proposal for more details.

- 3.1.1.61 The successful vendor must allow no limits on ATM withdrawals per cardholder per month from the vendor's ATM network at no cost.

Agreed. Cardholder can make cash withdrawal at any In-network ATM, at no cost, as needed. We do not set any limits on the number of free withdrawals allowed.

- 3.1.1.62 The successful vendor must not allow cardholder information to be used for commercial solicitation purposes.

Agreed. Cardholder privacy and security is a core value for U.S. Bank. As a standard policy, U.S. Bank does not share or sell cardholder information.

- 3.1.1.63 The successful vendor must have systems disaster support available to your stored value card services which include: 1) Backup and recovery capabilities; and, 2) Security and emergency arrangements.

Agreed. U.S. Bank's Enterprise Preparedness Program establishes and supports our organization's Business Continuity and Contingency Planning Program. The program is designed to evaluate the impact of significant events that may adversely affect customers, assets or employees. This program helps ensure that U.S. Bank and its applicable affiliates can recover our mission-critical functions and applications, thereby meeting our fiduciary responsibility to our stakeholders and complying with the requirements of the Federal Financial Institutions Examination Council (FFIEC), the Securities and Exchange Commission (SEC), the Office of the Comptroller of the Currency (OCC), the Financial Industry Regulatory Authority (FINRA) and the Office of the Superintendent of Financial Institutions (OSFI). In addition, we have met all recovery criteria as prescribed by the Interagency White Paper on Sound Practices to Strengthen the Resilience of the U.S. Financial System.

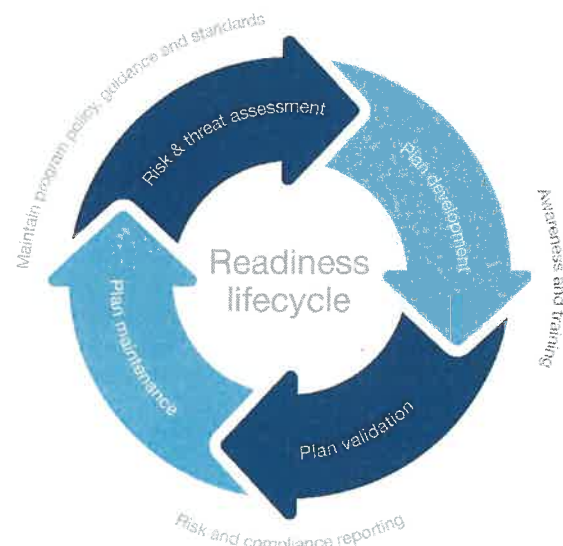

The U.S. Bancorp Board of Directors approves the U.S. Bancorp Enterprise Preparedness Policy annually, and key issues and status are reported to the Board and senior executives on a periodic basis.

Crisis Management manages and coordinates the enterprise response to adverse events that threaten to harm our organization, stakeholders, employees, assets or reputation. The enterprise response focuses on the safety of all employees, customers and assets of U.S. Bank; minimizing disruption of service and/or inconvenience to customers; returning to a business-as-usual state as quickly as possible; and limiting any potential liability of the organization.

Additionally, Crisis Management maintains situational awareness and facilitates crisis management planning, conducts training, tests, exercises and maintains the emergency notification system. Crisis Management oversees the information flow between our lines of business, tiered response teams and executive management. The tiered incident response teams consist of the following:

- Executive Crisis Management team.
- First Response Executive team.
- International Response team.
- Emergency Response team.

The U.S. Bancorp Pandemic Preparation and Response Plan was developed in partnership with senior leaders and other critical support departments to prepare for the possibility of pandemic flu in the same way that we prepare for other events that could affect our employees, customers and communities. The plan was prepared in communication with public officials, pandemic planning experts, various state and local organizations, and other financial institutions and businesses. The plan augments procedures already in place as part of the existing Enterprise Preparedness Program and outlines strategies to mitigate the impact of a pandemic upon our company, employees and customers.

We have resources dedicated to the Enterprise Preparedness Program and detailed Business Continuity Plans and Disaster Recovery Plans for the restoration of critical processes, applications, infrastructure and operations. Key features of our planning process include:

- Employee safety strategies and communications/notifications.
- Systems and telecommunications accessibility.
- Alternate physical site location and preparedness.
- Emergency notification processes and systems.
- System and data backup and recovery.
- Pandemic and high employee absenteeism.

The Enterprise Readiness Services department coordinates strategy, planning, testing, reporting and monitoring of the U.S. Bank Enterprise Preparedness Program across our organization. The Enterprise Preparedness group has set forth guidelines which incorporate industry best practices for recovery of critical business units, recovery of technology, and emergency and crisis management response and integrates the program into the overall risk management framework.

- **Criticality assessments**—The criticality assessments are used in the determinations of business process and application recovery time objectives, which addresses impacts based on financial, operational, reputational and regulatory risk factors.
- **Business impact analysis (BIA)**—The BIA measures the effects of resource loss and escalating losses over time in order to provide management with reliable data upon which to base risk mitigation and continuity planning. BIA is reviewed biennially in conjunction with plan.
- **Threat vulnerability assessment (TVA)**—Our Enterprise Preparedness Program utilizes a TVA process, biennially, to assess the risk of major natural hazard events and the impacts of those events on our corporate locations and the mission critical processes/technologies executed at those locations. This analysis drives strategic recovery planning for continuity of operations for these processes and technologies at the selected locations. The planning process assists in mitigating the potential concentration risk exposure of a single natural hazard or man-made event to any particular location or process.
- **Business continuity, disaster recovery and vendor service plans**—The plans are a documented collection of procedures and information that is developed and maintained to enable us to provide products and services at an acceptable predefined level in the event of a business, technology or third-party disruption. Recovery plans are reviewed and approved by senior management biennially at a minimum, or as changes occur to mission critical functions and applications or as a result of issues discovered during exercises/tests.
- **Exercising/testing**—All aspects of the plans are exercised/tested in accordance with regulatory requirements and U.S. Bank Enterprise Preparedness Policy guidance, and to demonstrate the level of recoverability. This includes plan activation simulation, including recovery strategies, crisis management and response, business continuity processes and critical infrastructure disaster recovery. Key mission-critical applications are exercised on a quarterly basis. Business Continuity Plans are exercised on an annual basis. Mainframe data is mirrored and replicated to the hot site and server backups are stored off-site in a secured climate-controlled environment. All exercise testing is measured and reported with identified issues documented and remediated.
- **Audit**—Annual internal audits and periodic OCC/Federal Reserve exams are conducted on the U.S. Bank Enterprise Preparedness Program.
- **Board of Directors Updates**—The Enterprise Preparedness group provides annual updates at a minimum on the status of our Enterprise Preparedness Program to the Audit Committee of the Board of Directors of U.S. Bancorp.
- **Employee training and awareness**—Employee training and awareness includes biennial training courses, evacuation procedure awareness and identifying employees' roles and responsibilities during an adverse event. Clear communication during an event is vital. Employees who support mission critical operations and technologies are trained through participating in functional exercises of recovery plans.

Our Business Continuity Plans are developed and maintained to address recovery strategies for such events as: pandemic/high employee absenteeism, technology outages, natural hazard impacts, etc. Below are examples of what might occur during an interruption of normal business operations.

In the event a business site becomes inaccessible, we presently employ the following recovery strategies for mission-critical functions:

- **Transfer work**—Work is transferred to another location that does the same business function or has been cross-trained.
- **Relocate people within business**—Team members are relocated to another site.
- **Relocate to regional recovery center**—A location, other than normal facility, will be used to process data and/or conduct critical or necessary business functions.

- **Vendor work area recovery**—An external site will be used for the recovery of mission-critical personnel and processes utilizing a third party-owned location.
- **Work from home**—Team members will work from home on a bank-owned device.

3.1.1.64 The successful vendor must not charge any fees whatsoever to the Agency.

Agreed. There will be no fees charged to The Agency for implementation or ongoing management of the ReliaCard program.

3.1.1.65 The successful vendor must not charge the cardholder any fees whatsoever, other than those expressly provided for in this Solicitation.

Agreed. U.S. Bank will not charge any additional fees to cardholders that are not included in our proposal. Please see our Cost Proposal for a full listing of fees. Our ReliaCard program is not fee driven as many of our cardholders use the card without ever seeing a fee.

3.1.1.66 The successful vendor must credit the cardholder's card within seven (7) calendar days upon the discovery of any fees contradictory to those provided for in this Solicitation.

Agreed. If a cardholder is charged a fee by U.S. Bank that is not included in this solicitation we will credit their account instantly upon them calling customer service to alert us. Cardholders will also have the full listing of fees given to them as part of the CFPB pre-acquisition materials, in their initial card packet as well as posted on the website. This event is very rare. After the cardholder alerts U.S. Bank of a fee error, our team uses that information to diagnose the issue and to help prevent it from happening again.

3.1.1.67 The successful vendor must assist the cardholder by contacting the banking institution in cases in which any type of hold, delaying payment, is placed on the card.

Agreed. ReliaCard accounts are all held at U.S. Bank, and we never hold funds designated for deposit into our cardholder's accounts. While some issues are beyond our control, we will use our best efforts to assist cardholders with issues relating to their card.

3.1.1.68 The successful vendor must provide the Agency with the following reports:

- 3.1.1.68.1 Daily Confirmation Report to acknowledge receipt of the Automated Clearing House National Automated Clearing House Association (NACHA) file with the total amount of benefits on the NACHA file transferred.

Agreed. Each funding file and individual transactions will be confirmed at the time of the transmission. In addition, we will provide access via the ReliaCard Administrator portal. Within the portal, you will have access to our reporting system. Our Reconciliation report provides a detailed itemization of each funding transaction. Please see an example of the Account Reconciliation Report below and in Appendix I. The Card Load report also provides a summary of the total number and value of loads by cardholder ID.

Other browsers and/or earlier versions may still work, however visual appearance, including colors, layout and other design features, may not be the highest quality. 3.1.1.73 Agency will allow 120 days to obtain in-network ATM's in all 55 counties within West Virginia. However, the successful vendor must establish functional in-network ATM's in at least 65% of the 55 counties within 45 days after the contract has been awarded.

every county in West Virginia. U.S. Bank offers the largest ATM network in the country as “in-network” for the Agency’s claimants by including U.S. Bank, MoneyPass, Allpoint and NYCE SUM locations in our in-network group. As opposed to the ATM networks currently offered surcharge free to the Agency, we are currently covered in 100% of West Virginia counties.

In-network ATMs provide for unlimited usage per month, are surcharge free, and includes 524 U.S. Bank, Allpoint, MoneyPass and NYCE SUM locations throughout West Virginia and 79,510 locations nationwide. In addition, cardholders can get cash back at point of sale or withdraw cash from a bank teller at anyone of the 1,764 Visa affiliated financial institutions in West Virginia. They can also use more than 6,500 out-of-network Visa ATMs to access cash, for a minimal charge. The following chart highlights in-network cash access services currently available nationwide for ReliaCard cardholders.

Current U.S. Bank Prepaid ATM Network				
Transaction Type	Network	West Virginia	U.S.	World
ATM Cash Withdrawals (In-Network)	U.S. Bank, MoneyPass, Allpoint and NYCE SUM	524	79,510	87,610

ATM Cash Withdrawals (Out-of-Network)	Visa/Plus	6,500	612,000	1,900,000
Teller Withdrawals (Visa Affiliated Financial Institutions)		1,764	97,250	531,100
Total Access Points		8,788	788,760	2,518,710

U.S. Bank has designed our programs to make sure cardholders can quickly and easily access in-network ATMs when needed. As shown on the following maps, our in-network ATM locations provides the widest coverage throughout the state.

West Virginia: AllPoint, MoneyPass, & NYCE Sum ATMs

3.1.1.74 Vendor will pay the Agency liquidated damages in the amount of \$1,000 per month for each county in which an in-network ATM is not available after the three-month period. The three (3) month period will start at the time the contract is awarded.

Agreed. U.S. Bank appreciates the Agency’s requirement to have an ATM in every county. This is an extremely important resource for the claimants, no matter which county they reside in. U.S. Bank is pleased to provide ATM coverage in all 55 counties from day 1. With full coverage from the very beginning, your claimants will have the continued access to cash that they need for their daily needs. We understand that the Agency will apply liquidated damages in the amount of \$1,000 per month for each county in which an in-network ATM is not available after the three-month grace period.

3.1.1.75 Vendor will actively assist and cooperate with the agency as well as provide information and documentation needed to investigate and reduce fraud.

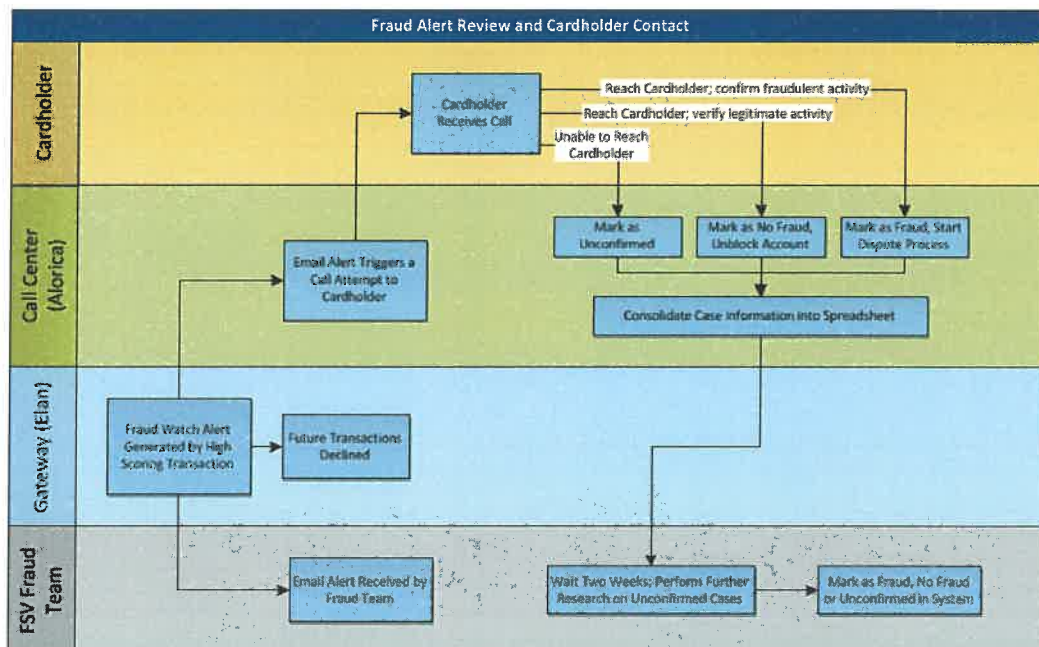

Agreed. U.S. Bank has a robust fraud prevention program that includes monitoring and investigation in order to control the inherent risk fraud produces. U.S. Bank employs both internal and external fraud tools to protect both the Agency and the cardholders. Transactions are passed through numerous velocity and fraud checks in real time prior to approval. Prepaid Fraud Operations communicates with industry groups, issuers, program manager and gateway partners on a regular basis to discuss current trends and strategy to best utilize fraud prevention tools to protect cardholders, merchants and issuers and U.S. Bank from potential financial exposure and loss. By using system-wide tools, U.S. Bank deters, detects, mitigates and prevents fraud system wide via many host and gateway settings and tools, minimizing potential losses and making the prepaid programs unattractive to fraudsters.

Our internal and external anti-fraud and anti-money laundering tools also help to protect all our fraud operations team stays on top of current trends by communicating with industry groups, issuers, program managers and gateway partners on a regular basis to strategize the best ways to improve fraud prevention tools and limit potential financial exposure and loss. In fact, our financial intelligence unit director, Andrea Valentin, CFE, CAMS, leads many industry fraud discussions and is a speaker at many fraud prevention conferences.

Alerting the Cardholder to Fraudulent Activity

When a fraud prevention rule detects a potential event, the call center attempts to contact the cardholder and verify the suspicious transaction. If the cardholder confirms that the transactions were fraudulent the agent takes the cardholder through the process of filing a dispute.

Our guideline is to maintain the industry standard False/Positive Ratio. This ratio is a measurement of the effectiveness of individual fraud prevention rules that provides results into how many cardholders were declined with legitimate and fraudulent transactions when a rule is triggered.

Supporting Cardholder Reported Disputes

Cardholders will have two ways to report a transaction dispute: 1) they can call our customer service center, or 2) use the “Dispute this Charge” button located beneath the transaction detail on our website. If they call us to report a dispute, the CSR will complete a form containing the initial information gathered and mail it to the cardholder. The cardholder completes/verifies the form, signs and returns to us via fax or mail.

The online dispute button provides an alternative accurate and prompt way to submit a dispute without the call center wait time. Clicking on the dispute button auto populates a dispute form that can be printed, completed and signed by the cardholder, and mailed to us for resolution.

Provisional Credits

If our initial investigation of the dispute claim is not completed within 10 business days of the date initiated by the cardholder, and certain criteria are met (i.e., receiving the written confirmation), a provisional credit will be posted to the cardholder’s card and a letter will be sent to the cardholder documenting that fact.

If the final conclusion of our dispute claim investigation finds that the transaction was unauthorized, the provisional credit becomes permanent and we mail a letter to the cardholder with that information. If our investigation concludes that the cardholder did authorize the transaction and we are denying the claim, a letter is sent to the cardholder informing them of the denial and that we will be debiting any provisional credit from the card account in five business days. The letter also states that the cardholder can request the details of our investigation upon request.

Breach Communications

We will remain in communication with Workforce in a timely and deliberate manner of any data security breach to our respective IT systems that contain the data shared by this agreement. We will report to the Agency within 24 business hours of the U.S. Bank relationship manager receiving confirmation of any breach, either internally or from our subcontractors, and we will provide as much information as allowed by law. Specific details of the plan will be discussed as we move forward with contract negotiations.

Merchant Breach Notifications

We also provide notice to the State of large merchant breaches that affect your cardholders. As a precautionary measure, we may proactively issue new cards the State cardholders due to a merchant related breach event. Typically, less than 5 percent of the cards that are reissued actually have experienced fraud related to that event. By reissuing cards proactively, we are better able to provide maximum protection for cardholders.

42. PREFERENCE FOR USE OF DOMESTIC STEEL PRODUCTS: Except when authorized by the Director of the Purchasing Division pursuant to W. Va. Code § SA-3-56, no contractor may use or supply steel products for a State Contract Project other than those steel products made in the United States. A contractor who uses steel products in violation of this section may be subject to civil penalties pursuant to W. Va. Code § 5A-3-56. As used in this section:

- a. "State Contract Project" means any erection or construction of, or any addition to, alteration of or other improvement to any building or structure, including, but not limited to, roads or highways, or the installation of any heating or cooling or ventilating plants or other equipment, or the supply of and materials for such projects, pursuant to a contract with the State of West Virginia for which bids were solicited on or after June 6, 2001.
- b. "Steel Products" means products rolled, formed, shaped, drawn, extruded, forged, cast, fabricated or otherwise similarly processed, or processed by a combination of two or more of such operations, from steel made by the open hearth, basic oxygen, electric furnace, Bessemer or other steel making process. The Purchasing Division Director may, in writing, authorize the use of foreign steel products if:
- c. The cost for each contract item used does not exceed one tenth of one percent (.1%) of the total contract cost or two thousand five hundred dollars (\$2,500.00), whichever is greater. For the purposes of this section, the cost is the value of the steel product as delivered to the project; or
- d. The Director of the Purchasing Division determines that specified steel materials are not produced in the United States in sufficient quantity or otherwise are not reasonably available to meet contract requirements.

CSR § 148-10-1 et seq., for every contract or subcontract, subject to the limitations contained herein, for the construction, reconstruction, alteration, repair, improvement or maintenance of public works or for the purchase of any item of machinery or equipment to be used at sites of public works, only domestic aluminum, glass or steel products shall be supplied unless the spending officer determines, in writing, after the receipt of offers or bids, (1) that the cost of domestic aluminum, glass or steel products is unreasonable or inconsistent with the public interest of the State of West Virginia, (2) that domestic aluminum, glass or steel products are not produced in sufficient quantities to meet the contract requirements, or (3) the available domestic aluminum, glass, or steel do not meet the contract specifications. This provision only applies to public works contracts awarded in an amount more than fifty thousand dollars (\$50,000) or public works contracts that require more than ten thousand pounds of steel products.

The cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than twenty percent (20%) of the bid or offered price for foreign made aluminum, glass, or steel products. If the domestic aluminum, glass or steel products to be supplied or produced in a

"substantial labor surplus area", as defined by the United States Department of Labor, the cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than thirty percent (30%) of the bid or offered price for foreign made aluminum, glass, or steel products. This preference shall be applied to an item of machinery or equipment, as indicated above, when the item is a single unit of equipment or machinery manufactured primarily of aluminum, glass or steel, is part of a public works contract and has the sole purpose or of being a permanent part of a single public works project. This provision does not apply to equipment or machinery purchased by a spending unit for use by that spending unit and not as part of a single public works project.

All bids and offers including domestic aluminum, glass or steel products that exceed bid or offer prices including foreign aluminum, glass or steel products after application of the preferences provided in this provision may be reduced to a price equal to or lower than the lowest bid or offer price for foreign aluminum, glass or steel products plus the applicable preference. If the reduced bid or offer prices are made in writing and supersede the prior bid or offer prices, all bids or offers, including the reduced bid or offer prices, will be reevaluated in accordance with this rule.

Code § 6D-1-2 requires that for contracts with an actual or estimated value of at least \$1 million, the vendor must submit to the Agency a supplemental disclosure of interested parties reflecting any new or differing interested parties to the contract, which were not included in the original pre-award interested party disclosure, within 30 days following the completion or termination of the contract. Agencies maintain Confidential Information, including, but not limited to, trade secrets, personally identifiable information, protected health information, financial information, financial account numbers, credit card numbers, debit card numbers, driver's license numbers, State ID numbers, social security numbers, employee home addresses, etc. Federal laws, including, but not limited to, the Health Insurance Portability and Accountability Act, the Privacy Act of 1974, Fair Credit Reporting Act and State laws require that certain information be safeguarded. In some situations, Agencies delegate, through contract provisions, functions to vendors that involve the vendor's collection, use and/or disclosure of Confidential Information. WV State government must take appropriate steps to ensure its compliance with those laws and desires to protect its citizens' and employees' privacy, and therefore, must require that its vendors also obey those laws.

Utilization of safeguards can greatly minimize potential exposure to sensitive information, and vendors are expected to adhere to industry standard best practices in the management of data collected by, or on behalf of, the State, and in the vendor's possession for a business purpose. Even when sound practices and safeguards are in use, exposures can occur as the result of a

To Whom It May Concern:

In 2012 USBank won a competitive bid to provide debit card services to Wisconsin Unemployment Insurance. Wisconsin began offering debit card for the first time in July 2013. Since then we have processed over \$625 million in debit card payments through USBank's ReliaCard.

During the design and implementation USBank provided excellent service which allowed us to successfully implement the program.

Since debit card has been in production we have had no significant issues. USBank has continued to provide excellent service to WI claimants. Our UI Accounting area which handles UI's treasury services (funds transfer, reconciliation, financial reporting, etc.) has been very satisfied with USBank's service. USBank responds quickly to our questions, is quick to identify and notify us of any issues, and goes above and beyond to satisfy our needs.

We've had a successful long-term relationship with USBank for our other banking services and have been very happy with the additional debit card services they now provide.

Should you have any questions feel free to contact me.

Sincerely,

Card Usage Tips:

Gas Stations: When purchasing gasoline at a gas station using the pay-at-the-pump option, a maximum hold of \$75 will be placed on your account to initiate your transaction. This amount will be held until the actual transaction amount clears. If you do not want funds held while waiting for the transaction to clear, please pay the cashier inside for your gasoline purchase. Payments made inside clear for the actual transaction amount immediately.

Restaurants, Salons and Other Services: Prepaid card transaction posting amounts may vary. Most restaurants, salons and other services where you typically tip may temporarily add approximately 20% to your bill to cover the tip. Make sure your balance can cover the 20% or your transaction will be declined.

Hotels: When making travel reservations with a hotel or similar merchant, ask for the amount of the authorization they will send to your account. These merchants may send an initial authorization amount equal to your entire stay or rental period, plus taxes and incidentals, even though your actual purchase will be weeks or months away.

Track your Balance: It is always important to know your balance before you make a purchase or cash withdrawal and to keep track of your remaining balance after these transactions.

Your funds are eligible for FDIC insurance. Your funds will be held at U.S. Bank National Association, an FDIC-insured institution, and are insured up to \$250,000 by the FDIC in the event U.S. Bank fails. See fdic.gov/deposit/deposits/prepaid.html for details. No overdraft/credit feature.

THE RELIACARD® CARDHOLDER AGREEMENT (Effective 6/1/2018)

TERMS AND CONDITIONS FOR THE RELIACARD

By activating, accepting and/or using the ReliaCard ("Card"), you agree to be bound by the terms and conditions contained in this ReliaCard Cardholder Agreement ("Agreement"), which will govern your use of your Card and your Account. Your Card is a reloadable Visa® or Mastercard® branded prepaid debit card issued by U.S. Bank National Association ("U.S. Bank"), and your Card accesses your ReliaCard account ("Account"). "You" and "your" means the person(s) who received the Card from U.S. Bank and are authorized to use the Card and Account as provided for in this Agreement. "We," "us," and "our" mean U.S. Bank, our successors, affiliates or assigns. Please read this Agreement carefully and keep it for future reference. The laws of the state of Ohio govern the interpretation of this Agreement, without giving effect to conflict of law principles thereof that may cause the law of another state to apply.

Your Card and Account have been opened in connection with a government program. The Card and Account are not connected in any way to any other account. You will not receive any interest on the funds in your Account. The Card is not a credit card. The Card is not for resale. The Card is nontransferable and it may be canceled, repossessed, or revoked at any time without prior notice subject to applicable law. We may refuse to process any transaction that we believe may violate the terms of this Agreement. Funds in the Account are insured by the Federal Deposit Insurance Corporation ("FDIC") up to the maximum allowed by law.

THIS AGREEMENT CONTAINS AN ARBITRATION PROVISION (INCLUDING A CLASS ACTION ARBITRATION WAIVER). IT IS IMPORTANT THAT YOU READ THE ARBITRATION SECTION CAREFULLY.

IMPORTANT INFORMATION ABOUT PROCEDURES FOR OPENING A NEW ACCOUNT
To help the government fight the funding of terrorism and money laundering activities, federal law requires all financial institutions to obtain, verify, and record information that identifies each person who opens an account. What this means for you: When you open an account, we may ask for your name, address, date of birth and other information that will allow us to identify you. If necessary, we may also ask to see your driver's license or other identifying documents.

HOW TO USE YOUR CARD

1. Activating Your Card; PIN Selection. You can activate your Card by calling us at 855-282-6161 (we accept relay calls) or online at www.usbankreliacard.com. During the activation process, you will select a Personal Identification Number ("PIN"), which you may use to conduct certain transactions, such as point of sale transactions or ATM transactions when permitted by your program. The Card and PIN are provided for your use and protection, and you agree to make sure only you know your PIN – do not write your PIN on your Card or tell anyone – and to notify us immediately if your PIN has been compromised.

2. Using Your Card. You are able to use your Card and Account to conduct the types of transactions described in your Fee Schedule and Transaction Limitations, which may include:

- Paying for purchases at stores and businesses that have agreed to accept the Card ("point-of-sale transactions").
- Performing transactions at automated teller machines ("ATMs").
- Obtaining cash at the teller window for any bank or credit union that accepts the network brand on your Card.
- Transferring money from your Account to a checking or savings account in the United States, if your program permits. Such transfers may only be made online at www.usbankreliacard.com. Once transfers are initiated, the timing of funds availability in the receiving account will vary.

Fees and transaction limits may apply. Not all transaction types are available for all programs. See "Card Fees and Transaction Limits" for more details.

3. Loading Your Card. Your government agency may deposit money (load value) onto your Card at any time. Monies deposited into the Account are available for your use in accordance with this Agreement and any rules set by your government agency.

CARD FEES AND TRANSACTION LIMITS

4. Under some situations, you will be charged fees for using your Card or Account. We will charge you and you agree to pay the fees and charges (collectively "Fees") described on the Fee Schedule included with your Card and made available to you before or during your enrollment in the Card program. Fees will be deducted automatically from the available Account balance. Any time your Account balance is less than the amount of the fee being assessed, the balance of your Account will be applied to the fee amount.

Unpaid fee amounts will accumulate and will be deducted after your next load. Third parties may assess additional charges. Available transaction types and applicable transaction limitations are displayed in the transaction limits table ("Transaction Limits") below your Fee Schedule. For security reasons there may be additional limits on the amount, number or type of transactions you can make using the Card or Account. Fees and Transaction Limits are incorporated into this Agreement by reference and are subject to change from time to time. You will receive prior notice of Fee and Transaction Limit changes to the extent required by applicable law. You may receive a copy of the Fee Schedule and Transaction Limits by calling us toll free at 855-282-6161 or you may view them online at www.usbankreliacard.com.

This service allows you to request and receive certain messages about your Account. You may elect to receive Alerts relating to specific transactions on your Account. Once you have logged in, you may choose which Alerts you would like to receive and a limited number of electronic addresses (which electronic addresses may include email addresses and any devices accepting text messages) to which the Alerts will be sent. Alerts will be sent each day, at various times, when transactions occur that meet your specified criteria. You understand and agree that Alerts will not be sent on a "real time" basis, but will rather be sent at the next scheduled delivery time after the specified transaction event occurs. We reserve the right to change the frequency or timing of Alerts, at any time and from time to time. Alerts are not intended to replace your Account statements or any other communications we may provide to you regarding your Account. You are responsible for and must provide all telephone and other equipment, software, and services necessary to receive Alerts. By enrolling in Alerts and providing us with your cellular phone number, you consent to receiving SMS messages related to Alerts. Data and messaging charges from your telecommunications provider may apply, and you are responsible for any such charges. In the event your enrolled mobile or cellular device is lost or stolen, you agree to update your enrollment information and make the appropriate changes to disable the use of such devices. You agree to notify us of any change to your electronic addresses in order to ensure continued delivery of your Alerts. You understand that there are risks associated with using a mobile device, and that in the event of theft or loss, your confidential information could be compromised. We are not responsible for any failures on the part of your telecommunications, internet and/or email provider to properly enable your receipt of Alerts.

IMPORTANT INFORMATION ABOUT USING YOUR CARD

8. Holds Upon Authorization. Transactions with some merchants - restaurants, car rental agencies, hotels, salons, mail-order companies, cruise lines and pay-at-the-pump gas stations, for example - will authorize in an amount greater than your purchase. If you do not have available funds in the amount requested in the authorization, then

your transaction will be declined. If the transaction is authorized, funds in the authorized amount will be held and will not be available for other purchases. The authorized amount will be held until the transaction posts to your Account. Transaction posting can generally take up to 10 days, except for certain travel and lodging related authorizations that can take up to 21 days. In some cases, the authorization amount will be held even if you do not complete your transaction.

9. Split Transactions; Rescinded Transactions; Failure to Honor

- If you do not have enough money in your Account to complete a particular transaction, you may split your purchases between your Card and another form of payment. Tell the cashier how much you want to pay first with your Card. If you do not know your exact balance, please call customer service at 855-282-6161 to verify your balance prior to attempting to make a purchase. Please note, not all merchants permit this type of split transaction.
- If you authorize a purchase but do not make the purchase as planned, the authorized amount will be held until the authorization expires or the merchant releases the hold, which may take up to seven days.
- Neither we nor any other bank or business will be liable to you for failure to accept or honor the Card.

10. Preauthorized Payments

- Right to stop payment and procedure for doing so.** If you have preauthorized payments with your Card, you can stop any of these payments. Here's how: Call us at 855-282-6161 or write us at ReliaCard Card Services, P.O. Box 551617, Jacksonville, FL 32255, in time for us to receive your request three business days or more before the payment is scheduled to be made. If you call, we may also require you to put your request in writing and get it to us within 14 days after you call.
- Notice of varying amounts.** If these regular payments vary in amount, the person you are going to pay will tell you, 10 days before each payment, when it will be made and how much it will be. You may choose instead to get this notice only when the payment would differ by more than a certain amount from the previous payment, or when the amount would fall outside certain limits that you set.
- Liability for failure to stop payment of preauthorized transfer.** If you order us to stop payment three business days or more before the transfer is scheduled, and we do not do so, we will be liable for your losses or damages.

11. Returns and Refund. If there is a problem or dispute with a purchase of goods or services, you must address it directly with the merchant involved. Refunds and returns are subject to the merchant's policies or applicable laws. If you are entitled to a refund for any reason for goods or services obtained with your Card, you agree to accept credits to your Card in place of cash.

12. Payment. Each time you use your Card, the amount of the transaction will be debited from your Account. You may not be allowed to exceed the balance available in your Account by any individual or series of purchases. Nevertheless, if you make a purchase that exceeds the balance in your Account (an "overdraft"), you will be fully responsible for the amount of your purchase that exceeded the balance in your Account. We also reserve the right to automatically debit such overdrafts from current or future money deposited to your Account or any other account you have with us. In such case, you agree to be responsible for payment to us for all overdrafts.

13. Using Your Card in a Foreign Country

For Visa Cards: You may use your Card for retail purchases at foreign (outside the United States) merchants and for cash withdrawals from foreign ATMs that bear either the PLUS System or the Visa logo. Some merchant and ATM transactions, even if you and/or the merchant or ATM are located in the United States, are considered foreign transactions under the applicable Visa rules, in which case we will add the "foreign fee" described below to those transactions. We do not control how these merchants, ATMs and transactions are classified for this purpose. The exchange rate in effect when the transaction is processed may differ from the rate in effect on the date of the transaction or the date of the posting of the transaction to your Account. If you use your Card at a merchant or an ATM that bears the Visa logo (and no PLUS System logo), the transaction will be processed through the Visa system and will be converted into U.S. Dollars according to the applicable rules established by Visa from time to time. For transactions processed through Visa, the foreign currency transaction will be converted to U.S. Dollars by multiplying the amount of the foreign currency times (a) a rate selected by Visa from the range of rates available in wholesale currency markets for the applicable central processing date, which rate may vary from the rate Visa itself receives, or (b) the government-mandated rate in effect for the applicable central processing date. If you use your Card at an ATM that bears only the PLUS System

logo (and no Visa logo), the transaction will be processed through the PLUS System and will be converted into U.S. Dollars at the exchange rate established, from time to time, by the operator of that ATM. If you use your Card at an ATM that bears both the Visa and PLUS System logos, the ATM operator will determine whether to send your transaction over the Visa or PLUS System network using such network's respective currency conversion rules then in effect (as explained above). We may assess a foreign fee, calculated as a percentage of your transaction amount. The percentage, if any, is listed on the Fee Schedule. We may assess the "foreign fee" on all foreign transactions, even in transactions that do not require currency to be converted.

For Mastercard Cards: You may use your Card for retail purchases at foreign (outside the United States) merchants and for cash withdrawals from foreign ATMs that bear either the Cirrus or the Mastercard Acceptance Marks. Some merchant and ATM transactions, even if you and/or the merchant or ATM are located in the United States, are considered foreign transactions under the applicable Mastercard rules, in which case we will add the "foreign fee" described below to those transactions. We do not control how these merchants, ATMs and transactions are classified for this purpose. If you use your Card at a merchant or ATM that bears these Acceptance Marks, Mastercard International Incorporated will convert the transaction into a U.S. Dollar amount using its currency conversion procedure. The currency conversion rate used by Mastercard International to determine the transaction amount in U.S. Dollars is generally either a government mandated rate or a wholesale rate determined by Mastercard International for the processing cycle in which the transaction is processed. We may assess a foreign fee calculated as a percentage (%) of your transaction amount. The percentage, if any, is listed on the Fee Schedule. We may assess the "foreign fee" on all foreign transactions, even in transactions that do not require currency to be converted.

14. Other Terms. Use of your Card is subject to all applicable rules and customs of any clearinghouse or other association involved in transactions. Your Card may not be used for any unlawful purpose. You agree that you will not use your Card for illegal internet-gambling or any transaction that is illegal under applicable law, or not permitted by network rules.

15. Contact in the Event of Loss, Theft or Unauthorized Use; Your Liability for Unauthorized Transactions

- Tell us AT ONCE if you believe your Card or PIN has been lost or stolen or if you believe an electronic fund transfer has been performed without your permission. Telephoning is the best way of notifying us and keeping your possible losses down. You may contact us by calling us toll-free at 855-282-6161 or by writing us at ReliaCard Card Services, P.O. Box 551617, Jacksonville, FL 32255. If your Card has been lost or stolen, we will close your Card.
- Zero Liability.** You are generally protected from all liability for unauthorized transactions. However, if you do not tell us within 60 days after the earlier of the date you electronically access your Account, if the transaction could be viewed in your electronic history, or the date we sent the first statement or transaction history on which the unauthorized transfer appears, you may not get back any money you lost after the 60 days if we can prove we could have stopped someone from taking the money if you had told us in time. Alternatively, we may require you to report an unauthorized transaction(s) within 120 days after the transfer or transaction allegedly in error was credited or debited to your Account.
- If a good reason (such as a long trip or a hospital stay) kept you from telling us, we will extend the time periods.

16. Your Right to Dispute Errors

- In case of errors or questions about your Card, call 855-282-6161 or write to ReliaCard Card Services, P.O. Box 551617, Jacksonville, FL 32255, as soon as you can if you think your statement, transaction history, or receipt is wrong or if you need more information about a transaction listed on the statement, transaction history, or receipt. We must allow you to report an error until 60 days after the earlier of the date you electronically access your Account, if the error could be viewed in your electronic history, or the date we sent the FIRST written history on which the error appeared. Alternatively, we may require you to report an unauthorized transaction(s) within 120 days after the transfer or transaction allegedly in error was credited or debited to your Account. You may request a written history of your transactions at any time by calling us at 855-282-6161 or writing us at ReliaCard Card Services, P.O. Box 551617, Jacksonville, FL 32255.
- You will need to tell us:
 - Your name and your U.S. Bank ReliaCard Card number.
 - The dollar amount of the suspected error.
 - Approximately when the error took place.

(iv) Describe the error or the transaction you are unsure about and explain as clearly as you can why you believe it is an error or why you need more information.

- C. If you tell us orally, we may require that you send us your complaint or question in writing within 10 business days after speaking with us.
- D. We will determine whether an error occurred within 10 business days after we hear from you and will correct any error promptly. If we need more time, however, we may take up to 45 days to investigate your complaint or question. If we decide to do this, we will provisionally credit your Account within 10 business days for the amount you think is in error, so that you will have the use of the money during the time it takes us to complete our investigation. If we ask you to put your complaint or question in writing and we do not receive it within 10 business days, we may not credit your Account until the investigation is complete, although we will still investigate your complaint or question. For errors involving new Cards (open less than 30 days), point of sale, or foreign initiated transactions, we may take up to 90 days to investigate your complaint or question. For new Cards, we may take up to 20 business days to provisionally credit your Card for the amount you think is in error. We will tell you the results within three business days after completing our investigation.
- E. If we decide there was no error, we will send you a written explanation within three business days after we finish our investigation. You may ask for copies of the documents used in our investigation. If we have issued provisional credit to you and there is no error, the amount of that credit will be subtracted from your Card. We will give you advance notice of the amount and date of the debit against your Card for that credit.
- F. If you need more information about our error-resolution procedures, call us at the telephone number shown above.

17. Our Liability. If we do not complete a transfer to or from your Account on time or in the correct amount according to our agreement with you, we will be liable for your losses or damages with some exceptions. We will not be liable, for instance:

- (i) If, through no fault of ours, you do not have enough money in your Account to make the transfer.
- (ii) If the automated teller machine where you are making the transfer does not have enough cash.
- (iii) If the terminal system was not functioning properly and you were aware of that when you started the transfer.
- (iv) If circumstances beyond our control (such as fire or flood) prevent the transfer, despite reasonable precautions that we have taken.
- (v) There may be other exceptions stated in our agreement with you.

OUR RIGHTS UNDER THE AGREEMENT

18. Amendment, Termination and Other Rights. We may at any time change or terminate these terms and conditions, or transfer our rights under this Agreement. We do not give up our rights by delaying or failing to exercise them at any time. If any term of this Agreement is found by a court to be illegal or unenforceable, all other terms will still be in effect. Refer to www.usbankreliacard.com for the most current version of the Agreement. You will be notified of any change in the manner required by applicable law. However, if the change is made for security purposes, we can implement such change without prior notice. We may terminate or suspend this Agreement or any features or services of the Card described herein at any time. You may close your Account as permitted by your government program. Account termination or closure, whether by you or us, will not affect prior transactions or obligations relating to your Account existing at the time of termination. From time to time, we may monitor telephone calls you make to us or our agents.

DISCLOSURE OF CARD INFORMATION

19. We will disclose information to third parties about your Card and Account or the transfers you make: (i) where it is necessary for completing transfers, (ii) in order to verify the existence and condition of your Account for a third party, such as a credit bureau or merchant, (iii) in order to comply with government agency or court orders, or (iv) if you give us your written permission.

ADDITIONAL INFORMATION

20. Program Information. You are electing to participate in the ReliaCard Card program authorized by your government agency that may be discontinued at some time in the future. If the program is discontinued, you will be notified in advance and given information about how to receive future payments by an alternate means. This program is provided by U.S. Bank National Association, which may contact you from time to time about this program or other services related to this program.

21. Role of Your Government Agency

- A. Your government agency is responsible for transferring funds to us to load into your Account. These funds will be transferred by your government agency to us and loaded into your Account by us according to the schedule agreed to by your government agency and us. We have no obligation to you in the event your government agency delays in providing or fails to provide funds to your Account.
- B. Your government agency may retain the right to deduct funds from the Account in order to correct a previous error or overpayment to you or for other reasons. You hereby authorize us to accept instructions from your government agency to credit or debit funds to or from your Account and, in the case of a debit, to return those funds to your government agency. If you have a dispute with your government agency about the amount that the government agency loads onto or deducts from your Account, you agree to not involve us in that dispute and to resolve that dispute solely with your government agency.
- C. You acknowledge and agree that except as set forth in this section, your government agency shall not be liable for any claims by you in connection with this Agreement.

22. Use by Others; Secondary Card

- A. The person to whom the Card and Account was first issued is the "Primary Account Holder". The Primary Account Holder is at all times liable and responsible for all transactions, fees, and other activity with respect to the Card, Account and any Secondary Card (as defined below). Except by requesting a Secondary Card (as described below), you may not permit another person to have access to your Card or Account. If you do provide access to your Card or Account to another person, you are liable for all transactions and fees incurred by such person. You must notify us in writing to revoke permission for any person you previously authorized to use or access your Card or Account.
- B. If your program permits an additional Card to be issued to access your Account (a "Secondary Card"), the Primary Account Holder may request we issue a Secondary Card to a trusted person who is 13 years of age or older (the "Secondary Cardholder"). We reserve the right to refuse any Secondary Card request. The Primary Account Holder is at all times liable and responsible for all transactions, fees, and other activity with respect to the Secondary Card. The holder of the Secondary Card may report that Card as lost or stolen. The Secondary Cardholder may not request additional Cards to access the Account, but in other respects may have the same ability as the Primary Account Holder to access information or make decisions regarding the Card or Account. We reserve the right to require the Primary Account Holder to make or approve particular decisions in our discretion. If you wish to terminate the authority of the Secondary Cardholder's access to your Account, the Primary Account Holder will continue to be liable for all transactions, fees and other activity resulting from continued use of the Secondary Card unless you request that we cancel all of your Cards and issue a replacement Card for you. A fee for Card replacement may apply. See the Fee Schedule for details. Terminating the Secondary Card may require that we cancel all your Cards. As with all card cancellations, you will not have access to your Account until a replacement Card is received and activated by you. To the extent permitted by law, you are also liable and responsible for all costs and expenses, including attorneys' fees, that we incur enforcing these rules governing the Secondary Card.

23. Cellular Phone Contact Policy. By providing us with a telephone number for a cellular phone or other wireless device, including a number that you later convert to a cellular number, you are expressly consenting to receiving communications—including but not limited to prerecorded or artificial voice message calls, text messages, and calls made by an automatic telephone dialing system—from us and our affiliates and agents at that number. This express consent applies to each such telephone number that you provide to us now or in the future and permits such calls for non-marketing purposes. Calls and messages may incur access fees from your cellular provider.

24. Bill Pay Service

- A. The following terms and conditions apply to your use of the bill pay service ("Bill Pay Service"), which may or may not be enabled by the funder of your Account. The Bill Pay Service is available online at www.usbankreliacard.com. After you set up a Payee, you may also call us at 855-282-6161 to schedule a payment.
- B. To use the Bill Pay Service, you must first set up a Payee online. A "Payee" is a company or individual in the United States that sends you bills and that you choose to pay through the Bill Pay Service. If your Payee is a large national or regional biller (e.g., a utility company or an insurance company), the Bill Pay Service may utilize Mastercard's Remote Payment Processing Service (RPPS) to process bill payments ("Bill Payments") to this Payee. If your Payee is a smaller biller or an individual

(e.g., a landlord), the Bill Pay Service may send a paper check to this Payee. In this case, you are required to enter a correct and complete address for this Payee. You authorize us to process the Bill Payments permitted under these terms and conditions for you as requested by you from time to time, and you authorize us to post transactions to your Account as directed.

- C. You are responsible for providing accurate account information and the necessary address information to ensure funds are applied to the correct account and delivered to the correct address. Inaccurate account data or address information may cause Bill Payments to fail or be misdirected. We reserve the right to refuse to make payments to certain Payees in our sole discretion.
- D. You may schedule a one-time Bill Payment or preauthorized recurring Bill Payments in a fixed amount. If you schedule a Bill Payment for the current date, you authorize us to debit your Account immediately in the amount of the Bill Payment plus any applicable fees.
- (i) If the Account balance is not sufficient for the Bill Payment plus applicable fees, you will receive an error notice of Insufficient Funds and the Bill Payment will have a status of **Failed**.
- (ii) If the Account balance is sufficient, the Bill Payment will have a status of **Pending**.
- (iii) If you schedule a Bill Payment for a date in the future, the Bill Payment will have a status of **Scheduled**. We will start processing a Scheduled Bill Payment on its payment date ("Payment Date"). You authorize us to debit your Account on the Payment Date, in the amount of the Bill Payment, plus any applicable fees.
- (iv) If, on the Payment Date for a Scheduled Bill Payment, the Account balance is not sufficient for the Bill Payment plus applicable fees, the Bill Payment status will change to **Failed**.
- (v) If, on the Payment Date for a Scheduled Bill Payment, the Account balance is sufficient, the Bill Payment status will change to **Pending**.

E. We shall use reasonable efforts to properly and timely make your Bill Payments as directed by you. However, we cannot guarantee that any Bill Payment will be received by the payment due date. We are not responsible for any costs, late fees or other damages incurred if Bill Payments are not received by the Payee on or before the payment due date and we followed your instructions. You must schedule Bill Payments at least four business days prior to their due dates to ensure adequate time to process the Bill Payments and allow the Payees to credit your account with them.

F. Bill Payments are processed on business days. Bill Payments scheduled before 8:00 P.M. Central Time are submitted for processing on the same business day. Bill Payments scheduled on or after 8:00 P.M. are submitted for processing the next business day. If your Scheduled Bill Payment falls on a non-business day, the payment will be processed on the next business day.

G. Refer to the transaction limits table ("Transaction Limits") below your Fee Schedule for the Bill Pay transaction limits.

H. If the Bill Payment cannot be processed for any reason, the Bill Payment status will be a "Failed" status. We are responsible for errors caused by our failure to initiate or cancel a payment according to your properly transmitted instructions. We are not responsible for nonpayment, late fees or other damages incurred due to other failed Bill Payments. Failed Bill Payments will be credited to your Account within five business days of the notification by RPPS or the Payee that the Bill Payment failed. If a Bill Payment fails because of insufficient funds, you should notify the Payee immediately and make the necessary arrangements to reschedule payment. If you believe an error has occurred, you should report it immediately using the error resolution process described in the "Your Right to Dispute Errors" section above.

I. You may cancel any payment in a Pending or Scheduled Status. If the Payment is Pending you must call us at 855-282-6161 prior to 8:00 P.M. Central Time to cancel the payment. If the payment is Scheduled you can cancel it online at www.usbankreliacard.com or you may call us at 855-282-6161. You understand and agree that once we have begun processing a payment it cannot be cancelled. If the payment has been submitted for processing, it will be necessary to contact the Payee directly to reverse any payments made through this Bill Pay Service. Bill Payment fees (if applicable) are not refunded if Pending Bill Payments are cancelled and a cancellation fee may apply. Refer to the Preauthorized Payments section above for your right to stop payment of preauthorized transfers.

J. We are under no obligation to notify you if we do not complete a Bill Payment for any reason. We may send you notices by email related to the Bill Pay Service including when a payment fails if you have provided us with a current email address. To update your email address, select Update My Card from the website. You understand and agree that email notices will not be sent on a "real time" basis, but will rather be sent at the next scheduled delivery time after a payment event occurs. We reserve the right to change the frequency or timing of email notices, at any time and from time

to time. Email notices are not intended to replace your Card or Account information available to you on the website.

K. For Bill Payment error resolution, please refer to the "Your Right to Dispute Errors" section above.

L. We may cancel the Bill Pay Service at any time in our sole discretion.

25. ARBITRATION

A. This section does not apply to any dispute in which the amount in controversy is within the jurisdictional limits of, and is filed in, a small claims court. This Arbitration Provision shall not apply to a party who is a covered borrower under the Military Lending Act. These arbitration provisions shall survive closure of your account or termination of all business with us. If any provision of this section is ruled invalid or unenforceable, this section shall be rendered null and void in its entirety.

B. Arbitration Rules: In the event of a dispute relating to or arising out of your account or this Agreement, you or we may elect to arbitrate the dispute. At your election, the arbitration shall be conducted by either JAMS or the American Arbitration Association ("AAA") (or, if neither of these arbitration organizations will serve, then a comparable substitute arbitration organization agreed upon by the parties or, if the parties cannot agree, chosen by a court of competent jurisdiction). If JAMS is selected, the arbitration will be handled according to its Streamlined Arbitration Rules unless the Claim is for \$250,000.00 or more, in which case its Comprehensive Arbitration Rules shall apply. If the AAA is selected, the arbitration will be handled according to its Commercial Arbitration Rules. You may obtain rules and forms for JAMS by contacting JAMS at 1.800.352.5267 or www.jamsadr.com and for the AAA by contacting the AAA at 1.800.778.7879 or www.adr.org. Any arbitration hearing that you attend will take place in the federal judicial district in which you reside. Without regard to which arbitration body is selected to resolve the dispute, any disputes between you and us as to whether your claim falls within the scope of this arbitration clause shall be determined solely by the arbitrator, and not by any court.

C. Arbitration Process: Arbitration involves the review and resolution of the dispute by a neutral party. The arbitrator's decision will generally be final and binding. At your request, for claims made to consumer accounts, we will advance your filing and hearing fees for any claim you may file against us; the arbitrator will decide whether we or you will ultimately be responsible for those fees. Arbitration can only decide our or your dispute and cannot consolidate or join claims of other persons who may have similar claims. There will be no authority or right for any disputes to be arbitrated on a class action basis.

D. Effects of Arbitration: If either of us chooses arbitration, neither of us will have the right to litigate the dispute in court or have a jury trial. In addition, you will not have the right to participate as a representative or member of any class of claimants, or in any other form of representative capacity that seeks monetary or other relief beyond your individual circumstances, pertaining to any dispute subject to arbitration. There shall be no authority for any claims to be arbitrated on a class action or any other form of representative basis. Arbitration can only decide your or our claim, and you may not consolidate or join the claims of other persons who may have similar claims, including without limitation claims for public injunctive or other equitable relief as to our other customers or members of the general public. Any such monetary, injunctive, or other equitable relief shall be limited solely to your accounts, agreements, and transaction with us. Notwithstanding the foregoing, any question as to the validity and effect of this class action waiver shall be decided solely by a court of competent jurisdiction, and not by the arbitrator.

INFORMACIÓN IMPORTANTE SOBRE PROCEDIMIENTOS PARA ABRIR UNA NUEVA CUENTA

Para ayudar al gobierno a luchar contra el financiamiento de actividades terroristas y de lavado de dinero, las leyes federales exigen que todas las instituciones financieras obtengan, verifiquen y registren información que identifica a toda persona que abre una cuenta. Con respecto a usted, esto significa que: Cuando abra una cuenta, es posible que solicitemos su nombre, dirección, fecha de nacimiento y otra información que nos permita identificarle. De ser necesario, también podemos solicitar ver su licencia de conducir u otros documentos de identificación.

Durante el proceso de activación, seleccionará un Número de identificación personal ("PIN"), que puede usar para realizar ciertas transacciones, como transacciones en el punto de venta o transacciones de ATM, cuando su programa se lo permita. La Tarjeta y el PIN se proporcionan para su uso y protección, y usted acepta asegurarse de que solo usted conozca su PIN (no escribe su PIN en la Tarjeta ni se lo diga a nadie) y acepta notificarnos de inmediato si su PIN se ha visto comprometido.

2. Cómo usar su Tarjeta. Puede usar su Tarjeta y su Cuenta para realizar los tipos de transacciones descritos en su Lista de cargos y Limitaciones sobre las transacciones, que pueden incluir:

CARGOS Y LÍMITES DE TRANSACCIÓN DE TARJETAS

4. En algunas situaciones, se le cobrarán cargos por usar su Tarjeta o su Cuenta. Le cobraremos a usted y usted acepta pagar las cuotas y los cargos (colectivamente "Cargos") descritos en la Lista de cargos que se incluye con su Tarjeta y que se puso a su disposición antes de su inscripción o durante su inscripción en el programa de Tarjetas. Los Cargos se deducen automáticamente del saldo disponible en la Cuenta. Siempre que el saldo de la cuenta sea inferior al monto del cargo

Es posible que terceros apliquen cargos adicionales. Los tipos de transacciones disponibles y las limitaciones vigentes sobre las transacciones se muestran en la tabla de límites de transacción ("Límites de transacción") debajo de su Lista de cargos. Por motivos de seguridad, es posible que haya límites adicionales en el monto, la cantidad o el tipo de transacción que puede hacer con su Tarjeta o Cuenta. INFORMACIÓN IMPORTANTE SOBRE EL USO DE SU TARJETA

8. Retenciones al momento de la autorización. Las transacciones con algunos comercios (restaurantes, agencias de alquiler de automóviles, hoteles, peluquerías, compañías de pedido por correo, líneas de cruceros y gasolineras) se autorizarán en un monto superior a su compra. Si usted no tiene fondos disponibles por el monto solicitado en la autorización, su transacción será rechazada. Si la transacción es autorizada, los fondos por el monto autorizado se retendrán y no

estarán disponibles para otras compras. El monto autorizado se retendrá hasta que la transacción se registre en su Cuenta. El registro de la transacción generalmente puede tardar hasta 10 días, salvo ciertas autorizaciones de viaje y alojamiento que pueden tardar hasta 21 días. En algunos casos, el monto de la autorización se retendrá aunque usted no complete su transacción.

9. Transacciones divididas; transacciones anuladas; falta de pago

- Si no tiene suficiente dinero en su Cuenta para completar una transacción en particular, puede dividir su compra entre su Tarjeta y otra forma de pago. Dígale al cajero cuánto desea pagar primero con su Tarjeta. Si no conoce su saldo exacto, llame a Servicio al Cliente al 855-282-6161 para verificar su saldo antes de intentar realizar una compra. Tenga en cuenta que no todos los comercios permiten este tipo de transacciones divididas.
- Si usted autoriza una compra pero no realiza la compra según lo planeado, el monto autorizado se retendrá hasta que la autorización se venza o el comercio libere la retención, lo que puede demorar hasta siete días.
- Ni nosotros ni ningún otro banco o negocio seremos responsables en el caso de que la Tarjeta no se acepte o se pague.

10. Pagos previamente autorizados

- Derecho a realizar una suspensión de pago y procedimiento para hacerlo.** Si ha autorizado previamente pagos con su Tarjeta, puede detener cualquiera de estos pagos. Esto es lo que debe hacer: Llámenos al 855-282-6161 o escribanos a ReliaCard Card Services, P.O. Box 551617, Jacksonville, FL 32255, a tiempo para que recibamos su solicitud tres días laborales o más antes de la fecha para la que esté programado el pago. Si nos llama, es posible que también le solicitemos que presente su solicitud por escrito en un plazo de 14 días después de su llamada.
- Aviso de montos variables.** Si el monto de estos pagos regulares varía, la persona a la que le realizará el pago le informará, 10 días antes de cada pago, cuándo se realizará y cuál será el monto. En lugar de esto, puede elegir recibir este aviso solo cuando el pago varíe por más de un monto determinado del pago anterior, o cuando el monto exceda determinados límites establecidos por usted.
- Responsabilidad por no realizar una suspensión de pago de una transferencia previamente autorizada.** Si usted nos solicita que suspendamos un pago tres días laborales o más antes de la fecha para la que esté programada la transferencia y no lo hacemos, nosotros seremos responsables por sus pérdidas o daños.

11. Devoluciones y reembolsos. Si se presenta un problema o una disputa con una compra de bienes o servicios, debe tratarlo directamente con el comercio involucrado. Las devoluciones y los reembolsos están sujetos a las políticas del comercio o a las leyes vigentes. Si, por algún motivo, tiene derecho a un reembolso por bienes o servicios obtenidos con su Tarjeta, usted acuerda aceptar créditos en su Tarjeta en lugar de efectivo.

12. Pago. Cada vez que use su Tarjeta, el monto de la transacción se debitará de su Cuenta. Es posible que no se le permita superar el saldo disponible en su Cuenta en cualquier compra individual o series de compras. Sin embargo, si realiza una compra que excede el saldo en su Cuenta (un "sobregiro"), usted será plenamente responsable del monto de su compra que excedió el saldo en su Cuenta. También nos reservamos el derecho de debitar dichos sobregiros automáticamente del dinero actual o futuro que se deposite en su Cuenta o en cualquier otra cuenta que tenga con nosotros. En este caso, usted acepta ser responsable de pagarnos todos los sobregiros.

13. Cómo usar su Tarjeta fuera del país

Para Tarjetas Visa: Puede usar su Tarjeta para comprar minoristas en comercios extranjeros (fuera de los Estados Unidos) y para retiros de efectivo de cajeros automáticos extranjeros que tengan el logotipo de PLUS System o de Visa. Algunas transacciones en comercios y en ATM, incluso si usted y/o el comercio o el cajero automático están ubicados en los Estados Unidos, se consideran transacciones extranjeras en virtud de las reglas vigentes de Visa, en cuyo caso agregaremos el "Cargo por Transacción en el Extranjero" que se describe a continuación para estas transacciones. No controlamos estos comercios, cajeros automáticos y transacciones para estos fines. La tasa de cambio vigente cuando se procesa la transacción puede diferir de la tasa vigente en la fecha de la transacción o en la fecha en que se registró la transacción en su Cuenta. Si usa su Tarjeta en un comercio o cajero automático que tiene el logotipo de Visa (y no el de PLUS System), la transacción se procesará a través del sistema de Visa y se convertirá a dólares de los EE. UU. de acuerdo con las reglas vigentes establecidas por Visa de manera ocasional. Para las transacciones procesadas a través de Visa, la transacción en moneda extranjera se convertirá a dólares de los EE. UU. al multiplicar el monto de moneda extranjera por (a) una tasa seleccionada por Visa de las tasas disponibles en los mercados mayoristas de moneda extranjera para la fecha de procesamiento central aplicable, cuya tasa puede variar de la tasa que recibe Visa, o (b) la tasa establecida por el gobierno vigente para la fecha de procesamiento central aplicable. Si usa su Tarjeta en un cajero automático que solo tiene el logotipo de PLUS System (y no el de Visa), la transacción se procesará a través de PLUS System y se convertirá a dólares de los EE. UU. a la tasa de cambio establecida, de manera ocasional, por el operador de ese cajero automático. Si usa su Tarjeta en un cajero automático que tiene el logotipo de Visa y de PLUS System, el operador del cajero automático determinará si le enviará la transacción a través de la red de Visa o de PLUS System con las reglas de conversión

de moneda extranjera vigentes en ese momento (como se explica anteriormente). Podemos aplicar un Cargo por Transacción en el Extranjero, calculado como un porcentaje de su monto de la transacción. El porcentaje, si lo hubiera, se enumera en la Lista de cargos. Es posible que apliquemos el "Cargo por Transacción en el Extranjero" a todas las transacciones en el extranjero, inclusive las que no requieran que se convierta la moneda extranjera.

Para las tarjetas Mastercard: Puede usar su Tarjeta para compras minoristas en comercios extranjeros (fuera de los Estados Unidos) y para retiros de efectivo de cajeros automáticos extranjeros que tengan las marcas de aceptación de Mastercard o Citrus. Algunas transacciones en comercios y en ATM, incluso si usted y/o el comercio o el cajero automático están ubicados en los Estados Unidos, se consideran transacciones extranjeras en virtud de las reglas vigentes de Mastercard, en cuyo caso agregaremos el "Cargo por Transacción en el Extranjero" que se describe a continuación para esas transacciones. No controlamos la manera en que se clasifican estos comercios, cajeros automáticos y transacciones para estos fines. Si usa su Tarjeta en un comercio o un cajero automático que tiene estas marcas de aceptación, Mastercard International Incorporated convertirá la transacción a un monto en dólares de los EE. UU. a través de su procedimiento de conversión de moneda extranjera. La tasa de conversión de moneda extranjera que usa Mastercard International para determinar el monto de la transacción en dólares de los EE. UU. por lo general es una tasa establecida por el gobierno o una tasa de venta mayorista determinada por Mastercard International para el ciclo de procesamiento en el que se procesa la transacción. Podemos aplicar un Cargo por Transacción en el Extranjero, calculado como un porcentaje (%) de su monto de la transacción. El porcentaje, si lo hubiera, se enumera en la Lista de cargos. Es posible que apliquemos el "Cargo por Transacción en el Extranjero" a todas las transacciones en el extranjero, inclusive las que no requieran que se convierta la moneda extranjera.

Excepto cuando se solicita una Tarjeta secundaria (como se describe a continuación), usted no debe permitir que otra persona tenga acceso a su Tarjeta o Cuenta. 25. ARBITRAJE

A. Esta sección y su se aplicará a disputas que, por el monto del litigio, deban tramitarse en un tribunal que entiende en causas de menor cuantía y se inician bajo dicha jurisdicción. Esta cláusula de arbitraje no se aplicará a una parte que sea prestataria cubierta según la Ley de Préstamos Militares (Military Lending Act). Estas cláusulas de arbitraje permanecerán vigentes después del cierre de su cuenta o finalización de toda operación comercial con nosotros. Si alguna disposición de esta sección se considera no válida o inaplicable, esta sección quedará completamente nula y sin efecto.

B. Reglas de arbitraje: En caso de que se origine una disputa relacionada con su cuenta o este Contrato, o que surja de ellos, usted o nosotros podemos elegir someter la disputa a arbitraje. A su elección, el arbitraje puede realizarse a través de los Servicios Judiciales de Arbitraje y Mediación (Judicial Arbitration and Mediation Services, JAMS) o de la Asociación Americana de Arbitraje (American Arbitration Association, "AAA"). En caso de que ninguna de estas organizaciones de arbitraje cumpliera con los requisitos necesarios, se acordará la participación de una organización de arbitraje sustituta similar por acuerdo entre partes o, de no haber acuerdo, por un tribunal de jurisdicción competente. Si se selecciona JAMS, el arbitraje se manejará de acuerdo con sus Reglas abreviadas de arbitraje (Streamlined Arbitration Rules) a menos que la Reclamación sea por \$250,000.00 o más, en cuyo caso se aplicarán las Reglas generales de arbitraje (Comprehensive Arbitration Rules). Si se selecciona la AAA, el arbitraje se manejará de acuerdo con su Reglas de arbitraje comercial. Usted puede obtener las reglas y los formularios de JAMS llamando a JAMS al 1.800.352.5267 o en www.jamsadr.com, y los de AAA llamando a la AAA al 1.800.778.7879 o en www.adr.org. Cualquier audiencia de arbitraje a la que asista se llevará a cabo en el distrito judicial federal en el que usted reside. Independientemente del organismo de arbitraje que se seleccione para resolver la disputa, el árbitro exclusivamente, y no cualquier tribunal, determinará toda disputa entre usted y nosotros con respecto a si su reclamación recae dentro del alcance de esta cláusula de arbitraje.

C. Proceso de arbitraje: El arbitraje implica que una parte neutral realiza la revisión y la resolución de la disputa. Por lo general, la decisión del árbitro será definitiva y vinculante. Si usted lo solicita, para las reclamaciones realizadas a las cuentas de consumidor, adelantaremos sus cargos por presentación y audiencia por las reclamaciones que pueda presentar en nuestra contra; el árbitro decidirá si usted o nosotros seremos responsables, en última instancia, de esos cargos. El arbitraje solo puede decidir nuestra reclamación o la suya y no puede consolidar o reunir las reclamaciones de otras personas que tengan reclamaciones similares. Ninguna de las partes tendrá facultad o derecho alguno para someter a arbitraje una disputa como demanda colectiva.

D. Consecuencias del arbitraje: Si alguno de nosotros elige el arbitraje, ninguno tendrá el derecho de someter la disputa a un tribunal o a un juicio por jurado. Además, y respecto de cualquier disputa sometida a arbitraje, usted no tendrá derecho a participar como representante o miembro de ningún tipo de demanda colectiva, o representando ningún tipo de interés en el que se busque un resarcimiento económico o de otro tipo que no esté relacionado con sus circunstancias individuales. Ninguna de las partes tendrá facultad alguna para someter a arbitraje una disputa como demanda colectiva ni en ninguna otra forma de representación. El arbitraje solo puede decidir su reclamación o la nuestra y no puede consolidar ni reunir reclamaciones de otras personas que tengan reclamaciones similares, incluidas, entre otras, las reclamaciones en las que se solicitan medidas cautelares u otro resarcimiento justo con respecto a nuestros otros clientes o miembros del público general. Cualquier resarcimiento monetario, medida cautelar u otro resarcimiento justo se limitará exclusivamente a sus cuentas, contratos y transacciones que realiza con nosotros. Sin perjuicio de lo anteriormente mencionado, toda duda relacionada con la validez y los efectos de esta renuncia a integrar demandas colectivas será decidida exclusivamente por un tribunal competente y no por el árbitro.

Yes. You can go to any Visa bank or credit union and ask the teller for a cash withdrawal⁵.

How do I transfer funds from my card to another bank account ("Card-to-Account Transfers")?

If your program allows Card-to-Account Transfers, click on the "Transferring Funds" link on the left side of cardholder website and complete the required fields on the Card to Bank Transfer page. The transfer will appear as an *ACH withdrawal* on your card transaction history and monthly statement. In addition, if a fee is assessed in relation to this transfer, the description of the fee in your transaction history and monthly statement will appear as a separate *ACH withdrawal* transaction. For more information about this fee, please see the Fee Schedule included in your card packet, log into your account at www.usbankreliacard.com, or call Customer Service at 855-282-6161.

What are some things I need to keep in mind when using my card to make purchases?

Some merchants where you typically tip may authorize your transaction for an amount greater than your purchase to cover tips. Make sure your balance can cover the 20% or your transaction will be declined. When purchasing gasoline at a gas station, pay inside with the cashier to avoid a hold greater than the amount of your purchase (some ReliaCard programs may not allow you to pay with your card using the pay-at-the-pump option). The funds held will not be available for other purchases until the actual transaction amount clears. Payments made inside clear for the actual transaction amount immediately. Check your program materials for additional details.

How can I be notified when funds are deposited to my card?

You have the option of signing up for optional text or email alerts³ when money is added or your card balance gets low at www.usbankreliacard.com. You can also use our two-way text alert feature by texting a short code to receive the following updates:

Alert Type	Instructions
Balance Alert	Text BAL to 90831
Recent Transactions	Text TRANS to 90831
Customer Service Number	Text HELP to 90831

NOTE: this feature may not be available for all programs. Standard messaging charges apply through your mobile carrier and message frequency depends on account settings. Check your program materials for additional details.

Using the Card

Can I manage my account with my smart phone?

Yes. You can use the ReliaCard Mobile Banking app to check your account balance, enroll in and manage text alerts, view your most recent transactions or search for the nearest in-network ATM location. Search for “U.S. Bank ReliaCard” in the App Store or Google Play⁴.

Can I pay bills with my card?

Yes. You can visit your billers' websites and provide your 16-digit card number and expiration date or log on to www.usbankreliacard.com.

Note: this feature may not be available for all programs. Some fees may apply. Check your program materials for additional details.

Are all features available on all ReliaCard and ReliaCard II programs?

Some features may not be available for some ReliaCard or ReliaCard II programs. Refer to your cardholder agreement for available program features.

Limits

Can I make a purchase for more than the amount on my card?

If you need to make a purchase for more than the amount you have on your card, you will need to use two forms of payment. Tell the cashier how much you want taken from the balance on your card — the cashier cannot determine your available balance. Then, pay the remaining balance with cash, check, credit card or check card.

Can the ReliaCard be overdrawn?

Usually a purchase that exceeds the available balance will not be approved. In very limited circumstances, if you do not have sufficient funds when the final amount clears, it may result in a negative balance; however you will not be charged an overdraft fee. You can check your balance online, using the ReliaCard Mobile App or by calling Cardholder Services 24/7.

Can anyone else view or track my transactions?

No. For privacy reasons, U.S. Bank does not share card account numbers or transaction details. However, for reconciliation purposes, your government agency does have access to the amount and date of each deposit.

How do I obtain information about fees for my ReliaCard?

Fees are located on the Fee Schedule sent to you with your card. You may view your fee schedule online by logging into your account at www.usbankreliacard.com. You may also call Cardholder Services at **855-282-6161** to request fee information. Please consult the table on the next page for information on how to avoid fees on certain transactions for most ReliaCard programs. Please consult your program fee schedule to determine if a specific fee applies.
